Page 10, Part XV, Line 2 (b) and (d)- Information regarding contribution, grant, gift, loan, scholarships, etc. programs.

The Foundation's budget year is from January 1 through December 31. The Foundation directors meet four times a year to consider new programs and approve grants. The staff has authority to make grants under \$250,000 and larger grants requiring immediate action may be approved by the Executive Committee between meetings.

Inquiries and proposals may be submitted in writing at anytime during the year. A preliminary proposal should include a brief description of the problem being addressed, outcomes anticipated, the operating budget and additional financial requirements necessary.

The Foundation primarily makes grants in the communities where the Company has business interests. Cummins believes a Company is only as healthy as the communities where we do business. The present global priority areas include: the environment, education and social justice. The Foundation looks for projects where Cummins employees are engaged in making a meaningful and significant community contribution and where possible specific and measurable outcomes have been defined to guide the work.

The Foundation does not support political causes or candidates, or sectarian religious activities. No grants are made to individuals.
