The funds are used to provide scholarships to students studying in the foodservice industry.
SchD_P10_S00_L02	Schedule D, Part X, Line 2	The Organization is subject to income tax on any unrelated business income, net of related expenses. The accounting standard on Accounting for Uncertainty in Income Taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the Organization may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Organization and various positions related to the potential sources of unrelated business taxable income (UBIT). For the reporting periods presented in these financial statements, there were no unrecognized tax benefits identified or recorded as liabilities. Liabilities for unrelated business income taxes were \$102,718 and \$72,207 at December 31, 2011 and 2010, respectively.
