Great Lakes Capital Fund

EIN: 38-3126310

The activities of the Corporation are devoted to charitable objectives of

- i) delivery of affordable housing to the poor and underprivileged;
- ii) the promotion of efforts to facilitate self-sufficiency and upward mobility of very-low and low income households;
- iii) the preservation of social welfare through efforts to facilitate the construction and development of housing for very-low, low and moderate income households in a manner directed to eliminate prejudice and discrimination, lessen neighborhood tensions and combat the deterioration of communities throughout Michigan, Indiana, Illinois, and Wisconsin

From 1995-2011 the Corporation has raised \$1,214,984,660 of private investment from corporate investors using limited partnerships established by the Corporation. These funds have been invested or committed to be invested in low income housing developments. Twenty four thousand four hundred sixty eight units have been constructed or rehabilitated for tenants whose incomes do not exceed 60% of area median income and, in some circumstances, incomes do not exceed 30% of area median income. The tenant populations vary from development to development. The tenant populations include family developments, housing for those individuals HIV positive/aids, senior citizen developments, transition housing for single mothers, a single room occupancy development serving mentally ill individuals, single family home development, supportive housing for mentally ill individuals as a transition to self-sufficiency and preservation of rural housing through rehabilitation of old, existing developments. The developments have been constructed or rehabilitated in urban areas, the Detroit empowerment zone, in-fill single family homes in Detroit and Grand Rapids and in rural areas preserving affordable housing where there are no other housing alternatives. The attached schedule shows the type, amount and location of the developments that have been constructed or rehabilitated.

The Corporation has also worked with non-profit organizations that are the sponsors of the developments that the Corporation has invested in through its first fourteen funds. In addition to the low income housing developments that are built/rehabilitated, any developer fees that are earned by the non-profit organizations enable these organizations to build the capacity of their organization that is needed to further the other non-profit missions of their organizations.

Other direct charitable activities include education sponsorships so employees of non-profit corporations can attend training conferences and seminars, a grant program to help non-profit organizations pay experts for technical advice on whether or not a low income housing development is feasible in their neighborhood, direct contributions to public charities to support their general obligations and seed money for start-up of a non-profit association devoted to building affordable housing in the state of Michigan.

The Fund obtained a bridge loan from Comerica Bank (Comerica) to the various limited partnership low-income housing projects. Installments of principal and interest are to be paid in an amount as established by Comerica. Under the terms of the notes, the Fund can only use the proceeds from the note to invest in affordable housing rental projects that are located in the State of Michigan. The amount advanced was used to provide the financing for the notes receivable from the various limited partnership projects included in Note 4. The note is secured through the assignment of investor notes in the limited partnerships or such other security as Comerica shall deem necessary. In the event that an investor defaults on its note, and no substitute investor is found, the Fund would be obligated to repay Comerica Bank out of its net assets. The loan was repaid in January 2012.

During 2009, the Fund obtained two lines of credit with Fifth Third Bank (5th/3rd). The lines of credit were amended in 2011, and provide for total draws available of \$6,000,000 and \$1,000,000. Interest only payments are required on the first of each month. The lines are secured by the Fund's assets. All principal and unpaid interest is due September 2012.

In 2011, the Fund executed an additional revolving line of credit loan from 5th/3rd in November 2011. The line of credit allows for a maximum of \$5,500,000 through February 5, 2012, and a maximum of \$3,000,000 thereafter until September 5, 2012, to act as a warehouse line of credit for short-term financing of commercial mortgages related to affordable housing developments. An assignment of the interest in the commercial mortgages secures this line of credit. Additionally, the line of credit is secured by the Fund's assets. At December 31, 2011, there is no balance on the loan.

A subsidiary of the Fund, Capital Fund Investment Corporation (CFIC), has acquired notes from the General Board of Pension and Health Benefits of the United Methodist Church, Incorporated in Missouri (GBOP) specifically to lend to low-income housing developments. These notes are collateralized by a corresponding mortgage from the various developments. In the event that a project would fail, CFIC is at risk for its share of the note, which currently averages 10%.

Capital Fund Services (CFS), a subsidiary of the Fund, acquired a loan with Grand Rapids Community Foundation (GRCF) for the redevelopment of properties throughout the Neighborhood Stabilization Program. The note allows for \$2,000,000 to be drawn. Amounts drawn are not to exceed 90% of the loans given from the proceeds. The principal balance and all unpaid interest are due September 30, 2012.
