THE EDITH AND LESLIE

2011 ANNUAL STATEMENT SUMMARY

In the past, under the Proceeds from Broker and Barter Exchange Transactions section, only the gross proceeds of the sale was reported to the IRS. However, beginning with the 2011 tax reporting year for all sales of positions considered covered securities, new legislation also requires reporting to the IRS the adjusted cost basis for each tax lot transactional sale. Any sale of a security that is not considered a covered security will still be included in this section with its adjusted cost basis (where available) but will not be transmitted to the IRS. In calculating gain (loss), unless otherwise noted, it was assumed that the oldest position was liquidated first, and that you have made an election to amortize the premium paid on the purchase of taxable bonds. The gain (loss) information may not include return of capital, sales load deferral or wash sales adjustments. RICs (which may include mutual funds and unit investment trusts) may reclassify principal distributions as capital gains after the mailing of this statement. The Cost Basis for these securities may not have yet been adjusted on your statement to reflect such reclassifications. Please refer to information provided by the RIC and discuss with your tax advisor. Securities distributed from a retirement account reflect the tax basis on the date of distribution. Other methods for calculating gain (loss) are available. The cost basis for most Original Issue Discount ("OID") obligations includes the accretion of OID. For purposes of allocating original purchase price to the components of an equity unit consisting of a purchase contract and a debt security subject to a remarketing event, we assumed that the fair market value of the debt security on purchase date was equal to its adjusted issue price. The difference between your original cost and the amount allocable to the debt component was allocated to the purchase contract. In making adjustments to the cost basis of the purchase contract, it was assumed that the unit holder included contract adjustment payments in income when received.
