Additional Information

STMT 1

The investment firms do not provide book value for the investment assets. Taxpayer had been carrying book value and marked to market annually. However, since book value is not available, the valuation method was changed in 2006 to FMV. This did not affect the cash method of accounting used. No change in accounting methodology was required.

Therefore, at year end 2006, book value has been converted to FMV.
