Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors

Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

1a Complete this table for all persons required to be listed Report compensation for the calendar year ending with or within the organization's tax year

- ◆ List all of the organization's **current** officers, directors, trustees (whether individuals or organizations), regardless of amount of compensation, and **current** key employees Enter -0- in columns (D), (E), and (F) if no compensation was paid
- List all of the organization's current key employees, if any See instructions for definition of "key employee"
- ♦ List the organization's five **current** highest compensated employees (other than an officer, director, trustee or key employee) who received reportable compensation (Box 5 of Form W-2 and/or Box 7 of Form 1099-MISC) of more than \$100,000 from the organization and any related organizations
- ◆ List all of the organization's **former** officers, key employees, or highest compensated employees who received more than \$100,000 of reportable compensation from the organization and any related organizations

Check this box if neither the organization nor any related organizations compensated any current or former officer, director, or trustee

◆ List all of the organization's former directors or trustees that received, in the capacity as a former director or trustee of the organization, more than \$10,000 of reportable compensation from the organization and any related organizations

List persons in the following order individual trustees or directors, institutional trustees, officers, key employees, highest compensated employees, and former such persons

(A) Name and Title	(B) A verage hours per week (describe	director/trustee)						(D) Reportable compensation from the organization (W- 2/1099-MISC)	(E) Reportable compensation from related organizations (W- 2/1099- MISC)	(F) Estimated amount of other compensation from the organization and

SCHEDULE C (Form 990 or 990-EZ)

Department of the Treasury Internal Revenue Service

For Organizations Exempt From Income Tax Under section 501(c) and section 527 ► Complete if the organization is described below.

Political Campaign and Lobbying Activities

► Attach to Form 990 or Form 990-EZ. ► See separate instructions.

If the organization answered "Yes," to Form 990, Part IV, Line 3, or Form 990-EZ, Part V, line 46 (Political Campaign Activities),

- ◆ Section 501(c)(3) organizations Complete Parts I-A and B Do not complete Part I-C
- ◆ Section 501(c) (other than section 501(c)(3)) organizations Complete Parts I-A and C below Do not complete Part I-B

Provide a description of the organization's direct and indirect political campaign activities on behalf of or

Section 527 organizations Complete Part I-A only

If the organization answered "Yes," to Form 990, Part IV, Line 4, or Form 990-EZ, Part VI, line 47 (Lobbying Activities), then

- Section 501(c)(3) organizations that have filed Form 5768 (election under section 501(h)) Complete Part II-A Do not complete Part II-B
- ◆ Section 501(c)(3) organizations that have NOT filed Form 5768 (election under section 501(h)) Complete Part II-B Do not complete Part II-A

If the organization answered "Yes," to Form 990, Part IV, Line 5 (Proxy Tax) or Form 990-EZ, line 35c (Proxy Tax), then

◆ Section 501(c)(4), (5), or (6) organizations Complete Part III

wame	or the orga	nization	
JENNIE	EDMUNDSON	MEMORIAL	HOSPITAL

Employer identification number

42-0680355

Part I-A	Complete if the organization is exempt under section 501(c) or is a section 527 organ	ıization.

- in opposition to candidates for public office in Part IV Political expenditures
- 3 Volunteer hours

art I-B	Complete	<u>if the org</u>	ganization i	s exemp	<u>t under</u>	section	501(c)(3	<u>3).</u>

- 1 Enter the amount of any excise tax incurred by the organization under section 4955
- Enter the amount of any excise tax incurred by organization managers under section 4955
- 3 If the organization incurred a section 4955 tax, did it file Form 4720 for this year?
- Was a correction made? Yes
- b If "Yes," describe in Part IV

Part I-C Complete if the organization is exempt under section 501(c) except section 501(c)(3).

- Enter the amount directly expended by the filing organization for section 527 exempt function activities
- Enter the amount of the filing organization's funds contributed to other organizations for section 527 exempt funtion activities
- 3 Total exempt function expenditures Add lines 1 and 2 Enter here and on Form 1120-POL, line 17b
- Did the filing organization file Form 1120-POL for this year? Yes Enter the names, addresses and employer identification number (EIN) of all section 527 political organizations to which the filing

organization made payments. For each organization listed, enter the amount paid from the filing organization's funds. Also enter the amount of political contributions received that were promptly and directly delivered to a separate political organization, such as a separate segregated fund or a political action committee (PAC) If additional space is needed, provide information in Part IV

(a) Name	(b) Address	(c) EIN	(d) A mount paid from filing organization's funds If none, enter -0-	(e) A mount of political contributions received and promptly and directly delivered to a separate political organization If none, enter - 0-

f Grassroots lobbying expenditures

(The term "expenditures" means amounts paid or incurred.) Lia Total lobbying expenditures to influence public opinion (grass roots lobbying) b Total lobbying expenditures to influence a legislative body (direct lobbying) c Total lobbying expenditures (add lines 1a and 1b) d Other exempt purpose expenditures e Total exempt purpose expenditures (add lines 1c and 1d) f Lobbying nontaxable amount Enter the amount from the following table in both columns If the amount on line 1e, column (a) or (b) is: The lobbying nontaxable amount is: Not over \$500,000 but not over \$1,000,000 \$100,000 plus 15% of the excess over \$500,000 over \$1,000,000 but not over \$1,500,000 \$175,000 plus 10% of the excess over \$1,000,000 over \$1,500,000 but not over \$17,000,000 \$225,000 plus 5% of the excess over \$1,500,000 over \$1,000,000 but not over \$1,000,000 \$1,000,000 g Grassroots nontaxable amount (enter 25% of line 1f) Subtract line 1g from line 1a If zero or less, enter -0- i Subtract line 1f from line 1c If zero or less, enter -0- j If there is an amount other than zero on either line 1h or line 1i, did the organization file Form 4720 reporting section 4911 tax for this year? 4-Year Averaging Period Under Section 501(h) (Some organizations that made a section 501(h) election do not have to complete all columns below. Consolidated Financial Statements and Supplemental Data

December 31, 2011 and 2010

(With Independent Auditors' Report Thereon)

KPMG LLP Suite 1000 1000 Walnut Street Kansas City, MO 64106-2162

Independent Auditors' Report

The Board of Directors Nebraska Methodist Health System. Inc

We have audited the accompanying consolidated balance sheets of Nebraska Methodist Health System. Inc and affiliates (the Health System) as of December 31, 2011 and 2010, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended These consolidated financial statements are the responsibility of the Health System's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Health System's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Nebraska Methodist Health System. Inc. and affiliates as of December 31, 2011 and 2010, and the results of their operations and their cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The 2011consolidating information included in the accompanying exhibits is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

(1) Organization

Nebraska Methodist Health System. Inc. and affiliates (the Health System) is a not-for-profit corporation providing a variety of healthcare, education, and related services to communities in Eastern Nebraska and Western Iowa. Healthcare services include inpatient, outpatient, emergency care, home healthcare, and physician services. The Health System is the sole corporate member of the following affiliated entities.

- The Nebraska Methodist Hospital
 - The Nebraska Methodist College of Nursing and Allied Health
 - Heart Services, LLC
- Jennie Edmundson Memorial Hospital
 - Jennie Edmundson Memorial Hospital Foundation
- Physicians Clinic, Inc
- The Nebraska Methodist Hospital Foundation
- Shared Service Systems, Inc
- Nebraska Methodist Hospital Self-Insured Trust
- Methodist Health Partners

(2) Summary of Significant Accounting Policies

The following is a summary of significant accounting policies of the Health System. These policies are in accordance with U.S. generally accepted accounting principles

(a) Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates Significant items subject to such estimates and assumptions include the useful lives of fixed assets, allowances for uncollectible accounts and contractual adjustments, estimated third-party payor settlements, liability for pension benefits, self-insurance liabilities, and other contingencies

(b) Principles of Consolidation

The Health System consolidates all wholly owned affiliated entities and all entities in which it has greater than 50% ownership interest with commensurate control. All significant intercompany balances and transactions have been eliminated in consolidation.

(c) Fair Value Measurements

The carrying amounts reported in the consolidated balance sheets for cash and cash equivalents, receivables, accounts payable, accrued liabilities, and estimated third-party payor settlements approximate fair value due to the short maturities of these instruments. The fair value of other financial and nonfinancial assets and liabilities is disclosed in note 7.

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

(d) Cash and Cash Equivalents

Cash and cash equivalents include certain investments in highly liquid debt instruments with original maturities of three months or less

(e) Provision for Uncollectible Accounts

The provision for uncollectible accounts is based upon management's assessment of expected net collections considering the accounts receivable aging, historical collections experience, economic conditions, trends in healthcare coverage, and other collection indicators. Management periodically assesses the adequacy of the allowances for uncollectible accounts and contractual adjustments based upon historical write-off experience by payor category. The results of these reviews are used to establish the net realizable value of patient accounts receivable. The Health System follows established guidelines for placing certain patient balances with collection agencies Self-pay accounts are charged against the allowance for uncollectible accounts at the time of transfer to the collection agency Deductibles and coinsurance are classified as either third-party or self-pay receivables on the basis of which party has the primary remaining financial responsibility, while the total gross revenue remains classified based on the primary payor at the time of service. There are various factors that can impact collection trends, such as changes in the economy, which in turn may have an impact on unemployment rates and the number of uninsured and underinsured patients, the volume of patients through our emergency departments, the increased burden of copayments and deductibles to be made by patients with insurance, and business practices related to collection efforts These factors continuously change and can have an impact on collection trends and our estimation process. Net patient accounts receivable have been adjusted to the estimated amounts expected to be collected and do not bear interest

The Health System's self-pay write-offs in 2011 were \$13.418 from uninsured and underinsured patients. The Health System does not maintain an allowance for doubtful accounts from third-party payors, nor did it have significant write-offs from third-party payors. Recent increases in the allowance for doubtful accounts are a result of more high deductible health plans and negative trends experienced in the collection of amounts from self-pay patients.

(f) Inventories

Inventories are stated at the lower of cost or market Cost is determined principally using the first-in, first-out method

(g) Investments and Assets Limited as to Use

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheets. Investment income (including realized gains and losses on investments, interest, and dividends) is included in excess (deficiency) of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are excluded from excess (deficiency) of revenues over expenses unless the investments are trading securities. The Health System periodically reviews its investment portfolio to determine whether any unrealized losses are other than temporary

8

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

Impairments are charged to earnings and a new cost basis for the security is established. To determine whether impairment is other than temporary, the Health System considers whether it has the ability and intent to hold the investment until the market price recovers and considers whether evidence indicating the cost of the investment is recoverable outweighs evidence to the contrary. Evidence considered in the assessment includes reasons for the impairment, the severity and duration of the impairment, changes in value subsequent to year-end, forecasted performance of the investee, and the general market condition of the industry in which the investee operates. Based on this evaluation, the Health System recognized other-than-temporary impairment losses of approximately \$7 in 2011 and \$9 in 2010. Other-than-temporary impairment losses are included in investment income in the consolidated financial statements.

Assets limited as to use primarily include assets held by trustees under indenture agreements, donor-restricted gifts, and designated assets set aside by the Board of Directors (the Board) for future capital improvements, over which the Board retains control and may at its discretion subsequently use for other purposes

(h) Property and Equipment

Property and equipment acquisitions are recorded at cost. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method. The estimated useful lives of property and equipment are as follows, land improvements two to 25 years, buildings and improvements - five to 40 years, and equipment and furnishings - three to 20 years. Equipment under capital lease obligations is amortized using the straight-line method over the shorter period of the lease term or the estimated useful life of the equipment. Such amortization is included in depreciation in the consolidated financial statements. Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets. During 2011 and 2010, \$366 and \$5.510 of interest was capitalized, respectively.

Gifts of long-lived assets, such as land, buildings, or equipment, are reported as an increase to unrestricted net assets, and are excluded from excess of revenues over expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

(i) Impairment of Long-Lived Assets

The Health System reviews the carrying amount of long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Measurement of any impairment would include a comparison of the present value of the estimated future operating cash flows anticipated to be generated during the remaining life of the long-lived assets to the net carrying value of the assets. No assets were impaired during 2011 and 2010.

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

(i) Deferred Financing Costs

Certain expenses incurred in connection with the issuance of long-term debt have been deferred and are being amortized using the effective interest method over the term of the related obligation

(k) Asset Retirement Obligations

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 410-20. Asset Retirement and Environmental Obligations - Asset Retirement Obligations, the Health System recognizes the fair value of liabilities for legal obligations associated with asset retirements in the period in which they are incurred, if a reasonable estimate of the fair value of the obligation can be made Over time, the obligation is accreted to its present value each period. Upon settlement of the obligation, any difference between the cost to settle the asset retirement obligation and the liability recorded is recognized as a gain or loss in the consolidated statements of operations. The Health System has recorded a conditional asset retirement obligation related to estimated asbestos abatement costs in the amount of \$6.625 and \$5.882 at December 31, 2011 and 2010, respectively.

(1) Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Health System has been limited by donors to a specific time period, purpose, or by law Permanently restricted net assets have been restricted by donors to be maintained by the Health System in perpetuity

(m) Donor-Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of operations.

(n) Net Patient Service Revenue Before the Provision for Uncollectible Accounts

Net patient service revenue before the provision for uncollectible accounts is recognized in the period in which the services are performed and consists of gross patient service revenue less estimated contractual adjustments and discounts. The discount offered to uninsured patients is recognized as a contractual adjustment, which reduces net patient service revenue. The uninsured patient accounts, net of contractual adjustments, are further reduced to their net realizable value through the provision for uncollectible accounts. The Health System has agreements with third-party payors that provide for payments to the Health System at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, per diem, per visit, or per procedure, and discounted charges plus cost reimbursement for certain costs under governmental programs. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

(o) Financial Assistance

The Health System provides care to patients who meet certain criteria under its financial assistance policy without charge or at amounts less than their established rates. Because the Health System does not pursue collection of amounts determined to qualify as financial assistance, they are not reported as revenue. The cost of services and supplies furnished under the Health System's financial assistance policy are estimated based on the ratio of net costs to gross charges and aggregated to \$8,682 and \$6,264 in 2011 and 2010, respectively

Patients meeting the guidelines for financial assistance frequently are uninsured and therefore qualify for the uninsured discount, which reduces the amount that they are responsible for to the equivalent of commercial reimbursement rates. This discount is applied prior to the financial assistance discount.

(p) Insurance Reserves

The provision for self-insurance reserves includes an estimate of the ultimate cost of reported claims as well as claims incurred but not reported. See note 10

(q) Investment in Unconsolidated Entities

Investments in unconsolidated entities are accounted for under the cost or equity method of accounting, as appropriate, based on the relative percentage of ownership or degree of influence over the organization. The equity income or loss on these investments is recorded in the consolidated statements of operations as income from unconsolidated entities.

(r) Income Taxes

The Health System and all affiliates, except for Shared Service Systems, Inc., Methodist Health Partners, and Heart Services, LLC, have been recognized by the Internal Revenue Service as tax-exempt organizations, as described in Section 501(c)(3) of the Internal Revenue Code (the Code), and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. The estimated federal and state income tax expense for the taxable entities and certain activities of the tax-exempt organizations that are unrelated to their exempt purpose was \$570 and \$323 for 2011 and 2010, respectively, and is recorded in other expense in the consolidated statements of operations.

The Health System recognizes the effect of income tax positions only if those positions are more likely than not of being sustained Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized Changes in recognition or measurement are reflected in the period in which the change in judgment occurs. In 2011 and 2010, management determined there are no income tax positions requiring recognition in the financial statements.

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

(s) Excess (Deficiency) of Revenues over Expenses

The consolidated statements of operations include excess (deficiency) of revenues over expenses. Changes in unrestricted net assets, which are excluded from excess (deficiency) of revenues over expenses, include the change in unrealized gains and losses on investments other-than-trading securities, change in value of charitable remainder unitrusts and annuities payable, change in liability for pension benefits, and contributions of long-lived assets (including assets acquired using contributions, which by donor restriction were to be used for the purposes of acquiring such assets)

(t) Adoption of New Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update (ASU) 2011-04, Fair Value Measurement (Topic 820), Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in US GAAP and IFRSs, which amended ASC 820, Fair Value Measurement, to change the wording used to describe many of the requirements in US GAAP for measuring fair value and for disclosing information about fair value measurements. The adoption of ASU 2011-04 is effective beginning January 1, 2012 and is not expected to have a material impact on the Health System's consolidated financial statements

In July 2011, the FASB issued ASU 2011-07, Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities, which amended ASC 954, Health Care Entities, to provide greater transparency regarding a healthcare entity's net patient revenue and the related allowance for doubtful accounts ASU 2011-07 requires certain healthcare entities to change the presentation of the provision for bad debts associated with patient service revenue by reclassifying the provision from operating expenses to a deduction from net patient revenue and requires enhanced disclosures about net patient revenue and the policies for recognizing revenue and assessing bad debts. The Health System early adopted ASU 2011-07 beginning January 1, 2011

In August 2010, the FASB issued ASU 2010-24, *Health Care Entities (Topic 954)*, *Presentation of Insurance Claims and Related Insurance Recoveries*, which clarifies that a healthcare entity should not net insurance recoveries against a related claim liability. Additionally, the amount of the claim liability should be determined without consideration of insurance recoveries. The adoption of ASU 2010-24 was effective for the Health System beginning January 1, 2011. The adoption of ASU 2010-24 did not have a material impact on the Health System's consolidated financial statements.

In August 2010, the FASB issued ASU 2010-23, *Health Care Entities (Topic 354), Measuring Charity Care for Disclosure*, which requires that cost be used as a measurement for charity care disclosure purposes and that cost be identified as the direct and indirect costs of providing the charity care. It also requires disclosure of the method used to identify or determine such costs. The adoption of ASU 2010-23 was effective for the Health System beginning January 1, 2011. The adoption of ASU 2010-23 did not have a material impact on the Health System's consolidated financial statements.

In January 2010, the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements*, which amended ASC 820, *Fair Value Measurements and Disclosures*, to require new

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

disclosures related to transfers in and out of Level 1 and Level 2 fair value measurements, including reasons for the transfers, and to require new disclosures related to the reconciliation of Level 3 activity. Effective December 31, 2011, the Health System adopted the provisions of ASU 2010-06 related to the reconciliation of Level 3 activity, all other provisions were previously adopted effective December 31, 2010. The adoption of ASU 2010-06 did not have a material impact on the Health System's consolidated financial statements.

(u) Reclassifications

Certain balances from 2010 have been reclassified to conform to the current year presentation

(3) Net Patient Service Revenue

The Nebraska Methodist Hospital and Jennie Edmundson Memorial Hospital (collectively, the Hospitals) and the Physicians Clinic (the Clinic) have agreements with third-party payors that provide for payments to the Hospitals and the Clinic at amounts different from their established rates. A summary of the payment arrangements with major third-party payors is as follows.

(a) Medicare

Inpatient acute care services and outpatient services rendered to Medicare program beneficiaries are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Medical education costs are paid based on a cost-reimbursement methodology. The Hospitals are reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by the Hospitals and audits thereof by the Medicare fiscal intermediary. Physician services are paid based on fee schedules.

(b) Nebraska Medicaid

Inpatient services rendered to Medicaid program beneficiaries are paid at prospectively determined rates per discharge. Certain outpatient services are reimbursed based on a percentage rate representing the average ratio of cost to charges discounted by 27% and 25% at December 31, 2011 and 2010, respectively

(c) Iowa Medicaid

Medical and surgical inpatient services and outpatient services rendered to Medicaid program beneficiaries are primarily paid at prospectively determined rates per discharge. Inpatient psychiatric stays are paid on a prospectively determined per diem. Physician services are paid based on fee schedule amounts. Iowa Medicaid implemented a provider assessment program in order to increase federal funding. In 2011, the net impact is not significant.

Revenue from the Medicare and Medicaid programs accounted for approximately 23% and 4%, respectively, of the Health System's net patient service revenue for the year ended December 31, 2011, and 22% and 4%, respectively, for the year ended December 31, 2010 Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Net patient service revenue increased \$358 and \$291 in 2011 and 2010, respectively, as a result of changes in estimated reserves due to retroactive adjustments, final settlements, or additional information.

The Hospitals and the Clinic have also entered into payment agreements with certain commercial insurance carriers and preferred provider organizations. The basis for payment under these agreements includes discounts from established charges, fee schedules, and prospectively determined rates per discharge.

The governmental payors, as well as most commercial payors, have developed programs to review paid claims on a retroactive basis for accuracy and medical necessity. The Health System is subject to these post payment audits, which may result in the return of payments previously received. The determination of net patient service revenue includes consideration of these audits on net realizable revenue.

	 Third-party	Self-pay	Total all
Patient service revenue, net of contractual adjustments and discounts	\$ 590,956	13,726	604,682

(4) Concentrations of Credit Risk

The Health System grants credit without collateral to its patients, most of who are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors at December 31, 2011 and 2010 was as follows

		2010
Medicare – traditional	25%	27%
Medicaid	7	6
Managed care	49	48
Other	19	19
	100%	100%

During 2010, the Health System issued \$30,000 of Health Facilities Revenue Bonds, the purpose of which was to fund the construction, improvement, equipping, and furnishing of a portion of a pathology building, employee parking garage, and surgery remodel project

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

The Health System and all affiliates, except for Shared Service Systems, Inc., Methodist Health Partners, and Heart Services, LLC, have entered into a Master Trust Indenture (Indenture), which provides, among other things, for certain covenants related to the incurrence of additional indebtedness, the sale, lease, or disposition of property, and the maintenance of certain financial ratios. The Indenture also requires the Health System to satisfy financial performance measures as long as the debt is outstanding.

In the event of a Rating Agency downgrade to a rating of BBB (or its equivalent) or lower, the initial purchasing banks of the 2009 and 2010 series bonds and the reinsurer of the 1997 series bonds may elect to have the Health System repurchase the 2010, 2009, and 1997 bonds. In the event of this election, the Health System would have 90 days to refinance the then outstanding bonds, which total \$65,460 at December 31, 2011

The following is a summary of the outstanding balances by entity related to the Indenture as of December 31, 2011 and 2010

	 2011	2010
The Nebraska Methodist Hospital	\$ 265,763	266,533

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

At December 31, 2011, the Health System has available a \$10,000 unsecured revolving line of credit with an interest rate of one-month LIBOR plus 2% The line of credit expires on August 1, 2012 As of December 31, 2011 and 2010, no amounts have been advanced on the line of credit

At December 31, 2011, the Health System has available a \$5,000 unsecured revolving line of credit in connection with a vendor payment program with an interest rate of three-month LIBOR plus 1 75%. The line of credit expires on December 31, 2011. As of December 31, 2011 and 2010, \$4,413 and \$479, respectively, have been advanced on the line of credit.

In December 2011, the Health System entered into a \$10,000 unsecured revolving line of credit in connection with a vendor payment program with an interest rate of three-month LIBOR plus 1 75%. The line of credit expires on December 1, 2012. As of December 31, 2011, no amounts have been advanced on the line of credit.

(6) Investments and Assets Limited as to Use

Investments and assets limited as to use are stated at fair value and consist of

(a) Long-Term Investments Including Securities on Loan

Long-term investments will be used to provide liquidity, retire long-term debt, replace existing facilities, expand the present facilities as necessary in the future, and continue the health services currently provided by the Health System Additionally, certain of these funds have been designated to fund self-insurance reserves

(b) Construction Funds

Proceeds from the 2010 and 2009 bonds were deposited with a trustee for construction, improvement, equipping, and furnishing of the Women's Hospital and medical office building, and the Methodist Hospital pathology building, employee parking garage, and surgery remodel project

(c) Bond Trust Fund Investments

In connection with certain debt obligations, the Health System is required to make periodic deposits into bond sinking and interest funds with the trustee to provide for scheduled interest and principal payments

	 2011	2010
Interest and dividends	\$ 4,783	4,222
Realized gains and losses on the sale of securities	1,389	1,451
Impairment losses on investments	(7)	(9)
Change in net unrealized gains and losses on investments	(3.588)	10,548

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

Total unrealized losses from historical cost at December 31, 2011 were \$5,996, of which \$5,391 relates to equity mutual funds that have been in an unrealized loss position for greater than a year Management reviewed the securities with unrealized losses at December 31, 2011 and determined that the securities were not other than temporarily impaired Management reached this conclusion by applying its other-than-temporary loss policy, as well as discussions with its investment consultants and portfolio managers, who relied on industry analyst reports, credit ratings, current market conditions, and other information they deemed relevant to this assessment

Securities Lending

The Health System participates in a securities lending program operated by clearlend, a division of Wells Fargo. Under this program, equity and fixed income investment securities are loaned on a temporary basis to investment brokers for a fee. The Health System retains the right to the equivalent of all distributions of the securities while on loan, including but not limited to, dividends, interest, and other cash distributions.

Securities so loaned are fully collateralized by short-term domestic securities that are high grade and quality at the time of investment. The Health System receives the aggregate income derived from the investments net of any tax, rebate, fees paid to borrowers, and other certain expenses.

All securities loans can be terminated by the lender, the borrower, or the lending agent Upon termination of a loan, the securities loaned are returned to the lending agent and the associated collateral is returned to the borrower

The fair market value of securities on loan under the securities lending program was \$696 and \$2,227 as of December 31, 2011 and 2010, respectively. The fair market value of the collateral received for the loaned securities was \$915 and \$2,457 as of December 31, 2011 and 2010, respectively. None of the collateral was sold or repledged during 2011 or 2010.

Notes to Consolidated Financial Statements

(Amounts in thousands)

(7) Fair Value Measurements

Fair Value of Financial Instruments

The following table presents the carrying amounts and estimated fair values of the Health System's financial instruments at December 31, 2011 and 2010. The fair value of financial instrument is the amount that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

		2011		2010	
	_	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets					
Cash and cash equivalents	\$	66,327	66,327	33,565	33,565
Patient accounts receivable		86,841	86,841	79,523	79,523
Other receivables		30,342	30,342	24.385	24,385
Investments and assets limited					
as to use		186,204	186,204	201,027	201.027
Contributions receivable		7,747	7,747	8,590	8.590
Assets held for deferred					
compensation		2,655	2,655	2,575	2,575
Financial liabilities					
Accounts payable	\$	26,731	26,731	26,135	26,135
Accrued salaries, wages,					
and benefits		46,270	46,270	43,265	43,265
Other accrued liabilities		20,759	20,759	21.699	21,699
Collateral on securities loaned		915	915	2,457	2,457
Estimated third-party payor					
settlements		4.297	4,297	4.055	4,055
Liability for deferred compensation		2,655	2,655	2,575	2,575
Liability for charitable remainder					
unitrusts and annuities payable		2,638	2,638	2,614	2,614
Conditional asset retirement					
obligation		6,625	6,625	5,882	5,882
Debt and capital lease obligations		286,404	285,587	285,546	266,562

The carrying amounts shown in the table are included in the consolidated balance sheets under the indicated captions. Assets held for deferred compensation are included in other assets. Liabilities for deferred compensation and charitable remainder unitrusts and annuities payable are included in other long-term liabilities. The fair values of the financial instruments shown in the table as of December 31, 2011 and 2010 represent management's best estimates of the amounts that would be received to sell those assets or that would be paid to transfer those liabilities in an orderly transaction between market participants at that date. Those fair value measurements maximize the use of observable inputs. However, in situations where there is little, if any, market activity for the asset or liability at the measurement date.

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

the fair value measurement reflects the Health System's own judgments about the assumptions that market participants would use in pricing the asset or liability. Those judgments are developed by the Health System based on the best information available under the circumstances

The following methods and assumptions were used to estimate the fair value of each class of financial instrument

Cash and cash equivalents, patient accounts receivable, other receivables, accounts payable, accrued salaries, wages and benefits, other accrued liabilities, and estimated third-party payor settlements - the carrying amount approximates fair value due to the short maturity of these instruments

Contributions receivable. liability for charitable remainder unitrusts and annuities payable, and conditional asset retirement obligation - the fair value is determined using the income approach by estimating the present value of expected future cash flows based on the best information available

Debt and capital lease obligations - The fair value of the Health System's long-term debt is measured using quoted offer-side prices when quoted market prices are available. If quoted market prices are not available, the fair value is determined by discounting the future cash flows of each instrument at rates that reflect, among other things, market interest rates and the Health System's credit standing. In determining an appropriate spread to reflect its credit standing, the Health System considers bond yields of other long-term debt offered by the Health System, and interest rates currently offered to the Health System for similar debt instruments of comparable maturities by the Health System's bankers as well as other banks that regularly compete to provide financing to the Health System

Fair Value Hierarchy

The Health System follows a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows.

Level 1 Quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Financial instruments classified in this level generally include pooled short-term investment funds, exchange traded equity securities, and mutual funds.

Level 2 Inputs are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Financial instruments classified in this level generally include fixed income government obligations, asset-backed securities, and corporate and municipal bonds.

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

Level 3 Inputs are unobservable for the asset or liability. The inputs into the determination of fair value require management's judgment or estimation of assumptions that market participants would use in pricing the asset or liability. Fair value is determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques. Financial instruments classified in this level generally include alternative investments, limited partnerships, and private equity investments.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety

The following table presents the placement in the fair value hierarchy of assets that are measured at fair value on a recurring basis (including items that are required to be measured at fair value) at December 31, 2011 and 2010

(Amounts in thousands)

The Level 2 and Level 3 financial instruments listed in the fair value hierarchy tables above use the following valuation techniques and inputs

US government obligations and agencies - The fair value of investments in US government obligations and agencies is primarily determined using techniques consistent with the income approach. Significant observable inputs to the income approach include data points for benchmark constant maturity curves and spreads

Marketable debt securities - The fair value of investments in marketable debt securities is primarily determined using techniques that are consistent with the market approach. Significant observable inputs include benchmark yields, reported trades, observable broker/dealer quotes, issuer spreads, and security specific characteristics, such as early redemption options.

Real estate - The fair value of investments in real estate is primarily determined using techniques that are consistent with the market approach Significant observable inputs include appraisals, reported trades/transactions, and observable broker quotes

The following table presents the Health System's activity for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) as defined in ASC Topic 820 for the years ended December 31, 2011 and 2010

(8) Temporarily and Permanently Restricted Net Assets

The composition of restricted net assets at December 31, 2011 and 2010 is set forth in the following table Investments are stated at fair value

Temporarily restricted net assets are available for the following purposes at December 31, 2011 and 2010

	 2011	2010
Building program (Women's Hospital, pathology building,		
employee parking garage, and surgery remodel)	\$ 14,293	23,779
Scholarships and education	4,906	4,455
Methodist cancer survivorship program (Harper's Hope)	2,855	2,993
Community counseling, healthcare, and other	1,829	1,030
Nebraska Methodist College of Nursing capital	1,645	2,677
Charitable remainder unitrusts (primarily time restriction)	1,497	1,507
SANE/SART program	1,265	1,315
Methodist Cancer Center construction	 1,159	1.566
	\$ 29,449	39,322

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

Net assets were released from restrictions for the following purposes during 2011 and 2010

	 2011	2010
Building program (Women's Hospital, pathology building.		
employee parking garage, and surgery remodel)	\$ 10,455	8,678
Scholarships and education	112	111
Methodist cancer survivorship program (Harper's Hope)	153	32
Community counseling, healthcare, and other	1,356	1,889
Nebraska Methodist College of Nursing capital	1,258	6
SANE/SART program	69	81
Methodist Cancer Center construction	 418	1.718
	\$ 13,821	12,515

Permanently restricted assets of \$2,282 and \$1,971 at December 31, 2011 and 2010, respectively, are available for scholarships and education, community healthcare, and other

(9) Pension Plans

(a) Health System

The Health System sponsors a noncontributory defined benefit pension plan (the Plan) covering substantially all employees (except for employees covered under the Jennie Edmundson Memorial Hospital Employee Retirement Plan) who have completed one year of eligible service, as defined in the Plan, and have attained the age of 21 Benefits are determined based upon years of service and the employee's compensation during the final 15 years of employment or during all years of service if employed less than 15 years. The Health System's funding policy is to contribute annually an amount that satisfies the funding standard account requirements of the Employee Retirement Income Security. Act of 1974 (ERISA) The annual costs were calculated using the projected-unit-credit-actuarial cost method.

(b) Jennie Edmundson Memorial Hospital Employee Retirement Plan

Jennie Edmundson Memorial Hospital (Jennie Edmundson) sponsors a noncontributory defined-benefit pension plan (the JEMH Plan) covering substantially all employees Employees become participants in the JEMH Plan on January 1 following their date of employment. Benefits are determined based on the annual compensation for each year the employee was a participant in the JEMH Plan Jennie Edmundson's funding policy is to contribute annually an amount that satisfies the funding standard account requirements of ERISA. Annual costs are calculated using the projected-unit-credit-actuarial cost method.

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

The following table summarizes the projected benefit obligation, the fair value of plan assets, and the funded status at the measurement dates of December 31, 2011

The accumulated benefit obligation as of December 31, 2011 for the Health System and Jennie Edmundson was \$292,778 and \$53,785, respectively

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

The following is a summary of the components of net periodic pension cost for the year ended December 31, 2011

 Health System	Jennie Edmundson
\$ 10,214	1,632
13,883	2,728
(18,497)	(3,425)
(372)	_
 4.927	581
\$ 10,155	1,516
_	\$ 10.214 13.883 (18.497) (372) 4.927

Other changes in plan assets and benefit obligations recognized in unrestricted net assets as of December 31, 2011 consist of

		Health System	Jennie Edmundson
Net actuarial loss Prior service cost	\$	94,227 (1,346)	18.253
Total recognized in unrestricted net assets	\$_	92,881	18,253

Amounts recognized in other changes in unrestricted net assets for the year ended December 31, 2011 are as follows

	Health System	Jennie Edmundson
Amortization of net gain (loss)	\$ (4.927)	7,292
Amortization of prior service cost	372	
Net loss recognized in the current period	31,604	(580)
Other	 (90)	
Total change in unrestricted net assets	\$ 26,959	6,712

The estimated net loss and prior service cost for the Health System and Jennie Edmundson that will be amortized from unrestricted net assets into net periodic benefit cost over the next fiscal year are approximately \$6.986 and \$1.124, respectively

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

Plan asset allocations and target allocations are comprised of the following investment classifications at December 31, 2011

	Target allocations	Health System	Jennie Edmundson
Equity securities	65%	42%	42%
Fixed income securities	29	36	36
Real estate investment trusts	5	4	4
Cash and cash equivalents	<u> </u>	18	18
	100%	100%	100%

The Health System and Jennie Edmundson's overall investment objective is to provide a return on investment consistent with maintaining a funded ratio target, which is defined by the Health System and Jennie Edmundson. The strategies employed by the Health System and Jennie Edmundson will provide the opportunity for returns within acceptable levels of risk of loss and volatility of returns with appropriate asset allocation being the primary tool to achieve the return objectives.

The following are the actuarial assumptions used by the Plans to develop the components of pension cost for the year ended December 31, 2011

Health	Jennie
System	Edmundson
5 50%	5 60%
4 00	4 50
8 00	8 00
	5 50% 4 00

The expected long-term rate of return on plan assets reflects the anticipated rates of return on the classes of funds invested, or to be invested, to provide for the future obligation of the pension plan

The determination of this rate considers the fund's targeted asset allocation, the historical rates of return for each asset class, as well as the expected rates to be earned over the next 15 to 20 years

The following are the actuarial assumptions used by the Plans to develop the components of the pension projected benefit obligations for the year ended December 31, 2011

	Health System	Jennie Edmundson
Discount rate	4 80%	4 70%
Rate of increase in compensation levels	3 50	3 50

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

The following table summarizes the projected benefit obligation, the fair value of plan assets, and the funded status at the measurement dates of December 31, 2010

Total change in unrestricted net assets	\$	6.783	1,525

The estimated net loss and prior service cost for the Health System and Jennie Edmundson that will be amortized from unrestricted net assets into net periodic benefit cost over the next fiscal year are approximately \$4,345 and \$587, respectively

Plan asset allocations and target allocations are comprised of the following investment classifications at December 31, 2010

	Target allocations	Health System	Jennie Edmundson
Equity securities	65%	35%	35%
Fixed income securities	29	39	38
Real estate investment trusts	5	4	4
Cash and cash equivalents	1	22	23
	100%	100%	100%

The Health System and Jennie Edmundson's overall investment objective is to provide a return on investment consistent with maintaining a funded ratio target, which is defined by the Health System and Jennie Edmundson. The strategies employed by the Health System and Jennie Edmundson will provide the opportunity for returns within acceptable levels of risk of loss and volatility of returns with appropriate asset allocation being the primary tool to achieve the return objectives.

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

The following are the actuarial assumptions used by the Plans to develop the components of pension cost for the year ended December 31, 2010

	Health System	Jennie <u>Edmundson</u>
Discount rate	5 90%	6 00%
Rate of increase in compensation levels	4 50	4 50
Expected long-term rate of return on plan assets	8 00	8 00

The expected long-term rate of return on plan assets reflects the anticipated rates of return on the classes of funds invested, or to be invested, to provide for the future obligation of the pension plan

The determination of this rate considers the fund's targeted asset allocation, the historical rates of return for each asset class, as well as the expected rates to be earned over the next 15 to 20 years

The following are the actuarial assumptions used by the Plans to develop the components of the pension projected benefit obligations for the year ended December 31, 2010

	Health System	Jennie Edmundson
Discount rate	5 50%	5 60%
Rate of increase in compensation levels	4 00	4 50

The benefits expected to be paid in each year from 2012 to 2015 are as follows

	 Health System	Jennie Edmundson
2012	\$ 12,788	1,562
2013	13,159	1,762
2014	14,730	1,977
2015	15,793	2,164
2016	16,270	2,443

The aggregate benefits expected to be paid in the five years from 2016 to 2020 for the Health System and Jennie Edmundson are \$98.886 and \$16.354, respectively. The expected benefits to be paid are based on the same assumptions used to measure the plan's benefit obligation at December 31, 2011 and include estimated employee service.

The Health System and Jennie Edmundson expect to contribute \$13,000 and \$2,200, respectively, to their retirement plans in 2012

(10) Insurance Coverage

The Health System manages its professional liability risks through a combination of third-party insurance coverage and self-insurance General and professional liability and employed physician professional liability coverage are provided under a self-insured retention of \$2,000 per occurrence with an annual aggregate of \$9,000. In addition, a \$50,000 umbrella policy is maintained with third-party insurance carriers for claims in excess of any applicable self-insured retention. In the event of insolvency, the Health System maintains a fronting policy with the insurance carrier to pay claims. In turn, the insurance carrier requires the Health System to maintain a letter of credit as collateral for open claims. At December 31, 2011, the amount available under the letter of credit was \$3,427. There were no amounts drawn as of December 31, 2011.

The Health System has established reserves for possible losses on both asserted and unasserted claims based upon an independent actuarial analysis. The reserves were not discounted in 2011 or 2010. The Health System has recognized \$2,209 and \$3,780 of expense related to these self-insured risks during 2011 and 2010, respectively.

Management of the Health System is presently not aware of any incidents, which would result in probable losses materially in excess of amounts provided by insurance policies and established reserves for claims

The Health System similarly provides for health insurance and workers' compensation coverage through a combination of self-insurance and third-party insurers. Estimated reserves have been established for reported claims and claims, which have been incurred but not reported.

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

(11) Functional Expenses

The Health System provides general healthcare services to residents within the region. Support expenses related to providing these services for the years ended December 31, 2011 and 2010 are as follows

2011	2010
588,754	558,058
45,656	44,004
1,895	1,925
636,305	603,987
	636,305

(12) Contingencies

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, security and privacy of protected data, government healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicard fraud and abuse. Government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Medicare started a post payment audit program in 2009 with retroactive application to October 1, 2007. Refund requests of \$561 and \$128 have been received through December 31, 2011 and 2010, respectively. Management believes that the Health System is in compliance with fraud and abuse regulations, as well as other applicable government laws and regulations. While no regulatory inquiries have been made, which are expected to have a material effect on the Health System's consolidated financial statements, compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time.

(13) Commitments

Certain equipment and property are being leased under long-term noncancelable operating leases. In most cases, management expects that, in the normal course of operations, the leases will be renewed or replaced by other leases or capital purchases. The total rent expense under operating leases for 2011 and 2010 was \$6,380 and \$6,250, respectively.

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(Amounts in thousands)

Future minimum rental payments required under noncancelable operating leases that have initial or remaining noncancelable lease terms in excess of one year as of December 31, 2011 are as follows

2012	\$ 2,489
2013	2,252
2014	2,039
2015	1,076
2016	98

(14) Subsequent Events

The Health System has evaluated subsequent events from the consolidated balance sheet date through April 16, 2012, the date at which the consolidated financial statements were issued, and determined there are no other material items to disclose
