Independent Accountant's Review Report

**Board of Directors
AMERICANS FOR JERUSALEM LTD.:**

We have reviewed the accompanying statement of financial position of Americans For Jerusalem, Ltd. (a Not-for-Profit Organization) as of December 31, 2011, and the related statements of activities and cash flows for the year then ended.

A review includes primarily applying analytical procedures to management's financial data and making inquiries of Organization management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America. The supplementary schedule of functional expenses is presented only for purposes of additional analysis and has been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, and we are not aware of any material modifications that should be made thereto.

Basis of Accounting

The Organization maintains its books and records on the accrual basis of accounting. Under this method, revenues are recognized when earned and expenses are recognized when incurred.
