financial statement footnote regarding fin 48 (asc 270)	part x line 2	The Society evaluates uncertainty in income tax positions based on a more-likely-than-not recognition standard. If that threshold is met, the tax position is then measured at the largest amount that is greater than 50% likely of being realized upon ultimate settlement and is recognized in the Society's financial statements. As of December 31, 2011, there are no accruals for uncertain tax positions. If applicable, the Society records interest and penalties as a component of income tax expense. Tax years from January 1, 2008 through the current year remain open for examination by Federal and state tax authorities.
