financial footnote regarding fin 48 (asc 740)	schedule d part x line 2	NADA evaluates uncertainty in income tax positions taken or expected to be taken on a tax return based on a more-likely-than-not recognition standard. If that threshold is met, the tax position is then measured at the largest amount that is greater than 50% likely of being realized upon ultimate settlement and is recognized in NADA's financial statements. As of December 31, 2011, and 2010, there are no accruals for uncertain tax positions. If applicable, NADA records interest and penalties as a component of income tax expense. Tax years from December 31, 2008 through the current year remain open for examination by federal and state tax authorities.
