financial note regarding fin 48 (asc 740)	part x line 2	The Foundation evaluates uncertainty in income tax positions based on a more likely than not recognition standard. If that threshold is met, the tax position is then measured at the largest amount that is greater than 50% likely of being realized upon ultimate settlement and is recognized in the Foundation's financial statements. To the extent that the Foundation's estimates change or the final tax outcome of these matters is different than the amounts that have been recorded, such differences will impact the income tax provision when such determinations are made. If applicable, the Foundation records interest and penalties as a component of income tax expense. Tax years from December 31, 2008 through the current year remain open for examination by Federal and state tax authorities.
