SUPPLEMENTAL INFORMATION	PART III	<p>PART III - OTHER ADDITIONAL INFORMATION. DESCRIPTIONS OF SUPPLEMENTAL EXECUTIVE BENEFITS INCLUDED IN PART VII AND SCHEDULE J. EXECUTIVE ANNUAL INCENTIVE PLAN. AS PART OF THE REPORTED COMPENSATION AMOUNTS, THE REPORTING ORGANIZATION PROVIDES ANNUAL INCENTIVE COMPENSATION TO OFFICERS AND KEY EMPLOYEES UNDER AN EXECUTIVE ANNUAL INCENTIVE PLAN. THE INCENTIVE PLAN IS DESIGNED TO OFFER OPPORTUNITIES FOR ADDITIONAL COMPENSATION, BUT ONLY TO THE EXTENT THAT ELIGIBLE EXECUTIVES HAVE PROVIDED EXTRAORDINARY SERVICES AND ACHIEVED EXTRAORDINARY RESULTS THAT MEET OR EXCEED PREDETERMINED GOALS IN THE AREAS OF QUALITY, PATIENT SATISFACTION, EMPLOYEE SATISFACTION AND FINANCIAL VITALITY. THESE GOALS ARE ESTABLISHED AND APPROVED BY INDEPENDENT AND DISINTERESTED MEMBERS OF THE NOVANT HEALTH BOARD OF TRUSTEES (WHO COMPRISE THE COMPENSATION AND LEADERSHIP COMMITTEE OF THE BOARD). THESE GOALS ARE WEIGHTED EQUALLY. THE ADDITIONAL COMPENSATION CAN RANGE ANYWHERE FROM ZERO TO A MAXIMUM PERCENTAGE OF BASE SALARY THAT DIFFERS BY THE CLASS OF EXECUTIVE, THIS MAXIMUM PERCENTAGE RANGES FROM 30% TO 70% OF BASE SALARY. IN ADDITION, THE INDEPENDENT MEMBERS OF THE BOARD OF TRUSTEES WHO OVERSEE THE INCENTIVE COMPENSATION PROGRAM APPLY TWO "CIRCUIT BREAKERS," WHICH ARE SUBSTANTIAL LEVELS OF ORGANIZATION-WIDE ACHIEVEMENT THAT MUST BE SATISFIED BEFORE ANY AWARDS ARE PAID TO ANY EXECUTIVE UNDER THE PROGRAM. THE INCENTIVE COMPENSATION AWARDS HAVE BEEN INCLUDED IN THE COMPENSATION AMOUNTS REPORTED IN PART VII AND IN COLUMN (B)(II) OF SCHEDULE J. THEY ARE REPORTED IN THE YEAR PAID. INDEPENDENT AND DISINTERESTED MEMBERS OF THE NOVANT HEALTH BOARD OF TRUSTEES (WHO COMPRISE THE COMPENSATION AND LEADERSHIP COMMITTEE OF THE BOARD) REVIEW, APPROVE, AND OVERSEE ALL ASPECTS AND ALL ELEMENTS OF EXECUTIVE COMPENSATION AND BENEFITS, INCLUDING THE AMOUNTS AWARDED UNDER THIS ANNUAL INCENTIVE PLAN.</p> <p>LONG-TERM INCENTIVE PLAN. THE REPORTING ORGANIZATION OFFERS A LONG-TERM INCENTIVE PLAN (THE "PLAN") TO CERTAIN KEY EXECUTIVES. THE PLAN TIES A KEY EXECUTIVE'S COMPENSATION TO THE ORGANIZATION'S LONG-TERM STRATEGIC PERFORMANCE, PROVIDES A RETENTION INCENTIVE FOR KEY EXECUTIVES, AND ALLOWS THE ORGANIZATION TO COMPETE IN THE MARKETPLACE FOR TOP LEADERSHIP TALENT. THE PLAN OPERATES ON THREE-YEAR PERFORMANCE CYCLES THAT BEGIN EACH YEAR. LONG-TERM STRATEGIC GOALS (IN THE PRINCIPAL AREAS OF QUALITY OF PATIENT CARE AND LONG-TERM FINANCIAL STRENGTH) ARE ESTABLISHED AND APPROVED FOR EACH CYCLE, IN ADVANCE, BY INDEPENDENT AND DISINTERESTED MEMBERS OF THE NOVANT HEALTH BOARD OF TRUSTEES (WHO COMPRISE THE COMPENSATION AND LEADERSHIP COMMITTEE OF THE BOARD). A MINIMUM LEVEL OF COMMUNITY BENEFIT AND CHARITY CARE, AS WELL AS A MINIMUM LEVEL OF FINANCIAL PERFORMANCE, IS REQUIRED BEFORE ANY AWARD CAN BE PAID UNDER THE PLAN. NOVANT HEALTH'S INTERNAL AUDIT DEPARTMENT REVIEWS THE METHODOLOGY AND PROCESS USED TO DETERMINE ACHIEVEMENT OF THE QUALITY METRICS. AWARDS ARE PAYABLE FOR A PARTICULAR THREE-YEAR PERFORMANCE CYCLE ONLY IF THE REQUISITE LEVEL OF COMMUNITY BENEFIT AND CHARITY CARE, ALONG WITH THE REQUIRED LEVEL OF FINANCIAL PERFORMANCE TO DEMONSTRATE LONG-TERM FINANCIAL STRENGTH, HAVE BEEN MET FOR THAT RESPECTIVE THREE-YEAR PERFORMANCE PERIOD. IF AN AWARD IS EARNED AT THE END OF A PERFORMANCE CYCLE, THEN THE INCENTIVE AWARD IS PAID OUT AND IS INCLUDED IN THE COMPENSATION AMOUNTS REPORTED IN PART VII AND IN COLUMN (B)(II) OF SCHEDULE J. THEY ARE REPORTED IN THE YEAR PAID. INDEPENDENT AND DISINTERESTED MEMBERS OF THE NOVANT HEALTH BOARD OF TRUSTEES (WHO COMPRISE THE COMPENSATION AND LEADERSHIP COMMITTEE OF THE BOARD) REVIEW, APPROVE, AND OVERSEE ALL ASPECTS AND ALL ELEMENTS OF EXECUTIVE COMPENSATION AND BENEFITS, INCLUDING THE AMOUNTS AWARDED UNDER THIS LONG-TERM INCENTIVE PLAN.</p> <p>SCHEDULE J PART I LINE 4A - SEVERANCE PLAN. ELIGIBLE EXECUTIVES MAY RECEIVE SEVERANCE PAY THAT IS A SPECIFIED MULTIPLE OF ANNUAL COMPENSATION. THE SEVERANCE PAY WOULD BE PAID ONLY IN THE EVENT OF CERTAIN TYPES OF EMPLOYMENT TERMINATION, AND IS FURTHER CONTINGENT ON THE SATISFACTION OF OTHER CONDITIONS SUCH AS COMPLIANCE WITH A NON-COMPETITION COVENANT. ANY CURRENT YEAR PAYMENTS HAVE BEEN INCLUDED IN THE COMPENSATION AMOUNTS REPORTED IN PART VII AND IN COLUMN (B)(III) OF SCHEDULE J. INDEPENDENT AND DISINTERESTED MEMBERS OF THE NOVANT HEALTH BOARD OF TRUSTEES (WHO COMPRISE THE COMPENSATION AND LEADERSHIP COMMITTEE OF THE BOARD) REVIEW, APPROVE, AND OVERSEE ALL ASPECTS AND ALL ELEMENTS OF EXECUTIVE COMPENSATION AND BENEFITS, INCLUDING THE AMOUNTS AWARDED UNDER THIS SEVERANCE PLAN.</p> <p>SCHEDULE J PART I LINE 4B - SUPPLEMENTAL NONQUALIFIED RETIREMENT PLANS. THE SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN ("SERP") IS INTENDED TO SUPPORT RETENTION OF KEY EXECUTIVES, AND TO OFFER COMPETITIVE TOTAL COMPENSATION. THESE SERP BENEFITS ARE CALCULATED WITH REFERENCE TO A FORMULA THAT TAKES INTO CONSIDERATION THE EXECUTIVE'S TOTAL YEARS OF SERVICE WITH THE ORGANIZATION AND OTHER RETIREMENT INCOME. THESE BENEFITS ARE FULLY AT RISK AND WILL NOT BE PAID UNLESS THE EXECUTIVE PROVIDES SUBSTANTIAL FUTURE SERVICES TO THE ORGANIZATION. UNTIL THOSE REQUIREMENTS ARE SATISFIED, IF EVER, THE EXECUTIVE IS NOT ENTITLED TO ANY SERP BENEFIT. IF THE EXECUTIVE WERE TO HAVE LEFT THE ORGANIZATION VOLUNTARILY DURING THE YEAR FOR WHICH THESE AMOUNTS ARE BEING REPORTED (BEFORE REACHING BOTH AGE 55 AND HAVING FIVE YEARS OF SERVICE WITH THE ORGANIZATION), THE EXECUTIVE'S SERP BENEFIT WOULD HAVE BEEN ENTIRELY FORFEITED. THE SERP BENEFIT IS REDUCED AT THE RATE OF 2 PERCENTAGE POINTS PER YEAR FOR PAYMENTS RECEIVED BETWEEN THE AGES OF 55 AND 62. CURRENT YEAR PAYMENTS OF SERP BENEFITS HAVE BEEN INCLUDED IN THE COMPENSATION AMOUNTS REPORTED IN PART VII AND IN COLUMN (B)(III) OF SCHEDULE J. AN ESTIMATE OF THE ANNUAL INCREASE IN ACTUARIAL VALUE IS REPORTED AS DEFERRED COMPENSATION IN PART VII AND IN COLUMN (C) OF SCHEDULE J FOR ELIGIBLE EXECUTIVES. INDEPENDENT AND DISINTERESTED MEMBERS OF THE NOVANT HEALTH BOARD OF TRUSTEES (WHO COMPRISE THE COMPENSATION AND LEADERSHIP COMMITTEE OF THE BOARD) REVIEW, APPROVE, AND OVERSEE ALL ASPECTS AND ALL ELEMENTS OF EXECUTIVE COMPENSATION AND BENEFITS, INCLUDING THE AMOUNTS AWARDED UNDER THIS SUPPLEMENTAL RETIREMENT PLAN.</p> <p>RETIREMENT SECURITY AGREEMENT. IN 2000, A RETIREMENT SECURITY AGREEMENT ("RSA") WAS APPROVED BY THE COMPENSATION COMMITTEE FOR MR. BEIER WHICH PROVIDED FOR SUPPLEMENTAL RETIREMENT BENEFITS COMMENCING AT AGE 60. CURRENT YEAR PAYMENTS OF RSA BENEFITS HAVE BEEN INCLUDED IN THE COMPENSATION AMOUNTS REPORTED IN PART VII AND IN COLUMN (B)(III) OF SCHEDULE J.</p> <p>SCHEDULE J PART I LINE 4C - EQUITY-BASED COMPENSATION ARRANGEMENT. NOVANT HEALTH, INC. ("NOVANT") CHIEF EXECUTIVE OFFICER PAUL WILES IS A GRANDFATHERED PARTICIPANT IN A SHARE OPTION PLAN (THE "DISCOUNT STOCK OPTION PLAN"), UNDER WHICH HE RECEIVED FROM NOVANT OPTIONS TO PURCHASE CERTAIN MUTUAL FUND SHARES OWNED BY THE ORGANIZATION. NO OPTIONS WERE GRANTED AFTER MAY 8, 2002. THE OPTIONS GRANTED WERE DISCLOSED ON A PRIOR 990 OF NOVANT HEALTH, INC. WHEN THE OPTIONS ARE EXERCISED, THE RESULTING GAIN WILL BE TREATED AS TAXABLE COMPENSATION INCOME, IN ACCORDANCE WITH FEDERAL INCOME TAX LAW.</p>

## Report of Independent Auditors

To the Board of Trustees of  
Novant Health, Inc.

In our opinion, the accompanying combined balance sheets and the related combined statements of operations, changes in net assets and cash flows present fairly, in all material respects, the financial position of Novant Health, Inc. and Affiliates (the "Company") at December 31, 2011 and 2010 and the combined results of their operations and changes in net assets and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As noted in Note 2 to the consolidated financial statements, the Company adopted *ASU 2011-08 Testing Goodwill for Impairment* in 2011 and performed a qualitative assessment on whether it is more likely than not that the fair value of the reporting unit exceeds the carrying value of the reporting unit for certain reporting units.

#### **1. Reporting Entity**

Novant Health, Inc. ("Novant" or the "Company") is a nonprofit health care system with dual headquarters in Winston-Salem and Charlotte, North Carolina. Novant consists of thirteen hospitals and a 1,124-physician medical group with over 350 clinic locations. Other facilities and programs of Novant include outpatient surgery and diagnostic centers, long-term care facilities, charitable foundations, a risk retention group, rehabilitation programs and community health outreach programs. Hospitals include Presbyterian Hospital, Presbyterian Orthopaedic Hospital, Presbyterian Hospital Huntersville and Presbyterian Hospital Matthews of the Charlotte, North Carolina area, Forsyth Medical Center and Medical Park Hospital in Winston-Salem, North Carolina, Kernersville Medical Center in Kernersville, North Carolina, Thomasville Medical Center in Thomasville, North Carolina, Rowan Regional Medical Center ("Rowan") in Salisbury, North Carolina, Brunswick Novant Medical Center in Bolivia, North Carolina, Prince William Hospital ("PWHS") in Manassas, Virginia, Franklin Regional Medical Center in Louisburg, North Carolina, and Upstate Carolina Medical Center in Gaffney, South Carolina. Novant and its affiliates serve their communities with programs including health education, home health care, prenatal clinics, community clinics and immunization services.

#### **2. Summary of Significant Accounting Policies**

##### **Principles of Combination**

The combined financial statements include the accounts of all affiliates controlled by Novant. All significant intercompany transactions and balances have been eliminated. Investments in affiliates in which the Company does not have control or has a 50% or less interest are accounted for by either the equity or cost method.

##### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Significant estimates include, but are not limited to, accounts receivable allowances, third-party payor settlements, goodwill and intangible asset valuation and subsequent recoverability, useful lives of intangible assets and property and equipment, medical and professional liability and other self-insurance accruals, and pension related assumptions.

##### **Fair Values of Financial Instruments**

Carrying values of financial instruments classified as current assets and current liabilities approximate fair value.

##### **Cash and Cash Equivalents**

Cash and cash equivalents include highly liquid investments with an original maturity of three months or less, excluding amounts limited as to use by board designation, donors or trustees.

## **Notes to Combined Financial Statements**

### **December 31, 2011 and 2010**

---

#### **Accounts Receivable**

Accounts receivable consist primarily of amounts owed by various governmental agencies, insurance companies and patients. Novant manages these receivables by regularly reviewing the accounts and contracts and by providing appropriate allowances for uncollectible amounts. In evaluating the collectibility of accounts receivable, the Company considers several factors, including historical collection results, the age of the accounts, changes in collection patterns, the composition of accounts by payor type, the status of ongoing disputes with payors and general industry conditions.

#### **Other Current Assets**

Other current assets include inventories (which primarily consist of hospital and medical supplies and pharmaceuticals), prepaid expenses and other receivables. Inventory costs are determined using the average cost method and are stated at the lower of cost or market value.

#### **Investments and Assets Limited as to Use**

Investments and assets limited as to use are classified as trading securities. Accordingly, unrealized gains and losses on investments are included in excess of revenues over expenses, unless the income or loss is restricted by donor or law. Long-term investments and assets limited as to use are classified as noncurrent assets as the Company does not expect to use these funds to meet its current liabilities. Assets limited as to use primarily include assets held by trustees under indenture agreements and assets designated for specific purposes by the Board of Trustees.

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the accompanying combined balance sheets. The Company also invests in alternative investments through limited partnerships and limited liability corporations ("LLCs"). These investments are recorded using the equity method of accounting (which approximates fair value) with the related earnings reported as investment income in the accompanying combined financial statements. The values provided by the respective partnership or LLC are based on historical costs, market value, or other estimates that require varying degrees of judgment. Because these investments are not readily marketable, the estimated value is subject to uncertainty and, therefore, may differ from the value that would have been used had a market for such investments existed. Such differences could be material. The Company believes the carrying amount of these investments is a reasonable estimate of fair value.

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the investment balances included in the financial statements.

#### **Derivatives**

The Company selectively enters into interest rate protection agreements to mitigate changes in interest rates on variable rate borrowings. The notional amounts of such agreements are used to measure the interest to be paid or received and do not represent the amount of exposure to loss. None of these agreements are used for speculative or trading purposes.

**Novant Health, Inc. and Affiliates**  
**Notes to Combined Financial Statements**  
**December 31, 2011 and 2010**

---

The Company recognizes all derivatives as either assets or liabilities in the combined balance sheets and measures those instruments at their fair value in accordance with generally accepted accounting principles ("GAAP"). The accounting for changes in the fair value of a derivative instrument depends on whether it has been designated and qualifies as part of a hedging relationship and further, on the type of hedging relationship. GAAP requires the Company to measure the effectiveness, as defined by GAAP, of all derivatives that qualify for hedge accounting. The Company formally documents the hedging relationships at inception of the contract for derivative transactions, including identifying the hedge instruments and hedged items, as well as the risk management objectives and strategies for entering into the hedge transaction. At inception and on a quarterly basis thereafter, the Company assesses the effectiveness of derivatives used to hedge transactions. If a cash flow hedge is deemed effective, the change in fair value is recorded as an other change in unrestricted net assets. If after assessment it is determined that a portion of the derivative is ineffective, then that portion of the derivative's change in fair value will be immediately recognized in excess of revenues over expenses. The change in fair value of all derivatives that do not qualify for hedge accounting is also recognized in excess of revenues over expenses.

**Property and Equipment**

Property and equipment are recorded at cost, if purchased, or at fair value at the date of donation, if donated. Depreciation is computed on a straight-line basis over the estimated useful lives of the related assets. Leasehold improvements are amortized over the life of the lease or the useful life of the asset, whichever is shorter.

Following is a summary of the estimated useful lives used in computing depreciation:

Buildings	30–40 years
Machinery and equipment	3–15 years
Furniture and fixtures	7–14 years

Certain facilities and equipment held under capital leases are classified as property and equipment and amortized on the straight-line method over the period of the lease term or the estimated useful life of the asset, whichever is shorter. The related obligations are recorded as liabilities. Amortization of equipment under capital lease is included in amortization expense.

Maintenance and repairs of property and equipment are expensed in the period incurred. Replacements or improvements that increase the estimated useful life of an asset are capitalized. Assets that are sold, retired or otherwise disposed of are removed from the respective asset cost and accumulated depreciation accounts and any gain or loss is included in the results of operations.

Operating leases are accounted for in accordance with GAAP, which requires the recognition of fixed rental payments, including rent escalations, on a straight-line basis over the term of the lease.

Under the terms of the 1984 deed in which the Forsyth County Board of County Commissioners conveyed the assets of Forsyth Memorial Hospital (the "Hospital") to Novant, Novant is required to operate the Hospital as a community general hospital open to the general public, and if Novant is dissolved, a successor nonprofit corporation approved by the Forsyth County Board of County Commissioners must carry out the terms and conditions of this conveyance. If these terms are not met, all ownership rights to the Hospital shall revert to the County, including the buildings and land together with the personal property and equipment associated with the Hospital with a net book value of approximately \$296,065 at December 31, 2011.

## Notes to Combined Financial Statements

### December 31, 2011 and 2010

---

Gifts of long-lived assets such as land, buildings, or equipment are excluded from the excess of revenues over expenses and are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

#### **Goodwill and Other Intangible Assets**

Goodwill represents the excess of the purchase price over the fair value of the net assets of acquired companies. Intangible assets generally represent the acquisition-date fair value of certain rights or relationships obtained in such business acquisitions.

The Company considers certificates of need, which are required by certain states prior to the acquisition of high cost capital items, to be indefinite lived intangible assets. The Company also has intangible assets with identifiable useful lives, related to business acquisitions. These assets include business relationships and corporate trade names. The Company also capitalizes the cost of software developed for internal use. In accordance with GAAP, the company amortizes the cost of these intangible assets with identifiable useful lives down to their estimated residual value.

Following is a summary of the estimated useful lives used in computing amortization:

Business relationships	26 years
Corporate trade name	29 years
Software	3 - 10 years

In 2010, the Company adopted the FASB's new standard on mergers and acquisitions for not-for-profit entities. This standard required not-for-profit organizations to stop amortizing goodwill and indefinite lived intangible assets and to test all such goodwill and indefinite lived intangible assets annually for impairment. This new guidance also required the Company to perform a transitional impairment evaluation as of January 1, 2010 for goodwill and indefinite lived intangibles. The Company completed this evaluation and recorded a transitional impairment adjustment of \$24,312. This charge is shown as cumulative effect of a change in accounting principle in the combined statements of operations and changes in net assets for 2010.

Impairment tests are performed at the reporting unit level for units that have goodwill. In 2011, Novant elected to early adopt ASU 2011-8, *Testing Goodwill for Impairment*. This guidance provides the option to perform a qualitative assessment of whether it is more likely than not that the fair value of the reporting unit exceeds the carrying value of the reporting unit. If it is more likely than not that the fair value of the reporting unit exceeds the carrying value of the reporting unit, additional impairment testing is not required. If it is more likely than not that the carrying value of the reporting unit exceeds the fair value of the reporting unit, additional testing for impairment is required. GAAP prescribes a two step process for testing for goodwill impairments after applying the qualitative assessment. The first step is to determine if the carrying value of the reporting unit with goodwill is less than the related fair value of the reporting unit. The fair value of the reporting unit is determined through use of discounted cash flow methods and/or market based multiples of earnings and sales methods. If the carrying value of the reporting unit is less than the fair value of the reporting unit the goodwill is not considered impaired. If the carrying value is greater than the fair value, the potential for impairment of goodwill exists. The goodwill impairment is determined by allocating the current fair value of the reporting unit among the assets and liabilities based on a purchase price allocation methodology as if the reporting unit was being acquired in a business.

combination. The fair value of the goodwill is implied from this allocation and compared to the carrying value with an impairment loss recognized if the carrying value is greater than the implied fair value.

#### **Investments in Affiliates**

Investments in entities which Novant does not control, but in which it has a substantial ownership interest and can exercise significant influence, are accounted for using the equity method. Investments in entities of 20% or less and where there are no qualitative indicators of significant influence are accounted for using the cost method. The most significant of these investments include a hospital partnership, a clinical laboratory, a cancer center, and a home health, home infusion and durable medical equipment company.

#### **Temporarily and Permanently Restricted Net Assets**

Temporarily restricted net assets are those whose use has been limited by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained in perpetuity. The earnings on permanently restricted net assets are available for use as specified by the donors. The Company's temporarily restricted and permanently restricted net assets are predominantly held by related foundations for hospital service costs related to various centers at the acute care facilities.

#### **Contributions Received**

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received or the condition is met. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is met, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of operations as net assets released from restrictions, which is included in other operating revenue. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying financial statements.

#### **Income Taxes**

Novant is classified as a nonprofit organization pursuant to Section 501(c)(3) of the Internal Revenue Code and is exempt from income taxes on revenue earned from its tax-exempt purposes. Novant also operates various for-profit subsidiaries which operate in service lines that are complimentary to Novant's tax-exempt purpose. Income from activities that are determined by IRS regulations to be unrelated to the tax-exempt purposes as well as income from activities of for-profit subsidiaries of the Company are subject to federal and state taxation.

The Company provides for income taxes using the asset and liability method. This approach recognizes the amount of federal, state and local taxes payable or refundable for the current year, as well as deferred tax assets and liabilities for the future tax consequences of events recognized in the consolidated financial statements and income tax returns. Deferred income tax assets and liabilities are adjusted to recognize the effects of changes in tax laws or enacted tax rates.

A valuation allowance is required when it is more likely than not that some portion of the deferred tax assets will not be realized. Realization is dependent on generating sufficient future taxable income.

**Novant Health, Inc. and Affiliates**  
**Notes to Combined Financial Statements**  
**December 31, 2011 and 2010**

**Compensated Absences**

The Company's employees earn vacation days at varying rates depending on years of service. Vacation time accumulates up to certain limits, at which time no additional vacation hours can be earned. Provided this hourly limit is not met, employees can continue to accumulate vacation hours and time can be carried over to future years. Accrued vacation time is included in accrued liabilities on the Company's combined balance sheets.

**Excess of Revenues over Expenses**

The statements of operations include excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets, including donor restricted contributions for long-lived assets, changes in pension liabilities, unrealized gains and losses on derivative financial instruments, the effects of discontinued operations and changes in accounting principles.

**Reclassifications**

Certain balances in prior fiscal years have been reclassified to conform to the presentation adopted in the current fiscal year. In the accompanying 2010 combined balance sheet, the Company adjusted \$44,078 of software from property and equipment to intangible assets. Related expense of \$14,754 was moved from depreciation expense to amortization expense in the accompanying 2010 combined statement of operations and changes in net assets.

**3. Organizational Changes**

**Discontinued Operations**

During 2010, the Company made the decision to close or sell certain of its MedQuest outpatient imaging locations to unrelated third parties. This decision was the result of management's efforts to more closely align the geographic locations of MedQuest facilities with the Company's long-term business plans. Approximately 7 and 12 MedQuest locations were divested during 2011 and 2010, respectively, and an additional 5 sites are expected to be sold during 2012. In addition to these divestitures, the Company sold the operations of one of its long-term care facilities in 2011 and anticipates selling an additional long-term care location in 2012. In accordance with GAAP, the operating results related to these locations have been reported as discontinued operations in the combined statements of operations and changes in net assets. The amounts of revenue and operating income that have been reported in discontinued operations are as follows:

	2011	2010
Net operating revenue	\$ 31,998	\$ 71,188
Operating income	10,502	2,769

The accompanying combined balance sheets include assets held for sale related to the above transactions. At December 31, 2011 and 2010, assets held for sale consist primarily of property and equipment and intangible assets.

**4. Net Patient Service Revenue**

Net patient service revenue is presented net of provisions for contractual adjustments and other allowances. Novant has agreements with third-party payors that provide for payments at amounts different from its established rates. Retroactive adjustments are accrued on an estimated basis in the period the related service is rendered and adjusted in future periods as final settlements are determined.

A summary of the payment arrangements with major third-party payors follows:

**Medicare and Medicaid**

Inpatient acute care services rendered to program beneficiaries are paid at prospectively determined rates per diagnosis. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Inpatient nonacute services, certain outpatient services, and defined capital and medical education costs related to beneficiaries are paid based on a cost reimbursement methodology. Outpatient services are paid at a prospectively determined rate. Novant is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by Novant and audits thereof by the fiscal intermediary. Novant's cost reports have been audited and settled by the Medicare intermediary through 2006. Medicare cost reports for 2007-2009 have been audited but not finalized. Medicaid cost reports are finalized through 2009.

Revenue from the Medicare and Medicaid programs accounted for approximately 32.4% and 7.1%, respectively, of Novant's net patient service revenue for the year ended 2011, and 31.5% and 8.6%, respectively for the year ended 2010. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. As a result, there is at least a possibility that recorded estimates will change by a material amount in the near term.

**Other Payors**

Novant also has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to Novant under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

Payments for services covered by these programs and certain other third-party payor contracts are generally less than billed charges. Provisions for contractual adjustments including Medicare, Medicaid, and managed care total approximately \$4,322,535 (or 54%) and \$4,004,663 (or 53%) of 2011 and 2010 gross patient service revenue, respectively.

The provision for bad debts is determined based on management's assessment of historical and expected net collections, business and economic conditions, the age of the accounts, trends in federal and state governmental health care coverage and other collection indicators.

**5. Charity Care and Community Benefit**

In accordance with Novant's mission to improve the health of its communities one person at a time, Novant facilities accept patients regardless of their ability to pay. At acute facilities, uninsured patients qualify for a full write-off of their bills if their household income is at or below 300% of the federal poverty level. Novant also offers a catastrophic discount for patients with an account balance greater than \$5, flexible payment plans, and discounts for uninsured patients who do not qualify for the charity care program. In addition to these programs for hospitals, Novant physician groups and outpatient centers also have charity care programs to assist patients in need. The Company's cost of providing care to indigent patients was \$124,117 and \$118,565 for the years ended December 31, 2011 and 2010, respectively. Novant estimates the costs of providing traditional charity care using each facility's estimated ratio of costs to charges. Funds received from gifts or grants to subsidize charity services provided were \$1,250 and \$1,797 for the years ended December 31, 2011 and 2010, respectively.

In addition to providing charity care to uninsured patients, Novant also provides services to beneficiaries of public programs and various other community health services intended to improve the health of the communities in which the Company operates. Novant uses the following four categories to identify the resources utilized for the care of persons who are underserved and for providing community benefit programs to the needy and our neighborhoods:

- Traditional charity care includes the cost of services provided to persons who cannot afford health care because of inadequate resources and who are uninsured.
- Unpaid cost of Medicare represents the unpaid cost of services provided to persons through the government program for individuals age 65 and older as well as those that qualify for federal disability benefits.
- Unpaid cost of Medicaid represents the unpaid cost of services provided to persons covered by the government program for medically indigent patients.
- Community benefit programs consists of the unreimbursed costs of certain programs and services for the general community, mainly for indigent patients but also for people with chronic health risks. Examples of these programs include health promotion and education, free clinics and screenings, and other community services. Community benefit programs also include the cost of medical education and research.

The amount of unpaid cost of Medicare, Medicaid, and other community benefit programs is reported on page 42 in the accompanying other financial information.

The Company's investments in hedge funds include limited partnerships, limited liability corporations, and off-shore investment funds. The underlying investments of the limited partnerships and limited liability corporations include, among others, futures and forward contracts, options, and securities sold not yet purchased, intended to hedge against changes in the market value of investments. These financial instruments may result in loss due to changes in the market (market risk). Alternative investments are less liquid than the Company's other investments.

Novant's investments in hedge funds represent 32.9% of total long-term investments held at December 31, 2011. These instruments may contain elements of both credit and market risk. Such risks include, but are not limited to, limited liquidity, absence of oversight, dependence upon key individuals, emphasis on speculative investments (both derivatives and nonmarketable investments), and nondisclosure of portfolio composition.

Investment income (loss) for assets limited as to use and investments is comprised of the following for the years ended December 31:

	2011	2010
<b>Income (loss)</b>		
Interest and dividend income	\$ 17,661	\$ 14,072
Net realized gains (losses)	(13,674)	5,884

**December 31, 2011 and 2010**

At December 31, 2011 and 2010, land and buildings with a net book value of \$16,058 and \$20,313, respectively, were leased to various unrelated health care organizations, with terms ranging from six months to five years. Depreciation expense and capital lease related amortization expense for the years ended December 31, 2011 and 2010 amounted to \$157,202 and \$172,789, respectively. Accumulated amortization for buildings and equipment under capital lease obligations was \$18,597 and \$27,991 at December 31, 2011 and 2010, respectively. Construction contracts of approximately \$366,025 exist for the construction of new hospitals, expansion of existing hospitals and facility renovations. At December 31, 2011, the remaining commitment on these contracts was \$79,842.

On June 27, 2009, Novant sold a portfolio of 22 medical office buildings to a third party real estate investor. The combined selling price of the buildings was \$122,280. Novant is leasing space in each of the buildings from the buyer. The transaction was recorded as a sale-leaseback and resulted in a total gain of \$59,889. Novant recognized a gain from this transaction of \$4,002 in 2011 and 2010. The remaining deferred gain of \$49,884 will be recognized over the average life of Novant's lease agreements with the buyer.

**8. Intangible Assets and Goodwill**

	<u>\$ 217,542</u>	<u>\$ 259,569</u>

As a result of its annual impairment testing for 2011 and 2010, Novant recorded impairment charges of \$44,118 and \$16,109, respectively, to reduce the carrying value of goodwill and other intangibles to their implied and estimated fair values for certain reporting units. This impairment charge was a result of lower than expected operating results at certain Novant reporting units. The 2011 impairment charge represents a full write off of the remaining goodwill for these reporting units. Our impairment tests presume stable or improving results in our facilities, which are based on the implementation of programs and initiatives that are designed to achieve projected results. If these projections are not met, or in the future negative trends occur which would impact our future outlook, further impairments of goodwill may occur. Future restructuring of our markets that could potentially change our reporting units could also result in future impairments of goodwill.

**9. Investments in Affiliates**

Novant has noncontrolling interests in eleven healthcare related entities. The Company's ownership interests in the entities range from 5% to 50%. These investments are accounted for using either the cost or equity method.

**Tax-Exempt Revenue Bonds**

Novant has tax-exempt financing agreements through the North Carolina Medical Care Commission (the "Commission"), under which the Commission issued the tax-exempt revenue bonds. These bonds are comprised of the following at December 31:

	2011	2010
Series 2010 A Current Interest Term Bonds and Serial Bonds, bearing interest at rates ranging from 4.0% to 5.0% payable semi-annually and maturing through 2043, principal payments begin in 2023	\$ 264,165	\$ 264,165
Series 2008 A,B and C Variable Rate Demand Bonds, bearing interest at variable rates payable monthly and maturing through 2028, principal payments began in 2009	174,450	183,465
Series 2006 Current Interest Term Bonds, bearing interest at rates ranging from 4.5% to 5.0% payable semi-annually and maturing through 2039, principal payments begin in 2023	250,000	250,000
Series 2004 A and B Variable Rate Demand Bonds, bearing interest at variable rates payable monthly and maturing through 2034, principal payments begin in 2025	135,000	135,000
Series 2003 A Current Interest Serial Bonds, bearing interest at rates ranging from 2.0% to 5.0% payable semi-annually and maturing through 2020	98,720	107,995
Series 1996 Current Interest Term Bonds, bearing interest at 5.0% to 5.5% payable semi-annually and maturing through 2026	26,155	26,155
Series 1996 Capital Appreciation Serial Bonds, bearing interest at 5.7% to 6.0% payable at maturity through 2014	3,482	4,515
	<u>\$ 951,972</u>	<u>\$ 971,295</u>

On November 2, 2010, Novant issued \$264,165 of fixed rate bonds, bearing interest at rates ranging from 4.0% to 5.0%. Proceeds of the bonds are being used to finance and reimburse Novant for expenditures related to the construction of the following: Kernersville Medical Center, a new 50-bed hospital in Kernersville, North Carolina, a 74-bed replacement facility for Brunswick Community Hospital, and a 110,000 square foot, 4-story addition to Presbyterian Hospital.

In March 2011, the documents related to the 2008 bonds were amended to allow the conversion of the bonds to bank direct purchase index floating rate bonds. The term of the direct purchase agreement is five years and it will expire in March 2016.

The 2004 A and B variable rate demand bonds are collateralized by a standby purchase agreement issued by JP Morgan Chase Bank National Association that expires December 8, 2012. Although Novant intends to provide for the collateralization of these bonds prior to that date, because the agreement expires less than a year from the date of the balance sheet, the 2004 A and B bonds are classified as current.

## **Notes to Combined Financial Statements**

### **December 31, 2011 and 2010**

---

In conjunction with the issuance of the 2003 bonds, Novant entered into a new Master Trust Indenture (the "Agreement"). The Agreement authorizes the creation of a Combined Group, which consists of the members of the Obligated Group and the Restricted Affiliates. Novant and two of its affiliates that operate tertiary care hospitals, Forsyth Memorial Hospital, Inc. (d/b/a Forsyth Medical Center) and The Presbyterian Hospital, are the members of the Obligated Group. The members of the Obligated Group are jointly and severally liable for the payment of all obligations under the Agreement. Novant's Restricted Affiliates, which include certain other subsidiaries of the Company, are not directly obligated to pay obligations under the Agreement, but the members of the Obligated Group have covenanted in the Agreement to cause the Restricted Affiliates to provide funds to the members of the Obligated Group to pay obligations under the Agreement. All bonds issued by Novant subsequent to the issuance of the 2003 bonds are also collateralized by Novant's Obligated Group.

The bond agreements provide for early redemption periods of the bonds prior to mandatory redemption, subject to a premium, generally ranging from 0.0% to 2.0%, as defined in the agreements. In accordance with the bond indenture agreements, the bonds are general, unsecured obligations of Novant. The bond indentures require Novant to cause the Restricted Affiliates to comply with certain covenants, including the maintenance of a minimum debt service coverage ratio and a minimum number of days cash on hand. As of December 31, 2011, Novant is in compliance with these bond covenants.

#### **Mortgage Revenue Bonds**

On August 18, 2004, Rowan issued \$87,125 of fixed rate Federal Housing Administration insured mortgage revenue bonds, bearing interest at rates ranging from 3.00% to 5.25%. The bonds are payable in 50 semi-annual installments. The revenue bond indenture and related letter of credit reimbursement agreement place limits on the incurrence of additional borrowings and certain other transactions. These revenue bonds are collateralized by a first lien on all of Rowan's property, plant and equipment and all current or future properties and receipts, revenues, income, profits or proceeds from operations. The revenue bond indenture requires Rowan to comply with certain covenants, including the maintenance of a minimum debt service coverage ratio. Rowan is in compliance with all covenants as of December 31, 2011, with the exception of the debt service coverage ratio. Rowan has undertaken or will be undertaking all requirements related to the failure to meet this covenant, including assessing and implementing steps necessary to bring the Company into compliance. The failure to meet this ratio does not require an acceleration of the debt maturities, and therefore no change in the classification of the bonds is required.

**Hospital Revenue Bonds**

PWHS has promissory notes to the Industrial Development Authority of the City of Manassas, Virginia and the Industrial Development Authority of the County of Prince William, Virginia, under which hospital revenue bonds were issued. These bonds are comprised of the following at December 31:

	2011	2010
Series 2002 Hospital Revenue Bonds, serial bonds bearing interest at rates ranging from 2.6% to 4.1%, annual payments of principal plus interest are due through 2012, and term bonds, which are due in 2023 and 2033, bearing interest at rates of 5.1% and 5.3%	\$ 66,695	\$ 67,695
Series 1993 Hospital Revenue Refunding Bonds, payments of principal which are due in 2012 and 2019, bearing interest at rates of 5.6% and 5.3%	8,480	9,310
	<u>\$ 75,175</u>	<u>\$ 77,005</u>

These bonds are secured by the revenue of PWHS, as defined in the related master trust indenture. Under the terms of the bond indentures, PWHS is required to maintain certain deposits with a trustee. Such deposits are included in assets limited as to use in the accompanying combined balance sheets. The indenture agreement contains restrictive covenants, the more significant of which places limits on the incurrence of additional borrowings and requires PWHS to satisfy certain measures of financial performance as long as the bonds are outstanding, including the maintenance of a minimum debt service coverage ratio. PWHS was in compliance with all bond covenants as of December 31, 2011.

**Taxable Revenue Bonds**

On September 23, 2009, Novant issued \$350,000 of taxable fixed rate bonds (the "2009A Bonds"). \$250,000 of these bonds bear interest at a rate of 5.85% and mature in 2019. The remaining \$100,000 of these bonds bear interest at a rate of 4.65% and mature in 2014. Proceeds of the 2009A Bonds were used to refinance a portion of Novant's revolving credit facility in January 2010.

On November 12, 2009, Novant issued \$100,000 of taxable fixed rate bonds (the "2009B Bonds"). The 2009B Bonds bear interest at a rate of 5.35% and mature in 2016. Proceeds of the 2009B Bonds were used to refinance the remaining portion of Novant's revolving credit facility in January 2010.

The taxable revenue bonds are subject to the same covenant requirements that are included in the bond agreements for the tax-exempt revenue bonds.

**Taxable Variable Rate Demand Bonds**

In 1997, Novant issued Taxable Variable Rate Demand Bonds, totaling \$87,800, collateralized by an irrevocable letter of credit issued by Wachovia Bank of North Carolina, N.A. The irrevocable letter of credit is collateralized by the bonds, all income, earnings, profits, interest, premium or other payments on the bonds, and all proceeds arising from the sale, exchange or collection of the bonds. Interest on the bonds is payable on a quarterly basis. Mandatory sinking fund requirements began in 2001 and will continue until their final maturity of June 1, 2022. At December 31, 2011 and 2010, the rate of interest on the variable bonds was 0.22% and 0.29%, respectively. The irrevocable letter of credit is currently available through March 1, 2014.

**Term Loan**

On October 10, 2008, Novant entered into a \$125,000 term loan agreement ("term loan"). The proceeds of the loan were used to partially replenish cash from the initial investment in the HMA hospital partnership. The term loan accrued interest at floating LIBOR plus 1%. As of December 31, 2010, the rate of interest on the loan was 1.26%. In 2011, the term loan matured, and was paid in July.

**Other Long-Term Debt**

Other long-term debt consists of various loans and notes on buildings and capital leases, bearing interest at rates ranging from 1.25% to 12.15%.

Scheduled maturities of all long-term debt are as follows:

**Years Ending December 31**

2012	\$ 167,623
2013	48,856
2014	134,235
2015	42,090
2016	135,530
Thereafter	1,164,842
	<u>\$ 1,693,176</u>

Novant capitalized \$3,691 and \$5,932 of interest in 2011 and 2010, respectively.

The fair values of Novant's tax-exempt revenue bonds and taxable variable rate demand bonds are based on a pricing model. At December 31, 2011 and 2010, Novant's bonds had an approximate fair value of \$1,680,218 and \$1,630,430, respectively. All other debt approximates fair value.

**Short-Term Borrowings**

The Company entered into reverse repurchase agreements in February 2009. The reverse repurchase agreements involve the short-term sale of U.S. Treasury and Agency securities to brokers with the commitment to repurchase those securities within a stated term, generally between one and four weeks. The amount outstanding under the reverse repurchase agreements was \$80,876 and \$94,962 as of December 31, 2011 and 2010, respectively.

The Company had a loan with a commercial bank which bore interest at a rate of LIBOR plus 1.75%. The outstanding balance on the loan was \$850 as of December 31, 2010. The loan expired in May 2011.

**Interest Rate Swaps**

As of August 18, 2008, concurrent with the 2008 bond issuance, Novant entered into two interest rate swap agreements to hedge the variable interest rates of the 2008 bonds. The swaps have been designated as cash flow hedges and are carried on the balance sheet at fair value. The swaps are based on an aggregate notional amount of \$174,450. Novant receives a variable rate which is tied to 68% of LIBOR, and pays a fixed rate of 3.679% and 3.621% for the \$129,500 and \$44,950 notional amounts, respectively. Both swaps are assessed for effectiveness on an ongoing basis at each quarter end using the hypothetical derivative method.

**December 31, 2011 and 2010**

---

The Company recognized unrealized losses of \$(9,939) and \$(4,465) as a change in unrestricted net assets related to the effective portion of the swaps, and losses of \$(124) and \$(848) in interest expense related to the ineffective portion of the swaps during 2011 and 2010, respectively

In July 2006, Novant entered into a floating-to-fixed swap agreement with a notional amount of \$135,000 and a term of 28 years to hedge the floating rate 2004 bonds. Under this agreement, the Company receives a variable rate which is tied to 64.8% of LIBOR plus 12 basis points and pays a fixed interest rate of 3.8%. The interest rate swap agreement has been designated as a cash flow hedge and is carried on the balance sheet at fair value. This swap qualifies for hedge accounting and was assessed for effectiveness at the time the contract was entered into and is assessed for effectiveness on an ongoing basis at each quarter end using the hypothetical derivative method. Unrealized gains and losses related to the effective portion of the swap are recognized as a change in unrestricted net assets and gains or losses related to ineffective portions are recognized in excess of revenues over expenses. The Company recognized unrealized losses of \$(22,424) and \$(6,560) as a change in unrestricted net assets related to the effective portion of the swap and income (losses) of \$1,497 and \$(890) in interest expense related to the ineffective portion of the swap for 2011 and 2010, respectively.

In August 2005, PWHS entered into an interest rate swap agreement with a notional amount of \$7,841 in order to hedge its exposure to changes in interest rates. The interest rate swap matures on September 1, 2015, and the exchanges of cash flows with the counter party (a commercial bank) began on September 8, 2005. Pursuant to the swap agreement, PWHS pays the counter party a fixed interest rate of approximately 5.6% and receives interest at a variable rate equal to LIBOR plus one percent, calculated on the notional amount. The interest rate swap does not qualify for hedge accounting and therefore changes in the fair value of the interest rate swap are recorded in excess of revenues over expenses.

The following table summarizes the fair value as presented in the combined balance sheets as derivative financial instruments for the Company's interest rate swaps as of December 31, 2011 and 2010:

	2011	2010
Interest rate swaps designated as hedging instruments	\$ 70,790	\$ 39,800

**14. Income Taxes**

The provision for federal and state income taxes is as follows

	2011	2010
<b>Current tax expense</b>		
Federal	\$ 39	\$ 184
State	616	82
	<u>655</u>	<u>266</u>
<b>Deferred tax benefit</b>

State	185	176
	<u>(1,538)</u>	<u>(2,529)</u>
	<u>\$ (883)</u>	<u>\$ (2,263)</u>

The tax effects of temporary differences that give rise to deferred tax assets and liabilities are

	2011	2010
<b>Deferred tax assets</b>		
Loss carryforwards	\$ 53,439	\$ 48,093
Deferred charge for intercompany transfer	17,279	18,608
Accounts receivable	3,941	4,065
Other long-term liabilities	890	543
Other	1,775	2,304
Total deferred tax assets	<u>77,324</u>	<u>73,613</u>
<b>Deferred tax liabilities</b>		
Property and equipment	(3,165)	(1,116)
Intangible assets	(22,751)	(23,676)
Other assets	(18)	(23)
Total deferred tax liabilities	<u>(25,934)</u>	<u>(24,815)</u>
Valuation allowance	<u>(40,410)</u>	<u>(39,355)</u>
Net deferred tax asset	<u>\$ 10,980</u>	<u>\$ 9,443</u>

GAAP requires that deferred tax assets be reduced by a valuation allowance if it is more likely than not that some portion or all of a deferred tax asset will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences are deductible. In making this determination, management considers all available positive and negative evidence affecting specific deferred tax assets, including the Company's past and anticipated future performance, reversal of deferred tax liabilities, length of carryback and carryforward periods and implementation of tax planning strategies.

Objective positive evidence is necessary to support a conclusion that a valuation allowance is not needed for all or a portion of deferred tax assets when significant negative evidence exists.

---

Cumulative losses in recent years are the most compelling form of negative evidence considered by management in this determination. For the year ended December 31, 2011, management has determined that based on all available evidence, a valuation allowance of \$40,410 is appropriate.

As of December 31, 2011, the Company had approximately \$120,959 of federal and \$88,025 of state loss carryforwards available to reduce taxable income. The loss carryforwards expire through 2031.

The tax benefit differs from the amount that would be calculated by applying the federal statutory rate.

	2011	2010
Federal statutory rate	\$ (1,684)	\$ (2,521)
State income taxes	801	258
Income tax benefit	<u>\$ (883)</u>	<u>\$ (2,263)</u>

The Company is required to evaluate uncertain tax positions. This evaluation includes a quantification of tax risk in areas such as unrelated business taxable income and the taxation of our for-profit subsidiaries. This evaluation did not have a material effect on the Company's statement of operations for the years ended December 31, 2011 and 2010.

**15. Employee Benefit Plans and Other Postretirement Benefit Plans**

GAAP requires an employer to recognize in its statement of financial position an asset for a plan's over funded status, or a liability for a plan's under funded status, measure a plan's assets and its obligations that determine its funded status as of the end of the employer's fiscal year, and recognize changes in the funded status of a defined benefit postretirement plan in the year in which the changes occur.

**Employee Benefit Plans**

Certain Novant affiliates participate in the Pension Restoration Plan of Novant Health, Inc. (the "Novant Plan"), a noncontributory defined benefit pension plan covering substantially all the affiliates' employees of record as of December 1998. Participation is limited to vested employees as of December 31, 1998. Effective January 1, 2008, and July 1, 2009, the Company assumed two noncontributory defined benefit plans, the Pension Plan for the Employees of Rowan Regional Medical Center (the "Rowan Plan") and the Prince William Hospital Corporation Cash Balance Pension Plan (the "Prince William Plan"), respectively. Participation in the Rowan Plan was closed to new entrants and the accrued benefits were frozen as of December 31, 2003. Participation in the Prince William Plan was closed to new entrants and the accrued benefits were frozen as of April 1, 2010. The assets of the plans are primarily invested in common trust funds, common stocks, bonds, notes and U.S. government securities.

Certain Novant affiliates have supplemental retirement income plans covering highly compensated employees. These are nonqualified plans which are not subject to ERISA funding requirements. As such, Novant intends only to fund the plans in amounts equivalent to the plans' annual benefit payments.

The assumption changes referenced above are primarily a result of changes in the discount rate in 2011 and 2010. The settlement charges referenced above are a result of the application of settlement accounting requiring the acceleration of the amortization of actuarial loss in unrestricted net assets due to the timing of benefit payout.

The estimated net loss and prior service credit for the defined benefit pension plans that will be amortized from unrestricted net assets into net periodic benefit cost in 2012 are \$11,556 and \$1,815, respectively.

The following ranges of weighted-average assumptions were used to determine plan benefit obligations for all Novant plans at December 31:

	2011	2010
Discount rate	3.65 - 4.30%	4.50 - 5.50%
Rate of compensation increase <sup>(1)</sup>	5.00%	5.00%

(1) The compensation increase does not apply to the Rowan Plan or the Prince William Plan as benefits under these plans were frozen at December 31, 2011 and 2010.

The following ranges of weighted-average assumptions were used to determine net periodic benefit cost for all Novant plans for the years ended December 31:

	2011	2010
Discount rate	4.50 - 5.50%	5.25 - 6.00%
Expected return on plan assets	6.00 - 8.00%	6.00 - 8.00%

(1) The compensation increase does not apply to the Rowan Plan or the Prince William Plan as benefits under these plans were frozen at December 31, 2011 and 2010.

**Plan Assets**

Novant's pension plan asset allocation at December 31, 2011 and 2010 and target allocation for 2011 by asset category are as follows:

**Notes to Combined Financial Statements**  
**December 31, 2011 and 2010**

The Company's primary investment objective for the Novant Plan, the Prince William Plan and the Rowan Plan (the "Plans") is to invest plan assets in a manner that maximizes the probability of meeting the plans' liabilities when due. The Plans hold equity mutual funds that are diversified by geography, capitalization, style and investment manager. The Plans also hold fixed income mutual funds that are diversified by issuer and maturity. In addition, the Plans may hold Treasury Inflation-Protected Securities, alternative asset, real estate and commodity mutual funds. The investment guidelines, asset allocation, and investment performance are reviewed quarterly by the Novant Pension Restoration Committee. During 2011, the assets in the Prince William Plan were liquidated and reinvested in assets similar to those utilized by the Novant Plan. As a result of this transfer, certain plan assets in the Prince William Plan that were reported as Level 1 in 2010 are reported as Level 2 in 2011.

The fair values of the Company's Plan assets at December 31, 2011, by asset category are as follows:

#### **Cash Flows**

Novant's contributions to the supplemental retirement income plan and defined benefit pension plan were \$9,214 and \$8,142 for the years ended December 31, 2011 and 2010, respectively

The Company expects to make contributions to the defined benefit pension plan of approximately \$16,310 in 2012. The Company expects to make contributions to the supplemental retirement income plan of approximately \$2,764 for the 2012 fiscal year.

The following assumed benefit payments, under the Company's defined benefit and nonqualified supplemental retirement plans, which reflect expected future service, as appropriate, and were used in the calculation of projected benefit obligations, are estimated to be paid as follows:

#### **Year Ending December 31**

2012	\$	15,271
2013		19,419
2014		23,309
2015		16,081
2016		16,358
2017–2021		111,911

In addition, Novant sponsors a number of defined contribution plans. Contributions are determined under various formulas. Costs related to such plans amounted to \$53,728 and \$67,129 in 2011 and 2010, respectively.

Certain Novant affiliates participate in cafeteria plans which provide certain benefits, including basic medical and dental coverage, long-term disability benefits, reimbursement of supplemental dependent care expenses and group life insurance benefits. The affiliates contribute predetermined amounts for each full-time and part-time employee, which is allocated to the various benefit options in accordance with the participant's election. Affiliate contributions to these plans were approximately \$161,418 in 2011 and \$152,395 in 2010.

Novant is self-insured for medical coverage exposures up to certain limits for all Novant employees. The Company has recorded an estimate of the liability for claims incurred but not reported as of December 31, 2011 and 2010.

#### **Other Postretirement Benefit Plans**

Novant provides certain fixed dollar amounts for health care and life insurance benefits to certain retired employees. Covered employees may become eligible for these benefits if they meet minimum age and service requirements, and if they are eligible for retirement benefits. Novant has the right to modify or terminate these benefits.

The estimated net gain and prior service credit for the post-retirement plans that will be amortized from unrestricted net assets into net periodic benefit cost in 2012 are \$60 and \$0, respectively

The following weighted average assumptions were used to determine postretirement benefit plan obligations at December 31

	2011	2010
Discount rate	2.20 - 4.15%	2.75 - 5.25%
Health care cost trend on covered charges	9.0% in 2012, grading to 5.00% in 2020	7.50 - 9.50% in 2011, grading to 5.00% in 2016

**17. Fair Value Measurements**

Novant categorizes, for disclosure purposes, assets and liabilities measured at fair value in the financial statements based upon whether the inputs used to determine their fair values are observable or unobservable. Observable inputs are inputs which are based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about pricing the asset or liability, based on the best information available in the circumstances.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an asset's or liability's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement of the asset or liability. Novant's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

Novant follows the three-level fair value hierarchy to categorize these assets and liabilities recognized at fair value at each reporting period, which prioritizes the inputs used to measure such fair values. Level inputs are defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities on the reporting date. Investments classified in this level generally include exchange traded equity securities, futures, pooled short-term investment funds, options and exchange traded mutual funds.

Level 2: Inputs other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability. Investments classified in this level generally include fixed income securities, including fixed income government obligations, asset-backed securities, certificates of deposit, derivatives, as well as certain U.S. and international equities which are not traded on an active exchange.

Level 3: Inputs that are unobservable for the asset or liability. Investments classified in this level include an investment in a preferred stock fund.

Assets and liabilities classified as Level 1 are valued using unadjusted quoted market prices for identical assets or liabilities in active markets. Novant uses techniques consistent with the market approach and income approach for measuring fair value of its Level 2 and Level 3 assets and liabilities. The market approach is a valuation technique that uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The income approach generally converts future amounts (cash flows or earnings) to a single present value amount (discounted).

As of December 31, 2011 and 2010, the Level 2 and Level 3 assets and liabilities listed in the fair value hierarchy tables below utilize the following valuation techniques and inputs:

**Certificates of deposit**

The fair value of certificates of deposit is based on cost plus accrued interest. Significant observable inputs include security cost, maturity, and relevant short-term interest rates.

**Novant Health, Inc. and Affiliates**  
**Notes to Combined Financial Statements**  
**December 31, 2011 and 2010**

---

**Fixed income and debt securities**

The fair value of investments in fixed income and debt securities is primarily determined using techniques that are consistent with the market approach. Significant observable inputs include benchmark yields, reported trades, observable broker/dealer quotes, issuer spreads, and security specific characteristics, such as early redemption options.

**U.S. equity securities**

The fair value of investments in U.S. equity securities is primarily determined using the calculated net asset value. The values for underlying investments are fair value estimates determined by external fund managers based on operating results, balance sheet stability, growth, and other business and market sector fundamentals.

**Derivatives**

The fair value of derivative contracts is primarily determined using techniques consistent with the market approach. Significant observable inputs to valuation models include interest rates, credit spreads, volatilities and maturity.

In accordance with the provisions of FASB Codification Topic 350, Intangibles - Goodwill and Other, goodwill with a carrying value of \$44,118 was determined to be fully impaired during 2011. During 2010, this goodwill was partially impaired and an impairment charge of \$16,019 was recorded. These impairment charges are included in the combined statements of operations. In addition, as discussed in footnote 2, the Company adopted new impairment guidance which required the Company to perform a transitional impairment evaluation as of January 1, 2010. This evaluation resulted in a transitional impairment adjustment of \$24,312. The fair value measurements used in determining the fair value of the Company's goodwill were all deemed to be Level 3.

**18. Professional and General Liability Insurance Coverage**

Novant is self-insured for professional and general liability exposures up to certain limits. The Company has umbrella policies in place above those limits. The provision for estimated medical malpractice claims includes estimates of the ultimate costs for reported claims and claims incurred but not reported. Novant also participates in a self-insured program for workers' compensation and is self-insured for certain health benefits options. A portion of these self-insured professional liabilities is funded through a revocable trust fund operated by Novant. Liabilities for self-insured professional and general liability risks, for both asserted and unasserted claims were discounted, assuming a 3% rate for both malpractice and workers' compensation for December 31, 2011 and 2010, based on historical loss payment patterns. This resulted in a present value of \$67,914 and \$59,457 at December 31, 2011 and 2010, respectively, and represented a discount of \$5,672 and \$4,078 in 2011 and 2010, respectively.

**19. Commitments and Contingencies**

The Company and its affiliates are presently involved in various personal injury, regulatory investigations, tort actions and other claims and assessments arising out of the normal course of business. Management believes that Novant has adequate legal defenses, self-insurance reserves and/or insurance coverage for these asserted claims, as well as any unasserted claims and does not believe these claims will have a material effect on Novant's operations or financial position.

The health care industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. In recent years, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

As of December 31, 2011 and 2010, the Company was contingently liable for guarantees of indebtedness owed by third parties in the amount of \$170 and \$608, respectively. This amount represents the maximum potential future payments that the Company could be required to make under the guarantee. This guarantee represents a 25% guarantee of the third party's amount outstanding on a line of credit. The maturity date on the line of credit is June 30, 2012 and the total availability on the line of credit is \$4,772. As of December 31, 2011, this liability is included in accrued liabilities in the combined balance sheet.

**20. Operating Leases**

Certain operating properties and equipment are leased under noncancelable operating leases. Total rental expense under operating leases was \$96,416 and \$105,107 in 2011 and 2010, respectively. Future minimum rentals under noncancelable operating leases with terms of more than one year are as follows:

**Years Ending December 31**

2012	\$ 83,003
2013	72,511
2014	65,459
2015	60,147
2016	52,896
Thereafter	208,479
	<u>\$ 542,495</u>

Novant leases six plots of land to a third party under long-term ground lease agreements. Total rental income under these lease agreements was \$1,064 and \$1,054 in 2011 and 2010, respectively. The future rental income related to the ground leases are as follows:

**Years Ending December 31**

2012	\$ 1,083
2013	1,117
2014	1,137
2015	1,158

**21. Concentrations of Credit Risk**

Novant provides services primarily to the residents of various counties within North Carolina, South Carolina and Virginia without collateral or other proof of ability to pay. Most patients are local residents who are insured partially or fully under third-party payor arrangements.

The mix of receivables from patients and third-party payors at December 31 is as follows:

	2011	2010
Medicare	26.6 %	26.7 %
Medicaid	11.3	10.4
Other third-party payors	54.6	54.8
Patients	7.5	8.1
	<u>100.0 %</u>	<u>100.0 %</u>

Novant places the majority of its cash and investments with corporate and financial institutions. Novant maintains cash balances in excess of FDIC insured limits; however, the Company has not experienced any losses on such deposits.

**22. Functional Expenses**

Novant provides general health care services to residents within its geographic region. Expenses relating to providing these services at December 31 are as follows:

	2011	2010
Health care services	\$ 2,486,155	\$ 2,416,797
General and administrative	946,751	890,884
	<u>\$ 3,432,906</u>	<u>\$ 3,307,681</u>

**23. Subsequent Events**

The Company evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through March 30, 2012, the day the financial statements were issued.

**24. Recent Accounting Pronouncements**

In August 2010, the FASB issued ASU No. 2010-23, which requires a company in the healthcare industry to use its direct and indirect costs of providing charity care as the measurement basis for charity care disclosures. This guidance also requires additional disclosures of the methods used to identify such costs. This guidance was effective for Novant on January 1, 2011. The additional disclosures required by this guidance are consistent with the presentation that Novant has historically used for charity care disclosures. This guidance will have no impact on the combined statements of financial position and results of operations of Novant.

In August 2010, the FASB released ASU No. 2010-24, Health Care Entities (Topic 954) Presentation of Insurance Claims and Related Insurance Recoveries. The objective of ASU 2010-24 is to reduce diversity in practice regarding the accounting by health care entities for medical malpractice claims and similar liabilities and the related anticipated insurance recoveries. The guidance clarifies that the amount of the claim liability should be determined without consideration of insurance recoveries and insurance recoveries should not be netted against a related claim liability. This guidance was effective for Novant on January 1, 2011. The adoption of this guidance did not have a material impact on the combined financial position, results of operations or cash flows of Novant.

In December 2010, the FASB released ASU No. 2010-28, Intangibles - Goodwill and Other (Topic 350) When to Perform Step 2 of the Goodwill Impairment Test for Reporting Units with Zero or Negative Carrying Amounts. The objective of ASU 2010-28 is to address questions about reporting units with zero or negative carrying amounts and clarifies that an entity is required to perform Step 2 of the goodwill impairment test if it is more likely than not that a goodwill impairment exists based on qualitative factors. This guidance was effective for Novant on January 1, 2011. The adoption of this guidance did not have a material impact on the combined financial position, results of operations or cash flows of Novant.

In May 2011, the FASB issued ASU 2011-4, which amends the fair value disclosure requirements regarding transfers between Level 1 and Level 2 of the fair value hierarchy and also the categorization by level of the fair value hierarchy for items that are not measured at fair value in the financial statements but for which the fair value is required to be disclosed. ASU 2011-4 also requires additional disclosures for Level 3 measurements, including a description of the valuation process, sensitivity, and quantitative disclosure of unobservable inputs. This guidance is effective for Novant beginning January 1, 2012. The adoption of this guidance will have no impact on Novant's combined statements of financial position and results of operations, but may result in additional disclosures.

In July 2011, the FASB issued ASU 2011-7, Health Care Entities (Topic 954) Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities, which requires certain health care entities to present the provision for bad debts related to patient service revenues as a deduction from revenue, net of contractual allowances and discounts, versus as an expense in the statement of operations. In addition, it also requires enhanced disclosures regarding revenue recognition policies and the assessment of bad debt. This guidance is effective for Novant beginning January 1, 2012 and will be retrospectively applied. This will result in a reduction of operating revenue and operating expenses but will have no impact on operating income in the statement of operations and changes in net assets.

In September 2011, the FASB issued ASU 2011-8, Intangibles, Goodwill and Other (Topic 350) - Testing Goodwill for Impairment. This guidance provides entities with the option of first assessing qualitative factors about the likelihood of goodwill impairment to determine whether further impairment assessment is necessary. This guidance is effective for Novant beginning January 1, 2012. Novant elected to early adopt this new guidance in 2011. The adoption of this guidance had no impact on Novant's combined statements of financial position and results of operations.
