Form 990, Part VI, Line 12c	Form 990, Part VI, Line 12c Explanation of Monitoring and Enforcement of Conflicts	The conflict of interest policy is as follows I POLICY1 Each corporate board of the University Health Care System has adopted a conflict of interest policy binding upon the board's members and the corporation chief executive officer As a result of the diverse interests and backgrounds of administrative, supervisory, and staff employees, at times there may arise instances when an individual's personal or outside interests conflict with those of the System or a constituent organization (for example, but not limited to University Health Services d/b/a University Hospital, University Extended Care d/b/a Kentwood and Westwood, University Health, and University Health Resources) Possible conflicts of interest can occur in the following instances A Financial Investments and OwnershipWhen an employee or his/her immediate family has a material financial investment or ownership interest in any organization or institution (a Source) from which the System purchases goods or services, with which the System competes in the provision of goods and services, or for which the System provides goods or services An investment or ownership interest with a value of \$2,500 00 or more is presumed material, a smaller interest may be material depending upon the circumstances Ownership of publicly traded stock is not considered a material interest unless the owner exercises discretionary authority with respect to the System's business dealing with the company in which the person owns stock worth \$5,000 00 or more Normally, only an individual at or above the department head level would be in a position to exercise the requisite discretionary authority B Consulting and Management ServicesWhen an employee or his/her immediate family provides managerial, consultative, or advisory services to any person, organization, or institution (a Source) from which the System purchases goods or services, with which the System competes in the provision of goods or services, or for which the System provides goods or services other than individual or family hospitalization and other personal medical care services C GiftsWhen a System employee or his/her immediate family accepts gifts, gratuities, entertainment, or favors including seminars, factory visits, or site visits from a person, organization, or institution (a Source) from which the System purchases goods or services, with which the System competes in the provision of goods or services, or for which the System provides goods or services other than individual or family hospitalization and other personal medical care services This does not include the acceptance of items of nominal value, which could not be construed as intended to influence the individual in the performance of his or her duties Disclosure is required with respect to any single gift, gratuity, entertainment, or favor which has a fair market value in excess of \$150 00 and with respect to all such items received during any calendar year from a single Source if the cumulative market value of those items exceeds \$250 00 Disclosure is not required with respect to participation in Hospital-sponsored events, for example, when someone pays an employee's participation fee in a Hospital-sponsored event like the Jernigan Cancer Golf Tournament All vendor funded travel (including site visits, factory visits, and seminars) is prohibited This prohibition is not applicable to vendor funded travel approved by the CEO using the Potential Conflict of Interest Disclosure Form, pursuant to a Hospital contract, or funded by a group purchasing organization in which Hospital is a member D Employment and GiftsWhen an employee has any outside employment that might interfere with performance of his or her University job Each management level employee must disclose any outside employment, including self-employment, which has generated or is reasonably expected to generate more than \$10,000 00 in gross income during the calendar year Investment income is not considered to be derived from employment E Non-Public Information When an employee is in a relationship (either personal or business) in which he/she would gain personal advantage by disclosure of non-public System information to a person, organization, or institution (a Source) from which the System purchases goods or services, with which the System competes in the provision of goods and services, or for which the System provides or could provide goods or services other than individual or family hospitalization and other medical care services F Hiring Process When an employee participating in a hiring process could gain a personal benefit from the hiring decision 2 All System employees have an obligation to disclose relevant information about potential conflicts of interest All System employees have an obligation to avoid actual conflicts of interest Avoiding conflicts of interest includes avoiding or disengaging from activities and relationships whose appearance undermines confidence in the integrity of the System 3 Employees who fail to disclose or continue to engage in activities that have been deemed to be a conflict of interest will be subject to disciplinary action 4 Definitions A Immediate family means ones spouse, ones descendants (children, grandchildren, etc) ones ancestors (parents, grandparents, etc), ones siblings, the spouse of any of the forgoing, and ones parents-in-law This policy does not obligate a System employee to make any inquiries concerning the activities of and ownership interests of his/her immediate family, but the policy does require a System employee who is aware of or should be aware of a potential conflict of interest through a family member to report that potential conflict B Fair market value means the amount at which particular goods or services are sold to the general public C System means University Hospital and also any other organizational element of the University Health, Inc family (e g , University Extended Care, Inc) over which an employee exercises discretionary authority with respect to purchases or sales of goods or services D Source means a person, institution or organization from which the System purchases or is considering purchasing goods or services, with which the System competes in the provision of goods and services, or for which the System provides goods or services Separate business organizations and owners which are part of the same corporate family are one Source The value of all entertainment, gifts, etc received from the different members of one corporate family must be aggregated for purposes of compliance with this policy
