# 2011 Realized Gain/Loss Summary (Include sale proceeds not reported on Form 1099-8)

This Realized Gain/Loss Summary classifies tax lots into three categones within holding penod. Type "A" activity was reported to the IRS on Form 1099-B with cost basis. Type "C" activity was not reported to the IRS on Form 1099-B. Please rely on the confirmations previously provided to you as your official activity record.

Estimated 2011 Gain/Loss for transactions with irade dates through 12/30/11 has been incorporated into this statement. Realized gain/loss is based on the sales amount less the cost basis. Please note that gain or loss recognized on the sale or redemption of certain Structured Products may be ordinary, and not capital, gain or loss. Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products. Note that the Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. The cost basis of the oldest secunty lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gainfloss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. An astensk (\*) indicates a UBS Financial Services adjustment to cost basis. The number "1" indicates cost basis information has been provided by a source other than UBS Financial Services. Gainfloss may not have been adjusted to include the amount of the disallowed loss as a result of a Wash Sale transaction for Type "A" activity only. Although we apply wash sale rules to covered lots of identical securities, there are other circumstance; to be considered that can adjust or negate wash sales.

Cost bass for coupon tax-exempt municipal sec..nites (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount because the reporting requirements are Market Discount, Acquisition Premium, or Bond Premium. Therefore, the amoutization and accretion adjustments used here may not be consistent with the Form 1099-OID amount because the reporting requirements are
