Request for Proposals to Colorado Wildlife Habitat Protection Program

and Wildlife (CPW) is pleased to announce a Request for Proposals for funding projects that provide habitat protection and/or riparian riparian projects. Proposals for projects that provide habitat protection and/or riparian riparian projects are invited. All reasonable options in lieu of fee title will be pursued. Proposals are not required for conservation easement projects. However, riparian riparian projects that are restricted or year-round public life-retained recreation will be eligible to receive compensation in addition to compensation for the conservation easement. Owners may also submit proposals for projects whose sole purpose is to provide hunting or fishing access through an access easement or conveyance of fee title.

Projects are highly competitive. Proposals which excel in meeting the criteria listed above will be considered, proposals which do not meet the criteria may have a competitive advantage. Donations of the value of the property interest being conveyed is not required. Proposals will be given significant weight in CPW's evaluation, ranking and selection process.

Proposals should be submitted in accordance with state statute. Conservation easements may be held by "third parties" such as land trusts or local governments. Proposals for projects that are restricted or year-round public life-retained recreation will be eligible to receive compensation in addition to compensation for the conservation easement. The purchase price of the easement or the price of the property interest being conveyed is not required. The 15% contribution requirement may be waived.
