ONE WARM COAT
NOTES TO FINANCIAL STATEMENTS
December 31, 2011

NOTE 1. NATURE OF ACTIVITIES

Nature of Activities

One Warm Coat (the "Organization") is a nonprofit corporation based in San Francisco, California. The Organization was incorporated in 2002 with the mission of providing any person in need with a warm coat, free of charge. The Organization coordinates the volunteer-based collection and distribution of donated clothing, and solicits clothing and funds from a variety of donors in 49 states, the District of Columbia, Italy, and Canada. The Organization also purchases coats for donation using a portion of funds received.

The Organization created and oversees a network of volunteer groups that assist in the effort to collect new or used clothing for the Organization's mission. The Organization also maintains a network of local community agencies that are recipients of the clothing. The Organization provides the materials and seasonal advertising in support of the collection drives. The Organization's programs are supported primarily by contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as codified by the Financial Accounting Standards Board.

Classification of Net Assets

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

- Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations. The Board of Directors may designate unrestricted net assets for specific purposes or programs.
- Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Organization and/or the passage of time.
- Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use income earned on the restricted assets for general or specific purposes. There are no permanently restricted net assets as of December 31, 2011.

ONE WARM COAT
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenues are reported as increases in unrestricted net assets unless the use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation. Expirations of temporary restrictions of net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Unrestricted promises to give that are scheduled to be received after one year are shown as increases in temporarily restricted net assets and are reclassified to unrestricted net assets when the cash is received and any purpose restrictions are met. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at the time of contribution.

It is the policy of the Organization to report gifts of land, buildings and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long lived assets with explicit restrictions specifying how the assets are to be used and gifts of cash or other assets that must be used to acquire long lived assets are recorded as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated assets are placed in service.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Organization considers highly liquid investments with original maturities of three months or less to be cash equivalents, unless donor-imposed restrictions limit their use to long-term purposes. Periodically, the Organization's cash balances in its bank accounts may exceed federally insured limits. Restricted cash on the accompanying statements of financial position represents cash that is restricted for purchase of coats for donation.

Contributions Receivable

Contributions receivable are recorded and revenue is recognized at the time unconditional promises to give are made. These balances are stated at face value. Management considers all contributions receivable to be fully collectible. Contributions receivable from promises to give as of year-end are scheduled to be received the following year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value maximize the use of observable inputs and minimize the use of unobservable inputs, using the market value approach. GAAP establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels:

Level 1 – Quoted market prices available through public exchange venues for identical assets or liabilities.

Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs for the asset or liability due to little or no market activity at the measurement date.

The Organization's policy for determining the timing of significant transfers between levels 1 and 2 is at the end of the reporting period.

Property and Equipment

Purchased property and equipment are carried at their historical cost. Donations of property and equipment are recorded at the assets' estimated fair value at the time of donation. Depreciation of property and equipment is calculated using the straight-line method over the estimated useful lives of the assets. The costs of acquiring assets with values exceeding \$500 are capitalized. Normal repair and maintenance costs are expensed as incurred.

In-Kind Support

The Organization records various types of in-kind support including contributed facilities, professional services, and materials. Contributed professional services are recognized if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are measured at fair market value when received. The amounts reflected in the accompanying financial statements as in-kind support are offset by corresponding amounts reflected in expenses.

Gifts in kind for which the Organization has discretion over the use or subsequent disposition are recognized as contributions when received. Gifts in kind for which the Organization acts solely as an agent are not recorded in the financial statements.

Additionally, the Organization receives a significant amount of contributed time, which does not meet the recognition criteria described above. Accordingly, the value of this contributed time has not been determined and is not reflected in the accompanying financial statements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Statement of Functional Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of functional expenses. Accordingly, certain costs have been allocated among the programs benefited.

Advertising

The Organization expenses all advertising costs as they occur.

Income Taxes

The Organization is exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code and therefore has made no provision for federal income taxes in the accompanying financial statements. With few exceptions, the Organization is no longer subject to examinations by federal and state tax authorities for years before 2008.

Subsequent Events

Management has evaluated subsequent events through August 10, 2012, the date which the financial statements were available for issue.

NOTE 3. IN-KIND SUPPORT AND CONCENTRATION OF INCOME

The Organization partners with corporate sponsors to collect gently used coats at various locations across the United States. The Organization identifies agencies in need of coats and directs the distribution of these coats to those in need. During the year ended December 31, 2011, the Organization received 189,237 coats under this program, all through one corporate sponsor. These coats were valued using average thrift store values, for a total donation of \$4,730,925. In addition, corporate sponsors may collect donations from customers to be remitted to the Organization. During 2011, the Organization received approximately 85% of its total non-in-kind revenue from point of sale cash donations collected by this same corporate sponsor.

In addition, the Organization assists individuals, groups, companies, and organizations across the country to collect coats and deliver them to local agencies that distribute them for free, to people in need. These coats are not under the control of the Organization and the Organization does not determine the receiving agency. Accordingly, these do not meet the criteria for recognition in the accompanying financial statements. The Organization estimates that approximately an additional 580,000 coats were delivered to those in need during the year ended December 31, 2011.

The Organization also received the following in-kind support: \$15,000 for donor database and \$9,050 for services related to website and internet presence.

NOTE 4. RESTRICTED NET ASSETS

Temporarily restricted net assets consist of amounts restricted by donors for the purchase of coats for donation.
