| | | Part VI, Line 3 Communication to the Public Providence hospitals post notices regarding the availability of financial assistance to low-income uninsured patients. These notices are posted in visible locations throughout the hospital such as admitting/registration, billing office, emergency department and other outpatient settings. Every posted notice regarding financial assistance policies contains brief instructions on how to apply for financial assistance or a discounted payment. The notices also include a contact telephone number that a patient or family member can call to obtain more information. Providence ensures that appropriate staff members are knowledgeable about the existence of the hospital's financial assistance policies. Training is provided to staff members (i.e., billing office, financial department, etc.) who directly interact with patients regarding their hospital bills. When communicating to patients regarding their financial assistance policies, Providence attempts to do so in the primary language of the patient, or his/her family, if reasonably possible, and in a manner consistent with all applicable federal and state laws and regulations. Providence shares their financial assistance policies with appropriate community health and human services agencies and other organizations that assist such patients. |

| | | <p>Part VI, Line 5 Providence St Joseph Medical Center management is directed by an independent governing board which helps direct the hospital in its endeavors. The composition of the governing board represents the diversity of the community by having representatives from local government, social service agencies, medical providers, independent business representatives and interested community members. The St Joseph Medical Center Board of Directors reviews and develops the community benefit plan, providing information and insight into community needs and resources and helping set priorities for what community needs are to be addressed. They also receive regular updates on the overall community benefit strategy and specific programs to assess whether the organization is having an impact on the health of the community. The providers and staff at St Joseph Medical Center provide education to the broader community on certain health benefits, risks and preventative medicine and is provided at no cost. The hospital has been serving the needs of the community since 1916 and has expanded over the years in response to the growing population and changes in health care. As a ministry of Providence Health & Services, Providence St Joseph Medical Center participates in shared purchasing, information systems and financial management support that benefits the community hospital. In 2011, the medical center had 702 total admissions, 4,526 emergency visits and 64,458 outpatient visits. Providence St Joseph Medical Center also includes St Joseph Retirement Community, an assisted living center. Providence Medical Group manages 32 primary care and specialty provider practices, employing 133 total providers. Providence St Joseph Medical Center and Providence Medical group collectively build and support coordinated services across the continuum of care to meet regional residents' needs, while mutually supporting organizational, operational, and fiscal health. Joint ventures include research collaborations (cardiac, neuroscience and oncology) with the University of Montana, affiliations with long term care facilities, a community based mental health center and the Indian Health services clinic, among others.</p> |

| Part I, Line 1a | | <p>The reporting organization did not provide any of the benefits listed in Part I, Line 1a. However, as part of Providence's philosophy of transparency, the narrative that follows relates to the compensation and benefits provided by the related organization. Providence Health & Services Expense Reimbursement Procedures include the following policies: First Class Travel or Charter Travel or Travel of Companions Air travel is reimbursable for tourist or economy class and should be at the least expensive airfare, which permits departures and arrivals at reasonable times and reasonable distance traveled. Employees are encouraged to plan in advance to get available discounts. Airline frequent flyer upgrades will never be reimbursed. First class air travel will only be reimbursed when tourist or economy class air travel is not available and business travel is mandated by a supervisor. In the rare circumstance that an executive must fly on a first class full fare ticket, their senior level supervisor must approve this expense. Companion travel will only be reimbursed by the organization for travel related to relocation, and should not exceed two relocation-related visits, unless approval by the VP/Chief Human Resources Officer. During 2011, a total of three first-class tickets were purchased for disclosed personnel. Tax Indemnifications or Gross-Up Payments Providence Health & Services follows the federal and state taxation laws related to relocation expenses paid to the employee or to a third party on the employee's behalf. They are considered income and are therefore subject to payroll taxes. Based on the way Providence has chosen to pay the relocation expenses, Providence reports reimbursements and payments to vendors as income and these expense payments are reflected on the executive's Form W-2. Providence will gross-up the relocation benefits to offset the personal tax burden to the employee for IRS allowable expenses. During 2011, the following Key Employees received gross-up payments: Arnold R. Schaffer, Myron Berdischewsky, Terry L. Smith, Orest Holubec. The amounts reported for these gross-up payments are included on Schedule J, Part II, Column B (iii) - Other Reportable Compensation. Discretionary Spending Account Providence Health & Services provides an executive flex spending allowance per year (paid bi-weekly). This benefit is provided as discretionary spending because the organization does not reimburse for or provide additional executive benefits, such as a car allowance, additional executive life or disability insurance, or other market-based executive benefits practices. Housing Allowance or Residence for Personal Use Providence Health & Services provides housing allowances for purposes of relocation assistance only. Providence may pay temporary living expenses for the employee up to a maximum of 90 calendar days. Covered expenses are rent (excluding "rent" which may be paid in order to occupy a new permanent residence until the title clears) and utilities, including heat, electricity, gas, water, local internet and local telephone and garbage services. The VP/Chief Human Resources Officer may approve temporary housing assistance for up to six months when family relocation is delayed to accommodate the school year or equivalent circumstances. Only in extenuating circumstances is housing extended beyond this six month period. During 2011, the following Key Employees received relocation payments: Arnold R. Schaffer, Myron Berdischewsky, Terry L. Smith, Orest Holubec. The amounts reported for these relocation payments are included on Schedule J, Part II, Column B (iii) - Other Reportable Compensation.</p> |

| Supplemental Information | Part III | <p>FORM 990, SCHEDULE J, PART II - EXECUTIVE PERFORMANCE AWARDS PROGRAM The Providence Executive Performance Awards Program provides a lump sum award annually as a percent of the executive's base pay. Percent opportunities are aligned with our total compensation philosophy as outlined in Part VI, Section B, Line 15 (Process for determining compensation of top management, officers & key employees). The performance award is based on the level of accomplishment of annual system objectives and personal objectives. In 2011, 50 percent of the participant awards were based on pre-determined organizational goals consistent with Providence's five strategic priorities of mission driven, financially responsible, people centered, service oriented and quality focused. In 2011 the percent allocation for each of these strategic priorities was: Mission driven 10% Financially responsible 10% People centered 10% Service oriented 10% Quality focused 10%. To ensure affordability of the program, the organization (system, region or entity) must meet a threshold of 50 percent of budgeted net operating income.</p> |

| | Form 990, Part VI, Section B, line 15 | <p>It is Providence's intention to make financial information accessible and transparent. Although the filing of Form 990 provides insight into how Providence achieves its Mission, delivers its programs and stewards its finances, deciphering the information directly from Form 990 can be challenging. The following paragraphs provide further information about the process we use to determine compensation for top management, officers and key employees.</p> <p>Providence has a single fiduciary Board, with responsibility for financial oversight associated with fulfillment of the Providence Mission, developing system policies, protecting the assets entrusted to the organization and overseeing the strategic and operational affairs of Providence's legal entities. Providence also maintains a network of community ministry boards with responsibility for quality of care oversight, community relations, advocacy and community needs assessments. Providence has a consistent compensation philosophy for all of its employees, including our senior executives. Salaries for senior executives are determined by the Providence Board's Human Resources Committee and approved by the full Board of Directors, none of whom is a Providence employee. The Board retains an independent consultant each year to review salaries of those in the most significant leadership roles in the organization. Part of the consultant's role is to review an extensive array of compensation surveys of large, not-for-profit health care systems in the United States. Providence is one of the larger health systems in the country, and as such, the Board benchmarks executive compensation against other large, not-for-profit health systems whose revenue is similar to that of Providence. Base salaries for Providence executives are set at the median level of the market, as identified by the independent consultant and reviewed with the Human Resources Committee. Each year, the Board Chair conducts a formal performance evaluation of the President/CEO that considers input from the other directors and senior leaders reporting to the President. The evaluation is discussed with the Human Resources Committee and then a recommendation is made by the committee to the full Board. The Board Chair and the Chair of the Human Resources Committee also meet with an independent consultant to develop a salary recommendation, which is reviewed and approved first by the committee and then by the Board of Directors. Additionally, the President/CEO utilizes the market information provided by the consultant along with formal performance evaluations, to determine salary recommendations for other senior executives. This process includes a rigorous analysis of those recommendations with the Human Resources Committee as a part of the review and approval process.</p> <p>Performance incentives allow executives to earn additional compensation if they achieve specific organizational and individual goals for furthering Providence operating principles - advancing the Providence Mission and core values, meeting benchmarks for charity care, achieving quality targets, delivering top-rated customer satisfaction, meeting employee satisfaction goals and reaching financial performance objectives. The Board of Directors conducts a thorough process to ensure performance incentives are aligned with appropriate practices for not-for-profit health care systems. The Board's process for executive compensation fully complies with IRS standards and mirrors the best practices recommended in the "Report to Congress and the Nonprofit Sector on Governance, Transparency, and Accountability" submitted to the Senate Finance Committee by the Panel on the Nonprofit Sector.</p> |

Independent Auditors' Report

The Board of Directors
Providence Health & Services

We have audited the accompanying consolidated balance sheets of Providence Health & Services (the Health System) as of December 31, 2011 and 2010, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Health System's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Health System's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Providence Health & Services as of December 31, 2011 and 2010, and the results of its operations, changes in net assets, and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplemental information, included on pages 40 and 41, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PROVIDENCE HEALTH & SERVICES

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(1) Organization

(a) *Sisters of Providence*

Sisters of Providence (the Congregation), a religious congregation of Roman Catholic women, was founded in 1843. The religious congregation's central headquarters is in Montreal, Quebec, Canada. Sisters of Providence – Mother Joseph Province (the Province) was formed in 2000 through the combination of the Sacred Heart Province (founded in 1856) and the St Ignatius Province (founded in 1891). The activities of the Province include apostolic works in healthcare, social services, and education. Members of the Province serve in these works through related and unrelated organizations. The Province is compensated for the services of its members. The Province has 146 professed members and maintains provincial administration offices in Renton, Washington. The members of the Province represent the Congregation in the following:

- Archdiocese of Los Angeles, California
- Archdiocese of Portland, Oregon
- Archdiocese of Seattle, Washington
- Diocese of Baker, Oregon
- Diocese of Boise, Idaho
- Diocese of Great Falls – Billings, Montana
- Diocese of Orlando, Florida
- Diocese of Spokane, Washington
- Diocese of Yakima, Washington
- Diocesis Santiago de María, El Salvador

(b) *Providence Health & Services*

The Provincial Superior, Provincial Council, and Provincial Treasurer of the Sisters of Providence – Mother Joseph Province historically controlled certain aspects of the various corporations comprising Providence Health & Services (the Health System), through certain reserved rights. Effective January 1, 2010, essentially all of the sponsorship of the Health System was transferred to the new Public Juridic Person, Providence Ministries, which was approved by the Vatican on February 2, 2009. The reserved rights, held by the Provincial Superior, Provincial Council, and Provincial Treasurer of the Sisters of Providence Mother Joseph Province, were transferred through the change in sponsorship to Providence Ministries.

Providence Ministries sponsors various corporations comprising the Health System

- Providence Health & Services – Washington
- Providence Health & Services – Oregon

PROVIDENCE HEALTH & SERVICES

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

- Providence Health System – Southern California (cosponsored by the Congregation and the American Province of the Little Company of Mary Sisters)
- Providence Health & Services – Montana
- Providence St Joseph Medical Center
- St Thomas Child and Family Center Corporation
- University of Great Falls
- Providence Plan Partners
- Providence Health Plan (the Health Plan)
- Providence Health Assurance
- Providence Health System Housing, The St Luke Association, The Lundberg Association, Providence St Francis Association, Providence Blanchet Association, Providence Rossi Association, Providence Peter Claver Association, The Gamelin Association, The Gamelin Oregon Association, The Gamelin California Association, Providence St Elizabeth House Association, Gamelin Washington Association, Providence Gamelin House Association
- Providence Oregon Management Corporation
- The John Gabriel Ryan Association
- Providence Ventures, Inc
- Providence Assurance, Inc

The corporations own or operate 27 general acute care hospitals, six long-term care facilities, seven homecare and hospice entities, five assisted living facilities, a children's nursing center and Montessori school, a high school, a university, 12 low-income housing projects, the Health Plan, a health services contractor, two programs of all inclusive care for the elderly, and 20 controlled fundraising foundations

The Health System provides inpatient, outpatient, primary care, and home care services in Alaska, Washington, Montana, Oregon, and Southern California. The Health System operates these businesses primarily in the greater metropolitan areas of Anchorage, Alaska, Everett, Seattle, Spokane, and Olympia, Washington, Missoula, Montana, Portland and Medford, Oregon, and Los Angeles, California

(c) Affiliated Transactions

Interaffiliate Borrowings

The Health System has a policy to loan funds among its affiliates at various interest rates. These transactions eliminate upon consolidation

PROVIDENCE HEALTH & SERVICES

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

Self-Insurance Liability

The Health System has established self-insurance programs for professional and general liability and workers' compensation insurance coverage. These programs provide insurance coverage for healthcare institutions associated with the Health System. The Health System also operates an insurance captive, Providence Assurance, Inc., to self-insure certain layers of professional and general liability risk.

(2) Summary of Significant Accounting Policies

(a) *Principles of Consolidation*

The accompanying consolidated financial statements include the accounts of the Health System. All significant transactions and accounts between consolidated divisions and affiliates of the Health System have been eliminated. The Health System has performed an evaluation of subsequent events through April 11, 2012, which is the date these consolidated financial statements were issued.

(b) *Use of Estimates*

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) *Cash and Cash Equivalents*

Cash and cash equivalents include investments in highly liquid debt instruments with an original or remaining maturity of three months or less when acquired.

(d) *Supplies Inventory*

Supplies inventory is stated at the lower of cost (first-in, first-out) or market.

(e) *Property, Plant, and Equipment*

Property, plant, and equipment are stated at cost. Improvements and replacements of plant and equipment are capitalized. Maintenance and repairs are expensed. The cost of the property, plant, and equipment sold or retired and the related accumulated depreciation are removed from the accounts, and the resulting gain or loss is recognized at the time of disposal.

The Health System assesses potential impairment to their long-lived assets when there is evidence that events or changes in circumstances have made recovery of the carrying value of the assets unlikely. An impairment loss, equal to the excess, if any, of the carrying value over the fair value less disposal costs, is recognized when the sum of the expected future undiscounted net cash flows from the use and disposal of the asset is less than the carrying amount of the asset.

PROVIDENCE HEALTH & SERVICES

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

(f) Depreciation

The provision for depreciation is determined by the straight-line method, which allocates the cost of tangible property equally over its estimated useful life or lease term

(g) Capitalized Interest

Interest capitalized on amounts expended during construction in process is a component of the cost of additions to be allocated to future periods through the provision for depreciation. Capitalization of interest ceases when the addition is substantially complete and ready for intended use. The Health System capitalized \$27,200,000 and \$31,001,000 of interest costs during the years ended December 31, 2011 and 2010, respectively.

(h) Financing Costs

Financing costs are recorded in other assets and are amortized using the effective-interest method over the term of the related debt, or to the earliest date at which a creditor can demand payment

(i) Goodwill

Goodwill, which is not amortized, is recorded in other assets as the excess of cost over fair value of the acquired net assets. Goodwill is tested at least annually for impairment

(j) Assets Whose Use Is Limited

The Health System has designated all of its investments in debt and equity securities as trading. All investments in debt and equity securities are reported on the consolidated balance sheets at fair value

Assets whose use is limited primarily include assets held by trustees under indenture agreements, self-insurance funds, funds held for the payment of health plan medical claims, assets held by related foundations, and designated assets set aside by the management of Providence Health & Services for future capital improvements and other purposes, over which management retains control. Amounts required to meet current liabilities of the Health System have been reclassified as current in the consolidated balance sheets at December 31, 2011 and 2010

(k) Net Assets

Unrestricted net assets are those that are not subject to donor imposed stipulations. Amounts related to the Health System's noncontrolling interests in certain joint ventures of \$62,625,000 and \$43,410,000 in 2011 and 2010, respectively, are included in unrestricted net assets. Temporarily restricted net assets are those whose use by the Health System has been limited by donors to a specific time period and/or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Health System in perpetuity. Unless specifically stated by donors, gains and losses on temporarily and permanently restricted net assets are recorded as temporarily restricted

(l) Donor-Restricted Gifts

Unconditional promises to give cash and other assets to the Health System are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give

are reported at fair value at the date the gift is received. The gifts are reported as either temporarily or permanently restricted contributions if they are received with donor stipulations that limit the use of the donated assets. When the terms of a donor restriction are met, temporarily restricted net assets are reclassified as unrestricted net assets and reported as other revenues in the consolidated statements of operations or changes in net assets as net assets released from restriction.

(m) Net Patient Service Revenues

The divisions of the Health System have agreements with governmental and other third-party payors that provide for payments to the divisions at amounts different from the Health System's established charges. Payment arrangements for major third-party payors may be based on prospectively determined rates, reimbursed cost, discounted charges, per diem payments, predetermined rates per HMO enrollee per month, or other methods.

Net patient service revenues are reported at the estimated net realizable amounts due from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with governmental payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as appropriate. Adjustments from finalization of prior years' cost reports and other third-party settlement estimates resulted in an increase in net patient service revenues of \$12,647,000 and \$17,894,000 for the years ended December 31, 2011 and 2010, respectively.

The composition of significant third-party payors for the years ended December 31, 2011 and 2010, as a percentage of net patient service revenues, is as follows

| | 2011 | 2010 |
|--------------------------------|-------------------|-------------------|
| Commercial and other insurance | 49% | 49% |
| Medicare | 32 | 33 |
| Medicaid | 14 | 11 |
| Self-pay | 5 | 7 |

(n) Premium Revenues, Premiums Receivable, and Unearned Premiums

Health plan revenues consist of premiums paid by employers, individuals, and agencies of the federal and state governments for healthcare services. Health plan revenues are received on a prepaid basis and are recognized as revenue during the month for which the enrolled member is entitled to healthcare services. Premiums received for future months are recorded as unearned premiums.

(o) Other Operating Revenue

Other operating revenue includes rental revenue, equity earnings from joint ventures, contributions released from restrictions, cafeteria revenue, and other miscellaneous revenue.

(p) Charity and Unsponsored Community Benefit Costs

The divisions of the Health System have policies that provide for serving those without the ability to pay. The policies also provide for discounted sliding scale payments based on the income and assets of the person responsible for the bill. In addition to uncompensated care, the Health System's divisions also provide services that benefit the poor and others in the communities they serve.

Information for the Health System for the years ended December 31, 2011 and 2010 is summarized below.

| | 2011 | 2010 |
|---|---------------------------|-------------|
| | (In thousands of dollars) | |
| Cost of charity care provided | \$ 203,660 | 197,815 |
| Unpaid cost of Medicaid services | 256,568 | 233,083 |
| Education and research programs, net cost | 76,229 | 76,349 |
| Nonbilled services, net cost | 28,996 | 39,856 |
| Negative margin services and other, net cost | 85,749 | 69,706 |
| Unsponsored community benefit costs | \$ 651,202 | 616,809 |
| Percentage of total operating expenses, excluding purchased healthcare | 8 3% | 8 7% |

The cost of charity care provided is based on each division's aggregate relationship of costs to charges. The unpaid cost of Medicaid services is the cost of treating Medicaid patients in excess of government payments. Education includes the unpaid cost of training health professionals, such as medical residents. Research programs include the unpaid cost of controlled studies of therapeutic protocols and development of new treatment protocols. Nonbilled services include the cost of services for which neither the patient or insurance is billed or for which a nominal fee has been assessed. Negative margin services include programs for which net patient service revenue is less than cost incurred to provide the service to meet a need in the community. Unpaid cost of Medicaid services, education and research programs, nonbilled services, and negative margin services are net of revenues of \$940,527,000 and \$839,925,000 for the years ended December 31, 2011 and 2010, respectively.

(q) Net Nonoperating Gains

Net nonoperating gains primarily include investment income, equity earnings from the Health System's participation in certain unconsolidated joint ventures, income from recipient organizations, and other income. For the year ended December 31, 2011, net nonoperating gains also includes pension settlement costs of \$32,500,000 as described in note 8.

(r) Excess of Revenues over Expenses

Excess of revenues over expenses includes all changes in unrestricted net assets, except for net assets released from restriction for the purchase of property, certain changes in funded status of

December 31, 2011 and 2010

postretirement benefit plans, net changes in noncontrolling interests in consolidated joint ventures, and other

(s) Income Taxes

The Health System and substantially all of the various corporations within the Health System have been recognized as exempt from federal income taxes, except on unrelated business income, under Section 501(c)(3) of the Internal Revenue Code (IRC)

For the taxable corporations, deferred income taxes are provided for the future tax consequences of temporary differences between financial and tax reporting. Deferred tax assets and liabilities are measured based on enacted tax laws and rates expected to apply to taxable income in the years in which temporary differences are expected to be recorded or settled. Income taxes did not have a material impact on the consolidated financial position or results of operations of the Health System as of and for the years ended December 31, 2011 and 2010.

The Health System recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgment occurs.

Providence Plan Partners, Providence Health Plan, and Providence Health Assurance are not-for-profit entities and have been recognized as exempt from federal income taxes, except on unrelated business income, as social welfare organizations under Section 501(c)(4) of the IRC

(t) Recently Issued or Adopted Accounting Standards

In 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No 2011-07, *Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities*, which provides financial statement users with greater transparency about a health care entity's net patient service revenue and the related allowance for doubtful accounts. The amendments require health care entities to present the provision for bad debts related to patient service revenue as a deduction from patient service revenue (net of contractual allowances and discounts) on their statement of operations. This standard is effective for the 2012 fiscal year. The adoption of ASU 2011-07 will not have a material impact on the Health System's consolidated financial statements.

In 2010, FASB issued ASU No 2010-24, *Health Care Entities – Presentation of Insurance Claims and Related Insurance Recoveries*, which clarifies that insurance recoveries should not be netted against a related claim liability. The claim liability amount should be calculated without consideration of insurance recoveries. This standard was effective for the 2011 fiscal year. The adoption of this standard did not have a material impact on the Health System's consolidated financial statements.

In 2010, the FASB issued ASU No 2010-23, *Health Care Entities – Measuring Charity Care for Disclosure*, which requires a standardized process be used by health care entities that provide charity care to determine the measurement basis. This standard was effective for the 2011 fiscal year. The

PROVIDENCE HEALTH & SERVICES

Notes to Consolidated Financial Statements

adoption of this standard did not have a material impact on the Health System's consolidated financial statements

(u) Health Care Reform

The Patient Protection and Affordable Care Act (PPACA) and the Health Care and Education Reconciliation Act (Reconciliation Act) were both signed by President Obama in the first calendar quarter of 2010. The legislation went into effect upon signing with provisions to become effective over the next ten years. This legislation is expected to broadly impact the Health System's operations, including patient access, service reimbursement rates, and reporting requirements. The Health System has evaluated those provisions which went into effect, noting they did not have a significant impact on the consolidated financial statements.

(v) Reclassifications

Certain reclassifications have been made to prior year amounts to conform to the current year presentation to more consistently present financial information between years.

(3) Fair Value of Financial Instruments

ASC Topic 820 (Topic 820), *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 inputs are unobservable inputs for the asset or liability

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The fair value estimates of the collective investment funds are estimates determined by management using various information sources, including information provided by the fund managers. The collective investment funds classified in Level 2 consist of shares or units in the investment funds as opposed to direct interests in the fund's underlying holdings, which are marketable securities. Because the net asset value reported by each fund is used as a practical expedient to estimate the fair value of the Health System's interest therein, its classification in Level 2 is based on the Health System's ability to redeem its interest at or near the balance sheet date. The classification in the fair value hierarchy is not necessarily an indication of the risks, liquidity, or degree of difficulty in estimating the fair value of each investment's underlying assets and liabilities.

The fair value of management-designated cash and investments, funds held for long-term purposes, and funds held by trustee, which are the amounts reported in the consolidated balance sheets, are estimated

PROVIDENCE HEALTH & SERVICES

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

based on quoted market prices For long-term debt, the fair value is based on Level 2 inputs, such as the discounted value of the future cash flows using current rates for debt with the same remaining maturities, considering the existing call premium and protection The carrying value and fair value of long-term debt, including accrued interest, was \$2,310,466,000 and \$2,464,850,000, respectively, as of December 31, 2011, and \$2,235,707,000 and \$2,259,167,000, respectively, as of December 31, 2010

Other financial instruments of the Health System include cash and cash equivalents and other receivables The carrying amount of these instruments approximates fair value because these items mature in less than one year The carrying amount of other long-term investments approximates fair value

(a) Collective Investment Funds

Collective investment funds include investments that are held by a trust company that handles a pooled group of trust accounts The Health System holds six funds and has no unfunded commitments or provisions significantly impacting liquidity at December 31, 2011 The underlying holdings of these funds are primarily comprised of publicly traded domestic equity and debt securities, whose fair value is readily determinable

(b) Securities Lending Agreements

The Health System has securities lending agreements with financial institutions that serve as the lending agent These agreements authorize the lending agents to lend securities owned by the Health System to an approved list of borrowers Under the agreements, the lending agents are responsible for negotiating each loan for an unspecified term while retaining the power to terminate the loan at any time At the time each loan is made, the lending agents require collateral equal to 102% of the market value of the loaned securities and accrued interest While any securities are loaned, the Health System retains all rights of ownership, except it waives its right to vote such securities The collateral related to the securities loaned totaled \$86,987,000 and \$139,920,000 at December 31, 2011 and 2010, respectively In connection with securities lending activities the Health System has recognized a net investment loss of \$1,984,000 and \$2,255,000, for the years ended December 31, 2011 and 2010, respectively Net investment gains and losses are included in net nonoperating gains in the accompanying consolidated statements of operations

The Health System's funds held by trustee are segregated from other cash and investments for various purposes. Included in funds held by trustee as of December 31, 2011 and 2010, respectively, are \$33,145,000 and \$29,556,000 obtained from borrowings under the Health System's master trust indenture for construction and other ongoing projects. The Health System also includes in funds held by trustee \$185,742,000 and \$176,416,000 at December 31, 2011 and 2010, respectively, related to the self-insurance and pension trusts. Within the self-insured trusts, the balance is based on management's assessment of annual need. Any additional investments are considered management-designated.

The Health System has designated its investment portfolio as trading, which results in all gains and losses being recognized currently as nonoperating activity.

Investment income from management-designated cash and investments and funds held by trustee are included in net nonoperating gains and are comprised of the following for the years ended December 31, 2011 and 2010:

PROVIDENCE HEALTH & SERVICES

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

The Health System participates in various joint ventures for the purpose of furthering its healthcare mission. These joint ventures exist in all geographic locations in which the Health System operates. The primary purposes of the ventures are to provide outpatient services such as laboratory, outpatient surgery, and medical imaging. Seven of these joint ventures, located in Anchorage, Alaska, Spokane, Washington, Portland, Oregon, and Mission Hills, California are controlled by the Health System and consequently are consolidated in the financial statements of the Health System. All other joint ventures are accounted for under the equity method of accounting. The Health System recorded earnings from equity method investees of \$60,786,000 and \$45,535,000 for the years ended December 31, 2011 and 2010, respectively, which are included in other operating revenues in the accompanying consolidated statements of operations.

Noncontrolling interests in consolidated joint ventures, included in unrestricted net assets of \$62,625,000 and \$43,410,000, are primarily comprised of the joint ventures Pathology Associates Medical Laboratories (PAML) and Inland Northwest Health Services (INHS) of approximately \$58,412,000 and \$38,210,000 at December 31, 2011 and 2010, respectively. The Health System is a 75% and 85% owner of PAML at December 31, 2011 and 2010, respectively, the joint venture was created during 2010. During 2011 the Health System increased its ownership interest in INHS to 62.5% from 50% as of December 31, 2010.

of Little Company of Mary, Lifecare Ventures, Inc., and TrinityCare Hospice). Providence St. Joseph Medical Center, and Providence Health & Services – Montana, exclusive of related housing and foundations, are the members of an Obligated Group formed for issuing debt under a master trust indenture. Members of the Obligated Group are jointly and severally responsible for all debt of the Obligated Group. The master trust indenture and bond trust indentures for each debt issue require the Obligated Group to meet certain financial covenants. In November 2011, Providence Willamette Falls Medical Center, dba Providence Health & Services – Oregon, became a member of the Obligated Group.

The Health System recorded losses due to extinguishment of debt of \$2,303,000 and \$748,000 in 2011 and 2010, respectively, which was recorded in net nonoperating gains in the accompanying consolidated statement of operations.

(a) Master Trust Debt Classified as Short-Term

Hospital Facility Authority of Clackamas County, Oregon (HFACC) Revenue Bonds, Series 2003D, E, F, and G

The Series 2003D, E, F, and G bonds were issued in May 2003 as auction rate bonds. In October 2008, the bonds were converted to a unit pricing mode pursuant to the Series 2003 D, E, F, and G Trust Indenture. Under the unit pricing mode, the interest reset period varies with each remarketing and ranges between one and 270 days. In connection with the revised terms under the unit pricing mode, the remaining balance was reclassified to short-term debt due to the reset periods and remarketing, therefore the balance could become due and payable in 2012. The average interest rate in effect on December 31, 2011 was 0.18%. Annual scheduled principal payments range from \$3,500,000 in 2016 to \$18,175,000 in 2033.

Commercial Paper, Series 2008A

The Health System participates in a commercial paper program. During 2011, the Health System made principal and interest payments on matured commercial paper and reissued new commercial paper, maintaining a balance ranging between \$144,000,000 and \$194,000,000 throughout the year. The average interest rate in effect during 2011 was 0.33%.

U.S. Bank Credit Facility

The Health System has a \$150,000,000 Credit Facility with U.S. Bank, of which \$60,000,000 in borrowings were outstanding at December 31, 2011 and 2010, respectively. The interest rate in effect on December 31, 2011 was 0.65%, and the maturity date is September 30, 2012. The interest rate is based on LIBOR plus 0.35%.

(8) Retirement Plans

(a) *Defined Benefit Plans*

Cash Balance Retirement Plan

The Health System has a noncontributory cash balance plan covering substantially all employees called the Providence Health & Services Cash Balance Retirement Plan (the Cash Balance Plan). The plan benefits are based on defined average compensation and years of service. The vesting period for is five years. The Health System's funding policy is based on the actuarially determined cost method, and includes normal service cost and prior service costs amortized over a 20-year period. The Cash Balance Plan meets the definition of a defined benefit plan. Under the Cash Balance Plan, each employee carries an individual account balance. The Health System makes a defined, annual contribution and provides a defined interest credit to each employee's account.

Supplemental Executive Retirement Plan

The Health System has a noncontributory supplemental executive retirement plan (the SERP) covering certain employees who were employed in certain key positions or pay grades or that have been designated by the Health System. The plan benefits are based on defined average compensation and years of service. The vesting period is five years. The Health System's funding policy is based on the actuarially determined cost method, and includes normal service cost and prior service costs amortized over a 20-year period. The SERP meets the definition of a defined benefit plan. Under the SERP, each employee carries an individual account balance. The Health System makes a defined, annual contribution and provides a defined interest credit to each employee's account.

Willamette Falls Pension Plan

During 2010, in connection with the Willamette Falls affiliation, the Willamette Falls Pension Plan was added as a defined benefit plan sponsored by the Health System. The Willamette Falls Pension

PROVIDENCE HEALTH & SERVICES

Notes to Consolidated Financial Statements

Plan is also a noncontributory plan covering the employees of Providence Willamette Falls. The plan benefits are based on years of service and compensation during an employee's period of employment. Vesting is based on elapsed time. The funding policy is based on the actuarially determined cost method, and includes normal service cost and prior service costs amortized over a 20-year period. Under the Willamette Falls Pension Plan, each employee carries an individual account balance.

Matching Plan

The Health System also sponsors the Providence Health & Services Matching Plan (the Matching Plan). The plan is a money purchase pension plan, which provides for the Health System to make matching contributions to the plan based on employee contributions to the Providence Health & Services Tax Deferred Annuity Plan. The Matching Plan contribution vesting period is five years.

The Cash Balance Plan, the SERP, the Willamette Falls Pension Plan, and the Matching Plan are collectively "the defined benefit plans."

In April 2009, the Board of Directors of the Health System approved an amendment to freeze the Cash Balance Plan, the SERP, and the Matching Plan effective as of December 31, 2009. In conjunction with the freeze, the majority of participants no longer accrue a service credit under these plans. There were a certain number of participants who accrued a service credit under these plans in 2010 and 2011, as the plan freeze was not ratified by their union until 2010. Effective February 2008, the Willamette Falls Pension Plan was frozen, and no additional members may become participants of this plan.

The Health System's contributions to these defined benefit plans for the years ended December 31, 2011 and 2010 were \$100,749,000 and \$97,922,000, respectively.

December 31, 2011 and 2010

Net periodic pension cost for the defined benefit plans for 2011 and 2010 is included in employee benefits in the accompanying consolidated statements of operations and includes the following components

| | 2011 | 2010 |
|---|---------------------------|--------------|
| | (In thousands of dollars) | |
| Components of net periodic pension cost | | |
| Service cost | \$ 4,215 | 18,355 |

The accumulated benefit obligation was \$1,884,190,000 and \$1,856,001,000 at December 31, 2011 and 2010, respectively

Total expense for all of the Health System's defined benefit plans for the years ended December 31, 2011 and 2010 was \$121,207,000 and \$80,325,000, respectively, and is included in employee benefits in the accompanying consolidated statements of operations. Included in the total expense is \$32,500,000 of settlement costs that were incurred in 2011 related to settlements that were greater than the sum of the service cost and interest cost components of net periodic pension cost. This settlement expense is included in net nonoperating gains in the accompanying consolidated statements of operations.

The following pension benefit payments reflect expected future service. Payments expected to be paid over the next 10 years are as follows (in thousands of dollars)

| | |
|-------------|--------------------------|
| 2012 | \$ 169,597 |
| 2013 | 205,805 |

| 2016 – 2021 | <hr/> 903,704 |
| | <hr/> <hr/> \$ 1,668,957 |

The Health System expects to contribute approximately \$33,628,000 to the defined benefit plans in 2012

The expected long-term rate of return on plan assets is the expected average rate of return on the funds invested currently and on funds to be invested in the future in order to provide for the benefits included in the projected benefit obligation. The Health System used 7.0% in calculating the 2011

and 2010 expense amounts. This assumption is based on capital market assumptions and the plan's target asset allocation.

The Health System continues to monitor the expected long-term rate of return. If changes in those parameters cause 7.0% to be outside of a reasonable range of expected returns, or if actual plan returns over an extended period of time, suggest that general market assumptions are not representative of expected plan results, the Health System may revise this estimate prospectively.

Target asset allocation and expected long-term rate of return on assets (ELTRA) at December 31 was as follows:

| | 2011 and 2010 Target | 2011 ELTRA | 2010 ELTRA |
|---------------------------|---------------------------------|---------------------|---------------------|
| Cash and cash equivalents | 5% | 0.5% – 2% | 0.5% – 2% |

in Level 2 consist of shares or units in the investment funds as opposed to direct interests in the fund's underlying holdings, which are marketable securities. Because the net asset value reported by each fund is used as a practical expedient to estimate the fair value of the Health System's interest therein, its classification in Level 2 is based on the Health System's ability to redeem its interest at or near the balance sheet date. The classification in the fair value hierarchy is not necessarily an indication of the risks, liquidity, or degree of difficulty in estimating the fair value of each investment's underlying assets and liabilities.

The following table presents the Health System's activity for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the year ended December 31, 2011 (in thousands of dollars).

(b) Defined Contribution Plans

401(a) Service Plan

The Health System sponsors the Providence Health & Services 401(a) Service Plan (the Service Plan), which was effective January 1, 2010. The Service Plan covers substantially all employees, with contributions based on defined average compensation and years of service. The vesting period for the Service Plan is five years. The Health System contributed \$127,264,000 to the Service Plan in 2011 related to 2010, and has accrued a liability of \$133,996,000 as of December 31, 2011 related to contributions, which has been included in current portion of retirement plan obligations on the accompanying consolidated balance sheets.

401(k) Plan

The Health System sponsors the Providence Health & Services 401(k) Plan (the 401(k) Plan) Total 401(k) Plan expense, primarily related to contributions, totaled \$4.674,000 and \$4,434,000 in 2011 and 2010, respectively.

(9) Self-Insurance Liability

The Health System accrues estimated self-insured professional and general liability and workers' compensation insurance claims based on management's estimate of the ultimate costs for both reported claims and actuarially determined estimates of claims incurred-but-not-reported Insurance coverage in excess of the per occurrence self-insured retention, has been secured with insurers or reinsurers for specified amounts for professional, general and workers' compensation liabilities Decisions relating to the limit and scope of the self-insured layer and the amounts of excess insurance purchased are reviewed each year, subject to management's analysis of actuarial loss projections and the price and availability of acceptable commercial insurance

At December 31, 2011 and 2010, the estimated liability for future costs of professional and general liability claims was \$178,854,000 and \$170,109,000, respectively. At December 31, 2011 and 2010, the estimated workers' compensation obligation was \$132,216,000 and \$139,267,000, respectively, in the accompanying consolidated balance sheets At December 31, 2011 and 2010, \$236,126,000 and \$225,469,000, respectively, of these amounts were included as self-insurance liability, net of current portion, with the remainder included within current portion of self-insurance liability, in the accompanying consolidated balance sheets

(10) Commitments

The Health System has committed to several construction projects and other purchase commitments with an estimated cost of \$203,108,000, all of which is remaining to be spent as of December 31, 2011

(11) Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes at December 31, 2011 and 2010

| | 2011 | 2010 |
|--|---------------------------|----------------|
| | (In thousands of dollars) | |
| Program support | \$ 100,656 | 72,031 |

| Capital acquisition and other | 23,697 | 59,362 |
| Total temporarily restricted net assets | \$ 151,886 | 159,865 |

The Health System's fundraising foundations have obtained contributions to support the various programs offered by the Health System Many of these contributions remain temporarily restricted as of December 31, 2011 and 2010 because the time or purpose restrictions stipulated by the donor have not been met Total fundraising expenses were \$8,731,000 and \$8,821,000 for the years ended December 31,

PROVIDENCE HEALTH & SERVICES

Notes to Consolidated Financial Statements

December 31, 2011 and 2010

2011 and 2010, respectively. Generally, program support consists of items that will defray the cost of operating certain patient care activities of the Health System.

Other revenues included \$31,017,000 and \$33,293,000 of assets released from restriction for the years ended December 31, 2011 and 2010, respectively.

Permanently restricted net assets are restricted to investments in perpetuity, the income of which is expendable primarily for program support.

(12) Litigation and Contingencies

The healthcare industry is subject to numerous laws and regulations from federal, state, and local governments. Compliance with these laws and regulations can be subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time. Government monitoring and enforcement activity continues with respect to investigations and allegations concerning possible violations by healthcare providers of regulations, which could result in the imposition of significant fines and penalties, as well as significant repayments of patient services previously billed. Institutions within the Health System are subject to similar regulatory reviews.

Management is aware of certain asserted and unasserted legal claims and regulatory matters arising in the course of business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect on the Health System's consolidated financial statements.

(13) Functional Expenses

The Health System provides healthcare services to residents within its geographic service areas. Expenses related to providing these services for the years ended December 31, 2011 and 2010 are as follows:

| | 2011 | 2010 |
|-------------------------------------|----------------------------|-------------------------|
| | (In thousands of dollars) | |

(14) Subsequent Event

On February 1, 2012, the Health System and Swedish Health Services (Swedish) effected an Affiliation Agreement, which integrated the operations of the two health systems. The Health System and Swedish have affiliated to create a fully integrated, nonprofit, charitable health care system serving the communities throughout Western Washington. No cash or other purchase consideration was transferred to effect the affiliation.
