Form 990, Part III, Line 4c - Program Service Accomplishments

Farmland Stewardship Program: The goal of the Farmland Stewardship Program is to develop collaborative and scientifically-relevant stewardship plans for each of the Trust's properties, including outlines for Organic Certification, Salmon Safe Certification and implementation of agricultural Best Management Practices. Annual monitoring will ensure the land is used as prescribed in the conservation easement (organic agricultural use) and that it is being actively farmed. The innovative farmer outreach component of the stewardship program is unlike traditional land trust stewardship programs in that farmers are selected and vetted from the outset to help for a smoother transition when the land eventually changes owners. Farmers who are fully committed to organic agriculture, and interested in raising the next generation of farmers, are more likely to create internship and transition programs to ensure the viability of the farm into the future.
