^{*} Uncovered under the cost basis rules as defined below

Securities acquired before 2011 are generally not subject to the new cost basis reporting rules set forth in the Internal Revenue Code of 1986, as amended ("IRC") (incorporating amendments enacted by P L 110-343, the Emergency Economic Stabilization Act of 2008) and are, therefore, considered a uncovered, under the new cost basis reporting rules, and marked or denoted as such. All other securities in this section are securities which are "covered" under the new cost basis reporting rules. Securities which are "covered" under the new cost basis reporting rules are defined as securities which have been acquired on or after their "applicable date(s)" at which they are subject to the cost basis reporting rules and the adjusted basis will be reported to the IRS on form 1099-B for the applicable tax year in which the security is disposed.

Page 3 of 7

Note 1 This is the Annual Percentage Yield (APY) which is the rate earned if balances remain on deposit for a full year with compounding, there is no change in the interest rate and all interest is left in the account
