MEDICAL RESEARCH
2011 Request for Proposals

HAWAII COMMUNITY FOUNDATION

Overview
The Hawai'i Community Foundation's (HCF) Medical Research program makes grants annually to support basic and clinical research conducted in Hawai'i. In 2011, funds will be awarded through one grantmaking round. Award recommendations are made by the Medical Research Advisory Committee (MRAC).

The Medical Research program is supported by several funders including: the George F. Straub Trust, the Victoria S. and Bradley L. Geist Foundation, and multiple funds at Hawaii Community Foundation.

The following table lists the priority areas, funding source, and grant range.

Priority Area	Funding Source	Grant range
Basic Research (preference) – immunology, genetics, or the medicinal uses of Hawaiian plants	Geist Foundation	up to $50,000
Clinical/basic research – general	Straub Trust	up to $50,000
Clinical/basic research – cancer, heart disease, or lung disease	HCF	up to $50,000
Clinical/basic research – prevent blindness, with particular emphasis on macular degeneration Note: Applications are particularly encouraged in this area	HCF	up to $50,000
Clinical/basic research – type II diabetes (juvenile diabetes)	HCF	up to $50,000
Clinical/basic research – Alzheimer's disease, mental or physical diseases related to old age	HCF	up to $50,000
Research infrastructure – This priority area is not a research project, per se, but is intended to improve Hawai'i's research organizational effectiveness. For example, support of organizational change, support new or existing research systems, or assist with inter-organizational collaborative efforts, etc.	HCF	up to $25,000

Priorities
The intent of the Medical Research program is to support research proposals that are based on strong science and use proper protocols. Priority is given to research projects that:

- Demonstrate a foreseeable benefit to the people of Hawai'i.
- Are likely to lead to other funding sources, including bringing national funding to Hawai'i.
- Are a collaborative effort in Hawai'i-based research.
- Support a Principal Investigator (PI) who is a new and independent researcher in Hawai'i.

Award Period

- One-year grant requests – Researchers will have eighteen (18) months to complete their research project.
- Two-year grant requests – Researchers who receive a multi-year grant award will have up to eighteen (18) months to complete year 1 of their research. Release of 2nd year funds is contingent on receipt of a satisfactory progress report outlining the progress on the research and financial report documenting the full utilization of funds. Researchers will have eighteen (18) months to complete the final phase of their research project.

Eligibility
Organizations are eligible to apply for a grant if:

- Organization is a 501(c)(3) organization or a unit of government.

- The PI is based in and is conducting their research in Hawai'i.
- The PI is at least equivalent to an Assistant Professor.
- Only one (1) grant proposal submission per PI will be accepted. This includes being identified as a Co-PI.
- A PI with a current grant may apply if the current grant is due to expire within six (6) months of the RFP deadline date. However, if awarded, a new grant will not be released until the current grant is completed and all reports are received.

PROPOSAL PACKET

The proposal must be comprised of each of the items listed below. Incomplete proposals will not be reviewed. Please submit two sets (one original and one copy) of each of the following:

1. **HCF Medical Research Proposal Cover Sheet** (see attached)
   - PI's name, signature, address, telephone, fax, and email
   - Name and authorized signature of the institution fiscally responsible for the grant. (Note: All University of Hawai'i proposals must be signed by the Office of Research Services.)

2. **Proposal Abstract** (maximum of one (1) page)
   - Short description of the technical study that also includes study title, institution, and PI's name.

3. **Lay Summary** (maximum of one (1) page)
   - Short description of the study written for the general public that also includes study title, institution, and PI's name.

4. **Proposal Narrative** (maximum of eight (8) pages, single spaced, using Times New Roman font, and a font size of not less than 12 pt.)
   - Name(s) of PI(s).
   - Research Plan that outlines the significance of the research, specific aim(s), methodology and preliminary data.
   - Significance of project, including how the research will benefit the people of Hawai'i, document a need and relate to the field of medicine, and how project findings will be disseminated.
   - **For Clinical Research, the proposal narrative must also include the following:**
     - How patients will be recruited.
     - Detail on the research procedures that will be used.
     - Detail on how the research will be analyzed.
     - Status of IRB approval

5. **Bibliography** (maximum of two (2) pages)
   - DO NOT submit actual papers or research documentation as part of your proposal.

6. **Budget**
   - Grant funds may be used for salaries, supplies and other expenses directly related to the proposed project. Funding may support PI(s) salary. However the parent institution must confirm the availability of the PI's time. A limited amount of equipment essential to the proposed project may be funded provided sufficient justification is included.
   - Project Budget – Provide details of the total cost of the project. Identify the amount requested from this grant and which expenses the grant funds would cover, and list all the sources of funds to cover the total cost of the project including those that have been secured and are currently unsecured. The project budget may include travel expenses provided justification is sound and reasonable.
   - Budget Justification – Provide justification for all of the expenses attributed to the research that this grant is being requested to support. For salaries, please provide the formula for deriving at the budgeted amount (i.e. hourly rate x # of hrs. dedicated to the project).

- Indirect Costs – For grants to the University of Hawai'i that are awarded through the Office of Research Services, a flat rate of 5% of total direct costs will be allowed. For other institutions, indirect costs are allowed on a direct personnel costs basis only and are calculated as follows:
  - 40% of the project's direct personnel costs for studies with a total project budget below $10,000
  - 30% of the project's direct personnel costs for studies with a total project budget of $10,001 – $20,000
  - 20% of the project's direct personnel costs for studies with a total project budget of $20,001 and over
- Other Funding Sources – Include a list of pending requests for this and all other research projects of the PI and co-PI(s) including name of agency, title of project, amount requested and period of support. Indicate whether the application is for an identical or similar project and where the proposed study fits with current or pending funded research. For scientific or budget similarities between this and other pending requests and/or funded projects, provide an explicit description of why this funding would not be considered overlap. Also include the abstract and specific aims of other projects that might be seen as potentially having overlap.

7. **Biographical Sketch** (maximum of four (4) pages)
   - Required for all PI(s) and co-PI(s) associated with the research. Please use the NIH Bio Sketch format. This format can be found at http://grants.nih.gov/grants/funding/phs398/biosketch.pdf
   - Reviewers are interested in research that will be shared. The productivity of the PI in publishing results of previous research should be included.

Please note: The MRAC that reviews all proposals includes scientists from a variety of disciplines in both basic and clinical research. Since your proposal may not be reviewed by a researcher in your specific discipline, the writing should be tailored for a more general medical/scientific audience.

Other materials required to be submitted with the proposal

- For research involving either human or animal subjects, the PI must submit the IRB application cover page as documentation of a request for IRB approval. Please do not submit the entire application. If approved, the grant will be contingent on receiving IRB approval. No proposals shall be reviewed without the IRB cover sheet and no funds shall be released without documentation of IRB approval.
- If the organization is applying for the first time to Hawai'i Community Foundation or if there are any changes since last submitted, please submit the organization's IRS determination letter (not applicable to units of government)

- ☐ No binding, folders, staples
- ☐ No videos or CDs
- ☐ Appendices must have title page(s) and should be limited in length

Proposal Resubmission

A PI who previously submitted a research proposal that was denied within the last twelve (12) months, and was encouraged to resubmit a proposal, may resubmit their proposal for review provided they adhere to the items below. Resubmitting a proposal DOES NOT guarantee your research proposal will be approved.

- In the "Medical Research Cover Sheet" which follows in this RFP, you must indicate that your proposal is a resubmission and provide the HCF proposal ID# of the denied proposal.
- The proposal resubmission must adhere to the items requested in the "Proposal Packet" indicated above.
- For the "Proposal Narrative" section (#4 of the "Proposal Packet" above), please provide a cover letter that summarizes the differences between the original and resubmitted proposals.

- Applicants are strongly advised to consider the previous comments of the reviewers when resubmitting a proposal.

Capacity Building
Request for Proposals

Background: Victoria and Bradley Geist were single children who grew up in non-traditional families. They created their successes in life through their own personal efforts. The Foundation wishes to support foster children, their caregivers, and transitioning foster youth. The Foundation recognizes that the strength and capacity of the nonprofit organizations and programs serving foster children, their families, and youth are key to the healthy development of foster children and transitioning youth. The Foundation offers this Request for Proposals to provide meaningful support that enables nonprofit organizations and programs to strengthen and grow their capacity to serve foster children, their caregivers and transitioning foster youth.

Funding Priorities:

    - Their caregivers, or

Revised January 2011

- Current foster youth or young adults between the ages of 16 and 24 who have aged out of the state child welfare or mental health systems.

Grant Range, Duration and Exclusions:
Grants generally range from $5,000 to $40,000 and may be multi-year commitments, based on submission of satisfactory progress reports. Grants will not be made for capital, endowments, re-granting activities or operating costs.

Proposal Review Criteria:
The strongest proposals will be those that meet all or most of the following criteria:

Readiness to Build Capacity

- Organization demonstrates awareness of its strengths and weaknesses.
- Planning and/or self-assessment have taken place prior to beginning project.
- Project is based on a well-considered strategy.
- Project timing is relevant for the organization's stage of development.
- Board supports and is engaged in the project. If the project is program-based, upper level management supports and is engaged in the project.
- Organization demonstrates an ability to evolve, learn and be responsive to change.

Integrity of Proposed Project

- Project is focused and well defined.
- Project identifies clear outcomes and measures of success.
- Appropriate stakeholders are involved in the project.
- Project budget is adequate, relates to the project narrative, and costs are reasonable.
- If a consultant is involved in the project, that person is qualified to undertake the project

Potential for Impact of the Project

- Project will build substantial new capacity within the organization, program, or system.
- Project positions the organization or system for greater impact in fulfilling its mission.

Programming Excellence & Impact
Organization's programs demonstrate excellence and impact in serving the children, youth and caregivers involved in the state's child welfare or child and adolescent mental health systems.

Financial Condition
Organization's financial condition is stable, or the proposal explicitly addresses financial management

Proposal Package: The proposal (one copy) should describe the following:

A. Organizational Profile *(not to exceed 1 page)*

- Describe the history of the organization, including an overview of its programs.
- Briefly describe the organization's place in the child welfare or mental health field and in this community.
- How does the organization measure its impact upon the needs of its clients or community?

B. Project Description *(not to exceed 4 pages)*

- Of all the things that you could do to strengthen your organization or program, why have you chosen to do this project now? (Reference both internal and external factors.)
- What have you done internally to prepare for this project? For example, discussions with the management team, involved the appropriate stakeholders, consulted with the board, etc.
- Who will provide leadership for this project, and why?
- In addition to Geist grant resources, what other resources, both financial and non-financial will you need for this project? For instance, how much staff time, what types of information, etc.
- The Foundation invests in capacity building to improve an organization's ability to accomplish its mission and benefit foster children, their caregivers and transitioning foster youth. We realize this impact may take time, and be difficult to measure. Beyond the project outcomes, how do you think this project will contribute to your organization's ability to accomplish its mission and to benefit foster children, their caregivers and transitioning foster youth? How will you measure the impact, and when do you think you will begin to see that impact?
- If you plan to use a consultant, you must select the consultant and submit their work plan and statement of qualifications along with your proposal. Proposals that include a consultant, but do not include their work plan and statement of qualifications will not be reviewed. Suggested elements of a consultant work plan: www.hawaiicommunityfoundation.org/index.php?id=77
- If the project includes hiring new staff, attach a job description and discuss how the position will be sustained beyond the grant period.

C. Project Matrix -- This is a key component of your proposal, and will be used in the final reporting process. Use the Project Matrix from the website under the Victoria S. and Bradley L Geist Foundation: Capacity Building.

Supporting Foster Children and their Caregivers
Request for Proposals

Background:
Victoria and Bradley Geist were single children who grew up in non-traditional families. They created their successes in life through their own personal efforts. The Geists were quiet philanthropists who gave anonymously and generously. During their lives, they planned to use the wealth they had accumulated to establish the Victoria S. and Bradley L. Geist Foundation.

The Foundation wishes to support foster children and their caregivers. The Foundation recognizes that the appropriate resources and support for foster children and their caregivers contribute to healthier and happier lives. The Foundation offers this Request for Proposals to provide meaningful support for efforts that will result in supportive homes and experiences for Hawaii's foster children.

Funding Priorities:
Preference will be given to efforts that

- Support the recruitment, training and retention of quality foster parents;
- Support the continued relationships of foster children to their siblings;
- Address the unique needs of foster children or of their caregivers; or
- Empower foster children to participate in the decisions affecting their lives.

Eligibility Requirements:

- Tax-exempt Hawaii organizations are eligible to apply. This includes nonprofit organizations, 501(c)(3) organizations, religious organizations that are exempt from taxation, and units of government.
- More than 50 percent of the individuals served by the program must be:
  - Children in the foster custody of a Hawai'i state government agency;
  - Children placed by a Hawai'i state government agency in therapeutic foster placement or in kinship, foster, respite, guardianship, permanent custody, or adoptive families; or
  - Their caregivers.

Grant Range, Duration, and Exclusions:

- Grants usually range from $10,000 to $100,000 per year.
- Requests are considered in relationship to the size of the organization's operating budget.
- Unless the organization's clientele are solely legally recognized foster children and their caregivers, administrative fees are capped at 5% per grant award. The Foundation reserves the right to determine those costs that are administrative and subject to the limited percentage.

Revised January 2011

- Commitments for up to three years will be considered, contingent on the submission of satisfactory progress reports.
- Capital requests and endowments will not be funded.

Proposal Review Criteria:
The strongest proposals will be those that meet all or most of the following criteria:

Integrity of the Proposed Program

- Program is well-defined and likely to be implemented successfully,
- Organization demonstrates the ability to deliver the program,
- Program budget is adequate and program costs are reasonable and consistent with the narrative,

Potential for Impact of the Program

- Program has the means to measure benefits to the participants or the community,
- Program evaluation and ongoing improvement are clearly incorporated into program design,
- Program demonstrates the ability to leverage other resources (such as funds, in-kind or community partnerships).

Request for Proposals

Background: Victoria and Bradley Geist were single children who grew up in non-traditional families. They created their successes in life through their own personal efforts. The Geists were quiet philanthropists who gave anonymously and generously. During their lives, they planned to use the wealth they had accumulated to establish the Victoria S. and Bradley L. The Foundation recognizes that transitioning foster youth will succeed and give back to the community when they have positive and supportive peer and adult networks, opportunities to pursue employment and post-secondary education and training, and basic supports available in the community when needed.

The Foundation supports the Hawaii Youth Opportunities Initiative, a Co-Investment site with the Jim Casey Youth Opportunities Initiative. Therefore, the Foundation offers this Request for Proposals to provide support to Hawaii's transitioning foster youth through projects that are aligned with the Jim Casey Youth Opportunities Initiative and the Hawaii Youth Opportunities Initiative.
