Footnote for uncertain tax position under FIN 48 (Part X)

CAMF has adopted accounting principles related to accounting for uncertainty in income

taxes. CAMF's policy is to record a liability for any tax position taken that is

beneficial to CAMF, including any related interest and penalties, when it is more likely

than not the position taken by management with respect to a transaction or class of

transactions will be overturned by a taxing authority upon examination. Penalties and

interest related to underpayment of income taxes are not recorded as income taxes but as
