Description of Uncertain Tax Positions Under FIN 48	Part X	The Agency's policy is to classify income tax related interest and penalties, if incurred, in interest expense and miscellaneous expense, respectively. Accounting principles generally accepted in the United States of America require that a liability be recorded for uncertain tax positions taken, if it is determined that the tax positions taken would more-likely-than-not be denied upon examination by taxing authorities. Management of the Agency has analyzed the tax positions taken in its filings with the Federal Government and State of New Jersey, and concluded that no tax positions have been taken that would not be sustained upon examination. Accordingly, the Agency has not recorded any reserves, or related accruals for interest and penalties for uncertain tax positions at June 30, 2012. The Agency's federal exempt returns for 2009-2011 are subject to examination by the IRS, generally for three years after they were filed. The Organization's state informational returns for 2008-2011 are subject to examination up to four years after they were filed. The statute of limitations does not apply to unfilled returns. The Agency believes that all required returns have been filed.

Two evidence based programs are provided throughout the state, including Military Family Night which uses the Strengthening Families curriculum, and Achieving Personal Balance which uses the Coping with Work and Family Stress curriculum. Strategic Prevention Framework-State Incentive Grant (SPF-SIG). The Strategic Prevention Framework State Incentive Grant (SPF-SIG) supports the NJ Social Marketing Collaborative developed by the New Jersey Prevention Network (NJPN), the Partnership for a Drug Free New Jersey (PDFNJ) and the New Jersey AD Club in order to positively impact the 18 to 25 year olds and their parents. Bringing together the expertise of these three organizations and adding the full Collaborative membership establishes a strong base to develop and implement a statewide effective prevention program. The Collaborative has created a culturally-competent social marketing campaign to create a community that supports responsible use of alcohol by those over 21 and understands the severe consequences of underage drinking and the dangers of other drug use by all. Community Transformation Grant. NJPN received the CTG grant through the Center for Disease Control and Prevention (CDC). The CTG has created the Coalition for a Healthy NJ that will focus chronic disease prevention within New Jersey's 13 small counties (under 500,000 in population) and address five strategic directions identified by CDC. These five strategic directions include tobacco-free living, active living and healthy eating, high quality clinical preventative services, social and emotional wellness and healthy and safe physical environment. NJPN is leading a comprehensive needs assessment to determine the chronic disease health burden within the targeted counties and will priorities these needs. The current grant is a capacity level project with the opportunity to apply for additional funding to implement interventions to address the identified priorities. The Coalition for a Healthy NJ currently has over 125 members and five Strategic Advisory Groups (SAG) that are providing us with guidance and recommendations in each focus area. Training and Technical Assistance for the Regional Coalition Project. Replacing the Resource Center and the Childhood Drinking projects, the NJDMHAS created a network of Regional Coalitions to address the state's substance abuse priorities. NJPN is providing technical assistance and support to the 17 Regional Coalitions regarding implementing the Strategic Prevention Framework including needs assessment, capacity building, planning, and implementation. Through trainings, webinars and one-on-one technical assistance, NJPN is supporting the effective implementation of environmental strategies that will make population level change within New Jersey. Evaluation Support for the Regional Coalitions (Rutgers' Contract). NJPN has been contracted by Rutgers to assist them in providing Evaluation support to the 17 Regional Coalitions. The Evaluation Team has created consistent data collection tools that the Regional Coalitions have utilized during their needs assessment process to capture statewide information on the substance abuse trends, policy scan details and prevention resources. As this project moves forward, a comprehensive evaluation plan will be developed and implemented to measure the successes of the Regional Coalition Project.
