Part X	Part X FIN48 Footnote	The Organization follows FASB accounting standards for uncertainty in income taxes. These standards require that uncertain income tax positions be "more likely than not" before the amounts are recognized in the financial statements. Further, the standards require the benefit or expense be recorded in the financial statements as the amount most likely to be realized assuming a review by tax authorities having all relevant information and applying current conventions. The Organization has assessed its federal and state tax positions and determined there were no uncertainties or possible related effects that need to be recorded as of and for the year ended June 30, 2012. The federal and state income tax returns of the Organization are subject to examination by the respective taxing authorities generally for three years after they were filed.
