Identifier	Return Reference	Explanation
Description of Uncertain Tax Positions Under FIN 48	Part X	The Foundation accounts for the effect of any uncertain tax positions based on a "more likely than not" threshold to the recognition of the tax positions being sustained based on the technical merits of the position under scrutiny by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax effect is estimated based in a "cumulative probability assessment" that aggregates the estimated tax liability for uncertain tax positions. Interest and penalties, if any, are accrued as a component of management and general expenses when assessed. The Foundation has identified its tax status as a tax exempt entity under Section 501(c)(3) and its determination that it has no unrelated business income as tax positions, however, the Foundation has determined that such tax positions do not result in an uncertainty requiring recognition. The Foundation is not under audit in any jurisdiction for any period. Returns for years ended prior to June 30, 2009 are no longer subject to examination by taxing authorities.
