Description of Uncertain Tax Positions Under FIN 48	Part X	Income tax benefits are recognized for income tax positions taken, or expected to be taken, in a tax return only when it is determined that the income tax position will more likely than not be sustained upon examination by taxing authorities. The College has analyzed its tax positions taken for filings with the Internal Revenue Service. The College believes that its income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse affect on the Colleges financial condition, results of operations, or cash flows. Accordingly, the College has not recorded any tax assets or liabilities, or related accruals for interest and penalties for uncertain income tax positions at June 30, 2012 or 2011. The College would recognize interest and penalties, if any, related to unrecognized tax benefits in interest expense. All tax exempt entities are subject to review and audit by federal, state and other applicable agencies. Such agencies may review the taxability of unrelated business income, or the qualification of the tax-exempt entity under the Internal Revenue Code and applicable state statutes. There currently are no audits of the Colleges returns in progress. With few exceptions, the College is no longer subject to U S federal income tax examinations for tax years before 2008.
