Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response to any question in this Part III ☐

1 Briefly describe the organization's mission

TO CREATE AND DELIVER HIGH QUALITY HOSPITAL, PHYSICIAN AND OTHER HEALTHCARE RELATED SERVICES THAT IMPROVE THE HEALTH AND WELL-BEING OF THE INDIVIDUALS AND COMMUNITIES WE SERVE

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No

If "Yes," describe these new services on Schedule O

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No

If "Yes," describe these changes on Schedule O

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations and section 4947(a)(1) trusts are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

As discussed herein, Kennestone Hospital, Inc (an affiliate of Wellstar Health System, Inc) operates as a charitable organization consistent with the requirements of Internal Revenue Code Section 501(c)(3) and the "community benefit standard" of IRS Revenue Ruling 69-545 In this regard, the governing body of the organization and/or its parent is composed of prominent citizens in the community, medical staff privileges in the hospital are available to all qualified physicians in the area, consistent with the size and nature of the facility, one of the hospitals operates a full-time emergency room open to all regardless of the ability to pay, the hospital provides care to needy members of its community consistent with its charity care policy regardless of their ability to pay for these services and admits as patients those able to pay for care, either themselves or through third-party payers such as private health insurance or government programs such as Medicare and Medicaid, and the hospital's excess funds are generally applied to expansion and replacement of existing facilities and equipment, amortization of indebtedness, improvement in patient care, community benefit activities, and charity care Kennestone Hospital, Inc consists of two hospitals, Wellstar Kennestone and Wellstar Windy Hill These hospitals combined to invest approximately \$151.0 million in capital expenditures for the fiscal period Wellstar Kennestone Hospital is a general acute care hospital which provides a full range of inpatient and outpatient services for the overall health of the community The hospital is located in Marietta, Georgia The original hospital was constructed in 1950 The present main building was constructed in 1975 Kennestone is licensed to operate 633 beds and is currently staffed to operate 588 beds Wellstar Windy Hill Hospital is located in the unincorporated area of Cobb County in northwest metropolitan Atlanta It is an acute care hospital concentrating at the present time on long term care inpatient and outpatient services The original structure was built in 1973 and renovated in 1987 The beds at Windy Hill serve medically complex patients whose average stay is approximately 30 days Kennestone Hospital, Inc affiliated with Northwest Georgia Health System in 1993 In 1994 Northwest Georgia Health System helped form the Promina Health System and changed its name to Promina Northwest Health System In 1998 Promina Northwest changed its name to Wellstar Health System Wellstar became totally independent of Promina in 2000 Kennestone Hospital, Inc was organized in 1993 and is subordinate to, and subject to the authority of, Wellstar Health System and its governing board Kennestone offers most major inpatient clinical services, a variety of outpatient services, women's services and open heart surgery It is one of the largest hospitals in the state of Georgia Kennestone is also home to a variety of state-of-the-art procedures and equipment not offered elsewhere in the larger Atlanta metro service area The hospital has also opened several satellite outpatient imaging centers to provide easier access to our patient population One additional service offered on the campus of Kennestone is called Atherton Place This residential facility provides independent housing as well as assisted living to residents needing these services--especially the elderly During the reporting period Kennestone also opened a residential hospice facility at Kennesaw Mountain Windy Hill has transitioned its focus to long-term inpatient and outpatient services These services include a concentration in geriatrics, rehabilitation, orthopedics and senior care An additional service offered at Windy Hill Hospital includes a women's imaging department The following stats constitute the overall program services for the period ended June 30, 2012 Kennestone Hospital Total Adult Discharges 35,560 Med/Surg Short Stay Cases 2,543 Newborn Discharges 5,399 Emergency Room Visits 119,813 Total surgery cases 22,125 Non ED OP Radiology Procedures 150,499 Cath Lab Procedures 7,224 GI Lab Procedures 3,870 Radiology Oncology procedures 16,012 (Paid) 247 Community Benefit Reporting Community Outreach and Health Improvements \$1,775,639 Unreimbursed Charity Care (at cost) \$53,651,366 (based on Charity/Indigent charges of \$182.1 million) Health professions education \$301,752 Medicaid Shortfalls (at cost) \$9,282,043 Total community benefit expense for the two hospitals was \$65,010,800 Community Benefits Detail Kennestone and Windy Hill, affiliates of Wellstar Health System, participate in many community and educational programs for the overall health and benefit of the area that it serves The following are examples of programs or services that are provided by Kennestone Hospital, Inc for the charitable benefit of the community Community Health/Education Wellstar's Marketing and Public Relations department provides free brochures on a variety of health-related topics such as blood pressure, diabetes, cholesterol, osteoporosis, and nutrition Kennestone Hospital specifically offers the community the space and instructors for many support groups and educational opportunities--some free of charge and others at a nominal fee (examples of the offerings are women's health, palliative care, birthing classes, etc) Kennestone and Windy Hill also offer free and/or low cost screenings for health issues such as blood pressure, cholesterol, flu shots, and others The hospitals also help sponsor an annual "Latino" health fair to reach out to the ever expanding Hispanic community that it serves System-wide for the reporting period over 200,000 area residents were seen at either the screenings or health fairs School Health Program--This program is operated in conjunction with area school systems and seeks to teach school-aged children about health and safety topics such as dental health, water safety, seat belt safety and others Safe Kids-Cobb/Cherokee Wellstar and the Cobb Public Health Department sponsor safety education events on an annual basis to the community, specifically the Cobb County area The safety initiatives are centered around car seat checks, bike helmets, water safety and other preventive initiatives The mission is to reduce the number of accidental injuries for children ages 14 and under The SafeKids Cobb program provided 1,700 car seat checks with a number of car seats distributed to families in need The Women's and Children Resource Center of Kennestone offers a program that provides much needed support for mothers and their newborn babies The program demonstrates our commitment to the health and well-being of new mothers and babies in our community Approximately 2000 parents attended prenatal and childbirth classes sponsored by the Women's Center The Partner-in-Education program provides health-related supplies and support to area elementary and middle schools Through the "Partners in Ministry" program, the Pastoral Care Department leads a partnership between the health system and local area congregations to link between the spiritual and clinical community needs Wellstar offers a Disease Management program in which five chronic diseases are monitored for patients through periodic updates by a Wellstar clinician (via phone) This program helped reduce both hospital admissions and ER visits for those patients in the program Sponsorships and Community Activities Employees participated in the Heart Walk in support of those suffering from heart disease The system is a major sponsor (the Wellstar Cardiac Network) in this American Heart Association initiative by contributing \$100,000 and donating staff time to this worthwhile cause A group of Kennestone Hospital employees also volunteered to participate in the "Relay for Life" event to raise funds and awareness of cancer treatment and prevention The event benefited the American Cancer Society A portion of the Kennestone Hospital community is beneficiary of some of Wellstar's sponsorships and contributions including \$10,000 raised system-wide Additionally Wellstar donated \$10,000 to support the March of Dimes and employees raised an additional \$8,000 for this worthwhile cause Accomplishments and Recognition Kennestone and Windy Hill Hospitals are accredited by the Joint Commission Wellstar was granted accreditation by the Intersocietal Commission for the Accreditation of Echocardiography Labs after rigorous testing and quality outcomes for diagnosis of heart disease Kennestone Hospital is the first in the metro Atlanta area to install the CAREpoint Workstation which helps save lives threatened by cardiac emergencies This is in addition to the system's continued work with fire and rescue departments, Air Life, EM

Footnote on Bad Debt and Rationale for Community Benefit	Schedule H Part III Line 4	The following footnote is detailed in the Wellstar Health System, Inc. and Affiliates Combined Financial Statements related to bad debt or uncollectible accounts "During 2011, Wellstar adopted the provisions of FASB Accounting Standards Update (2011-07), Healthcare Entities (Topic 954) ASU 2011-07 requires the reclassification of the provision for uncollectible accounts associated with patient service revenue from an operating expense to a deduction from patient service revenue (net of contractual allowances and discounts) " " Wellstar recognizes patient service revenue associated with services provided to patients with third-party payor coverage on the basis of contractual rates for the services rendered For uninsured patients that do not qualify for community financial aid, Wellstar recognizes revenue on the basis of its discounted rates for services provided On the basis of historical experience, a significant portion of Wellstar's uninsured patients are unable or unwilling to pay for the services provided Thus, Wellstar records a significant provision for uncollectible accounts related to uninsured patients in the period the services are provided " Subsequent to the end of the reporting period a propensity to pay review of patient accounts often results in prior year bad debt accounts which are deemed eligible for the organization's financial assistance policy Those bad debt accounts are reclassified as charity and thus our rationale for including in community benefit

Medicare Shortfalls	Schedule H Part III Line 8	Kennestone and Windy Hill Hospitals are providers of inpatient and outpatient services to Medicare program beneficiaries at determined rates. Without the participation in the Medicare program these patients may not have had convenient access to those services. The Medicare shortfall on line 7 represents the uncompensated difference between the expected reimbursement and the Medicare charges for those services stated at cost. We determine a cost to charge ratio for Medicare patients as part of the annual filing of the Medicare cost report.

Facility Descriptions-Kennestone and Windy Hill	Schedule H Part V	Kennestone Hospital ia a general acute care hospital providing a full range of services, is licensed to operate 633 beds, and is presently staffed to operate 588 beds. It is located on an approximately 41-acre campus in Marietta, Georgia and is housed within a complex of connected buildings containing a total square footage in excess of 1,112,000 square feet. The original hospital was constructed in 1950, major structural additions were made during the 1960s, 1975, 1998, and 2006. A new patient tower was completed in 2005 and greatly expanded the cardiac services capabilities of the hospital. Additionally a fourth patient tower recently opened to transition the hospital to private rooms from the current semi-private bed methodology. Kennestone Hospital provides medical, surgical, obstetrical, and rehabilitative inpatient care and outpatient care, including one of the busiest emergency rooms in the state of Georgia--recently designated a level II Trauma center for the service area. The hospital experiences over 116,000 annual visits in its adult and pediatric emergency room facilities. With its full range of inpatient and outpatient services the hospital has expanded programs in open-heart surgery and services including a Congestive Heart Failure Clinic which opened in February of 2012, ambulatory surgery, oncology services and surgery including cyberknife technology, radiology services and surgery, and women's and children's services. In May of 2012, Kennestone began performing Transcatheter Aortic Valve Replacement surgery (TAVR). Windy Hill Hospital, located in the unincorporated area of Cobb County in northwest metropolitan Atlanta, is an acute care hospital concentrating on long-term acute inpatient and outpatient services. It is licensed to operate 115 beds, is presently staffed to operate 55 beds, is located on an approximately 15-acre campus, and contains total square footage of approximately 100,000 square feet. A twelve bed sleep disorder center is located at Windy Hill. Windy Hill was originally constructed in 1973 and renovated in 1987. The main areas of focus for Windy Hill Hospital include long-term acute care, rehabilitation, orthopedics, and diagnostics. Windy Hill also offers a service in the treatment of sleep disorders.

Needs Assessment	Schedule H Part VI Line 2	Wellstar Health System (and affiliates) is a key stakeholder in MAPP, Mobilizing for Action through Planning and Partnerships MAPP, developed by the National Association of County and City Health Officials (NACCHO) in collaboration with the CDC, provides a structured guidance on creating and implementing a community-wide strategic planning process focused on improving the health and safety of our population. Through MAPP, a broad collection of community partners and residents come together to identify and prioritize health and safety issues and to identify resources for addressing them. The process results in an actionable community health improvement plan (CHIP) for measurable improvements in the community's health and quality of life as well as a scorecard for implementation and evaluation. The resulting community plan does not focus on one agency or community health challenge, rather, MAPP provides a long-term strategy that addresses the multiple factors that affect health in the community. Community involvement throughout the creation and the implementation of a health improvement plan results in creative solutions to community health problems with an improved focus on priorities, reduced duplication of services, increased collaboration on projects and activities, and increased capacity to garner additional resources. Moreover, continuous community involvement leads to community ownership of the process. Community ownership, in turn, increases the credibility and sustainability of the health improvement efforts.

Patient Education of Eligibility for Assistance	Schedule H Part VI Line 3	Kennestone and Windy Hill Hospitals provide its patients with hospital personnel or contracted personnel who are trained in all aspects of governmental programs, payments plans, charity discounts, and other financial assistance offered to assist them in their hospital bills. If the patient is eligible for federal or state assistance programs, a staff member is knowledgeable in the steps necessary to qualify those individuals. If a patient is indigent or charity eligible they will be offered assistance through the hospital's charity and indigent care policy including the state's indigent care trust fund. If the patient has no other insurance and fails to qualify for indigent care assistance, the financial counselor can then offer the patient an opportunity to accept a payment plan with discounted payment options based on their ability to pay immediately or over time. All patient are afforded these opportunities.

Community Information	Schedule H Part VI Line 4	Kennestone and Windy Hill Hospitals are two of five hospitals that are affiliated with Wellstar Health System. The primary service area of the system is located in the Northwest Georgia area and receives the majority of its patients from one of five counties (Cherokee, Cobb, Douglas, Bartow and Paulding). Generally about 85% to 90% of the patient volume comes from this service area although other health systems have a presence in the area as well. Demographically the region is one of the fastest growing in the state as well as the country and the expansion of the services for the patient population reflects a desire to offer healthcare "closer to home" since Wellstar is considered a part of a larger metropolitan Atlanta market. Economically the region is strong in per capita income but given recent trends a rise in the uninsured and indigent population has occurred.

Non-Fixed Payments to Officers	Form 990 Schedule J Line 7	Wellstar has instituted an annual incentive plan for key leaders in the company. On an annual basis performance measures are proposed by management and approved and recommended by the Compensation Committee of the Board. The plan is designed to retain and reward leaders with incentives that keep them competitive with the market and comparable health systems. The criteria used to measure the performance consists of weighted factors in the areas of financial performance, customer service, employee engagement and quality indicators. Upon successful achievement in the targeted levels for each factor, a performance payout is recommended and approved by the Board after the annual financial audit is completed. Last year the board and senior management extended the incentive program to include all team members or non-management personnel. The performance pay plan for this group of employees is based on successful attainment of various system and facility goals and the fixed dollar awarded for that achievement.

Conflict of Interest Policy	Form 990 Part VI Section B Line 12A, B, & C	Our conflict of interest policy requires all covered persons to annually review the policy and then complete, sign and return the Conflicts of Interest Survey and Attestation to the Compliance Office. The Policy requires an on-going disclosure obligation in the event a conflict arises during the year. The following is our process to regularly and consistently monitor and enforce the policy. Compliance identifies all covered persons who must complete the Survey and Attestation. Compliance verifies that the Survey and Attestation is distributed to these persons. Compliance verifies that these persons return a fully completed and signed Survey and Attestation. Compliance reviews each completed and signed Survey and Attestation to identify all conflicts listed in the document. All conflicts, potential conflicts and incidences of non-compliance are referred to the Chief Compliance Officer. The CCO takes appropriate action to completely resolve all identified conflicts and incidences of non-compliance.

Process of Determining Officer Compensation	Form 990 Part VI Line 15A & B	Wellstar engages the Hay Group to work with the governing board to review and recommend executive compensation. The executive compensation process at Wellstar is overseen by a committee of independent trustees, which follows a board-approved executive compensation philosophy. The compensation committee consists of three trustees as well as the CEO in an advisory role and not a voting member. Further in committee discussions about the compensation for the Chief Executive Officer, The CEO will recuse himself/herself from that process but is a non-voting committee member for discussions on all other officers. The executive compensation philosophy empowers the committee to oversee the executive compensation process and administer the executive compensation program on behalf of the full board of trustee of Wellstar, provided, however, the full Board of Trustees evaluates and approves the compensation of the Chief Executive Officer. The philosophy requires annual disclosure of the committee's actions and decisions to the full board, which it has done. The committee is guided by the board-approved philosophy. Overall, the philosophy is intended to reward for organizational and individual performance. When performance is at a predetermined targeted level, the compensation is intended to be at or around the median of compensation paid to similar positions at similar organizations (the "market"). Wellstar's executive compensation philosophy defines the market as being comprised of comparable not-for-profit health care delivery systems, i.e., not-for-profit organizations similar in complexity and scale to Wellstar. To assist the committee in fulfilling its duties, the committee engaged the Hay Group to provide market compensation data to compare to the Wellstar positions whose compensation the committee oversees. The committee uses this data to provide context when making decisions in administering the compensation program. Accurate minutes of the committee's discussion and decisions are recorded during each committee meeting, and reviewed and approved by the full Board of Trustees at its next scheduled meeting.

Combined Financial Statements

June 30, 2012 and 2011

(With Independent Auditors' Report Thereon)

Independent Auditors' Report

The Board of Trustees
WellStar Health System, Inc

We have audited the accompanying combined balance sheets of WellStar Health System, Inc and affiliates (WellStar) as of June 30, 2012 and 2011, and the related combined statements of operations, changes in net assets, and cash flows for the years then ended. These combined financial statements are the responsibility of WellStar's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WellStar's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of WellStar Health System, Inc and affiliates as of June 30, 2012 and 2011, and the results of their operations, changes in net assets, and cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

As discussed in note 1(n), WellStar adopted the provisions of FASB Accounting Standards Update 2011-07, *Healthcare Entities (Topic 954)* during 2011. As discussed in note 1(k), WellStar has adopted the provisions of FASB Accounting Standards Codification 958, *Not-for-Profit Entities*, as it relates to subsequent accounting for goodwill and other intangible assets acquired in an acquisition, during 2011.

Notes to Combined Financial Statements

June 30, 2012 and 2011

(1) Summary of Significant Accounting Policies

WellStar Health System, Inc. (WellStar) is a multidimensional integrated healthcare organization, headquartered in Marietta, Georgia, which provides inpatient, outpatient, physician care, and emergency services for residents of northwest Georgia. The significant accounting policies used by WellStar in preparing and presenting its combined financial statements follow:

(a) *Organization and Business*

The combined financial statements include the accounts of WellStar and its controlled affiliates, including Kennestone Hospital, Inc., Cobb Hospital, Inc., Douglas Hospital, Inc., Paulding Medical Center, Inc., WellStar Foundation, Inc. (WellStar Foundation), CHS Foundation, Inc., Community Assurance Company, Ltd. (CAC), WellStar Health Ventures, LLC d/b/a WellStar OrthoSport, an outpatient rehab service, and WellStar Medical Group, LLC a multi-specialty group of WellStar owned physician practices.

All significant intercompany accounts and transactions have been eliminated in combination.

The Board of Trustees (the Board) of WellStar has the authority to approve appointments of the members of the boards of trustees of all affiliates. The Board includes at least one representative from each of the affiliates.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires that management make estimates and assumptions affecting the reported amounts of assets, liabilities, revenue, and expenses, as well as disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Significant items subject to such estimates and assumptions include the determination of the allowances for uncollectible accounts and contractual adjustments, self-insurance reserves, estimated third-party payor settlements, and the actuarially determined benefit liability related to WellStar's pension plan. In particular, laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates associated with these programs will change by a material amount in the near term.

(c) *Cash Equivalents*

WellStar considers investments in highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

(d) *Investments and Investment Income*

Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value in the combined balance sheets. Fair value is measured in accordance with relevant accounting literature and discussed in note 16 to the combined financial statements.

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2012 and 2011

Investment income items (including unrealized gains and losses, realized gains and losses on investments, interest, and dividends) are included in unrestricted revenue, gains, and other support in excess of expenses and losses in the combined statements of operations, unless restricted by the donor or law

(e) *Assets Limited as to Use*

Assets limited as to use primarily include assets set aside by the Board for future capital improvements, over which the Board retains control and may at its discretion subsequently use for other purposes, assets held by trustees under indenture agreements, assets held under self-insurance funding arrangements and donor restricted assets. Amounts required to meet related current liabilities of WellStar are classified as current assets in the accompanying combined balance sheets

(f) *Costs of Borrowing*

Bond issuance costs and bond discounts and premiums are amortized over the terms of the related bond issues

Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets. Capitalized interest specifically related to tax-exempt borrowings is recorded net of income earned on related trustee assets

(g) *Property and Equipment*

Property and equipment are stated at cost. Provisions for depreciation are computed using the straight-line method based on the estimated useful lives of the assets. Equipment under capital lease obligations is amortized using the straight-line method over the shorter of the lease term or the estimated useful life of the equipment. Such amortization is included in depreciation and amortization in the combined financial statements

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support, and are excluded from unrestricted revenue, gains, and other support in excess of expenses and losses. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed into service. Contributions restricted to the purchase of property and equipment or other restricted purposes which restrictions are met within the same year as received are reported as increases in unrestricted net assets in the accompanying combined financial statements

(h) *Inventories*

Inventories, consisting principally of medical supplies and pharmaceuticals, are stated at the lower of cost (first-in, first-out method) or replacement market

(i) *Other Assets*

Other assets include, among other things, investments in joint ventures and costs in excess of the fair value of the net tangible assets of certain acquired businesses (goodwill). Goodwill and intangible

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2012 and 2011

assets with indefinite lives are annually assessed for impairment. Investments in partnerships are accounted for using the equity method.

(j) *Impairment of Long-Lived Assets*

Long-lived assets, such as property and equipment and purchased intangibles, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized to the extent that the carrying amount of the asset exceeds its fair value.

(k) *Goodwill*

WellStar applies the provisions of FASB Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*, as it relates to subsequent accounting for goodwill and other intangible assets acquired in an acquisition.

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is reviewed for impairment at least annually. The goodwill impairment test is a two-step test. Under the first step, the fair value of the reporting unit is compared with its carrying value (including goodwill). If the fair value of the reporting unit is less than its carrying value, an indication of goodwill impairment exists for the reporting unit and WellStar must perform step two of the impairment test (measurement). Under step two, an impairment loss is recognized for any excess of the carrying amount of the reporting unit's goodwill over the implied fair value of that goodwill. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit in a manner similar to a purchase price allocation and the residual fair value after this allocation is the implied fair value of the reporting unit goodwill. Fair value of the reporting unit is determined using the market approach. If the fair value of the reporting unit exceeds its carrying value following step one, step two does not need to be performed.

WellStar performs its annual impairment review of goodwill each July 1, and when a triggering event occurs between annual impairment tests.

During 2012, WellStar did not identify any material reporting unit at risk of failing step one of the goodwill impairment test. The fair value of all reporting units is substantially in excess of their carrying value and therefore no impairment loss was recorded in fiscal 2012.

(l) *Temporarily and Permanently Restricted Net Assets*

Temporarily restricted net assets are those whose use by WellStar is restricted by donors for a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained by WellStar in perpetuity.

FASB ASC 958, *Not-for-Profit Entities*, provides guidance on the net asset classification of donor restricted endowment funds for a not-for-profit organization that are subject to an enacted version of

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2012 and 2011

the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and also requires disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds

WellStar has historically and to-date received a limited amount of donor-restricted endowment funds. The Board has interpreted Georgia's State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. Income from WellStar's donor-restricted endowment funds is generally restricted to specific donor-directed purposes, and is therefore accounted for within temporarily restricted net assets until expended in accordance with the donor's wishes. WellStar oversees individual donor-restricted endowment funds to ensure that the fair value of the original gift is preserved.

WellStar invests donor-restricted endowment funds within the framework of WellStar's overall investment management program.

(m) *Unrestricted Revenue, Gains, and Other Support in Excess of Expenses and Losses*

The combined statements of operations include unrestricted revenue, gains, and other support in excess of expenses and losses. Changes in unrestricted net assets which are excluded from unrestricted revenue, gains, and other support in excess of expenses and losses include assets released from restriction used for the purchase of property and equipment and the recognition of pension and post retirement liability adjustments arising during the current period.

(n) *Net Patient Service Revenue*

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, and investigations.

During 2011, WellStar adopted the provisions of FASB Accounting Standards Update (ASU) 2011-07, *Healthcare Entities (Topic 954)*. ASU 2011-07 requires the reclassification of the provision for uncollectible accounts associated with patient service revenue from an operating expense to a deduction from patient service revenue (net of contractual allowances and discounts). ASU 2011-07 also requires enhanced disclosure about healthcare entities' policies for recognizing revenue and assessing uncollectible accounts, and disclosures of patient service revenue and qualitative and quantitative information about changes in the allowance for uncollectible accounts.

(o) *Charity Care*

WellStar provides care to patients who meet certain criteria under its charity care policies without charge or at amounts less than its established rates. Because WellStar does not pursue collection of amounts determined to qualify as charity care, such amounts are not reported as revenue.

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2012 and 2011

During 2012, WellStar adopted the provisions of FASB ASU 2010-23, *Health Care Entities (Topic 954) Measuring Charity Care for Disclosure*. ASU 2010-23 amends ASC Subtopic 954-605, *Health Care Entities – Revenue Recognition* to require that cost be used as the measurement basis for charity care disclosure purposes. The method used to estimate such costs as well as any funds received to offset or subsidize charity services provided should also be disclosed.

(p) *Income Taxes*

WellStar and all but one of its affiliates have been recognized as exempt from Federal income tax under Internal Revenue Code Section 501(a) as organizations described in Section 501(c)(3) and, therefore, related income is generally not subject to Federal or state income taxes. CAC is a controlled foreign corporation not subject to Federal tax.

WellStar applies FASB ASC 740, *Income Taxes*, which addresses accounting for uncertainties in income tax positions. It also provides guidance on when tax positions are recognized in an entity's financial statements and how the values of these positions are determined. There is no impact on WellStar's combined financial statements as a result of the application of ASC 740.

(q) *Contributions*

Unconditional promises to give cash and other assets to WellStar are reported at estimated fair value at the date the promise is received. Conditional promises to give are recognized when the conditions are substantially met while indications of intentions to give are not recorded. Gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use or timing of use of the donated assets. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified as unrestricted net assets and reported as net assets released from restrictions.

(r) *Derivative Instruments and Hedging Activities*

At the effective date of any hedge accounting election, WellStar designates the associated derivative as either (1) a hedge of the fair value of a recognized asset or liability or of an unrecognized firm commitment (fair value hedge) or (2) a hedge of a forecasted transaction or the variability of cash flows to be received or paid related to a recognized asset or liability (cash flow hedge). WellStar formally assesses, both at inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values or cash flows of hedged items. When it is determined that a derivative is not highly effective as a hedge or that it has ceased to be a highly effective hedge, WellStar discontinues hedge accounting prospectively. To the extent that hedge ineffectiveness is associated with these changes in fair value, it is recognized in unrestricted revenue, gains, and other support in excess of expenses and losses. WellStar monitors the effectiveness of interest rate swaps designated as hedges on a quarterly basis.

Should hedge accounting be discontinued because it is determined that the derivative no longer qualifies as an effective cash flow hedge, WellStar continues to carry the derivative on the combined balance sheet at its fair value with subsequent changes in fair value included in unrestricted revenue, gains, and other support in excess of expenses and losses. Gains and losses that were accumulated in unrestricted net assets are amortized on a straight-line basis over the remaining life of the derivative.

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2012 and 2011

in the determination of unrestricted revenue, gains, and other support in excess of expenses and losses

WellStar does not currently apply hedge accounting to its derivative instrument

(s) *Asset Retirement Obligations*

WellStar recognizes the fair value of its liability for legal obligations associated with asset retirements in the period in which it is incurred, if a reasonable estimate of the fair value of the obligation can be made. When the liability is initially recorded, WellStar capitalizes the cost of the asset retirement obligation by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its present value each period, and the capitalized cost associated with the retirement obligation is depreciated over the useful life of the related asset. Upon settlement of the obligation, any difference between the cost to settle the asset retirement obligation and the recorded liability is recognized as a gain or loss in the combined statements of operations.

(t) *Retirement Benefits*

WellStar applies the recognition, measurement, and disclosure provisions of FASB ASC 715, *Compensation – Retirement Benefits*. ASC 715 requires that WellStar recognize the unfunded status of its defined benefit pension plan and post retirement plan on its combined balance sheet, measure plan assets and benefit obligations as of fiscal year-end and apply the applicable disclosure requirements. ASC 715 also provides guidance on an employer's disclosures about plan assets of a defined benefit pension or other postretirement plan.

(u) *Recently Adopted Accounting Standards*

During 2012, WellStar adopted the provisions of the FASB ASU 2010-24, *Health Care Entities (Topic 954) Presentation of Insurance Claims and Related Insurance Recoveries* in August 2010. ASU 2010-24 amends ASC Subtopic 954-450, *Health Care Entities – Contingencies*, to clarify that a health care entity should not net insurance recoveries against a related liability and that the claim liability should be determined without consideration of insurance recoveries. The ASU is effective for WellStar's fiscal year 2012 and did not have a significant financial reporting impact.

(v) *Subsequent Events*

WellStar has evaluated subsequent events through October 4, 2012, the date the combined financial statements were issued.

(w) *Reclassifications*

Certain reclassifications have been made to the 2011 combined financial statements to conform to the current year presentation.

Notes to Combined Financial Statements

June 30, 2012 and 2011

Construction in progress at June 30, 2012 is principally comprised of costs incurred to complete expansion and renovation projects at various affiliates' facilities. The estimated remaining cost to complete projects in progress through April 2014 is approximately \$202.1 million at June 30, 2012. WellStar's present capital improvements program provides for planned capital expenditures during fiscal years 2013 through 2017 as follows: 2013—\$303.5 million, 2014—\$171.4 million, 2015—\$133.9 million, 2016—\$131.2 million, 2017—\$88.1 million.

WellStar entered into a software contract subsequent to June 30, 2012 to acquire and implement a new clinical information system and is financing the acquisition over four years totaling approximately \$18.0 million.

WellStar exercised its option to call the outstanding Series 2001 Certificates on October 1, 2011 and extinguished such amounts on October 7, 2011.

On November 1, 2011, WellStar issued Revenue Anticipation Refunding and Improvement Certificates, Series 2011, in the original principal amount of \$123.8 million to finance the costs of certain capital improvements, to refund all of the outstanding Series 1999 Certificates and to pay for certain costs of issuance. In accordance with relevant accounting literature, WellStar recognized a \$1.6 million loss on

extinguishment resulting from the write-off of associated unamortized bond issuance costs, premiums and discounts related to the Series 1999 Certificates refunded, which is included in unrestricted revenue, gains, and other support in excess of expenses and losses in the accompanying 2012 combined statement of operations

On June 28, 2012, WellStar issued Revenue Anticipation Certificates Series 2012A and Series 2012B in the original principal amount of \$31.25 million and \$68.75 million, respectively, to finance a portion of the costs of the planning, design, acquisition, construction, installation, and equipping of a 112-bed replacement acute care hospital in Paulding County. The Series 2012A Certificates bear interest at fixed rates and are supported by an intergovernmental contract with Paulding County, Georgia. The Series 2012B Certificates bear interest at a variable rate and are secured by a direct-pay letter of credit facility expiring June 2017. Interest rates are set weekly by the remarketing agent based upon prevailing rates for the contract period related to the remarketed tranche. In the event a market for variable rate instruments is not sustained, the letter of credit agreements require the bank to purchase the certificates.

The Series 2005A Certificates in the original principal amount of \$60.0 million bear interest at a fixed rate and are supported by bond insurance. The Series 2005B Certificates in the original principal amount of \$60.0 million bear interest at a variable rate and are supported by stand-by bond purchase agreements, bond insurance, and a direct-pay letter of credit facility expiring August 2015. Interest rates are set weekly by the remarketing agent based upon prevailing rates for the contract period related to the remarketed tranche. In the event a market for variable rate instruments is not sustained, the letter of credit agreements require the bank to purchase the certificates.

The 2004 and 2006 revenue certificates bear interest at variable rates and are secured by direct-pay letters of credit expiring August 2014. Interest rates are set weekly by the remarketing agent based upon prevailing rates for the contract period related to the remarketed tranche. In the event a market for variable rate instruments is not sustained, the letter of credit agreements require the bank to purchase the certificates.

The average annual interest rate on WellStar's variable rate obligations approximated 0.19% and 0.26% for the years ended June 30, 2012 and 2011, respectively.

Certain trusteed assets described in note 2 and the future net revenue of WellStar are pledged as security for payment of the various series of hospital revenue certificates outlined above. Substantially all of WellStar's long-term debt agreements subject WellStar to certain debt covenants typical of such obligations.

WellStar contemplates (but has not consummated) the issuance of approximately \$106.3 million in Series 2012 revenue anticipation refunding certificates in the fourth calendar quarter of 2012. The proceeds from the issuance, if consummated, will be used to advance refund all of the outstanding Series 2003 certificates with maturities after April 1, 2013.

WellStar maintains a \$21.0 million revolving line of credit with a bank for routine working capital needs. The facility is secured by deposits with the bank and expires February 15, 2013. WellStar anticipates renewal of this facility at expiration under substantially the same terms and conditions as the existing facility. There were no amounts outstanding under this facility at June 30, 2012 or 2011.

(7) Derivative Instruments

WellStar synthetically converted \$60.0 million (the notional amount) of the 2005 Certificates (see note 6) from variable rate debt to fixed rate debt through an interest rate swap agreement with a counterparty. In general, the swap obligates WellStar to pay interest at a fixed rate of 3.45% and receive interest at 67% of LIBOR. The notional amount amortizes in the same fashion, and the swap matures at the same date, as the related 2005 Certificates.

WellStar's credit risk involves the possible default of the counterparty. Collateral may be required in the future based on WellStar's credit rating, the insurer's credit rating, or market valuations of the swaps. At June 30, 2012 and through the date of these combined financial statements, no such collateral was required.

(8) Net Patient Service Revenue and Patient Accounts Receivable

Certain affiliates of WellStar have agreements with governmental and other third-party payors that provide for reimbursement to such affiliates at amounts different from established rates. Contractual adjustments under third-party reimbursement programs represent the difference between billings at established rates for services and amounts reimbursed by third-party payors. A summary of the basis of reimbursement with major third-party payors follows:

- *Medicare* – Inpatient and outpatient services rendered to Medicare program beneficiaries are generally paid at prospectively determined rates. These rates vary according to patient classification systems that are based on clinical, diagnostic, and other factors. Additionally, payments for certain other reimbursable items are made at tentative rates, with final settlements determined after submission of annual cost reports and audits by the Medicare fiscal intermediary. The cost reports of all WellStar affiliates have been audited and substantially settled for all fiscal years through June 30, 2007. Net revenue from the Medicare program accounted for approximately 34% and 36% of WellStar's net patient service revenue for the years ended June 30, 2012 and 2011, respectively.
- *Medicaid* – Inpatient services rendered to Medicaid program beneficiaries are paid at prospectively determined rates per discharge. Outpatient services are generally paid based upon cost reimbursement methodologies. WellStar's Medicaid cost reports have been final settled through June 30, 2007 for all WellStar affiliates, except for one affiliate hospital that is final settled through June 30, 2006. Net revenue from the Medicaid program accounted for approximately 14% and 12% of WellStar's net patient service revenue for the years ended June 30, 2012 and 2011, respectively.

During 2012 and 2011, net patient service revenue increased by approximately \$142 thousand and \$2.7 million, respectively, due to changes in estimates for open Medicare and Medicaid cost reports and removal of allowances previously estimated that are no longer necessary as a result of final settlements. WellStar has incorporated the most current and relevant data received from Medicare and Medicaid in the

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2012 and 2011

preparation of associated estimates at both June 30, 2012 and 2011. During fiscal 2012 WellStar and its affiliate hospitals entered into a settlement agreement with the Department of Health and Human Services related to its calculation of the Rural Floor Budget Neutrality Adjustment and recognized receipt of the settlement payment, net of fees, totaling \$8.8 million in patient service revenue, net of contractual allowances and discounts in the accompanying combined financial statements.

WellStar's affiliate hospitals participate in the Georgia Medicare Upper Payment Limit (UPL) program for providers participating in the State Medicaid program. WellStar's net reimbursement benefit associated with the program, totaling approximately \$4.5 million and \$3.7 million in fiscal years 2012 and 2011, respectively, is recognized as a reduction in related contractual adjustments in the accompanying combined statements of operations. There can be no assurance that WellStar will continue to qualify for future participation in this program or that the program will not ultimately be discontinued or materially modified.

WellStar's affiliate hospitals participate in the Georgia Indigent Care Trust Fund (ICTF). Under the provisions of the ICTF, Medicaid disproportionate share hospitals (DSH) may contribute funds to be used by the State in the Medicaid Program that are supplemented by Federal funds (combination dollars). The combination dollars are returned to DSH as additional Medicaid inpatient reimbursement. WellStar's net reimbursement benefit associated with the program, totaling approximately \$11.0 million and \$9.5 million in fiscal years 2012 and 2011, respectively, is recognized as additional Medicaid reimbursement and, therefore, is reflected as a reduction in associated contractual adjustments in the accompanying combined statements of operations.

The State's determination related to WellStar's participation in the fiscal year 2013 plan is currently in process, and the terms of the fiscal year 2013 plan have not been finalized. Accordingly, contributions to the State plan during 2013 and related amounts to be potentially received from Medicaid during 2013 have not been established. There can be no assurance that WellStar will continue to qualify for future participation in this program or that the program will not ultimately be discontinued or materially modified.

Certain affiliates of WellStar have also entered into other reimbursement arrangements providing for payment methodologies, which include prospectively determined rates per discharge, capitated payment arrangements, discounts from established charges, and prospectively determined per diem rates.

The composition of net patient service revenue follows:

	<u>2012</u>	<u>2011</u>
	(In thousands)	
Gross patient service revenue, net of charity care charges foregone	\$ 4,556,632	4,187,422

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2012 and 2011

WellStar recognizes patient service revenue associated with services provided to patients with third-party payor coverage on the basis of contractual rates for the services rendered. For uninsured patients that do not qualify for community financial aid, WellStar recognizes revenue on the basis of its discounted rates for services provided. On the basis of historical experience, a significant portion of WellStar's uninsured patients are unable or unwilling to pay for the services provided. Thus, WellStar records a significant provision for uncollectible accounts related to uninsured patients in the period the services are provided. Patient service revenue, net of contractual allowances and discounts (but before the provision for uncollectible accounts), recognized in the period from these major payor sources, is as follows:

	<u>2012</u>	<u>2011</u>
	(In thousands)	
Third party payors	\$ 1,502,154	1,359,952
Self pay	109,211	211,503

(9) Community Benefits and Uncompensated Care

WellStar maintains records to identify and monitor the level of charity care it provides through its affiliates. These records include the costs and amount of charges foregone for services and supplies furnished under its Community Financial Aid Policy. WellStar owns and operates two indigent clinics located on the campuses of two of its hospitals. In addition, WellStar provides free lab and medical imaging services for a local community clinic as well as funding for nurse practitioner services for a disadvantaged population within the community.

WellStar also participates in certain governmental insurance programs, including Medicare and Medicaid. Under these programs, WellStar provides care to patients at payment rates, which are determined by the Federal and state governments, regardless of WellStar's actual charges. In some cases, these programs pay WellStar at amounts, which are less than its cost of providing services.

Following is the cost to provide care to those patients qualifying for Community Financial Aid along with the unreimbursed cost of providing care to Medicare and Medicaid beneficiaries and other patients. These costs are determined using a cost to charge ratio.

	<u>2012</u>	<u>2011</u>

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2012 and 2011

During 2010, the State of Georgia adopted into law the Provider Payment Agreement Act. The Act provides that each hospital shall be assessed a provider payment in the amount of 1.45% of net patient service revenue of the hospital based on the annual financial survey filed with the State of Georgia Department of Community Health and such payments be recognized as a community benefit. In fiscal 2012 and 2011, WellStar affiliate hospitals made \$14.5 million and \$14.0 million, respectively, in provider payments and recognized such payments as a reduction in net patient service revenue in the accompanying combined financial statements.

WellStar offers many wellness and educational services at little or no cost to the community. Health fairs are held throughout the year at convenient locations, providing various health screenings, such as mammograms, bone density, blood pressure, and cholesterol checks. A large number of educational programs are offered for all ages. These programs include bicycle safety, car seat safety, defensive driving, CPR, and first-aid classes. Flu shots are available to the community during flu season and health screenings, medical supplies, and immunizations are provided to children through local health departments and health fairs. The costs of these services are included in unrestricted revenue, gains, and other support in excess of expenses and losses in the accompanying combined statements of operations.

(10) Employee Benefit Plans

(a) Pension Plan

WellStar sponsors a defined benefit pension plan covering all employees who have attained the age of 21 and completed one year of service as defined in the Plan. WellStar contributes an amount sufficient to fund the Plan as determined by consulting actuaries.

The changes in the projected benefit obligation as of June 30, 2012 and 2011 follow:

Plan Assets

The Plan's investment objectives are to protect long-term asset value by applying prudent, low-risk, high-quality investment disciplines and to enhance the values by maximizing investment returns through active security management within the framework of the Plan's investment policy. Asset allocation strategies and investment management structure are designed to meet the Plan's investment objectives.

WellStar's pension plan target and weighted average asset allocations follow:

	<u>Target allocation</u>	<u>Plan assets at June 30</u>	
		<u>2012</u>	<u>2011</u>
Plan assets			
Cash and cash equivalents	0%	4%	4%
Equity securities	50	52	51
Debt securities	40	39	39
International debt and equity securities	10	5	6
	<u>100%</u>	<u>100%</u>	<u>100%</u>

The expected long-term rate of return assumption is based on the targeted asset allocation and the average return to be earned over the period of payment of the expected benefits included in the benefit obligation. In developing the expected returns, consideration is given to actual returns earned on the components of pension plan assets, projection of returns, current economic conditions, and historical rates of return, volatilities, and interactions of asset classifications.

In accordance with FASB ASC 820, *Fair Value Measurements*, WellStar has categorized its pension assets, based on the priority of inputs used in related valuation techniques, into a three-level fair value hierarchy as described in note 16.

Cash Flows

WellStar expects to contribute approximately \$47.0 million to the Plan in fiscal 2013.

Expected Future Benefit Payments

Benefit payments are expected to be paid as follows (in thousands)

2013	\$	13.457
2014		14.942
2015		16.636
2016		18.844
2017		21.136
2018 – 2021		152.912

Other Items

WellStar uses the straight-line method to amortize prior service cost.

(b) Other Benefits

WellStar also has a 403(b) defined contribution benefit plan, which covers substantially all employees. Eligible employees may contribute up to 20% of compensation in any one year, subject to a regulatory limit. WellStar makes matching contributions equal to 50% of employees' contributions, not to exceed 4% of total compensation. Employees vest in WellStar contributions on a "cliff" basis after three years of service. WellStar contributed approximately \$6.9 million and \$6.8 million to the plan during the years ended June 30, 2012 and 2011, respectively.

WellStar also sponsors an unfunded postretirement medical plan covering members of the Board of Trustees and their dependents upon retirement from completion of 12 years of Board service. The unfunded status of the plan at June 30, 2012 and 2011 is \$10.3 million and \$7.3 million, respectively, and is included in other long-term liabilities in the accompanying combined balance sheets. The plan is measured as of June 30 using a discount rate of 4.87% and 5.91% at June 30, 2012 and 2011, respectively. The assumed healthcare trend rate is 9.5% initially decreasing to an ultimate rate of 5.0%.

(11) Business and Credit Concentrations

WellStar grants credit to patients, substantially all of whom reside in the service areas of WellStar's affiliates. WellStar generally does not require collateral or other security in extending credit to patients, however, it routinely obtains assignment of (or is otherwise entitled to receive) patients' benefits payable under their health insurance programs, plans, or policies (e.g., Medicare, Medicaid, Managed Care, capitated, and other preferred provider arrangements and commercial insurance policies).

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2012 and 2011

The mix of net receivables from patients and third-party payors follows

	2012	2011
Managed care	39%	37%
Medicare	29	27
Medicaid	17	24
Patients	11	8
Other third-party payors	4	4
	100%	100%

Patient accounts receivable are reduced by an allowance for uncollectible accounts. In evaluating the collectibility of accounts receivable, WellStar analyzes its past history and identifies trends for each of its major payor sources of revenue along with current economic factors to estimate the appropriate allowance for uncollectible accounts and provision for uncollectible accounts. Management routinely reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for uncollectible accounts. For receivables associated with services provided to patients who have third-party coverage, WellStar analyzes contractually due amounts and provides an allowance for uncollectible accounts and a provision for uncollectible accounts, if necessary. For receivables associated with self-pay patients, WellStar records a significant provision for uncollectible accounts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for uncollectible accounts. WellStar did not change its community financial aid policy (which is inclusive of both charity care and discounts for qualifying patients) during fiscal 2012. WellStar does not maintain a material allowance for uncollectible accounts from third party payors nor did it have material write-offs from third party payors during 2012 and 2011.

(12) Self-Insurance Programs

WellStar has established a wholly owned captive insurance company, CAC, for the purpose of self-insuring first-dollar coverage related to general liability, professional liability, and workers' compensation risks on claims made basis. WellStar funds CAC in amounts as determined by consulting actuaries. General and professional liability risks are self-insured at an underlying annual coverage layer totaling \$4.0 million and \$7.0 million per individual loss, respectively, and \$35.0 million for aggregate claims. Workers' compensation coverage is self-insured for individual claims up to \$500 thousand.

CAC also provides first-dollar coverage for Directors and Officers, property, and automobile policies. WellStar is also self-insured through other arrangements for employee group health insurance, generally up to \$1.0 million of lifetime coverage per employee.

Losses for all self-insured coverages are managed through the Risk Management and Claims Committee process. Identified and incurred but not reported losses are accrued based on estimates that incorporate WellStar's past experience, as well as other considerations such as the nature of each claim or incident, relevant trend factors, and advice from consulting actuaries. The identified and estimated incurred but not

Notes to Combined Financial Statements

June 30, 2012 and 2011

reported losses included in the accompanying combined balance sheets at both June 30, 2012 and 2011 have been discounted at 2.5%

WellStar also maintains substantial excess liability coverage for amounts in excess of the above-described limits through the provisions of certain claims-made insurance policies. To the extent that any claims-made coverage is not renewed or replaced with equivalent insurance, claims based on occurrences during the term of such coverage, but reported subsequently, would be uninsured. Management believes, based on incidents identified through WellStar's incident reporting system and other reporting procedures, that any such claims would not have a material effect on WellStar's operations or financial position. In any event, management anticipates that the claims-made coverages currently in place will be renewed or replaced with equivalent insurance as the terms of these coverages expire.

(13) Asset Retirement Obligations

Asset retirement obligations arise primarily from contractual commitments to remove asbestos in WellStar facilities at the time of major renovation or demolition and removal of underground fuel tanks.

The following table presents the activity for WellStar's asset retirement obligations and additional cost basis of related assets for the years ended June 30, 2012 and 2011.

(16) Fair Value of Financial Instruments

In accordance with FASB ASC 820, WellStar has categorized its financial instruments, based on the priority of inputs used in related valuation techniques, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

When available, WellStar generally uses quoted market prices to determine fair value, and classifies such items as Level 1. WellStar's Level 2 securities are bonds and other debt securities whose fair values are determined by independent vendors. The vendors compile prices from various sources and may apply matrix pricing for similar bonds or loans where no price is observable in an actively traded market. If available, the vendor may also use quoted prices for recent trading activity of assets with similar characteristics to the bond being valued. WellStar does not consider any of its investment holdings to be Level 3 securities.

The carrying amounts of all applicable asset and liability financial instruments reported in the combined balance sheets (except various debt and derivative instruments) approximate their estimated fair values, in all material respects, at June 30, 2012 and 2011. Fair value of a financial instrument is defined as the amount which would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants at the measurement date.

Notes to Combined Financial Statements

June 30, 2012 and 2011

The fair values of WellStar's various debt instruments have been estimated using Level 2 inputs, such as interest rates currently available to WellStar for borrowings having similar character, collateral, and duration. The aggregate fair value of such instruments approximates \$534.6 million and \$349.0 million at June 30, 2012 and 2011, respectively. No adjustment for such fair value measurements is reflected or required in the accompanying combined balance sheets.

WellStar has categorized its derivative instrument into the three-level fair value hierarchy. The interest rate swap entered into by WellStar is executed over the counter and valued using the net present value of the cash flow streams as no quoted market prices exist for such instruments. The System also employs an independent third party to perform a mark-to-market valuation assessment on the swap to assess the reasonableness of the valuation otherwise received by WellStar. The derivative instrument entered into above is classified by WellStar as Level 2 within the fair value hierarchy.

(17) Endowment

WellStar Foundation has two separate endowments. The Hodges Fund and the Tranquility Angel Fund. The Hodges Fund is comprised of one investment account established for providing nursing scholarships. Related investment income is temporarily restricted until scholarships are appropriated for expenditure by the WellStar Foundation Board. The related donor documents also call for an annual CPI adjustment to the corpus balance each year. The Tranquility Angel Fund consists of two separate investment accounts established for providing support to Hospice care patients and supporting functions. Related investment income is classified as temporarily restricted net assets until such amounts are appropriated for expenditure in accordance with the donor's intent.
