PROCESS FOR MONITORING GRANTS	SCHEDULE I, PART I, LINE 2	The Organization receives funds from the Florida specialty license plate program ("SLP") to fund aquaculture and marine science research and education programs. Funds may be used to conduct scientific research on environmentally responsible and sustainable methods of farming freshwater and saltwater organisms such as fish, shellfish, and crustaceans for food, biomedical species for pharmaceutical and nutraceutical compounds, marine ornamentals for the aquarium trade, collect, analyze, and archive scientific data regarding whales and the wild dolphin population in Florida waters, and reasonable administrative expenses related to these programs. These funds may also be used to expand the educational programs that include secondary school field experiences, college degree programs, and intensive courses in order to further the objective of increasing aquaculture's contribution to the state's economy. Accordingly, the Organization monitors the SLP funds by reviewing expenditures and the processes related to remitting funds to ensure the grant recipient fulfills the purposes of the SLP program. Grants made by the Organization to charities outside of the SLP program are made in support of their charitable missions and as such, the Organization expects the charity to use the funds for proper purposes associated with their respective missions, and as such does not subsequently monitor these grants.
