Part X: Accounting principles generally accepted in the United State of America require Management to evaluate tax positions taken by the Organization and recognize a tax liability (or asset) if the Organization has taken uncertain positions that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Organization is subject to audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Management believes the Organization is no longer subject to U.S. federal, state, and local income tax examinations by taxing authorities for years ending prior to June 30, 2008. Interest and penalties related to taxes are reported in operating expenses when incurred.
