SCHEDULE D, PART XIV SUPPLEMENTAL INFORMATION

PT X

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the School and recognize a tax liability (or asset) if the School has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken by the School and has concluded that, as of June 30, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Management does not anticipate any adjustments that would result in a material adverse effect on the School's financial position, activities or cash flows. Accordingly, the School has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at June 30, 2012. The School's policy is to classify income tax related interest and penalties in interest expense and general and administrative expenses, respectively.
