Identifier	Return Reference	Explanation
Description of Uncertain Tax Positions Under FIN 48	Part X	Schedule D, Part X, Line 2 requires that the organization provide the text of the footnote to the organization's financial statements that reports the organization's liability for uncertain tax positions under ASC 740 (formerly FIN48). ASC 740 (formerly FIN48) addresses the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes a threshold of more-likely-than-not for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The adoption of ASC 740 (formerly FIN48) by BSHSI on September 1, 2007 did not have a material impact on BSHSI's consolidated financial statements. As the organization does not conduct a separate audit of its financial statements, below is the related statement from the Bon Secours Health System, Inc. consolidated audited financial statements. The System and most of its subsidiaries (including certain joint venture entities) are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. The system accounts for uncertain tax positions in accordance with ASC Topic 740 (formerly FIN48). Income taxes of the System's for-profit subsidiaries are not material to the accompanying consolidated financial statements. The System's taxable subsidiaries have approximately \$95,733 and \$89,500 of net operating loss carryforwards as of August 31, 2012 and 2011, respectively, which expire in varying periods through 2032 and are available to offset future taxable income. The System's deferred tax assets are fully reserved at August 31, 2012 and 2011. Any changes to the valuation allowance on the deferred tax asset are reflected in the year of the change.

Procedure for Monitoring Grants in the U S	Part I, Line 2	Schedule I, Part I, Line 2 Grantees submit progress reports on the anniversary date on which the grant was received The evaluation report includes 1) progress toward the deployment of the stated goals and objectives, 2) progress towards the achievement of desired outcome as demonstrated by Project Work Plan, 3) an accurate accounting of the revenue and expenses and the amount of the mission fund award expended, and 4) a summary past, current and future funding sources and efforts to secure sustaining sources of funding
		Description of the Bon Secours Health System Mission Fund Bon Secours Health System, Inc performs its philanthropic work through its mission department This initiative, called the Bon Secours Health System Mission Fund ("Mission Fund"), was developed to promote the Catholic Health Ministry and the BSHSI Mission This purpose is realized through the funding of initiatives that improve the health and well being of communities, particularly for disenfranchised and marginalized people, served by BSHSI Local Systems ("Local Systems"), Cosponsors and the Congregation of the Sisters of Bon Secours The scope of its purpose and use of funds would be to -promote healthy community coalition initiatives in conjunction with local system efforts, -develop local system and community excellence for a specific health condition and preventive need, and - improve access for uninsured populations and reduce health disparities among populations in the community The Strategic Quality Plan of the health system calls for focused efforts to Build Healthier Communities The health system understands "health" to include social and communal dimensions and has adopted the following articulation of a healthy community The conditions of communities and individuals served by BSHSI reflect the interaction of significant factors and complex behaviors at the individual, communal, and societal level It is not likely that interventions by any one organization will result in substantial improvement or benefit to the community Rather, increased participation by stakeholders and greater cooperation among entities with appropriate skills and resources is necessary for systemic change and improved outcomes Mission Fund grants place emphasis on increased collaboration among community based members (Healthy Community Initiative), public health officials and other providers of services The Mission Fund anticipates that most endeavors that seek to bring meaningful improvement require time and commitment Consequently, local system grant recipients may expect continuity of support (several years) to establish and track outcomes At the same time, grant applicants need to cultivate and achieve a wide array of financial resources necessary to sustain promising projects and service programs
