Identifier	Return Reference	Explanation
Description of Uncertain Tax Positions Under FIN 48	Part X	On September 1, 2009, the Foundation adopted the provisions of ASC 740, Income Taxes, as amended by FASB in September 2009. The Foundation evaluates its uncertain tax positions using the provisions of ASC 450, Contingencies. Accordingly, a loss contingency is recognized when it is probable that a liability has been incurred as of the date of the financial statements and the amount of the loss can be reasonably estimated. The amount recognized is subject to estimate and management judgment with respect to the likely outcome of each uncertain tax position. The amount that is ultimately sustained for an individual uncertain tax provision or for all uncertain tax provisions in the aggregate could differ from the amount recognized. Interest and penalties associated with uncertain tax positions are recognized as components of federal income tax expense. As noted above, the Foundation is a tax-exempt non-profit organization, therefore, no provision or liability for federal income taxes has been included in the financial statements. The Foundation believes that its tax position regarding its status as a tax-exempt organization will remain significantly unchanged within the next twelve months.
