Part IV Supplemental Information. Complete this part to provide the information required in Part I, line 2, and any other additional information.

As a prerequisite of IDRA receiving federal government grants, IDRA collaborates with school districts described in section 170 (c)(1), and educational institutions described in section 170 (b)(1)(A)(ii), to increase the number of EC-4 Bilingual and English as a Second Language (ESL) teachers in the primary and secondary schools. Before making any grant, IDRA conducts due diligence on the grantee, including review of the grantee scope of work. To ensure that the grants are used exclusively for such purposes, IDRA monitors the grantees' use of grant funds by requiring them to provide quarterly reports, including receipts, describing their progress and expenditure of grant funds, as well as an annual financial audit statement. IDRA reserves the right to verify the information contained in these reports through on-site observation of the grantee which may occur at IDRA's discretion.

Part II, Line 1, Col(h)

The Transition to Teaching grants provide resources for school district and colleges/universities to assist IDRA to prepare, place and certify teachers in the shortage areas of mathematics, science, bilingual education and special education. These teachers are assigned to high need school districts. The Valued Youth Program works with at risk middle and high school students who become mentors of elementary students.

Part III of Program Service Accomplishment 4d. Other Program Service

Development Fund – The development fund provides resources for mission and priority program services not supported by external funding and for development of new programs. It facilitates the dissemination of knowledge about best teaching practices in classrooms with diverse students, the creation of materials that specifically address the needs of traditionally underserved students, and research on school finance and other indicators tied to the quality of education that all students receive. On average, this fund supports educational services that have a direct impact on 12,000 traditionally underserved students, 500 teachers, and 2,000 parents and community members each year. These services have a national focus with particular interest in Texas schools and the creation of equitable educational opportunities for all children.

T-3 – The Teachers for Today and Tomorrow (T-3) is a five-year project funded by the U.S. Department of Education, Transition to Teaching program. Through T-3, IDRA is selecting, recruiting and retaining competent teachers in multicultural settings who have a passion for teaching and making a difference; is developing a curriculum to certify teachers in bilingual/ESL and STEM subjects in mostly Latino communities; and is providing a comprehensive online and personalized support system to retain teachers for a minimum of three years. T-3 also is expanding the candidate pool to include paraprofessionals, a basic feature of a "grow your own" teacher recruitment approach.

TX-PIRC – The Texas IDRA Parent Information and Resource Center (PIRC) is a federally funded parent leadership support program for strengthening partnerships between parents and schools for student success. The PIRC informed over 87,000 participants face-to-face, through 64 conferences, 157 information sessions, 272 workshops, 30 trainer-of-trainer sessions, 21 video/Skype/webinar sessions and 253 planning sessions. About 5,000 of those parents received early childhood parent training services, in a variety of topics including Title I regulations, bilingual education, child growth and development, early literacy and parent leadership in education. They participated in HIPPI Bowdoin Method, PAT, Even Start, Head Start and elementary schools early childhood settings. Additionally, a much larger audience was reached through mass media. From October 2006 to September 2011, information disseminated through newsletters reached over 200,000 parents and through articles, handouts, books and CDs to over 300,000. All those materials were directly related to the parent involvement goals and requirements of Title I under No Child Left Behind and the Texas Education Agency.

MASS – The Math and Science (MASS) program is a federally funded five year project through which IDRA recruits, prepares, places and retains a critical mass of highly qualified mid-career professionals and recent graduates as middle and high school math and science teachers with an English as a Second language (ESL) supplemental endorsement for students in 10 high need Texas school districts. The goal of the project is to produce a rigorous accelerated and unique one and a half year program resulting in middle school and high school

math or science certification with supplemental ESL endorsement, replicable with other disciplines.

PATHWAYS – This program funded by the Charles Stewart Mott Foundation, uses an integrated approach focusing on building capacity in local communities to address the importance of expanding pathways for youth to complete school and graduate, integrating dual aspects of prevention and recovery. The goals of this program are to conduct structured roundtable discussions among community educational stakeholders to share and plan appropriate applications of the spirit of Brown and Mendez to the education of Latino and African American students.

CCVYP – The Coca-Cola Valued Youth Program, funded by the Coca-Cola Foundation, provides training, technical assistance, monitoring and evaluation to schools, implementing a cross-age tutoring program designed to address dropout rates. The project works with middle and high school students who tutor elementary school students.

TG CAPACITY – Through this program funded by the Texas Guaranteed Student Loan Corporation, IDRA will build organizational capacity by enhancing its online OurSchool portal to include college success and preparation information. IDRA currently uses the portal to disseminate educational information in workshops (onsite and virtual), with parents, community members, educators and policymakers as well as making it available as a stand alone tool for the public. IDRA developed this tool to make comprehensible educational data available to families and communities so they may work with schools to improve outcomes for all our students.

PROGRESS – Through this grant from Marquerite Casey Foundation (Phase II), IDRA provides technical assistance to 13 organizations in the Rio Grande Valley of Texas that receive grants from the Marquerite Casey Foundation. The guidance and technical assistance provided enables these organizations to (a) develop a plan for an integrated progress monitoring system that is informed by an in-depth assessment of their current capacity and context, and (b) develops and uses an integrated system of data collection and analysis that inform and guides their work, reaching the capacity needed for sustaining impact.

ABOGAR – The Asset Building for Organizational Growth and Renewal (ABOGAR), Strengthening the Capacity of the Equal Voice Network-Rio Grande Valley program is a three year program funded by The Kresge Foundation. Through this program, IDRA is providing capacity-building training and technical assistance to nine non-profit community-based organizations (CBOs) that are providing vital human services to families and communities living in poverty in the Rio Grande Valley of Texas.

Part VI, B. Policies Line 11A – Description of the 990 Board of Directors review Process – IDRA's annual Form 990 undergoes a number of internal and external reviews. The return is prepared by the organization's business office manager. In preparing this return, the business manager relies on the organization's audited financial statements, which are prepared by Independent outside auditors. The return is then reviewed by an independent public accounting firm, outside counsel, and the organization's president. The final version of the Form 990 is provided to each member of the Board of Directors for review and discussion before it is filed with the IRS: **CONTINUED ON NEXT PAGE**

Part VI, B. Governing Body & Management, Line 12c**Description of Conflict of Interest Policy Methods of monitoring & enforcement of compliance.**

IDRA has an established conflict of interest policy that is applicable to all of its officers, directors, and employees. The organization implements, monitors, and enforces the policy through annual disclosure, whistle-blower and other periodic reporting processes. Officers, directors, and senior managers must report annually any existing family or business relationships with IDRA, other employees, and certain third-parties, including significant vendors, contractors, or others with material business or financial relationships with the organization. Each year, all officers, directors, and employees must acknowledge in writing that they have read, and agree to comply with IDRA's conflict of interest policy. Conflict of interest disclosure forms are kept as organizational records by the Executive Secretary and provided annually for review by the independent auditor and the full board. Management and the board of Directors have established mechanisms to operate, monitor, and enforce the policy to ensure that no officer, director, or employee in a decision-making capacity can participate in deliberations or decisions involving matters in which conflicts are found to exist. In all cases, these matters are subject to review, appeal and final decision by the full Board of Directors.

Part VI Section B, Policies Line 15a**Process for determining compensation of the organization's President and key employees.**

In determining the compensation of its president, IDRA considers comparability data gathered from Forms 990 of comparable organizations along with compensation studies conducted by an independent third-party compensation consultant. This information is reviewed by the independent voting members of the Compensation Committee of the Board of Directors. Final reviews, deliberations, and determinations are contemporaneously documented and are made by all independent voting members of the Board of Directors. This process was last undertaken for the President in 2012.

Part VI Section C, Disclosure, Line 19**Process for making IDRA's governing documents, conflict of interest policy and financial statements available to the public.**

Conflict of interest disclosure forms are kept as organizational records by the Executive Secretary and provided annually for review by the independent auditor and the full board. IDRA makes its governing documents, Conflict of Interest policy, financial data and certain tax filings (IRS determination Letter, Forms 990 and Form 1023 Application for Recognition of Exemption under Section 501(c)(3) of the Internal Revenue Code), available for inspection by the general public upon request.
