**Part V** Supplemental Information

Complete this part to provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information.

Schedule F, Part I, Line 2: The Organization has reviewed and approved all foreign projects as being in furtherance of its own exempt purpose and it retains control and discretion as to the use of these contributions.

Schedule F, Part I, Line 3: Expenditures are valued at Fair Market Value.

Fair Market Value of Medicines - The Organization uses Thomson Reuters Red Book for valuation of all medicines using Average Wholesale Price (AWP). The AWP used is in most cases the manufacturer's suggested AWP and does not necessarily reflect the actual AWP charged by the wholesaler. AWP is reported by the manufacturer and calculated based on a markup specified by the manufacturer. Thus the AWP used is not an independent valuation and Thomson Reuters does not perform any independent analysis to determine or calculate the actual AWP paid by providers to wholesalers. Because of this lack of independence, this otherwise observable market data is considered a Level 3 input valuation. There can be significant differences in the values of AWP provided by the Red Book and other sources. The Organization uses the Red Book to develop its unobservable inputs without undertaking all possible efforts to obtain information about market participation as it believes it provides the most consistent fair value measurements. The Organization also believes any differences in valuations are consistent with the health care environment and its market participants.

Fair Market Value of Clothing - The Organization uses an average valuation for all clothing donated based on donated clothing values

**Part V** Supplemental Information

Complete this part to provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information.

provided by the Salvation Army in accordance with IRS standards. The Organization receives a bulk of the clothing in bundles that is new or like new without manufacturer names and descriptions. The Organization believes an average value using the Salvation Army most accurately represents the fair value of the goods received and donated. The valuation is considered a Level 3 input valuation.

Fair Market Value of Other Items - All other donations are valued based on management's conservative estimates from web sites or other resources due to lack of observable market data. These valuations are also considered Level 3 input valuation.
