## <u>Part VII</u> Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors

#### Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

1a Complete this table for all persons required to be listed Report compensation for the calendar year ending with or within the organization's tax year

- ◆ List all of the organization's **current** officers, directors, trustees (whether individuals or organizations), regardless of amount of compensation, and **current** key employees Enter -0- in columns (D), (E), and (F) if no compensation was paid
- List all of the organization's current key employees, if any See instructions for definition of "key employee"
- ◆ List the organization's five **current** highest compensated employees (other than an officer, director, trustee or key employee) who received reportable compensation (Box 5 of Form W-2 and/or Box 7 of Form 1099-MISC) of more than \$100,000 from the organization and any related organizations
- List all of the organization's **former** officers, key employees, or highest compensated employees who received more than \$100,000 of reportable compensation from the organization and any related organizations

Check this box if neither the organization nor any related organizations compensated any current or former officer, director, or trustee

• List all of the organization's **former directors or trustees** that received, in the capacity as a former director or trustee of the organization, more than \$10,000 of reportable compensation from the organization and any related organizations

List persons in the following order individual trustees or directors, institutional trustees, officers, key employees, highest compensated employees, and former such persons

Comparison   Com	(A)  Name and Title	(B) Average hours per week (describe hours	(C) Position (do not check more than one box, unless person is both an officer and a director/trustee)						(D) Reportable compensation from the organization (W- 2/1099-MISC)	(E) Reportable compensation from related organizations (W- 2/1099- MISC)	(F) Estimated amount of other compensation from the organization and related

(Complete a separate Section B for each of the hospital facilities listed in Part V , Section A )

#### ASHLAND HOSPITAL CORPORATION

Name of Hospital Facility:	
Line Number of Hospital Facility (from Schedule H, Part V, Section A):_	1

			Yes	No
Co	mmunity Health Needs Assessment (Lines 1 through 7 are optional for 2011)			
1	During the tax year or any prior tax year, did the hospital facility conduct a community health needs assessment ("Needs Assessment")? If "No," skip to question 8	1		No
	If "Yes," indicate what the Needs Assessment describes (check all that apply)	_		110
	A definition of the community served by the hospital facility			
	b Demographics of the community			
	Existing health care facilities and resources within the community that are available to respond to the health			
	c needs of the community			
	d How data was obtained			
	e The health needs of the community			
	Primary and chronic disease needs and other health issues of uninsured persons, low-income persons, and			
	minority groups			
	g The process for identifying and prioritizing community health needs and services to meet those needs			
	h The process for consulting with persons representing the community's interests			
	i 📕 Information gaps that limit the hospital facility's ability to assess the community's health needs			
	j Other (describe in Part VI)			
2	Indicate the tax year the hospital facility last conducted a Needs Assessment 20			
	In conducting its most recent Needs Assessment, did the hospital facility take into account input from persons who			
	represent the community served by the hospital facility? If "Yes," describe in Part VI how the hospital facility took into	_		
1	account input from persons who represent the community, and identify the persons the hospital facility consulted  Was the hospital facility's Needs Assessment conducted with one or more other hospital facilities? If "Yes," list the	3		
7	other hospital facilities in Part VI	4		
5	Did the hospital facility make its Needs Assessment widely available to the public?	5		
	If "Yes," indicate how the Needs Assessment was made widely available (check all that apply)			
	a Hospital facility's website			
	<b>b</b> Available upon request from the hospital facility			
	c			
6	If the hospital facility addressed needs identified in its most recently conducted Needs Assessment, indicate how (check all that apply)			
	a Adoption of an implementation strategy to address the health needs of the hospital facility's community			
	<b>b</b> Execution of the implementation strategy			
	c Development of a community-wide community benefit plan for the facility			
	d Participation in community-wide community benefit plan			
	e 「 Inclusion of a community benefit section in operational plans			
	f Adoption of a budget for provision of services that address the needs identified in the CHNA			
	g Prioritization of health needs in the community			
	h Prioritization of services that the hospital facility will undertake to meet health needs in its community			
	i  Other (describe in Part VI)			
7	Did the hospital facility address all of the needs identified in its most recently conducted Needs Assessment? If "No,"			
	explain in Part VI which needs it has not addressed together with the reasons why it has not addressed such needs	7		
Fir	nancial Assistance Policy			
_	Did the hospital facility have in place during the tax year a written financial assistance policy that			
	Explains eligibility criteria for financial assistance, and whether such assistance includes free or discounted care?	8	Yes	
9	Used federal poverty guidelines (FPG) to determine eligibility for providing free care?	9	Yes	
	If "Yes," indicate the FPG family income limit for eligibility for free care 200 000000000000%  If "No," explain in Part VI the criteria the hospital facility used			

Pa	art V Facility Information (continued)			
			Yes	No
10	Used FPG to determine eligibility for providing discounted care?	10	Yes	
	If "Yes," indicate the FPG family income limit for eligibility for discounted care 300 000000000000% If "No," explain in Part VI the criteria the hospital facility used			
11	Explained the basis for calculating amounts charged to patients?	11	Yes	
	If "Yes," indicate the factors used in determining such amounts (check all that apply)			
	a 🔽 Income level			
	b Asset level			
	c Medical indigency			
	d Insurance status			
	e ▼ Uninsured discount			
	f Medicaid/Medicare			
	g State regulation			
	h Other (describe in Part VI)			
12	Explained the method for applying for financial assistance?	12	Yes	
	Included measures to publicize the policy within the community served by the hospital facility?	13	Yes	
	If "Yes," indicate how the hospital facility publicized the policy (check all that apply)	<u> </u>		
	a ✓ The policy was posted at all times on the hospital facility's web site			
	b The policy was attached to all billing invoices			
	c The policy was posted in the hospital facility's emergency rooms or waiting rooms			
	d The policy was posted in the hospital facility's admissions offices			
	e The policy was provided, in writing, to patients upon admission to the hospital facility			
	f The policy was available upon request			
	g Other (describe in Part VI)			
Ril	ling and Collections			
	Did the hospital facility have in place during the tax year a separate billing and collections policy, or a written financial			
	assistance policy (FAP) that explained actions the hospital facility may take upon non-payment?	14	Yes	
15	Check all of the following collection actions against an individual that were permitted under the hospital facility's			
	policies during the tax year before making reasonable efforts to determine the patient's eligibility under the facility's FAP			
	a Reporting to credit agency			
	b Lawsuits			
	c Liens on residences			
	d Body attachments or arrests			
	e Other similar actions (describe in Part VI)			
16	Did the hospital facility or an authorized third party perform any of the following actions during the tax year before	1		
	making reasonable efforts to determine the patient's eligibility under the facility's FAP?	16	Yes	
	If "Yes," check all actions in which the hospital facility or a third party engaged			
	a Reporting to credit agency			
	<b>b</b> Lawsuits			
	c Liens on residences			
	d Body attachments			
	e Cother similar actions (describe in Part VI)			
17	Indicate which efforts the hospital facility made before initiating any of the actions checked in question 16 (check all that apply)			
	a 🔽 Notified patients of the financial assistance policy upon admission			
	<b>b</b> Notified patients of the financial assistance policy prior to discharge			
	c Votified patients of the financial assistance policy in communications with the patients regarding the patients'			
	bills			
	d  Documented its determination of whether patients were eligible for financial assistance under the hospital			
	facility's financial assistance policy  o Other (describe in Part VI)			
	- · · · · · · · · · · · · · · · · · · ·	i

### **Independent Auditors' Report**

Board of Directors
Ashland Hospital Corporation and Subsidiaries
d/b/a King's Daughters Medical Center

We have audited the consolidated balance sheet of Ashland Hospital Corporation and Subsidiaries d/b/a King's Daughters Medical Center (collectively, the "Medical Center") as of September 30, 2012 and 2011, and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended These financial statements are the responsibility of the Medical Center's management Our responsibility is to express an opinion on these financial statements based on our audits

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Ashland Hospital Corporation and Subsidiaries d/b/a King's Daughters Medical Center as of September 30, 2012 and 2011, and the results of their operations, changes in net assets, and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America

As disclosed in Note 2 to the consolidated financial statements, the Medical Center adopted new authoritative guidance for the presentation and disclosure of patient service revenue, provision for bad debts, and the allowance for doubtful accounts in 2012

Pittsburgh, Pennsylvania November 14, 2012

Parente Beard 44C

See notes to consolidated financial statements.

Notes to Consolidated Financial Statements

Years Ended September 30, 2012 and 2011

#### 1. Organization

The accompanying consolidated financial statements of Ashland Hospital Corporation and Subsidiaries d/b/a King's Daughters Medical Center (the Medical Center) include the transactions and accounts of Ashland Hospital Corporation (the Controlling Company), Ashland Medical Properties, Inc (AMP), Kentucky Heart Foundation (KHF), Child Development Center (CDC), Kingsbrook Lifecare Center (KBNH), Kentucky Heart Institute (KHI), King's Daughters Medical Transport (KDMT), King's Daughters Medical Specialties (KDMS) and KDMC Health Foundation (the Foundation) The Medical Center's primary mission is to provide health care services to the citizens of the communities it serves through its acute and specialty care operations. All significant intercompany transactions and balances have been eliminated in consolidation.

### 2. Accounting Policies

#### **Use of Estimates**

The preparation of financial statements in conformity with U S generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of its financial statements Estimates also affect the reported amounts of revenues and expenses during the reporting period Actual results could differ from those estimates Adjustments to estimates are recorded, as appropriate, in periods in which they are determined

### Cash and Cash Equivalents and Short-Term Investments

Cash and cash equivalents include highly liquid investments with a maturity at the time of acquisition of three months or less Short-term investments represent investments that management has identified as available to meet current operating needs

Effective July 21, 2010, the FDIC's insurance limits were permanently increased to \$250,000 At September 30, 2012, the Medical Center maintained deposits in excess of this coverage The Medical Center also has repurchase agreements of approximately \$1,437,000 that are not covered under FDIC insurance that are included in cash and cash equivalents. The repurchase agreements are secured by U.S. Treasury Obligations held by a financial institution

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### Cash and Cash Equivalents and Short-Term Investments (continued)

Pursuant to legislation enacted in 2010, the FDIC will fully insure all noninterest-bearing transaction accounts beginning December 31, 2010 through December 31, 2012, at all FDIC-insured institutions

#### Patient Accounts Receivable and Net Patient Service Revenue

Patient accounts receivable and net patient service revenues are derived primarily from patients who reside in Kentucky and surrounding states Patient accounts receivable consist of amounts due from third-party payers, including federal and state indemnity and managed care programs, managed care health plans and commercial insurance companies, and individual patients for health care services rendered

The Medical Center does not require collateral or other security on its patient accounts receivable Management maintains an allowance for doubtful accounts to reserve for estimated losses based on the length of time the account has been past due, third party payer classification, and historical experience

Patient accounts receivable are reported at net realizable value Accounts are written off when they are determined to be uncollectible based upon management's assessment of individual accounts In evaluating the collectability of patient accounts receivable, the Medical Center analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts For receivables associated with services provided to patients who have third-party coverage (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Medical Center analyzes contractual amounts due and provides an allowance for doubtful accounts and a provision for bad debts, if necessary For receivables associated with self-pay patients (which includes both patients without insurance and insured patients with deductible and copayment balances), the Medical Center records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the billed rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### Patient Accounts Receivable and Net Patient Service Revenue (continued)

The Medical Center's allowance for doubtful accounts for self-pay patients was 49% of self-pay accounts receivable at both September 30, 2012 and 2011 In addition, the Medical Center's self-pay account write-offs (net of recoveries) decreased to \$36,429,560 in 2012 from \$39,115,058 in 2011 The decrease was offset by an increase in charity care write-offs from 2011 to 2012 The Medical Center has not changed its financial assistance policy in 2012 or 2011 The Medical Center does not maintain a material allowance for doubtful accounts from third-party payors, nor did it have significant write-offs from third-party payors

Net patient service revenues are reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered and include estimated retroactive revenue adjustments due to future audits, reviews, and investigations Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, and investigations

The Medical Center has agreements with third-party payors that provide for payments to the Medical Center at amounts different from its established rates Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, per diem payments, and contracted amounts The Medical Center recognizes patient service revenue associated with services provided to patients who have third-party payor coverage on the basis of these established rates for the services rendered For uninsured patients that do not qualify for charity care, the Medical Center recognizes revenues on the basis of its standard rates, discounted in accordance with the Medical Center's policy On the basis of historical experience, a significant portion of the Medical Center's uninsured patients will be unable or unwilling to pay for the services provided Thus, the Medical Center records a significant provision of bad debts related to uninsured patients in the period the services are provided Patient service revenues, net of contractual allowances and discounts (but before the provisions for bad debts), recognized in 2012 and 2011 from these major payor sources, are as follows

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### **Patient Accounts Receivable and Net Patient Service Revenue (continued)**

		Septembe	r 30, 2012	
	Third-Party Government Payors	Third-Party Commercial Payors	Self-Pay	Total All Payors
Patient service revenues (net of contractual allowances and	·	·	·	
discounts)	\$ 281,364,123	\$ 272,041,790	\$ 38,322,217	\$ 591,728,130
		Septembe	r 30, 2011	
	Third-Party	Third-Party		
	Government	Commercial		Total All
	<b>Payors</b>	Payors	Self-Pay	Payors
Patient service revenues (net of contractual allowances and				
discounts)	\$ 278,373,210	\$ 260,879,321	\$ 43,032,756	\$ 582,285,287

Patient service revenues reported above include the provision for bad debts for all entities within the Medical Center, which recognize significant amounts of patient service revenues at the time the services are rendered without assessing the patient's ability to pay

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### **Charity Care**

The Medical Center provides medically necessary services without charge or at amounts less than its established rates to patients who meet certain criteria under its charity care policy

Essentially, these policies define charity services as those services for which no payment is anticipated In assessing a patient's ability to pay, the Medical Center utilizes the generally recognized Federal Poverty Guidelines, but also includes certain cases where incurred charges are significant when compared to income Charity care provided in 2012 and 2011, measured at established rates, was approximately \$65,015,000 and \$55,691,000, respectively These charges are not included in net patient service revenues The estimated cost of charity care provided in 2012 and 2011 was \$20,532,000 and \$19,602,000, respectively

#### **Inventories**

Inventories, which primarily consist of pharmaceuticals and medical supplies, are stated at the lower of cost (first-in, first-out) or market

#### Assets Limited as to Use and Investments

Assets limited as to use include assets set aside by the Board of Directors for plant replacement, over which the Board of Directors retains control and may at its discretion subsequently use for other purposes, and assets held by trustees under bond indenture agreements and self-insurance trust arrangements Assets limited as to use that are required for obligations classified as current liabilities are reported in current assets

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value Investment income or loss (including realized and unrealized gains and losses on investments and interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law Investment income on proceeds of borrowings that are held by a trustee, to the extent not capitalized, and investment income on assets deposited in the malpractice trust is reported as other revenue Investment income from all other investments is reported as investment income

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### **Interest Rate Swap Agreements**

The Medical Center has entered into certain interest rate swap agreements, considered to be derivative instruments, in connection with its debt management program. The Medical Center records its derivative instruments as either assets or liabilities in the accompanying consolidated balance sheets at fair value. The accounting for changes in the fair value (i.e., gains or losses) of a derivative instrument depends on whether it has been designated and qualifies as part of a hedging relationship and further, on the type of hedging relationship. The Medical Center's derivatives are not designated as hedges. Accordingly, the derivative gain or loss related to the change in fair value is included in excess of revenues over expenses. During the years ended September 30, 2012 and 2011, the Medical Center amortized approximately \$80,000 of the accumulated derivative obligation included as a component of net assets, which is included in interest expense in the accompanying consolidated financial statements. The accumulated derivative obligation on previously designated hedges excluded from the excess of revenues over expenses was approximately \$1,580,000 and \$1,660,000 at September 30, 2012 and 2011, respectively

#### Property, Plant, and Equipment

Property, plant, and equipment amounts are recorded at cost or at fair market value if acquired by gift. The Medical Center provides for depreciation of property, plant, and equipment and amortization of capital lease obligations on a straight-line basis over the expected useful lives of the assets. Upon retirement or disposal, the asset and accumulated depreciation accounts are adjusted, and any gain or loss is recorded in the consolidated statement of operations. Maintenance costs and repairs are expensed as incurred.

The Medical Center reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. If expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of the assets. Any write-downs due to impairment are charged to operations at the time impairment is identified. Management determined that no impairment write-downs were necessary in 2012 and 2011.

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### Property, Plant, and Equipment (continued)

Management has considered its legal obligation to perform asset retirement activities, such as asbestos removal, on its existing properties Management believes that there is an indeterminate settlement date for the asset retirement obligations because the range of time over which the Medical Center may settle the obligations is unknown and cannot be estimated

The Medical Center capitalizes interest costs as a component of construction in progress, based on the weighted-average rates paid for long-term borrowings

### **Deferred Financing Costs**

Deferred financing costs consist of the costs incurred in conjunction with the issuance of bonds. The Medical Center's policy is to amortize deferred financing costs over the term of the bonds using the bonds outstanding method. Amortization expense was \$117,730 and \$182,750 for the years ended September 30, 2012 and 2011, respectively

#### **Unamortized Bond Discount and Premium**

Unamortized bond discount and premium are being amortized over the period the bonds are outstanding using the bonds outstanding method

### **Estimated Malpractice Liabilities**

The provision for estimated self-insured medical malpractice claims includes estimates of the ultimate costs for both reported claims and claims incurred but not reported

### **Excess of Revenues Over Expenses**

The statement of operations includes excess of revenues over expenses. Changes in unrestricted net assets that are excluded from excess of revenues over expenses, consistent with industry practice, include contributions received for the acquisition of property and equipment, pension liability adjustment, and the effects of changes in accounting methods

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### **Operating Income and Nonoperating Gains**

Only those activities directly associated with the furtherance of the Medical Center's primary mission are considered to be operating activities. Other activities that result in gains or losses are considered to be nonoperating. Nonoperating gains include investment income, changes in the fair value of interest rate swap agreements, and other miscellaneous nonoperating revenues and expenses.

#### **Federal Income Taxes**

The Medical Center, KHF, KBNH, CDC, KHI, KDMT, KDMS and the Foundation have been recognized by the IRS as Section 501(c)(3) charitable organizations Section 501(c)(3) organizations are exempt from federal and state income taxes on related income These organizations do not engage in significant unrelated activities and therefore no tax is recorded AMP is a small taxable entity subject to federal and state income taxation

#### **Meaningful Use of Electronic Health Records**

The American Recovery and Reinvestment Act of 2009 established one-time incentive payments under the Medicare and Medicaid programs for hospitals that meaningfully use certified electronic health records ("EHR") technology In general, a hospital may receive an incentive payment for up to four years, provided it successfully demonstrates meaningful use of certified EHR technology for the EHR reporting period. The key component of receiving the EHR incentive payments is "demonstrating meaningful use," which means meeting a series of objectives that make use of an EHR's potential related to the improvement of quality, efficiency, and patient safety. Meaningful use will be assessed on a year-by-year basis

Once the Medical Center meets the requirements for an incentive payment, a preliminary payment is made by The Centers for Medicare & Medicaid Services based on discharge data from the Medical Center's most recently filed cost report. The final amount of the payment is determined at the time the cost report for the period beginning in the payment year is settled, based on discharge data from that cost report. The Medical Center attested as a meaningful user for the years ended September 30, 2012 and 2011. As such, the Medical Center recognized approximately \$2,934,000 and \$3,293,000 at September 30, 2012 and 2011, respectively, as grant income under the Medicare program. The Medical Center recognized \$1,263,000 and \$1,899,000 at September 20, 2102 and 2011, respectively, as grant income under the Medicaid program. This grant income is included in other operating revenues in the accompanying consolidated statements of operations.

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### Meaningful Use of Electronic Health Records (continued)

Grant income recognized is based on management's estimate and it is reasonably possible that the estimates used could change materially in the near term. Any such changes would affect operations in the period in which they occur. The Medical Center's attestation as a meaningful user is subject to audit by the Federal Government or its designee.

#### **New Accounting Standards**

Patient Service Revenue, Provision for Bad Debts, and Allowance for Doubtful Accounts:

The Medical Center adopted new authoritative guidance on patient service revenue, provision for bad debts, and the allowance for doubtful accounts for the year ended September 30, 2012 The objective of the new guidance is to provide financial statement users with greater transparency about a health care entity's net patient service revenues and related allowance for doubtful accounts

The new authoritative guidance requires the following changes to existing accounting practices

- Reclassification of the statement of operations to present the provision for bad debts from an operating expense to a deduction from patient service revenue, net of contractual allowances and discounts,
- Enhanced disclosure about policies for recognizing revenue and the provision for bad debts by major payor source of revenue, and qualitative and quantitative information about significant changes in the allowance for doubtful accounts related to patient accounts receivable, including significant estimates and underlying assumptions, self-pay write-offs, third-party write-offs, and uninsured transactions, and
- Disclosure of patient service revenue, net of contractual allowances and discounts, by major payor source

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### **New Accounting Standards (continued)**

Patient Service Revenue, Provision for Bad Debts, and Allowance for Doubtful Accounts (Continued):

The new authoritative guidance also requires retrospective application related to presentation in the statement of operations, and prospective application to the disclosure requirements. As a result of adopting the new authoritative guidance, the Medical Center reclassified its provision for bad debts in the statement of operations for the year ended September 30, 2011, decreasing total unrestricted revenues, gains, and other support and total expenses by approximately \$58,033,000. No other reclassifications or modifications have been made to the Medical Center's 2011 financial statements as a result of adoption.

### Charity Care:

The Medical Center adopted amended disclosure guidance relating to the measurement of charity care provided. The guidance requires that direct and indirect costs be used as the basis of measurement for charity care disclosure purposes. The guidance also requires disclosure of the method used to identify or determine such costs. The adoption of the amended guidance revised the disclosure in the notes to the Medical Center's consolidated financial statements but did not impact amounts reported in the primary consolidated financial statements.

### Insurance Claims:

The Medical Center adopted amended guidance relating to the presentation of insurance claims and related insurance recoveries. The guidance clarifies that health care entities may not net insurance recoveries against a related claim liability. In addition, the amount of the claim liability should be determined without consideration of insurance recoveries, if any, should be measured and presented separately within the consolidated statement of financial position. The adoption of the amended guidance resulted in presenting insurance recoveries and related liabilities on a gross basis in the Medical Center's consolidated balance sheet and did not impact net assets.

### Notes to Consolidated Financial Statements

### 2. Accounting Policies (continued)

### **New Accounting Standards (continued)**

Fair Value Measurements:

The Medical Center adopted amended guidance on fair value measurements and disclosures. The guidance requires disaggregated and robust disclosures of fair value techniques and inputs to fair value measurements, transfers in and out of Levels 1 and 2 classifications, and reconciliation of Level 3 assets and liabilities on a gross (versus net) basis. While the Medical Center adopted this guidance in 2011, the changes to the Level 3 disclosure requirements were not effective until the year ended September 30, 2012. The adoption of the amended guidance did not have a material impact on the Medical Center's consolidated financial statements, but expanded disclosures about certain fair value measurements.

In 2011, the Financial Accounting Standards Board (FASB) issued amended guidance relating to fair value measurements and disclosures. The guidance includes new and clarified guidance on fair value measurements (highest and best use, equity instruments, managed net portfolio positions, and application of premiums and discounts) and disclosure (quantitative information, valuation processes and sensitivity of unobservable inputs, assets not in highest and best use, and assets not measured at fair value). The amended guidance is effective for periods beginning after December 15, 2011. The adoption of the amended guidance will not have a material impact on the Medical Center's consolidated financial statements, but may modify financial statement disclosures for fair value measurements.

### Notes to Consolidated Financial Statements

### 3. Medicare and Medicaid Programs

The Medical Center is a provider of services under contractual arrangements with the Medicare and Medicaid Programs (Programs) Approximately 51% and 17%, respectively, of the Medical Center's 2012 net patient service revenue was derived from services to patients covered by these Programs Comparable percentages for 2011 were 47% and 13%, respectively

Payments from Medicare for inpatient services are based upon the patient's diagnosis, irrespective of cost The diagnosis upon which payment is based is subject to review by Medicare Program representatives The Medicare Program reimburses the Medical Center for outpatient services on a prospective payment system with services classified into clinically similar ambulatory payment classes

The Kentucky Medicaid program reimburses the Medical Center on a prospectively determined rate per discharge using diagnosis related groups for inpatient services. Outpatient services are reimbursed on a fee-for-service reimbursement rate

In the health care industry, laws and regulations governing the Programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Certain reimbursement from the Programs is determined from annual cost reports, which are subject to audit by the Programs Management believes that adequate provisions have been made for reasonable adjustments that may result from final settlements. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines and penalties, and exclusions from the Programs. The Medical Center believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing

The Commonwealth of Kentucky legislation imposes a tax on health care providers. The legislation also provides a system for limited reimbursement for services provided to indigent patients. The Medical Center incurred provider tax expense of approximately \$7,612,000 and \$7,610,000 in 2012 and 2011, respectively, and received a reimbursement benefit of approximately \$2,731,000 and \$2,268,000 in 2012 and 2011, respectively

### Notes to Consolidated Financial Statements

### 4. Property, Plant, and Equipment

Property, plant, and equipment consist of the following at September 30

 2012	2011
\$ 29,458,916 \$	29,203,181
7,815,272	7,702,812
182,238,330	181,853,547
200,681,748	194,545,331
269,898,836	260,170,891
14,437,104	3,785,717

Bond mutual funds	42,851,175	45,946,423
U S Treasury obligations	26,825,710	8,821,239
U S Government agency obligations	2,149,806	17,957,739
Real estate fund	10,431,532	_
	\$ 210,416,254	\$ 182,075,735
By donors		
Cash and cash equivalents	 1,204,542	\$ 488,505
	\$ 1,204,542	\$ 488,505
By self-insurance trust agreements		
Cash and cash equivalents	\$ 708,725	\$ 326,999
Corporate bonds and notes	7,728,671	3,589,591
U S Government agency obligations	5,425	7,012
Mutual funds	3,640,088	5,785,176
	\$ 12,082,909	\$ 9,708,778
By bond indenture agreements		
Cash and cash equivalents	\$ 23,391,837	\$ 35,829,320
	\$ 23,391,837	\$ 35,829,320

The composition of short-term investments at September 30 is as follows

	 2012	2011
Corporate bonds and notes	\$ 20,930,165	\$ 21,087,565

### Notes to Consolidated Financial Statements

### 5. Assets Limited as to Use (continued)

Investment income (loss) from assets limited as to use, short-term investments and cash equivalents is included in other revenue and investment (loss) income, net in the accompanying financial statements as follows for the years ended September 30

	 2012	2011
Interest and dividend income	\$ 6,994,263	\$ 7,561,478
Realized gain on investments	1,127,801	5,527,204
Unrealized gain (loss) on investments	 15,741,335	(14,644,235)
	\$ 23,863,399	\$ (1,555,553)
Amounts included in other revenue	\$ 1,725,154	\$ 49,453
Amounts included in investment income (loss), net	 22,138,245	(1,605,006)
	\$ 23,863,399	\$ (1,555,553)

The Medical Center's investments are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in these risks in the near term could materially affect the amounts reported in the consolidated balance sheets and consolidated statements of operations and changes in net assets. While the Medical Center does not directly invest in derivative securities, it may indirectly hold these securities through investment holdings with a manager of hedge funds.

#### 6. Retirement Plans

Through January 1, 2011, the Medical Center sponsored a defined benefit plan covering eligible employees who qualify as to age and length of service Pension benefits are generally based upon years of service and an employee's average monthly compensation during their years of service. The Medical Center's funding policy is to contribute amounts to the plan sufficient to meet all minimum funding requirements set forth in the Employee Retirement Income Security Act of 1974, plus such additional amounts as the Medical Center may determine appropriate from time to time Pension plan assets are primarily invested in listed and readily marketable stocks and bonds. A measurement date of September 30 was used for the plan at September 30, 2012 and 2011.

### Notes to Consolidated Financial Statements

### 6. Retirement Plans (continued)

At January 1, 2011, the Medical Center approved a Plan amendment to freeze the benefit accruals in the Plan New employees since the amendment date have not been eligible to participate

Previously, the Medical Center amended the plan to allow participants as of December 31, 1992, eligible to participate in the King's Daughters Medical Center's Base Contribution Plan and King's Daughters Medical Center's Matching Contribution Plan to make a one-time irrevocable election to cease being a member of the defined benefit plan as of January 1, 1993 or any subsequent January 1, and become a limited participant in the defined benefit plan Upon becoming a limited participant, the participant will cease to accrue any additional benefits under the defined benefit plan Additionally, all new employees hired after December 31, 1992, are not eligible to participate in the defined benefit plan However, all employees who are part of a group subject to collective bargaining continue to participate and earn benefits in the defined benefit plan

On January 1, 1993, the Medical Center established two defined contribution plans for those participants of the defined benefit plan as of December 31, 1992, who elect to participate in the defined contribution plans in lieu of accruing additional benefits in the defined benefit plan and for all new non-collectively bargained employees of the Medical Center The plans established are the King's Daughters Medical Center's Base Contribution Plan (Base Plan), a non-contributory plan, and King's Daughters Medical Center's Matching Contribution Plan (Matching Plan), a contributory plan

The Medical Center established the Base and Matching Plans to cover substantially all employees employee subsequent to December 31, 1992, (except for collectively bargained employees) who qualify as to age and length of service and those employees who were participants in the defined benefit plan and qualify as to length of service, but as of January 1, elected to become a limited participant in the defined benefit plan and an active participant in the defined contribution plans. Effective January 1, 2011, employees subject to collective bargaining may participate in the Base and Matching Plans. The Medical Center contributes 3% of the participants' compensation for the Base Plan and 50% of eligible participant contributions for the Matching Plan, unless such contributions are suspended or terminated

### 6. Retirement Plans (continued)

A summary of the components of net periodic costs for the years ended September 30 follows

	2012	2011
Defined benefit plan		
Service cost	\$ 353,000 \$	1,089,704
Interest cost	3,349,667	3,643,656
Expected return on plan assets	(3,733,168)	(3,898,908)
Net amortization	691,065	1,075,829
Net periodic pension cost	660,564	1,910,281
Curtailment charge	-	273,623
Defined contribution plans	7,172,824	4,551,794
Total retirement benefit costs	\$ 7,833,388 \$	6,735,698

Included in unrestricted net assets at September 30, 2012 and 2011, are the following amounts that have not yet been recognized in net periodic benefit cost unrecognized actuarial loss of \$32,533,199 and \$28,404,497, respectively There was no unrecognized net prior service cost for the years ended September 30, 2012 or 2011 No prior service cost is expected to be recognized during the year ended September 30, 2013 The actuarial loss expected to be recognized during the year ended September 30, 2013 is \$831,808

### Notes to Consolidated Financial Statements

### 6. Retirement Plans (continued)

The following table sets forth the defined benefit plan's funded status and amounts recognized in the Medical Center's consolidated balance sheets, as measured at September 30, 2012 and 2011

	2012	2011
Change in projected benefit obligation		_
Benefit obligation, beginning of year	\$ 67,087,225 \$	69,715,522
Service cost	353,000	1,089,704
Interest cost	3,349,667	3,643,656
Plan curtailments	-	(7,970,628)
Actuarial loss	8,638,218	3,369,244
Benefits paid	 (2,972,970)	(2,760,273)
Projected benefit obligation, end of year	76,455,140	67,087,225
Change in plan assets		
Fair value of plan assets, beginning of year	45,840,225	45,638,522
Actual return on plan assets	7,551,885	(118,024)
Employer contributions	2,600,000	3,080,000
Benefits paid	 (2,972,970)	(2,760,273)
Fair value of plan assets, end of year	53,019,140	45,840,225
Underfunded status	\$ (23,436,000) \$	(21,247,000)

The underfunded status is included in long-term liabilities as accrued pension obligation at September 30, 2012 and 2011

The net (decrease) increase recognized as a pension liability adjustment included in changes in unrestricted net assets was \$(4,128,466) and \$1,933,904 for the years ended September 30, 2012 and 2011, respectively There was no net prior service cost recognized in the minimum pension liability included in changes in unrestricted net assets for the years ended September 30, 2012 and 2011, respectively

No plan assets are expected to be returned to the Medical Center during the fiscal year-ended September 30, 2013 The accumulated benefit obligation was \$76,455,140 and \$67,087,225 at September 30, 2012 and 2011, respectively

### Notes to Consolidated Financial Statements

### 6. Retirement Plans (continued)

### Assumptions:

Weighted average assumptions used to determine net periodic benefit obligations as of September 30 were as follows

	2012	2011
Discount rate	4 15%	5 11%
Rate of compensation increase	N/A	N/A

Weighted average assumptions used to determine net periodic benefit cost for the years ending September 30 were as follows

	2012	2011
Discount rate	5 11%	5 61%
Rate of compensation increase	N/A	3 50%
Expected return on plan assets	8 25%	8 25%

The Medical Center has estimated the long-term rate of return on plan assets based primarily on historical returns on plan assets, adjusted for changes in target portfolio allocations and recent changes in long-term interest rates based on publicly available information

#### Plan Assets:

The Medical Center's defined benefit plan weighted-average allocations at September 30 by asset category are as follows

	Target	2012	2011
Asset Class			_
Equity	60 0%	59 0%	57 5%
Fixed income	40 0	40 0	41 3
Cash and cash equivalents	_	1 0	1 2
	100 0%	100 0%	100 0%

### Notes to Consolidated Financial Statements

### 6. Retirement Plans (continued)

The defined benefit plan's assets are invested in a portfolio that provides for asset allocation strategies across equity and debt markets. The portfolio's objective is to maximize the plan's surplus, minimize annual contributions, and fund the annual interest credit. Management and its investment advisor have prepared asset allocation recommendations based on detailed analyses of the plan's current and expected future financial needs.

#### Pension Plan Assets:

Following is a description of the valuation methodologies used for pension plan assets measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of pension plan assets pursuant to the valuation hierarchy

Where quoted market prices are available in an active market, plan assets are classified within Level 1 of the valuation hierarchy Level 1 plan assets include money market mutual funds and mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of plan assets with similar characteristics or discounted cash flows. The Plan did not hold investments utilizing Level 2 inputs. In certain cases where Level 1 or Level 2 inputs are not available, plan assets are classified within Level 3 of the hierarchy. The Plan did not hold investments utilizing Level 3 inputs.

### Notes to Consolidated Financial Statements

### 6. Retirement Plans (continued)

The fair values of the Medical Center's pension plan assets at September 30, 2012, by asset class are as follows

	]	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)		Obs	gnificant Other servable nputs evel 2)	Uno	gnificant bservable Inputs Level 3)
Money market mutual funds	\$	522,542	\$	522,542	\$	-	\$	_
Mutual funds (A)		52,496,598		52,496,598		-		-

(A) Forty-six percent of mutual funds invest in common stock of large-cap and mid-cap U S companies Three percent of mutual funds invest in common stock of small-cap U S companies Ten percent of the mutual fund investments focus on emerging markets Forty-one percent of mutual funds invest in fixed income investments

The fair values of the Medical Center's pension plan assets at September 30, 2011, by asset class are as follows

		Significant						
		Active Markets Obfor Identical		ets Observable		kets Observable Unobservable		nobservable
	Fair Value			(L	evel 2)		(Level 3)	
Money market mutual funds	\$ 492,753	\$	492,753	\$	-	\$	-	
Mutual funds (A)	45,347,472		45,347,472		-		-	

(A) Forty-four percent of mutual funds invest in common stock of large-cap and mid-cap U S companies Four percent of mutual funds invest in common stock of small-cap U S companies Ten percent of the mutual fund investments focus on emerging markets Forty-two percent of mutual funds invest in fixed income investments

### Notes to Consolidated Financial Statements

### 6. Retirement Plans (continued)

Plan assets are held by a bank-administered trust fund, which invests the plan assets in accordance with the provisions of the plan agreement. The plan agreement permits investment in common stocks, corporate bonds and debentures, U.S. Government securities, certain insurance contracts, real estate and other specified investments, based on certain target allocation percentages

### Cash Flows:

The Medical Center currently does not expect to make a contribution to the defined benefit plan during the fiscal year ending September 30, 2013 in order to satisfy minimum funding requirements Management will evaluate funding status during the year and may elect to make voluntary contributions

Benefits expected to be paid to beneficiaries of the defined benefit plan are approximately as follows

2013	\$ 3,036,000
2014	3,205,000
2015	3,387,000
2016	3,558,000
2017	3,786,000
2018 through 2022	21,130,000

#### 7. Line of Credit

The Medical Center has an unused line of credit with a bank in the amount of \$15 million at September 30, 2012 and 2011 The line of credit expires February 14, 2013 The note has a variable interest rate equal to LIBOR plus 1 25% with a floor of 3 0% at September 30, 2012 and 2011

### Notes to Consolidated Financial Statements

### 8. Long-Term Debt

The following is a summary of long-term debt of the Medical Center at September 30

	 2012	2011
Variable Rate Medical Center Revenue Bonds,		
Series 2008A [A]	\$ 50,000,000 \$	50,000,000
Variable Rate Medical Center Revenue Bonds,		
Series 2008B [A]	50,000,000	50,000,000
Medical Center Revenue Bonds,		
Series 2008C [B]	46,255,000	46,365,000
Medical Center Revenue Bonds,		
Series 2010A [C]	70,445,000	75,000,000
Medical Center Revenue Bonds,		
Series 2010B [C]	28,175,000	28,175,000

Capital Lease Payable - Other [E]	 3,092,222	6,391,283
	249,400,902	258,048,123
Less unaccreted bond discount	(1,960,502)	(2,034,401)
Plus unamortized bond premium	 1,140,398	1,232,862
	248,580,798	257,246,584
Current portion	 (7,989,823)	(11,373,885)
Total long-term debt	\$ 240,590,975 \$	245,872,699

### Notes to Consolidated Financial Statements

### 8. Long-Term Debt (continued)

[A] In September 2008, the Kentucky Economic Development Finance Authority (KEDFA) issued \$50 million of Variable Rate Medical Center Revenue Bonds, Series 2008A (the Series 2008A Bonds) and \$50 million of Variable Rate Medical Center Revenue Bonds, Series 2008B (the Series 2008B Bonds) dated September 1, 2008 on behalf of the Medical Center The proceeds of the Series 2008A Bonds and Series 2008B Bonds were used for the purpose of refunding Series 2006 Bonds and Series 2004 Bonds and to pay costs of acquiring, constructing, improving and equipping the Medical Center's healthcare facilities and to pay related costs of issuance

The Series 2008A Bonds and Series 2008B Bonds are variable rate demand bonds in which the interest rate is determined every 7 days by a remarketing agent (0 18% at September 30, 2012) The Series 2008A Bonds and Series 2008B Bonds, which are subject to retirement in varying principal payments through 2038, are subject to optional redemption, in whole or in part, on any interest rate adjustment rate date at the redemption price of 100% of the principal amount redeemed plus accrued interest thereon to the redemption date The Medical Center is required to maintain letters of credit on the Series 2008A Bonds and the Series 2008B Bonds through maturity

The Series 2008A Bonds and Series 2008B Bonds are secured through irrevocable letters of credit provided by a bank that expires on September 24, 2015 after which is renewable for one year thereafter. The letters of credit have repayment terms in 48 equal monthly installments commencing on the 367<sup>th</sup> day after a failed remarketing. Interest rates as determined by these auctions are subject to various risks including changes in the credit markets, remarketing mechanisms, and the potential for failed auctions. The default interest rate for the Series 2008B Bonds is based upon a formulaic maximum rate which is the greater of the prime rate plus 2% or 12%

[B] In September 2008, KEDFA issued \$46 58 million of Medical Center Revenue Bonds, Series 2008C (the Series 2008C Bonds) dated September 1, 2008 on behalf of the Medical Center The proceeds of the Series 2008C Bonds were used for the purpose of refunding Series 1993B Bonds, Series 2001 Bonds and Series 2003B Bonds and to pay related costs of issuance

### Notes to Consolidated Financial Statements

### 8. Long-Term Debt (continued)

The Series 2008C Bonds are fixed rate bonds with serial and term maturities at interest rates ranging from 4% to 65% Interest is payable semi-annually on February 1 and August 1 The Series 2008C Bonds are subject to retirement in varying principal payments through 2038 The Series 2008C Bonds maturing after February 1, 2018 are subject to an optional redemption prior to maturity on or after February 1, 2018, in whole at any time or in part on any interest payment date, at a redemption price equal to the principal amount thereof, plus interest accrued to the date fixed for redemption

[C] In April 2010, KEDFA issued \$75 million of Medical Center Revenue Bonds, Series 2010A (the Series 2010A Bonds) and \$32 615 million of Medical Center Revenue Bonds, Series 2010B (the Series 2010B Bonds) dated March 1, 2010 on behalf of the Medical Center The proceeds of the Series 2010A and 2010B Bonds were used for the purpose of refunding Series 1998 Bonds and to pay costs of acquiring, constructing, improving and equipping the Medical Center's healthcare facilities and to pay related costs of issuance

The Series 2010A Bonds are fixed rate bonds with serial and term maturities at interest rates ranging from 3% to 5% Interest is payable semi-annually on February 1 and August 1 The Series 2010A Bonds are subject to retirement in varying principal payments through 2040 The Series 2010A Bonds maturing after February 1, 2020 are subject to an optional redemption prior to maturity on or after February 1, 2020, in whole at any time or in part on any interest payment date, at a redemption price equal to the principal amount thereof, plus interest accrued to the date fixed for redemption

The Series 2010B Bonds are fixed rate bonds with serial and term maturities at interest rates ranging from 2% to 5% Interest is payable semi-annually on February 1 and August 1 The Series 2010B Bonds are subject to retirement in varying principal payments through 2025 The Series 2010B Bonds maturing after February 1, 2020 are subject to an optional redemption prior to maturity on or after February 1, 2020, in whole at any time or in part on any interest payment date, at a redemption price equal to the principal amount thereof, plus interest accrued to the date fixed for redemption

In connection with the bonds outstanding, the Medical Center has agreed to certain covenants which, among other things, limit additional indebtedness and guarantees, require the Medical Center to maintain specific financial ratios, require that the Medical Center maintain certain insurance coverage, and require certain sinking fund amounts At September 30, 2012, the Medical Center was in compliance with such requirements

### Notes to Consolidated Financial Statements

### 8. Long-Term Debt (continued)

[D] In January 2008, the Medical Center entered into a license fee agreement for a term of 68 months for software which was implemented in November 2008. The license fee agreement is recorded at the present value of minimum payments in the amount of approximately \$8 million. Monthly principal and interest payments of \$101,135 are being made. The interest rate was imputed at 5 25% which is considered the Medical Center's incremental borrowing rate at the inception of the lease.

In July 2012, the Medical Center entered into an additional license fee agreement for a term of 29 months for software which was implemented in November 2008. The license fee agreement is recorded at the present value of minimum payments in the amount of approximately \$551,000. Monthly principal and interest payments of \$36,106 are being made. The interest rate was imputed at 4 00% which is considered the Medical Center's incremental borrowing rate at the inception of the lease.

[E] At varying rates of imputed interest from 1 49% to 4% due through 2015, collateralized by certain property and equipment Property and equipment include the following property under capital lease

	 2012	2011
Building	\$ 339,350	\$ 339,350
Equipment	5,613,032	22,192,449
Less accumulated depreciation	1,805,405	5,316,519
	\$ 4,146,977	\$ 17,215,280

2012

In May 2012, the Medical Center entered into an agreement to lease telephone equipment for a term of 36 months. The agreement is recorded at the present value of minimum payments in the amount of approximately \$3,270,000. Annual principal payments of \$1,132,461 are being made. The interest rate was imputed at 4 00% which is considered the Medical Center's incremental borrowing rate at the inception of the lease.

The Medical Center has a \$8,991,536 letter of credit with a bank, none of which is outstanding at September 30, 2012 or 2011 Advances bear interest at prime, with a floor of 4 00% at September 30, 2012 and 2011 The interest rates were 4 00% at September 30, 2012 and 2011 This letter of credit expires May 17, 2013 and is renewable for an additional year. This letter of credit is a guarantee of payment for workers' compensation claims in lieu of a trusteed cash balance for the same amount.

### Notes to Consolidated Financial Statements

### 8. Long-Term Debt (continued)

The following is a schedule of future minimum payments on long-term debt

	Bonds		Capi	ital Leases
Years Ending September 30				
2013	\$	4,830,000	\$	3,311,445
2014		5,020,000		1,367,028
2015		5,195,000		34,842
2016		5,385,000		-
2017		5,615,000		-
Thereafter		218,830,000		
	\$	244,875,000	_	
			_	4,713,315
Less amount representing interest				187,413
Present value of future minimum lease payments				4,525,902
Less current maturities				3,159,823
Non-current portion			\$	1,366,079

The Corporation paid interest of approximately \$10,019,000 and \$9,844,000 during 2012 and 2011, respectively The Medical Center capitalized interest costs of approximately \$1,387,000 and \$2,326,000 during 2012 and 2011, respectively

### 9. Interest Rate Swap Agreements

As a strategy to maintain acceptable levels of exposure to the risk of changes in future cash flows due to interest rate fluctuations, the Medical Center has entered into several interest rate swap agreements for a portion of its floating rate debt. The fair value of the agreements, \$22,063,563 and \$20,112,124 as of September 30, 2012 and 2011, respectively, were determined by a third-party valuation specialist and are recorded as long-term liabilities within the consolidated balance sheets. The agreements are as follows

### Notes to Consolidated Financial Statements

### 9. Interest Rate Swap Agreements (continued)

On May 23, 2001, the Medical Center entered into an interest rate swap agreement that provides for the Medical Center to receive interest from the counterparty of 68% of the one-month LIBOR rate and to pay interest to the counterparty at a fixed rate of 4 07% on notional amounts of \$13,700,000 and \$14,100,000 at September 30, 2012 and 2011, respectively The agreement will expire on February 1, 2031 Under the agreement, the Medical Center pays interest amounts every six months commencing on August 1, 2001 and receives interest amounts every 35<sup>th</sup> calendar day, with the settlements included in interest expense

On August 10, 2004, the Medical Center entered into an interest rate swap agreement that provides for the Medical Center to receive interest from the counterparty of the one-month LIBOR rate and to pay interest to the counterparty at a fixed rate of 5 618% on notional amounts of \$21,000,000 at September 30, 2012 and 2011 The agreement will expire on February 1, 2034 Under the agreement, the Medical Center pays interest amounts every six months commencing on February 1, 2005 and receives interest amounts every 5<sup>th</sup> Monday commencing on September 27, 2004, with the settlements included in interest expense

On October 26, 2005, the Medical Center entered into an interest rate swap agreement that provides for the Medical Center to receive interest from the counterparty of the one-month LIBOR rate and to pay interest to the counterparty at a fixed rate of 5 293% on notional amounts of \$25,606,000 and \$26,239,500 at September 30, 2012 and 2011, respectively The agreement will expire on September 1, 2036 Under the agreement, the Medical Center pays interest amounts every six months commencing on March 1, 2007 and receives interest amounts monthly, with the settlements included in interest expense

On June 20, 2006, the Medical Center entered into an interest rate swap agreement that provides for the Medical Center to receive interest from the counterparty of the ten-year LIBOR rate less 63 basis points and to pay interest to the counterparty at the one-month LIBOR rate on notional amounts of \$25,606,000 and \$26,239,500 at September 30, 2012 and 2011, respectively The agreement will expire on September 1, 2036 Under the agreement, the Medical Center pays or receives the net interest amounts monthly, with the monthly settlements included in interest expense

### Notes to Consolidated Financial Statements

### 9. Interest Rate Swap Agreements (continued)

On August 3, 2010, the Medical Center entered into an interest rate swap agreement that provides for the Medical Center to receive interest from the counterparty of the one-month LIBOR plus 177 basis points and to pay interest to the counterparty at the ten-year ISDA swap rate less 63 basis points on notional amounts of \$25,606,000 and \$26,239,500 at September 30, 2012 and 2011, respectively The agreement will expire on September 1, 2013 Under the agreement, the Medical Center pays or receives the net interest amounts monthly, with the monthly settlements included in interest expense

As a result of these interest rate swap agreements, interest expense was increased by \$2,525,294 and \$2,561,519 for the years ended September 30, 2012 and 2011, respectively

#### 10. Disclosures About Fair Value of Assets and Liabilities

FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date ASC Topic 820 also specifies a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value The standard describes three levels of inputs that may be used to measure fair value

- Level 1 Quoted prices in active markets for identical assets or liabilities
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- **Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy

### Notes to Consolidated Financial Statements

### 10. Disclosures About Fair Value of Assets and Liabilities (continued)

#### **Investments**

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include money market mutual funds, common stock and equity mutual funds, and bond mutual funds. If quoted market prices are not available, then fair values are estimated by a third party pricing service using pricing models, quoted market prices of securities with similar characteristics or discounted cash flows. The inputs used by the pricing service to determine fair value may include one or a combination of, observable inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data market research publications and are classified within Level 2 of the valuation hierarchy. These level 2 securities include equity mutual funds, corporate bonds and notes, U.S. Treasury obligations and U.S. Government agency obligations.

### **Interest Rate Swap Agreements**

The fair value is estimated by a third party valuation specialist using forward-looking rate curves and discounted cash flows that are observable or that can be corroborated by observable market data and, therefore, are classified within Level 2 of the valuation hierarchy

### Notes to Consolidated Financial Statements

### 10. Disclosures About Fair Value of Assets and Liabilities (continued)

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying consolidated balance sheets measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at September 30, 2012

		Quoted Prices in Active Markets for Identical Assets		in Active Other Markets for Observable Identical Assets Inputs		ble	Signific le Unobser Input	
	Fair Value	(Leve	el 1)	(Level	2)	(Lev	el 3)

### Notes to Consolidated Financial Statements

### 10. Disclosures About Fair Value of Assets and Liabilities (continued)

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying consolidated balance sheets measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at September 30, 2011

		Quoted Prices in Active Markets for Identical Assets		in Active Other  Markets for Observable			Significant observable Inputs
	Fair Value	e (Level 1) (Level 2)		(Level 1) (Level 2)		(Level 3)	
Money market mutual funds	\$ 44,380,344	\$	44,380,344	\$ -	\$	-	
Common stock	25,482,530		25,482,530	-		-	
Mutual funds (B)	105,237,348		66,487,607	38,749,741		-	
Corporate bonds and notes	46,002,120		-	46,002,120		-	
US Treasury obligations	27,188,261		-	27,188,261		-	
US Government agency							
obligations	899,300		-	899,300		-	
Interest rate swap agreements	(20,112,124)		-	(20,112,124)		-	

(B) One percent of mutual funds invest in common stock of large-cap U S companies Fifteen percent of the mutual fund investments focus on emerging markets Forty-seven percent of mutual funds invest in fixed income investments Thirty-seven percent of mutual funds invest in alternative investments

### Notes to Consolidated Financial Statements

### 10. Disclosures About Fair Value of Assets and Liabilities (continued)

The following is a summary of changes in fair value of the Medical Center's financial assets that have been classified as Level 3 at September 30, 2012

	Real Estate Investment Fund	
Balance, September 30, 2011	\$	-
Realized and unrealized gains		443,287
Advisory fees		(11,755)
Purchases		10,000,000
Balance, September 30, 2012	\$	10,431,532

The

following methods were used to estimate the fair value of all other financial instruments recognized in the accompanying consolidated balance sheets at amounts other than fair value

### Cash and Cash Equivalents

The carrying amount approximates fair value

### **Long-Term Debt**

The fair value of long-term debt is estimated using quoted market prices and discounted cash flows of debt services, based on the current incremental borrowing rate for debt considering similar types of borrowing arrangements

### Notes to Consolidated Financial Statements

### 10. Disclosures About Fair Value of Assets and Liabilities (continued)

The following table presents estimated fair values of the Medical Center's financial instruments at September 30

	2012		2011	
	Carrying		Carrying	
	Amount	Fair Value	Amount	Fair Value
Cash and cash equivalents	\$ 63,366,719	\$ 63,366,719	\$ 59,600,015	\$ 59,600,015
Assets limited as to use	247,095,541	247,095,541	228,102,338	228,102,338
Short-term investments	20,930,165	20,930,165	21,087,565	21,087,565
Long-term debt	(244,875,000)	(252,730,243)	(249,540,000)	(253,873,013)
Interest rate swap				
agreements	(22,063,563)	(22,063,563)	(20,112,124)	(20,112,124)

### 11. Concentration of Credit Risk

The Medical Center grants credit (without requiring collateral) to its patients, most of whom are insured under third-party payor agreements. The mix of receivables from patients and third-party payors at September 30 follows

	2012	2011
Medicare	33%	36%
Medicaid	16	13
Anthem/Blue Cross	10	10
Patients	28	28
Other third-party payers	13	13
	100%	100%

### Notes to Consolidated Financial Statements

### 12. Functional Expenses

The Medical Center provides general health care services to residents within the communities served by the Medical Center Approximately 85% of the Medical Center's expenses related to health care services and 15% related to general and administrative costs for both of the years ended September 30, 2012 and 2011

#### 13. Commitments

Leases that do not meet the criteria for capitalization are classified as operating leases with related rentals charged to operations as incurred Total rent expense for the years ended September 30, 2012 and 2011 for all operating leases was approximately \$3,504,000 and \$3,331,000, respectively Future rental commitments, as of September 30, 2012, for all noncancellable operating leases with terms in excess of one year are as follows \$3,099,000 – 2013, \$2,718,000 – 2014, \$2,323,000 – 2015, \$2,215,000 – 2016, \$1,339,000 – 2017 and \$7,179,000 – thereafter

The Medical Center has a contract with a construction company in the amount of \$15.4 million for the construction of a new facility in Portsmouth, Ohio As of September 30, 2012, approximately \$11.3 million has been completed on the construction of the new facility

### Notes to Consolidated Financial Statements

#### 14. Self-Insurance

The Medical Center is involved in litigation arising in the ordinary course of business Claims have been asserted against the Medical Center and are currently in various stages of litigation. It is the opinion of management of the Medical Center, based on their experience, that the ultimate resolution of professional liability claims will not have a significant effect on the Medical Center's consolidated financial statements.

The Medical Center is self-insured for medical malpractice and professional and general liability claims arising on or after July 1, 1976 Currently, the Medical Center has excess insurance for claims over the self-insured limit Losses from asserted claims and from unasserted claims identified under the Medical Center's incident reporting system and incidents incurred but not reported are accrued based on estimates that incorporate the Medical Center's past experience, as well as other considerations including the nature of each claim or incident and relevant trend factors

The estimated current portion of the obligation of approximately \$2,438,000 and \$3,157,000 in 2012 and 2011, respectively, is included in accounts payable and accrued expenses in the accompanying consolidated balance sheets. The estimated liability for such malpractice and professional and general liability claims is not discounted in the accompanying consolidated financial statements. The Medical Center is also self-insured for workers' compensation and employee health benefits

While the ultimate amount of costs incurred under the Medical Center's self-insured programs is dependent on future developments, in management's opinion, recorded reserves are adequate to cover the future settlement of claims. However, it is reasonably possible that recorded reserves may not be adequate to cover the future settlement of claims. Adjustments, if any, to estimates recorded resulting from ultimate claim payments will be reflected in operations in the periods in which such adjustments are known.

The Medical Center has established an irrevocable trust fund for the payment of medical malpractice claim settlements Professional insurance consultants have assisted the Medical Center in determining amounts to be deposited in the trust fund. The balance on deposit in the irrevocable trust was \$12,082,909 and \$9,708,778 at September 30, 2012 and 2011, respectively

### Notes to Consolidated Financial Statements

### 15. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Medical Center has been limited by donors to a specific time period or purpose Permanently restricted net assets are those which must be maintained in perpetuity, based on donor restrictions. When a donor restriction expires, temporarily restricted net assets used for operations are classified to unrestricted net assets and reported in the statements of operations as other revenues while temporarily restricted net assets restricted for property and equipment are excluded from the excess of revenues over expenses and reported as an increase in net assets

At September 30, temporarily and permanently restricted net assets include the following

	2012	2011
Temporarily restricted		
Education Funds	\$ 12,161	\$ 14,199
Program Funds	1,280,329	448,963
	\$ 1,292,490	\$ 463,162
Permanently restricted		
Boyd County Medical Society Scholarship Fund	\$ 115,489	\$ 117,055
	\$ 115,489	\$ 117,055

#### 16. Significant Estimates and Concentrations

Accounting principles generally accepted in the United States of America require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations Those matters include the following

#### **Allowance for Net Patient Service Revenue Adjustments**

Estimates of allowances for adjustments included in net patient service revenue are described in Notes 2 and 3

### **Malpractice Claims**

Estimates related to the accrual for medical malpractice claims are described in Notes 2 and 14

### Notes to Consolidated Financial Statements

### 16. Significant Estimates and Concentrations (continued)

### Litigation

In the normal course of business, the Medical Center is, from time to time, subject to allegations that may or do result in litigation. Some of these allegations are in areas not covered by the Medical Center's self-insurance program (discussed elsewhere in these notes) or by commercial insurance, for example, allegations regarding employment practices or performance of contracts. The Medical Center evaluates such allegations by conducting investigations to determine the validity of each potential claim. Based upon the advice of counsel, management records an estimate of the amount of ultimate expected loss, if any, for each of these matters. Events could occur that would cause the estimate of ultimate loss to differ materially in the near term

In connection with its nationwide review, the Department of Justice (DOJ) is reviewing certain hospital charges relating to implantable cardio-defibrillators (ICDs) for compliance with the Centers for Medicare and Medicaid Services criteria. The review covers the period from October 2003 to present. As such, a potential exists that the Medical Center may be subject to claims for recoupment and penalties. The Medical Center has reserved approximately \$6,200,000 to cover any and all claims and damages related to this review.

Also, the Medical Center has been contacted about another governmental nationwide review related to cardiac stents. At this time, the Medical Center cannot predict what effect, if any, this review or any resulting claims could have on us

#### **Pension and Other Postretirement Benefit Obligations**

The Medical Center has a noncontributory defined benefit pension plan whereby it agrees to provide certain postretirement benefits to eligible employees. The benefit obligation is the actuarial present value of all benefits attributed to service rendered prior to the valuation date based on the projected unit credit cost method. It is reasonably possible that events could occur that would change the estimated amount of this liability materially in the near term

#### **Investments**

The Medical Center invests in various investment securities Investment securities are exposed to various risks such as interest rate, market and credit risks Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the accompanying consolidated balance sheets

### Notes to Consolidated Financial Statements

### 16. Significant Estimates and Concentrations (continued)

#### **Current Economic Conditions**

The current protracted economic decline continues to present hospitals with difficult circumstances and challenges, which in some cases have resulted in large declines in the fair value of investments and other assets, constraints on liquidity and difficulty obtaining financing The financial statements have been prepared using values and information currently available to the Medical Center

Current economic conditions, including the rising unemployment rate, have made it difficult for certain of our patients to pay for services rendered. As employers make adjustments to health insurance plans or more patients become unemployed, services provided to self-pay and other payers may significantly impact net patient service revenue, which could have an adverse impact on the Medical Center's future operating results. Further, the effect of economic conditions on the state may have an adverse effect on cash flows related to the Medicaid program.

Given the volatility of current economic conditions, the values of assets and liabilities recorded in the consolidated financial statements could change rapidly, resulting in material future adjustments in investment values (including defined benefit pension plan investments) and allowances for accounts receivable that could negatively impact the Medical Center's ability to meet debt covenants or maintain sufficient liquidity

#### 17. Subsequent Events

Subsequent events have been evaluated through November 14, 2012, which is the date the financial statements were available to be issued
