Grant Application Information for Program Support

I. Purpose

The founders, William, James and Ella McInerny, arranged for practically their entire estates to pass to the McInerny Foundation in order to promote the welfare of the people of the Hawaiian Islands. Under the terms of the deed of trust creating the foundation, the income was to be used exclusively for charitable, educational purposes, or for the prevention of cruelty to children or animals. Use of this income was intended to be flexible, to cover changing conditions, and to best serve the charitable requirements of the people of Hawaii.

The trust document specifically excludes support to churches and organizations which proselytize, encourage theology, sectarianism, spiritualism, religion or any system of religious worship. The founders, in specifying these exclusions, did not do so with the intention of showing anything but the kindest of feelings and the best of good wishes toward continued and successful growth/accomplishment of the aims and purposes of any such worthy organizations, but sincerely believed that the uses and purposes are of such a nature that their aims and ends are better served if they are supported largely by the persons taking part in their work.

II. General Information

McInerny Foundation grants are given to organizations benefiting the people of Hawaii. Organizations must be exempt from federal taxes under Section 501(c)(3) of the Internal Revenue Code and be classified as a public charity. The Foundation does not give grants or scholarships to individuals, nor does it provide grants for deficit funding or endowments.

Program and Project grants are awarded in six major fields: arts and culture, community, education, environment, health and rehabilitation, and human services.

Generally, the Foundation prefers to be one of several contributors to an activity, expecting the applicant to acquire needed funds from several sources to assure the continuation of the activity in the future.

The Distribution Committee will accept only one request a year from an organization A new request will not be accepted if a prior pledge or report is still outstanding. The exception to this policy is a tuition aid program (separate guidelines available) which may be considered in addition to one other request from a school.

NOTE: If a fiscal sponsor is being used, it is necessary to contact the Charitable Foundation Services office prior to submitting a grant proposal.

III. Additional Information

a. *Board of Directors*

In order to be successful in accomplishing its purposes, a charitable organization generally must have community and business support, rather than relying solely on foundations or government funding.

For this reason the Distribution Committee pays particular attention to how active members of an organization's Board of Directors are in carrying out their responsibilities to the organization.

In the interest of public causes, McInerny Foundation has long required that all directors make an annual financial contribution, at some level, to the support of the organization; in addition to participating in fundraising activities. Directors are also required to attend Board meetings, volunteer work when needed, and make significant efforts to gain community and business support.

b. *School Participation*

If the request for funding supports a program that involves school or classroom participation, the applying charity must provide a list of the schools that will be involved in the program along with a letter of support from the schools' principals or teachers who have either committed or are interested in the program. The organization must also provide us with an approximate number of students that will be involved and/or benefiting from the program.

c. *Other Factors*

Some other factors considered in reviewing a proposal are:

- the community's need for the proposed program or project in relation to other similar activities
- reasonableness of the project's income/expenditure budget
- ability of the applicant to obtain entire funding and sustain the proposed project.

IV. Foundation Deadline Dates

Grant Application Information for General Capital Support

SECTION I – Grantmaking Policies For General Capital Funding

The McInerny Foundation trust document specifically excludes support to churches, religious entities and organizations which proselytize, encourage theology, sectarianism, spiritualism, religion or any system of religious worship.

McInerny Foundation provides grants to organizations benefiting the people of Hawaii. Organizations must be exempt from federal taxes under Section 501(c)(3) of the Internal Revenue Code and be classified as a public charity

The Distribution Committee accepts only one request a year from an organization. The exception to this policy is a tuition aid program (separate guidelines available) which may be considered in addition to one other request from a school

SECTION II – Capital Criteria

General Capital – Under $500,000

General Capital requests are for projects or equipment having a total cost under $500,000; however at the discretion of the foundation, projects or purchases of certain values and scope may be treated as large capital projects and subject to the guideline criteria for large capital. (There are separate guidelines for Major Capital requests with total costs of $500,000 or more.) **There are no deadline dates for submitting general capital requests**, which may be considered at all foundation meetings.

- General Capital grants are provided for the purchase of equipment, renovations and construction of buildings. McInerny Foundation does not provide grants for the purchase of real estate; nor does the foundation provide grants for deficit funding or for endowments.
- Generally, the Foundation prefers to be one of several contributors, expecting the organization to acquire needed funds from several sources to assure the project is completed at a specific time and/or in a timely manner
- In the interest of public causes, McInerny Foundation has long required that all board of directors of an organization make an annual financial contribution, at some level, to the support of the organization; in addition to participating in fundraising activities. Directors are also required to attend Board meetings, volunteer work when needed, and make significant efforts to gain community and business support.

  Some other factors considered in reviewing a proposal are:
  - the community's need for the proposed project in relation to other similar activities
  - reasonableness of the project's income/expenditure budget
  - ability of the applicant to obtain entire funding and complete the proposed project.
