Our Mission*Dreyfus Chemistry Laboratory at MIT*

The purpose of the Camille and Henry Dreyfus Foundation, Inc., is to advance the science of chemistry, chemical engineering and related sciences as a means of improving human relations and circumstances. Established in 1946 by chemist, inventor and businessman Camille Dreyfus as a memorial to his brother Henry, the Foundation became a memorial to both men when Camille Dreyfus died in 1956. Throughout its history the Foundation has sought to take the lead in identifying and addressing needs and opportunities in the chemical sciences.

Overview

Camille Dreyfus directed that the Foundation's purpose be "to advance the science of chemistry, chemical engineering and related sciences as a means of improving human relations and circumstances." The Foundation has sought to identify and address needs and opportunities in the chemical sciences through a series of programs and awards.

In broad terms, the programs support young faculty of exciting potential or early accomplishment, develop leadership in environmental chemistry, support undergraduate research with emeritus faculty, and openly solicit for projects that advance the chemical sciences at all levels.

The Dreyfus Prize in the Chemical Sciences

Deadline: March 1, 2013**Announcement:** early May 2013

Introduction

The Dreyfus Prize in the Chemical Sciences is awarded to an individual in a selected area of chemistry to recognize exceptional and original research that has advanced the field in a major way. The prize is awarded biennially and consists of a citation, a medal, and a monetary award of \$250,000.

The inaugural Dreyfus Prize was awarded to George Whitesides of Harvard University in the field of materials chemistry, honoring the accomplishments of the Dreyfus brothers, Camille and Henry. The second Dreyfus Prize was awarded to Tobin Marks of Northwestern University in the field of catalysis.

Topic

The 2013 Dreyfus Prize will be awarded in the field of **chemical instrumentation**. A PDF of the 2013 prize announcement can be found [HERE](#).

Selection

The prize will be awarded for the invention or development of instrumentation that has greatly advanced the chemical sciences. The prize is generally awarded to an individual. If the cited advance is substantially interdisciplinary, those aspects that represent original chemistry should be made clear.

Eligibility

The prize is open to individuals, both domestically and internationally. There is no restriction on the number of nominees from a given institution, nor is institutional approval required. Present Dreyfus Foundation Advisors and consultants, previous Dreyfus Prize winners, and Nobel laureates are not eligible.

Nomination Procedure

Any person may nominate a candidate for the Dreyfus Prize. Self-nominations are not accepted. All nomination materials and letters of support are due at the Foundation office by March 1, 2013. A decision will be announced in early May 2013.

Required Information

Nomination package: The nomination should be formatted on 8 1/2 x 11-inch paper, using 12-point font size. Assemble it as:

1. The online nomination form (available [HERE](#), note: Adobe Acrobat is required to complete the form)
2. Nomination letter (three-page limit)
3. CV of not more than four pages (include highest degree and advisor)
4. List of not more than ten total papers and patents relating to the nomination
5. Provisional citation (fewer than thirty words)

Please generate all above materials as a single PDF document and e-mail it to:
prize@dreyfus.org.

Address all nomination materials to: The Camille and Henry Dreyfus Foundation, Inc., 555 Madison Avenue, 20th Floor, New York, NY 10022-3301.

Letters of support: No more than three letters of support should be formatted on 8 1/2 x 11-inch letterhead, using 12-point font size, and sent directly to the Foundation. These letters should be sent via electronic mail as a PDF to programs@dreyfus.org. However, letters of support should not be received with the nomination package.

Questions may be directed to the Foundation office by e-mail at prize@dreyfus.org or by telephone at 212-753-1760.

Award Ceremony

The award ceremony will be held at the institution of the prizewinner and will include the presentation of the award, an award talk, and a reception. The ceremony will most likely be held in late September, depending on the institutional calendar.

Camille Dreyfus Teacher-Scholar Awards Program

Deadline: February 10, 2014**Announcement:** early May 2014

The Camille Dreyfus Teacher-Scholar Awards Program supports the research and teaching careers of talented young faculty in the chemical sciences. Based on institutional nominations, the program provides discretionary funding to faculty at an early stage in their careers. Criteria for selection include an independent body of scholarship attained within the first five years of their appointment as independent researchers, and a demonstrated commitment to education, signaling the promise of continuing outstanding contributions to both research and teaching. The Camille Dreyfus Teacher-Scholar Awards Program provides an unrestricted research grant of \$75,000.

Eligibility

The Camille Dreyfus Teacher-Scholar Awards Program is open to academic institutions in the States, Districts, and Territories of the United States of America that grant a bachelor's or higher degree in the chemical sciences, including biochemistry, materials chemistry, and chemical engineering. Nominees must hold a full-time tenure-track academic appointment, and are normally expected to have been appointed no earlier than mid-year 2008. Awardees are from Ph.D. granting departments in which scholarly research is a principal activity. Undergraduate education is an important component of the nominee's activities. Institutions may submit only one Camille Dreyfus nomination annually.

Selection

The Foundation seeks Camille Dreyfus Teacher-Scholars who demonstrate leadership in research and education. Nominations must provide compelling evidence of the advance of important knowledge in the chemical sciences by the nominee. Further, the nomination should describe dedication and contributions to education in the chemical sciences, particularly with respect to undergraduates.

Recommendations for awards are based primarily on the nominee's scholarly research achievements as an independent faculty member, as assessed by the Foundation's reviewers and the judgment of the nominee's peers exemplified by letters of recommendation. Other considered factors are: awards and honors, publication of research achievements in leading journals, and success in attracting funding of research. Nominations are reviewed by distinguished faculty in the chemical sciences. Current Camille Dreyfus Teacher-Scholars.

Budget

The Camille Dreyfus Teacher-Scholar Award provides a \$75,000 unrestricted research grant. Of the total amount, \$7,500 is for departmental expenses associated with research and education. Charges associated with indirect costs or institutional overhead are not allowed. Defrayal of academic-year salary is not permitted. Funds are normally expended over a period of five years. Foundation approval is not required for budgetary changes after an award is made. If the awardee leaves the institution, the transfer of the remaining funds requires prior Foundation approval.

Nomination Procedure

Institutions may make only one nomination annually for the Camille Dreyfus Teacher-Scholar Awards

Program. All nomination materials and letters of support must be received at the Foundation office by the deadline. Nominations recommended for approval are presented to the Foundation's Board of Directors in time for award announcements by early May 2014.

Required Information

Nomination package: The nomination package should be formatted on 8 1/2 x 11-inch paper, using 12-point font size. Assembled as:

1. The online nomination form [available [HERE](#), note: Adobe Acrobat is required to complete the form]
2. A letter of nomination from an institutional representative highlighting the nominee's achievements, and the basis for selection (limited to three pages)
3. A summary description, with references, of the nominee's research accomplishments as an independent faculty member, and a description of research plans (limited to seven pages)
4. A statement intended to convince the reviewers of the nominee's dedication to education in the chemical sciences (limited to three pages)
5. A CV (limited to seven pages) including a list of publications in which independent contributions and undergraduate coauthors are clearly identified. Research support should be indicated
6. A budget (less than one page) describing how award funds will be used

**Please generate all above materials as a single PDF document and e-mail it to:
programs@dreyfus.org.**

Letters of support: Three letters of support should be formatted on 8 1/2 x 11-inch letterhead, using 12-point font size, and sent directly to the Foundation from individuals who know the nominee's capabilities and accomplishments. These letters should be sent via electronic mail as a PDF to programs@dreyfus.org. However, letters of support should not be received with the nomination package.

Reports

A report is due at the end of the fifth year. The report should be concise, formatted on 8 1/2 x 11-inch paper, using 12-point font size, and contain the following sections:

1. Highlights of research accomplishments during the award period and a description of any noteworthy accomplishments in chemistry education
2. Research plans
3. Categorical financial report (click [here](#) for categories)
4. Use of the \$7,500 for departmental expenses associated with research and education
5. An updated CV
6. An optional statement of newsworthy stories concerning the Teacher-Scholar during the period of the Camille Dreyfus Teacher-Scholar Award

**Please generate all above report materials as a single PDF document and e-mail it to:
programs@dreyfus.org.**

Additional information

1. Publications and presentations describing work supported by the award should acknowledge the Camille Dreyfus Teacher-Scholar Awards Program.
2. Recipients of the award are designated Camille Dreyfus Teacher-Scholars.
3. Procedural questions may be directed to the Foundation office by telephone at 212-753-1760 or e-mail at programs@dreyfus.org.

Henry Dreyfus Teacher-Scholar Awards Program

Deadline: May 20, 2013**Announcement:** early August 2013

The Henry Dreyfus Teacher-Scholar Awards Program supports the research and teaching careers of talented young faculty in the chemical sciences at undergraduate institutions. Based on institutional nominations, the program provides discretionary funding to faculty at an early stage in their careers. The award is based on accomplishment in scholarly research with undergraduates, as well as a compelling commitment to teaching, and provides an unrestricted research grant of \$60,000.

Eligibility

The Henry Dreyfus Teacher-Scholar Awards Program is open to academic institutions in the States, Districts, and Territories of the United States of America that grant a bachelor's or master's degree in the chemical sciences, including biochemistry, materials chemistry, and chemical engineering. Awardees are typically in departments that do not grant a doctoral degree. Nominees must hold a full-time tenure-track academic appointment, be after the fourth and not after the twelfth years of their independent academic careers, and be engaged in research and teaching primarily with undergraduates. Institutions may submit only one Henry Dreyfus nomination annually. Renominations are accepted.

Selection

The Foundation seeks Henry Dreyfus Teacher-Scholars who, as independent faculty members, have demonstrated leadership in original scholarly research of outstanding quality, substantially with undergraduates, as well as excellence and dedication in undergraduate education.

Recommendations for awards are based on evidence of outstanding educational efforts and the nominee's scholarly research achievements with undergraduates as an independent faculty member, as assessed by a panel of distinguished faculty in the chemical sciences. The three outside letters of support (see below for details) are of particular value to the reviewers. Other considered factors are: awards and honors, publication of research achievements in leading journals, and success in attracting research funding.

Current Henry Dreyfus Teacher-Scholars.

Budget

The Henry Dreyfus Teacher-Scholar Award provides a \$60,000 unrestricted research grant. Of the total amount, \$5,000 is to be allocated for departmental expenses associated with research and education. Charges associated with indirect costs or institutional overhead are not allowed. Defrayal of academic-year salary is not permitted. Funds are normally expended over a period of five years. Foundation approval is not required for budgetary changes after an award is made. If the awardee leaves the institution, the transfer of the remaining funds requires prior Foundation approval.

Nomination Procedure

Institutions may make only one nomination annually for the Henry Dreyfus Teacher-Scholar Awards Program. All nomination materials and letters of support must be received at the Foundation office by the deadline. The nomination consists of:

1. The online nomination form ([HERE](#))
2. A letter of nomination (limited to two pages) from an institutional representative highlighting the nominee's research and teaching accomplishments and the basis for selection. In addition, this letter may contain institutional and departmental descriptive information.
3. A summary description, with references, of the nominee's research accomplishments as an independent faculty member and a description of research plans (limited to six pages, including references)
4. A statement that illustrates the nominee's efforts in education in the chemical sciences (limited to two pages)
5. A CV (limited to five pages) including a list of publications in which independent contributions and undergraduate coauthors are clearly identified. Research support should be indicated.
6. A budget (limited to one page) describing how award funds would be used

Please send all above materials as a single PDF to: programs@dreyfus.org. Nominations recommended for approval are presented to the Foundation's Board of Directors and announced by early August 2013.

Letters of support: Three letters of support should be sent directly to the Foundation from individuals who know and address the nominee's capabilities and accomplishments as an independent faculty member. No more than one of these letters may be from the candidate's nominating institution. Letters from outside the nominating institution are given the greatest weight. A letter from the candidate's Ph.D. or postdoctoral advisor is appropriate. The letters of support should not be received with the nomination package, but instead should be sent via electronic mail as a PDF to programs@dreyfus.org.

Reports

A report is due at the end of the fifth year. The report should be concise and contain the following information:

1. Highlights of research accomplishments during the award period and a description of any noteworthy accomplishments in chemistry education
2. Research plans
3. Use of the \$5,000 for departmental expenses associated with research and education
4. An updated CV
5. Categorical financial report ([click here for categories](#))
6. An optional statement of any newsworthy stories concerning the Teacher-Scholar during the period of the Henry Dreyfus Teacher-Scholar Award

Please generate all above report materials as a single PDF document and e-mail it to: programs@dreyfus.org.

Additional Information

1. Publications and presentations describing work supported by the award should acknowledge the Henry Dreyfus Teacher-Scholar Awards Program.
2. Recipients of the award are designated Henry Dreyfus Teacher-Scholars.
3. Procedural questions may be directed to the Foundation office by e-mail at programs@dreyfus.org or telephone at 212-753-1760.

Postdoctoral Program in Environmental Chemistry

Deadline: August 14, 2013**Announcement:** early November 2013

The Camille and Henry Dreyfus Foundation seeks to further the development of scientific leadership in the field of environmental chemistry with a postdoctoral fellowship program. The Postdoctoral Program in Environmental Chemistry provides a principal investigator with an award of \$120,000 over two years to appoint a Postdoctoral Fellow in environmental chemistry.

Eligibility

The Postdoctoral Program in Environmental Chemistry is open to all academic and other not-for-profit organizations in the States, Districts, and Territories of the United States of America. Applications are accepted from principal investigators who have well-established research efforts in environmental science or engineering. These research activities need not be located in traditional departments in the chemical sciences, and collaboration across departments and institutions is encouraged. The postdoctoral fellow is usually not already identified nor in the principal investigator's lab at the time of application. Note: award recipients must wait two years from the conclusion of an award before being eligible to reapply.

Research Areas of Interest

Applications most likely to be of interest should describe innovative fundamental research in the chemical sciences or engineering related to the environment. The importance of the research should be explained. Examples include but are not limited to the chemistry associated with: the climate, the atmosphere, aquatic or marine settings, toxicology, soil or groundwater. Also of interest are chemistry-related energy research (renewable sources, sequestration, etc.), and new or green approaches to chemical synthesis and processing, both with a clearly stated relation to the environment.

Selection

Applications come from the principal investigator. Recommendations for awards are based on several factors: assessment of the proposed research, the arrangements for the interdisciplinary educational broadening of the Fellow, and an assessment of the ability to both attract the best young Ph.D. candidates and subsequently place them in high level independent starting positions. Applications are reviewed by distinguished scientists in the environmental and chemical sciences. Current Postdoctoral Program in Environmental Chemistry awardees.

Budget

The Postdoctoral Program in Environmental Chemistry provides a \$120,000 award, payable in two \$60,000 installments. Funds are normally expended over a period of two years after the appointment of the Fellow. Charges associated with indirect costs or institution overhead are not allowed. Of the total annual award amount, the stipend support of the Fellow is no less than \$48,000 (stipends may be supplemented from institutional or other sources). Fringe benefits of the Fellow taken from this award may not exceed \$12,000 annually.

Application Procedure

All application materials must be received at the Foundation office by the deadline. Applications

recommended for approval are presented to the Foundation's Board of Directors in time for award announcements by early November 2013.

Required Information

Application package. The application should be formatted on 8 1/2 x 11-inch paper, using 12-point font size. Assemble it as:

1. The online application form (available [HERE](#), note: Adobe Acrobat is required to complete the form)
2. A research proposal that would be judged as likely to advance environmental science in important ways (typically 2-4 pages)
3. A CV (limited to 5 pages) for each of the key professional personnel that includes ten or fewer relevant publications
4. A one-page description of the educational opportunities and institutional strengths in environmental science, and how the Fellow would be involved in them

Please generate all above materials as a single PDF document and e-mail it to:
programs@dreyfus.org.

Reports

The first-year award of \$60,000 will be paid after the Foundation has been provided with the Fellow's CV and anticipated start date. The second-year award of \$60,000 will be paid upon request, after completion of the first year. The request should be accompanied or preceded by a financial report and a progress report from the project director that contains highlights of accomplishments under the award and the research plan for the coming year.

Reports should be formatted on 8 1/2 x 11-inch paper, using 12-point font size.

Please generate the reports as a single PDF document and e-mail it to:
programs@dreyfus.org.

Final reports are due when all funds are expended. The final technical report should detail the anticipated consequence of the research and provide information regarding the future professional plans of the Fellow. An optional statement may be included of newsworthy stories concerning the Mentor, the Fellow, or the consequences of the research funded during the period of the award.

Additional Information

1. Publications and presentations describing work supported by the award should acknowledge the Camille and Henry Dreyfus Postdoctoral Program in Environmental Chemistry.
2. The faculty mentor is designated a Camille and Henry Dreyfus Environmental Chemistry Mentor. The postdoctoral scientist is designated a Camille and Henry Dreyfus Environmental Chemistry Fellow.
3. Questions may be directed to the Foundation office by e-mail at programs@dreyfus.org or by telephone at 212-753-1760.

Special Grant Program in the Chemical Sciences

Initial inquiry deadline: June 5, 2013**Proposal deadline:** August 21, 2013**Announcement:** early November 2013

The Special Grant Program in the Chemical Sciences provides funding for innovative projects in any area consistent with the Foundation's broad objective to advance the chemical sciences.

Eligibility

The Special Grant Program in the Chemical Sciences is open to institutions in the States, Districts, and Territories of the United States of America that have a focus in the chemical sciences. Institutions include schools, colleges and universities, as well as other not-for-profit organizations, such as scientific societies and science museums. Awards are not made directly to individuals, or, in general, to private foundations.

Selection

The Foundation encourages proposals that are judged likely to significantly advance the chemical sciences. Examples of areas of interest include (but are not limited to): the increase in public awareness, understanding, and appreciation of the chemical sciences; innovative approaches to chemistry education at all levels (K-12, undergraduate, and graduate); and efforts to make chemistry careers more attractive. Research proposals are not customarily considered.

Aspects of proposals that are important are:

- broad applicability beyond the submitting institution
- specific and detailed descriptions of the chemistry associated with the proposal
- uniqueness of the project

Favorable consideration also is given to:

- a plan for sustaining this project, if relevant
- significant institutional support or other sources of funding
- evidence of expertise of the PIs and/or identified consultants
- plans to assess effectiveness, including over the longer term

The Foundation's Web site has listings of awards approved in recent years. Applicants may review these listings for a general sense of the Special Grant Program, although the historical award listings do not imply a topical preference for projects. Current Special Grant Program Awardees.

Budget

The amount of support requested is determined by the applicant. A review of previous awards may be helpful in demonstrating typical grant sizes. Charges associated with indirect costs or institutional overhead are not allowed. Award funds are intended for the purposes described in the proposal and any major changes in the project's objectives, budget, or time frame require Foundation approval. If the principal investigator leaves the institution, the transfer of the remaining funds requires prior Foundation approval. Support for travel, conferences, individual scholarships and fellowships, endowments, and capital construction is not normally

provided. Faculty, postdoctoral, and graduate student salaries are not customarily considered. Excessive travel budgets are discouraged.

Application Procedure

Initial Inquiry: A letter requesting permission to submit a full proposal should be submitted to the Foundation for an initial assessment no later than June 5, 2013. This initial inquiry, of three pages or less, will be assessed with respect to the Foundation's goals as described above. The letter, which does not require institutional approval, should describe what the project is about, why it is important, the goal of the project, and how Dreyfus support will be used to achieve the goal. Include a brief budget with a categorical description of how the funds would be spent. Institutional matching funds or other existing or proposed external resources supporting the project should be mentioned. Supplemental materials should not be included.

This initial inquiry may be sent by e-mail to programs@dreyfus.org and must include the complete telephone and mailing address of the principal investigator. Institutions may submit inquiries for more than one project. E-mail submissions should be text messages, without graphics and pictures. Hard-copy duplicates are not required. Upon review of the initial inquiries, the Foundation will invite the submission of complete proposals. The Foundation strives to respond to all initial inquiries by the end of June.

Proposal: Invited proposals must be received at the Foundation office by the deadline. Applications recommended for approval are presented to the Foundation's Board of Directors in time for award announcements by early November 2013.

Required Information

Application package: The original application formatted on 8 1/2 x 11-inch paper, using 12-point font size, and assembled as:

1. The online application form (available [HERE](#), note: Adobe Acrobat is required to complete the form)
2. A one-page equivalent of an executive summary that answers the following:
 - What problem does the proposal address?
 - Why is it important?
 - How will what is proposed address the issue?
3. In six or fewer pages, a description of:
 - the project in detail and its anticipated impact
 - how the project will be carried out, sustained (if relevant), disseminated, and assessed
 - institutional matching funds or other external resources available
 - a time-line
4. A one-page CV of the project director(s) and/or consultants
5. A one-page categorical budget of the use of Dreyfus Foundation funding. If this is part of a larger project, also provide an overview of the total project budget and other sources of support

Please generate all above materials as a single PDF document and e-mail it to:
programs@dreyfus.org.

Address all application materials to: The Camille and Henry Dreyfus Foundation, Inc., 555 Madison Avenue, 20th Floor, New York, NY 10022-3301.

Questions may be directed to the Foundation office by e-mail at programs@dreyfus.org or by telephone at 212-753-1760.

Reports

Technical and financial reports are due when the project is essentially completed. If the project extends substantially beyond the proposed end date, status reports are due by the originally proposed completion date. If multi-year support is granted, annual reports are requested.

All reports should be concise, formatted on 8 1/2 x 11-inch paper, using 12-point font size, and contain the following sections:

1. Highlights of accomplishments and assessment of success of the funded project
2. Plans for sustaining this effort, if appropriate
3. Categorical financial report ([click here for categories](#))
4. An optional statement of newsworthy stories concerning the project

**Please generate the report as a single PDF document and e-mail it to:
programs@dreyfus.org.**

Additional Information

1. Publications and presentations describing work supported by the award should acknowledge the Camille and Henry Dreyfus Special Grant Program in the Chemical Sciences.
2. Procedural questions may be directed to the Foundation office by telephone at 212-753-1760 or e-mail at programs@dreyfus.org.

Senior Scientist Mentor Program

Deadline: September 11, 2013**Announcement:** early November 2013

The Camille and Henry Dreyfus Foundation supports emeritus faculty who maintain active research programs with undergraduates in the chemical sciences. The Senior Scientist Mentor Program provides an award of \$20,000 over two years for undergraduate stipends and modest research support.

Eligibility

The Senior Scientist Mentor Program is open to all academic institutions in the States, Districts, and Territories of the United States of America that grant a bachelor's degree or higher in the chemical sciences, including biochemistry, materials chemistry, and chemical engineering. Faculty with emeritus status on or before October 2013, and who maintain active research programs in the chemical sciences, may apply to the program. More than one application per department or institution is permitted.

Selection

Successful applicants are expected to be closely engaged in a mentoring relationship with undergraduate students. The evaluation will be based on both an assessment of the research proposed and the plans for undergraduate participation in the research. An applicant's history of mentoring undergraduates is favorably viewed. **Current Senior Scientist Mentors.**

Budget

The Senior Scientist Mentor Program provides a \$20,000 award over two years, intended mostly for undergraduate stipends. Modest research support is

also allowed. Funds are normally expended over a period of three years after notification of an award. Charges associated with indirect costs or institutional overhead are not allowed. Faculty salary and any expenses associated with graduate students are not permitted. Foundation approval is required for significant budgetary changes. If the awardee leaves the institution, the transfer of the remaining funds requires prior Foundation approval.

Application Procedure

All application materials and letters of support must be received at the Foundation office by the deadline. Applications recommended for approval are presented to the Foundation's Board of Directors in time for award announcements by early November 2013.

Required Information:

Application package: The original application should be formatted on 8 1/2 x 11-inch paper, using 12-point font size, and assembled as:

James Dye
2012 Awardee

1. The online application form (available [HERE](#), note: Adobe Acrobat is required to complete the form)
2. In no more than four pages total, applicants should describe:
 - a. the specific projects or project types in which the undergraduates will participate
 - b. ongoing research with undergraduates
 - c. how they will interact with and mentor the undergraduates
3. A CV (limited to five pages) including a list of up to 15 relevant publications in which contributions by undergraduate coauthors are clearly identified
4. A letter from an institutional representative highlighting the applicant's achievements with undergraduates and confirming that the institutional facilities required for the proposed research are available

Please generate all above materials as a single PDF document and e-mail it to:
programs@dreyfus.org.

Address all application materials to: The Camille and Henry Dreyfus Foundation, Inc., 555 Madison Avenue, 20th Floor, New York, NY 10022-3301.

Questions may be directed to the Foundation office by e-mail at programs@dreyfus.org or by telephone at 212-753-1760.

Letter of support: A letter of support must be sent directly to the Foundation from a colleague, preferably from outside the institution, who is familiar with the applicant's research and teaching and who can speak to the applicant's experience in mentoring and advising undergraduates. The letter of support formatted on 8 1/2 x 11-inch **letterhead**, and use a 12-point font size. This letter should be sent via electronic mail as a PDF to programs@dreyfus.org. However, the letter should not be received with the nomination package.

Please have the letter of support generated as a single PDF document and e-mail it to:
programs@dreyfus.org.

Reports

The second payment of \$10,000 will be sent upon request, after completion of the first year. The request should be accompanied or preceded by a financial report and a concise progress report from the award recipient.

A final report is due at the end of the second year. The final report should be concise, formatted on 8 1/2 x 11-inch paper, using 12-point font size, and contain the following sections:

1. Highlights of research accomplishments during the award period
2. Future plans for the undergraduate researcher(s)
3. Categorical financial report ([click here](#) for categories)
4. An optional statement of newsworthy stories concerning the student(s) and/or the Mentor during the period of the Camille and Henry Dreyfus Senior Scientist Mentor Award

Please generate the report as a single PDF document and e-mail it to:
programs@dreyfus.org.

Additional Information

1. Publications and presentations describing work supported by the award should acknowledge the Camille and Henry Dreyfus Senior Scientist Mentor Program.
2. The award recipient is designated a Camille and Henry Dreyfus Senior Scientist Mentor.
3. Procedural questions may be directed to the Foundation office by telephone at 212-753-1760 or e-mail at programs@dreyfus.org.

Jean Dreyfus Boissevain Lectureship for Undergraduate Institutions

Deadline: May 20, 2013**Announcement:** early August 2013

The Jean Dreyfus Boissevain Lectureship awards provide an \$18,500 grant to bring a leading researcher to a primarily undergraduate institution to give a series of lectures in the chemical sciences and to support two undergraduates in summer research. One of the lectures should be of a more general nature and accessible to a wide audience. The remaining lecture(s) may be more technical. The lecturer is expected to substantially interact with undergraduate students and faculty over the period of the visit. The undergraduates are expected to engage with mentors in contemporary research.

Eligibility

Applications for the Lectureship award are accepted from departments in the chemical sciences at primarily undergraduate institutions in the States, Districts, and Territories of the United States of America. Eligible departments grant a BS or MS degree in chemistry, but not a PhD. Institutions are restricted to only one application annually for this program. Institutions that receive an award are not eligible to re-apply for five years.

Selection

The application is evaluated based upon the following:

1. examples of the proposed invited lecturer and schedule of the visit, which is expected to be a minimum of two days
2. a description of the department's efforts in scholarly research and education in the contemporary chemical sciences. Cited examples of the latter should include, but are not limited to:
 - descriptions of the faculty research programs
 - internal and external research support
 - undergraduate participation in research
3. in addition, the following may also be included:
 - special educational or outreach efforts
 - the historical number of chemistry majors, and the number of those that go on to graduate school in the chemical sciences.

Nominations are reviewed by distinguished faculty in the chemical sciences.

Budget

The award total is \$18,500. Of this amount, \$2,500 is an honorarium for the lecturer, and \$5,000 is to be allocated to the support of the lectures (for example: travel, accommodation, receptions and/or dinners, etc.). The remaining \$11,000 is to support the summer research of two undergraduate students. Each stipend is to be no less than \$4,500. The balance may be used to defray costs associated with the research and/or the

scientific advancement of each student, e.g., travel to scientific meetings. Charges associated with indirect costs or institutional overhead are not allowed.

Application Procedure

All materials must be received at the Foundation office by the deadline. The application is limited to nine pages, including the online application form. It should be formatted on 8 1/2 x 11-inch paper, using a 12-point font. Assemble it as:

1. The online application form ([HERE](#))
2. A brief introduction to the department
3. A listing of the department faculty with their educational backgrounds cited, a brief description of their research programs, a list of three representative research publications and current and recent external support for each.
4. A description of undergraduate involvement in research
5. Examples of the proposed lecturers and topics
6. Proposed schedule of the lectures and activities that demonstrate engagement of the lecturer with students and faculty
7. A description of how the lecturer might integrate into ongoing departmental interests
8. A description of the process to select the undergraduate research students
9. A simple budget describing how award funds are anticipated to be used

Please generate all above materials as a single PDF and e-mail it to: programs@dreyfus.org. Applications recommended for approval are presented to the Foundation's Board of Directors and announced by early August 2013.

Reports

A brief report is due after the lectureship and a second report upon completion of the undergraduate research. Reports should be concise and contain the following information:

Lectureship report

1. A summary description of the lectureship, including titles, photographs and/or video footage, promotional materials, invited audience, and approximate attendance.
2. A description of the lecturer's engagement activities
3. A simple financial statement

Undergraduate Research report

1. Description of the research activities, curricula vitae of the mentors, and the students' future plans
2. Categorical financial report

Please send each report as a single PDF to: programs@dreyfus.org.

Additional information

1. Publications and presentations describing research supported by the award should acknowledge the Jean Dreyfus Boissevain Lectureship for Undergraduate Institutions.
2. Procedural questions may be directed to the Foundation office by e-mail at programs@dreyfus.org or by telephone at 212-753-1760

Jean Dreyfus Boissevain

Jean Dreyfus Boissevain was President of the Camille and Henry Dreyfus Foundation from 1956 until her death in 1991. Born in Chicago, in 1931 she married Camille Dreyfus, founder and chairman of the Celanese Corporation of America and of the Camille and Henry Dreyfus Foundation. Her second husband, Ernest W. Boissevain, died in 1984.

An operatic soprano and patron of the arts, as Jean Tennyson she sang with several leading European and American opera companies, including La Scala in Milan, the Chicago Civic Opera, and the San Francisco Opera Company. She also sang on the CBS Radio program "Great Moments in Music" from 1942 to 1946.

After World War II, Mrs. Boissevain founded the Artists Veterans Hospital Programs of the Musicians Emergency Fund, which presented concerts for patients in veterans hospitals. She also served as a patron of the Philharmonic Society of New York and as vice chair of New York City's Lewisohn Stadium Concerts. She was a trustee of the New York City Opera and a principal supporter of the Spoleto Festival.

Mrs. Boissevain received several awards, including the Stella della Solidarieta from the Italian government, the St. Olaf Medal from the King of Norway, and an honorary Doctor of Humane Letters from the University of Vermont.

ACS Award for Encouraging Women into Careers in the Chemical Sciences

The Camille and Henry Dreyfus Foundation established the Award for Encouraging Women into Careers in the Chemical Sciences in 1993 to recognize significant accomplishments by individuals who have stimulated or fostered the interest of women in chemistry, promoting their professional development as chemists or chemical engineers. The award consists of \$5,000 and a certificate. A grant of \$10,000 will also be made to an eligible non-profit institution, designated by the recipient, to strengthen its activities in meeting the objectives of the award. Nominees for the award may come from any professional setting: academia, industry, government, or other independent facility.

The American Chemical Society's Web site provides additional information on this program, nomination guidelines, and awardees.

ACS Award for Encouraging Disadvantaged Students into Careers in the Chemical Sciences

The Camille and Henry Dreyfus Foundation established the Award for Encouraging Disadvantaged Students into Careers in the Chemical Sciences in 1993 to recognize significant accomplishments by individuals in stimulating students, underrepresented in the profession, to elect careers in the chemical sciences and engineering. The award consists of \$5,000 and a certificate. A grant of \$10,000 will also be made to an eligible non-profit institution, designated by the recipient, to strengthen its activities in meeting the objectives of the award. Nominees for the award may come from any professional setting: academia, industry, government, or other independent facility.

Form **8868**

(Rev. January 2013)

Department of the Treasury
Internal Revenue Service**Application for Extension of Time To File an
Exempt Organization Return**

OMB No 1545-1709

► **File a separate application for each return.**

- If you are filing for an **Automatic 3-Month Extension**, complete only **Part I** and check this box ☒ **X**
- If you are filing for an **Additional (Not Automatic) 3-Month Extension**, complete only **Part II** (on page 2 of this form).

Do not complete Part II unless you have already been granted an automatic 3-month extension on a previously filed Form 8868.

Electronic filing (e-file). You can electronically file Form 8868 if you need a 3-month automatic extension of time to file (6 months for a corporation required to file Form 990-T), or an additional (not automatic) 3-month extension of time. You can electronically file Form 8868 to request an extension of time to file any of the forms listed in Part I or Part II with the exception of Form 8870, Information Return for Transfers Associated With Certain Personal Benefit Contracts, which must be sent to the IRS in paper format (see instructions). For more details on the electronic filing of this form, visit www.irs.gov/efile and click on **e-file for Charities & Nonprofits**.

Part I Automatic 3-Month Extension of Time. Only submit original (no copies needed).

A corporation required to file Form 990-T and requesting an automatic 6-month extension - check this box and complete

Part I only ☐

All other corporations (including 1120-C filers), partnerships, REMICs, and trusts must use Form 7004 to request an extension of time to file income tax returns.
