Part III Statement of Program Service AccomplishmentsCheck if Schedule O contains a response to any question in this Part III ☐

- 1** Briefly describe the organization's mission:
The Working World is a nonprofit organization that advances economic prosperity in low income, high-unemployment, marginalized, or at-risk communities in Argentina, Nicaragua and the United States by providing below market financing and pro-bono or below market technical assistance to democratic businesses in these targeted areas and populations.
- 2** Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No
If "Yes," describe these new services on Schedule O.
- 3** Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No
If "Yes," describe these changes on Schedule O.
- 4** Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses \$ 132,301 including grants of \$ 28,127) (Revenue \$ 50,522)
In 2012, The Working World made 127 below-market rate loans to 40 small, democratic enterprises which provided benefits to approximately 690 worker-owners. Regionally, the organization continued its operations in Argentina with 99 loans, in Nicaragua with 21 loans, and in the US with 7 loans given to cooperative businesses. The organization continues to focus its work in communities whose populations are low-income, marginalized, and at-risk. The organization's maturation process has again continued with great success, both fiscally and objectively. The loan projects that were funded increased the capital of the enterprise - whether financial, human, or social. The loan selection process involves a double bottom line, where we measure the projected yield in financial benefit to the cooperative with a project business plan and also measure the social impact which can include such countable parameters as income enhancement (especially when raising above the poverty line), increased employment, and more abstract variables such as capacity development and increases in social trust and cooperation. Over 98% of the loans made were paid back and substantially increased the capital of the enterprise in all three categories: financial, human, and social. These loans improved the financial situations of the small businesses and, in most cases, also resulted in a substantial increase in production and employment.

4b (Code:) (Expenses \$ including grants of \$) (Revenue \$)

4c (Code:) (Expenses \$ including grants of \$) (Revenue \$)

4d Other program services (Describe in Schedule O.)
(Expenses \$ 0 including grants of \$ 0) (Revenue \$ 0)

4e Total program service expenses 132,301

Reasonable Cause Explanations**Explanation**

The reasonable cause for filing late was a severe change in the regulations regarding required filings for our office in Argentina, where a large amount of our activity took place in 2012. In an attempt to confront financial corruption, the Argentine government made stringent new reporting requirements, called UIF, which required us to hire an outside firm to overhaul our financial management and accounting systems. This process took a total of three years from beginning until the new format of the books was completed. With this large work completed, our US operation has now been able to get final financial data compiled for our entire international operation and is submitting 2012 and 2013 together. With this system now in place to handle the new Argentine requirements, our financials are current, and we do not foresee delays in future filings.
