A schedule of your net gains and losses is shown below. Although we have shown quantity sold on the sales with either two decimal places, as a whole number, or as a fractional share, all of these amounts will be filed with the IRS as whole numbers per IRS publication 1220. Please note that if you have sold an asset for which we do not have cost basis information, it is either shown separately in the section entitled Cost Not Available or it may appear with a zero tax cost. Please review these carefully when preparing your return. Note also that an asterisk symbol (*) next to tax cost indicates that the tax cost has been adjusted for current year's return of capital. However, we have not made any adjustments to the cost basis of all partnerships. If applicable, we have shown IRC Section 988 translation gains and losses separately within the sales sections. Please note these gains or losses are not entitled to capital gains treatment. Rather, under IRC Section 988, they are either ordinary income or loss.
