National Life Group's Charitable Foundation helps build healthy and vital communities.

Our grants vary in size with roughly 80% under \$5000; we are seldom able to fund an entire program. Our expectations are high, however. We look for proposals from organizations with:

- A well-planned approach to underlying issues or needs
- A base of support
- A committed and skilled leadership team

We try to be a catalyst, providing funds to help organizations explore or undertake new work or do more effectively what they are already doing. Thus, we emphasize one-time grants rather than continuing support.

What we fund:

We look for projects that address a clearly defined community need. We will consider proposals in any category, although we favor those that focus on children and families, health and human services, the environment and the arts.

With our home office in Montpelier, Vermont, and branch office in Dallas, Texas, most of our employees, retirees, and their families live in either Central Vermont or the greater Dallas area. This concentration has directed NLGroup to commit a substantial percentage of its charitable giving to the Washington and Dallas counties.

What we do not fund:

We do not generally make grants for endowments, operating expenses (with the exception of a one-time initial planning expense), higher educational institutions (with the exception of the employee matching program), religious purposes, labor and fraternal groups, debt reduction or work that has already been completed. Additionally, we do not make grants to individuals, daycare facilities and school trips. Finally, we do not make grants to organizations that discriminate in any way on the basis of race, religion, gender, age, national origin, disability or sexual orientation.

Great News! A new online application is now available for submitting your funding requests.

Please note: we will no longer be accepting paper applications.

Follow these steps to successfully submit your application for a grant.

What we look for:

In reviewing proposals, we look for projects that:

1. Meet well-defined community needs
2. Use data to define needs and measure impact
3. Encourage cooperation and collaboration among service providers
4. Promote community involvement
5. Foster self-reliance
6. Focus on prevention as well as treatment
7. Build on programs that have proven successful elsewhere or provide new models or approaches
8. Help non-profit agencies operate more efficiently and lessen their environmental footprint.

Who is eligible:

To be considered for a grant, an organization must be a public charity ideally located in or serving the people of Vermont or the Dallas, Texas region where most of our employees are based, which is exempt from income taxes under section 501(c)(3) of the Internal Revenue Code (and not classified as a private foundation), or be a public agency/unit of government in the State of Vermont.

When and how often to apply:

One application per calendar year may be submitted at any time. We will notify you within six weeks after submitting your request. We will notify you within six weeks after submitting your request. If you haven't heard from us it means the decision has not yet been made. Please don't call - it takes time away from reviewing grants!

How much to ask for:

Requests for support exceed our capacity to fund them. Therefore, requests should be appropriate to the project, reflect realistic expectations and show diverse funding sources. Also keep in mind, 80% of the grants awarded are under \$5000. Please know that requesting an appropriate amount is best, but that sometimes we fund a percentage of a request. In other words, a grant requesting \$5,000 may be funded at the \$3,000 level.

How your application will be evaluated:

These are the major considerations we will use to evaluate your proposal:

- Is it compatible with our guidelines?
- Is the need being addressed well-documented?
- Is there a base of support for the agency addressing the need?
- Is there evidence of collaboration with others?
- Is there committed leadership available?
- How does the project foster healthy and vital communities?

Once you successfully receive a grant from the Foundation, we like to be updated once a year via a short email (example) or by forwarding us a newspaper article on the new program or work funded through our grant. Building awareness and getting publicity play heavily into consideration of further grant or in-kind assistance to your non-profit.
