(Code) (Expenses \$ 101,637,443 including grants of \$ 24,610) (Revenue \$ 119,931,850)

Established in 1993, by 2010 our 350+ provider multi-specialty group practice evolved into District Medical Group, Inc. (DMG), a locally owned, not-for-profit healthcare organization, the second largest in Arizona and the largest medical office in the Phoenix area. Our mission is to improve the health and well-being of individuals in the Phoenix area and the entire state of Arizona through this integrated group practice, focusing on patient care, education, research, and community service. We strive to ensure that our patients have equal access to the highest quality, safest care in the most appropriate settings, regardless of a patient's ability to pay. We seek to create and support new programs and services that reflect the needs of all patients, across all spectrums of life- from birth to the elderly, including the most vulnerable, the poor and the underserved. The heart of our mission is providing exceptional and compassionate medical care with no restrictions to our entire community. DMG with its affiliates comprise 70 clinical sites, and approximately 700 providers and 150 non-physician providers. In 2012, DMG served over 18,000 inpatients, 366,000 outpatients, and 91,000 emergency/urgent care visits. During 2012 DMG's direct economic output, including the service economy, is estimated at \$118 million. The indirect economic benefit to the community is significantly more. District Medical Group staffs the Maricopa Integrated Health System, which includes a 450-bed acute care hospital, a 200-bed inpatient psychiatric hospital, eleven family health centers throughout the valley and a large diagnostic center. DMG also staffs the internationally renowned Arizona Burn Center, the 2nd largest in the US, admitting 950 patients/year and serving over 4,000 patients/year in the outpatient burn clinic, the verified American College of Surgeons Level I trauma center, and Level 2 pediatric trauma center, and the Arizona Children's Center, a NACHRI-certified children's hospital, caring for over 19,000 patients/year between the Pediatric Emergency department, Pediatric Intensive Care Unit, the Neonatal Intensive Care Unit, and the Pediatric inpatient areas, with a dedicated area for pediatric procedural sedations. Among other innovative programs DMG provides are the Refugee Women's Health Clinic, the first of its kind in Arizona, providing culturally-grounded healthcare to the growing refugee and immigrant community, and Mariposa Wings to Safety, whose focus is on victims and families affected by domestic violence and sexual abuse. Through our formal affiliation and partnership with Maricopa Integrated Health System (MIHS) and the University of Arizona College of Medicine, we are a recognized leader in providing high quality, innovative medical care delivered in a fiscally responsible and cost-effective manner. As the largest teaching faculty in Phoenix, we annually train over 225 residents and fellows, another 60 in affiliated programs, and supervise 600 medical student rotations. A majority of DMG physicians hold faculty positions with the University of Arizona College of Medicine, giving and attending clinical lectures and other academic events, and actively teaching and supporting scholarship and research activities. In recent years we have been involved in well over 100 active research projects, including industry-sponsored and NIH grants. Some of these were: ascertaining optimum public health intervention to control the spread of methicillin-resistant staphylococcus aureus (MRSA) infections in the pediatric population, a proteomic assessment of preterm risk (PAPR) collecting specimens and corresponding clinical data from asymptomatic pregnant women in order to develop a non-invasive test for the prediction of preterm delivery, a randomized, double-blind, triple-dummy trial to compare the efficacy of otamixaban with unfractionated heparin + eptifibatide, in patients with unstable angina/non-ST segment elevation myocardial infarction scheduled to undergo an early invasive strategy, an open non-controlled multi-center clinical investigation to evaluate efficacy in partial thickness (superficial, deep and mixed) second-degree burns when using a soft silicone, silver-containing, wound contact layer, Mepitel Ag, Prospective Registry Of MammaPrint in breast cancer patients with an Intermediate recurrence Score (PROMIS), a Phase III, Randomized, Multicenter, Double-Blind, Double-Dummy, Parallel-Group, Comparative Study to Determine the Efficacy, Safety, and Tolerability of Ceftazidime Avibactam (CAZ104) Plus Metronidazole Versus Meropenem in the Treatment of Complicated Intra-Abdominal Infections (cIAIs) in Hospitalized Adults, a Phase III, Randomized, Multicenter, Double-Blind, Double-Dummy, Parallel-Group, Comparative Study to Determine the Efficacy, Safety, and Tolerability of Ceftazidime-Avibactam (CAZ-AVI, formerly CAZ104) Versus Doripenem Followed by Appropriate Oral Therapy in the Treatment of Complicated Urinary Tract Infections, Including Acute Pyelonephritis, With a Gram-Negative Pathogen in Hospitalized Adults, an Open-Label, Controlled, Randomized, Multicenter, Dose Escalation Study Evaluating the Safety and Efficacy of StrataGraft Skin Tissue in Promoting the Healing of the Deep Partial-Thickness Component of Complex Skin Defects as an Alternative of Autografting, and Molecular Genetics Studies of Cancer Patients and Their Relatives. DMG believes that creating an institutional culture of scholarship and promoting clinical research improves the health and well-being of all our patients and their communities. DMG physicians are frequent contributors to national peer-reviewed publications and presenters at national medical conferences and workshops, holding active leadership positions in national and international medical societies. DMG providers and employees furnish significant assistance and personal resources to the community as well as outlying areas through health fairs with screenings, immunizations, information and access to integrated services, community outreach events highlighting prenatal screenings, rehabilitation, hospice, senior care, transportation and care coordination, back-to-school and holiday clinics for children and students, childhood and adolescent obesity clinics, and seminars promoting exercise and nutrition in our partnerships with local schools. DMG physicians volunteer their time seeing patients at the Arizona State Health Department, the Crisis Nursery, St. Vincent de Paul, the Red Cross and scores of nonprofit agencies, centers and clinics across the county and the state. Awareness and sensitivity to the historical, cultural and traditional mores of the large Hispanic and varied Native American populations across Arizona is a hallmark of DMG's longstanding commitment to making healthcare services and information accessible and effective for everyone, benefiting the entire community. Nationally and internationally, DMG's physicians have been on the scene wherever medical help is needed, bringing their clinical expertise to combat hospitals in war-torn Iraq and Afghanistan, relief efforts in New Orleans, the devastation in Haiti, and day to day medical crises and emergencies in many countries in Africa and Asia. Working with Doctors without Borders, the Red Cross, other relief agencies, and even on their own, DMG's physicians have made a difference and been gratefully recognized for their efforts and contributions, to the extent of receiving the Citizen Service Above Self award from the Congressional Medal of Honor Foundation. Through community health improvement services, health professions education, subsidized health services, research, cash and in-kind contributions, and community benefiting activities, DMG contributed \$21,731,534 in 2012.

(Code) (Expenses \$ 5,368,925 including grants of \$) (Revenue \$ 4,944,218)

The CRS program started in 1929 to provide medical services to children who have some of the most serious health conditions and who are enrolled in the Arizona Health Care Cost Containment System (Medicaid). The program in total serves 24,000 members statewide with the DMG location serving approximately 16,000 children including telemedicine visits serving the outlying communities. The CRS Multi-Specialty Interdisciplinary Clinic (MSIC) was designed to present the unique ability to meet the health care requirements of special needs children by offering nearly all specialty and primary care in a single location. The DMG CRS Clinic provides a full spectrum of pediatric specialty care where physicians, therapists, nutritionists, child life and social workers can all work together providing vital medical care and support services under one roof in a space specifically designed for this purpose. Through the use of a single electronic medical record, the DMG CRS Clinic improves efficiency and communication between the health care providers, with the goal of improving care while better managing costs. Another innovative approach to healthcare and controlling healthcare costs is the Integrative Health Center, which DMG operates in central Phoenix in association with the University of Arizona Center for Integrative Medicine. The Integrative Health Center provides a full spectrum of primary care services, where the physician takes into account the individual's existing health conditions, lifestyle, diet, and exercise and makes use of a broad range of conventional and complementary health services to best suit that individual's needs. Again, through the use of a single electronic medical record, the Integrative Health Center improves efficiency and communication between the health care practitioners, with the goal of guiding the individual in finding their own path to health and wellness, while better managing costs. DMG also operates the Desert Horizons Clinic, specializing in behavioral health assessment and treatment of children and adults.

New Program Services	Form 990, Part III, line 2	The CRS program provides medical services to children who have some of the most serious health conditions and who are enrolled in the Arizona Health Care Cost Containment System (Medicaid). The program in total serves 24,000 members statewide with the DMG location serving approximately 16,000 children including telemedicine visits serving the outlying communities. The CRS Multi-Specialty Interdisciplinary Clinic (MSIC) was designed to present the unique ability to meet the health care requirements of special needs children by offering nearly all specialty and primary care in a single location. The DMG CRS Clinic provides a full spectrum of pediatric specialty care where physicians, therapists, nutritionists, child life and social workers can all work together providing vital medical care and support services under one roof in a space specifically designed for this purpose. Another innovative approach to healthcare and controlling healthcare costs is the Integrative Health Center, which DMG operates in central Phoenix in association with the University of Arizona Center for Integrative Medicine. The Integrative Health Center provides a full spectrum of primary care services, where the physician takes into account the individuals existing health conditions, lifestyle, diet, and exercise and makes use of a broad range of conventional and complementary health services to best suit that individuals needs.
	Form 990, Part VI, Section A, line 7a	The 4 Physician Directors of the Board are elected by the Board, after being nominated by the Division Chairs, and after that nomination is ratified by a majority vote of all of the physicians who have been employed by DMG at a .8 FTE or higher for at least one year.
	Form 990, Part VI, Section B, line 11	A copy of the draft is sent to each of the Board Members. Input from the Board Members is incorporated into the draft, which is then reviewed by the CFO and the Controller. The updated draft is sent to the Board Members and then signed and forwarded to the IRS.
	Form 990, Part VI, Section B, line 12c	The Conflict of Interest Policy and Procedure is reviewed with the Board annually, and the Conflict of Interest Disclosure Statement is completed annually, and retained by the Chief Compliance Officer. Any potential conflicts of interest identified from the Disclosure Statements are reviewed by the Executive Committee and the organizations legal counsel, if needed, and unresolved potential conflicts are noted so that actual conflicts of interest are avoided.
	Form 990, Part VI, Section B, line 15	The compensation of the CEO, other officers and key employees is determined based on survey data produced by MGMA, a nationally recognized medical group management association. The results of the survey are presented to and reviewed by the Compensation Committee, and approved by only the Community Board Members of the committee (they are independent, and not employed by DMG). Such discussions and actions are reflected in the minutes of a duly constituted meeting of the committee.
	Form 990, Part VI, Section C, line 19	DMG makes its governing documents, conflict of interest policy and financial statements available to the public through written requests received at the corporate office. The request is to be reviewed by the appropriate corporate officer, who will oversee the fulfilling of the request.
	Form 990, Part XII, Line 2c	The audit committees process of approving the independent auditor and reviewing the results of the annual audit remains the same as in previous years.

Identifier	Return Reference	Explanation
	Part V, Line 2 (1)	The amount presented represents an estimated cost of personnel time provided by employees of the parent to the subsidiary. The amount was based on an estimate of annual hours parent employees dedicated to managing the subsidiary. The parent absorbed these costs, which are included in Part IX of Form 990, and was not reimbursed by the subsidiary.
	Part V, Line 2 (2)	The parent pays the daily operating expenses of the subsidiary and is reimbursed by the subsidiary on a quarterly basis. These expenses can include but are not limited to accounting fees, management fees, license fees and case defense costs. The amount presented is the total expenses for 2012 reimbursed by the subsidiary. These expenses are excluded from amounts in Part IX of Form 990. At the end of the year, there were no amounts due to the parent from the subsidiary.
	Part V, Line 2 (3)	This amount represents total premiums paid to the subsidiary for professional liability insurance coverage. Portions of this amount are included on Form 990, Part IX, Line 23 insurance expense and Form 990, Part X, Line 9 prepaid expenses and deferred charges.
