Part III Statement of Program Service AccomplishmentsCheck if Schedule O contains a response to any question in this Part III ☒**1** Briefly describe the organization's mission:

The mission of Health and Education for Haiti is to work collaboratively with the Haitian people to address their critical needs, especially those related to health and education. We structure our work into four program areas: medical missions, education, infrastructure, and basic needs.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.**4a** (Code: 100) (Expenses \$ 79,808 including grants of \$ 11,383) (Revenue \$)

Health and Education for Haiti's first major program area is medical missions. During 2012, we conducted seven one-week medical missions to the Grande Anse Department of Haiti and treated approximately 6,500 patients. Our volunteer doctors and nurses donated over 3,500 hours seeing patients. The volunteers paid all of their travel costs to and from the city of Jeremie. Our volunteers diagnosed each patient and provided them with medications to treat their conditions. We also made 612 referrals for people with serious or chronic conditions to other providers and paid all of the expenses for their care, including a small travel stipend based on their distance from the provider. Of those 612 referrals, 77 people were referred to Port-au-Prince or other major location for serious conditions that could not be treated in the Jeremie area. We provided funds to these individuals so they could travel and pay for their medical care.

4b (Code: 200) (Expenses \$ 49,851 including grants of \$ 49,756) (Revenue \$)

Health and Education for Haiti's second major program area is education. During 2012, we provided several grants that enabled us to assist over 1,500 students to attend primary or secondary school. Grants totaled \$12,973 to assist over 300 individual students with tuition payments. These students were identified by the Regional Education and Development Programme (PRED), a division of Caritas International. All funds were paid either to PRED or directly to the schools for the student's tuition. In addition, Health and Education for Haiti also subsidizes teacher salaries to reduce the overall cost of schooling to make it less expensive for all. Grants of \$34,480 were paid directly to 3 schools to cover significant portions of teacher salaries. Over 1,400 students attend these three schools. St. Paul's Parish School (Grades 1-12, over 700 students), Heart of Jesus School (Grades 1-6, over 550 students), and College Notre Dame (Grades 7-12, Over 150 students) benefited from these grants with significantly reduced education costs. College Notre Dame is the only secondary school within a 15 mile radius, so it is an enabler for these students who otherwise wouldn't attend secondary school. We also provided grants of \$1,980 to make repairs to the primary school building at St. Paul's Parish School. Health and Education for Haiti provided \$243 in school supplies for St. Paul's Parish School.

4c (Code: 300) (Expenses \$ 8,580 including grants of \$ 6,776) (Revenue \$)

Health and Education for Haiti's third major program area is infrastructure. During 2012, we continued focus on water sanitation, communications infrastructure, and medical capacity. Water sanitation is a critical element of improving the health of the region. This has become additionally important due to the recurring outbreaks of cholera. We provided a grant of \$1,145 to build a public latrine in Leon to reduce the likelihood of cholera spreading through the water sources. We also provided a grant to St. Paul's parish to continue the satellite communications that are critical for St. Paul's and PRED to operate efficiently. Health and Education for Haiti also provided a grant of \$1,200 to St. Paul's Parish to provide weekly dental care for the people of Leon. We provided a grant of \$1,125 to make repairs to the clinic at St. Paul's Parish improving the ability to provide care for the people of Leon. Health and Education for Haiti continues our club foot treatment program at the main hospital in Jeremie. We continue to pay for the nurses and materials for the bi-weekly castings to treat over 20 children.

Part V Supplemental Information

Complete this part to provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information (see instructions).

Part I, line 2

Health and Education for Haiti monitors all grants given to organizations. Our Executive Director, Pat Labuda, goes to Haiti at least three times per year and meets with each organization we grant funds to. She makes an evaluation of how these organizations have used the funds. For example, if we grant funds to expand a school, she examines the school to validate that school was in fact expanded. We also request an accounting from the organization of how they used the funds. We ask that they provide us with receipts, when possible. We retain the receipts when we can, and leave them with the organization when the organization needs them for future purposes.

Individual grants are also monitored by Health and Education for Haiti. All our individual grants are medical referrals or tuition assistance. Tuition assistance is generally paid directly to the school attended by the student. Medical referrals are granted a small travel stipend based on their distance to Jeremie to enable them to travel to receive their medical care. This travel stipend is set by our Executive Director who bases it on actual costs. All our referrals are tracked on a referral form. We digitize these forms and perform analysis to identify potential for abuse. Individuals with more serious conditions have been referred to Port-au-Prince for advanced care. The individuals are provided with a check using an estimate based on our Executive Director's nearly 25-year experience working in Haiti. Chronic cases must provide her with proof of receiving care and a prognosis for additional grants to continue receiving care.

Part I, column (f), line 3

Health and Education for Haiti uses the accrual method for accounting for cash and non-cash expenditures. We account using actual expenses throughout the year. The amounts for hospital expenses for the period between October and year-end are not reasonably estimable and are typically less than 3% of expenses. Therefore, we have elected not to accrue these expenses, and they are not included in the amount reported in this column.

Part II, line 1

Health and Education for Haiti uses the accrual method for accounting for cash and non-cash expenditures. We account using actual expenses throughout the year. We have no year-end accruals. At this time we are giving grants with a single payment. If we begin giving grants with multiple payments, we will account for them by expensing these at the time the grant is made and booking the expenses to Grants Payable.

Part V Supplemental Information

Complete this part to provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information (see instructions).

Part III

Health and Education for Haiti uses the accrual method for accounting for cash and non-cash expenditures. We account using actual expenses throughout the year. We have no year-end accruals. At this time we are giving grants with a single payment. As described above, if there are any patients who have chronic conditions, they must bring proof of receipt of care and a prognosis to receive additional funds.

Part III, column c

Health and Education for Haiti retains a record of all referrals. Each referral to Port-au-Prince has their grant amount tracked by issuing a check for the grant. Additionally, this referral listing provides a total count, including those who only received the travel stipend for the costs of travel to Jeremie. All educational/tuition assistance is tracked by the individual student, their grade, and the tuition amount paid. Students are grouped by school, and the amounts are generally paid by check directly to the school.

Part III Line 4d

Health and Education for Haiti provided Food Aid through St Paul's Parish and PRED. These were done with direct grants to these organizations to ease the burden of providing food to those who are in most need.

Part VI, line 2

Two of the directors and officers of Health and Education for Haiti have a family relationship. Richard Gustafson, the Treasurer and a Director, is the spouse of a child of Patricia Labuda, the Executive Director and a Director.

Part VI Line 11b

Health and Education for Haiti has a policy that requires the Treasurer to provide the full Board of Directors with a copy of the 990 for their review prior to submission to the Internal Revenue Service. The minimum amount of review time is five business days. Additionally, Health and Education for Haiti intends to have a meeting of the Board of Directors to review the 990 prior to submission. The Board of Directors of Health and Education for Haiti had this meeting on August 1, 2013.

Part VI Line 12c

Health and Education for Haiti, has a policy requiring annual affirmation of compliance with our Conflict of Interest policy. Each director and officer are required to review the policy annually, attest to their compliance, and provide written disclosure of any deviations from the policy for the Board to review. All directors and officers are in compliance with this requirement. No deviations from policy were disclosed.

Part VI, line 15

Health and Education for Haiti includes requirements for compensation approval in section 5 of our Conflict of Interest policy, which is included in our bylaws. The purpose of the policy is to ensure that officers and directors are paid a fair wage for their service, and are not in a position to influence the amount of their compensation. The policy precludes an individual from voting on their compensation and board members must be free from conflicts of interest. The policy also requires the compensation committee to obtain and rely on appropriate data to determine compensation. To date all directors and officers have served on a volunteer basis.

Part VI, line 19

Health and Education for Haiti has posted our Form 1023, which includes our bylaws and articles of incorporation, on our website and also makes them available upon request. Our bylaws include our conflict of interest policy. We also post our annual 990 on our website, on Guidestar, and make them available upon request. The 990 contains our financial statement data.

Health and Education for Haiti also intends to post annual reports on our website which will contain financial information and audited financial statements (when an audit is required by corporate policy or state law). Any other requests for information for items such as certificates of authority, charitable solicitation registrations, and more detailed financial statements will be evaluated and may be provided upon request if deemed in the interest of Health and Education for Haiti or if required to comply with Federal or State legislation or policy.

Part XII Line 2

Health and Education for Haiti is committed to providing open and transparent financial information to financial statement users. Due to the significant cost to obtaining a financial statement review or audit by an independent public accounting firm, our board has enacted a policy to obtain such a review or audit when required by state law or otherwise deemed in the best interests of Health and Education for Haiti. Maryland law requires that a non-profit obtain a financial statement review or audit when contributions exceed \$200,000 or \$500,000 respectively in a particular year. Other reasons our Board may desire a review or audit include grant writing or participation in workplace giving campaigns such as the Federal Government's Combined Federal Campaign.

The Board of Health and Education for Haiti has not required a financial statement review or audit for 2012, nor have our revenues required such a review or audit under state law. Therefore, we have elected not to have an audit or review performed to save funds for program purposes.
