This is important tax information and is being furnished to the Internal Revenue Service. If you are required to file a return, a negligence penalty or other sanction may be imposed on you if this income is taxable and the IRS determines that it has not been reported.

INSTRUCTIONS FOR RECIPIENTS OF FORM 1099

We are required by the Internal Revenue Service ("IRS") to furnish the appropriate ***Forms 1099-DIV, 1099-INT, 1099-MISC, 1099-OID** and **1099-B*** to *you*. The amounts listed on this composite form represent dividends, interest, and/or other reportable payments made or credited to you through your brokerage account during 2012. This information will be reported to the IRS.

1099-B: Proceeds from Broker Transactions

Brokers and barter exchanges must report proceeds from transactions to you and the IRS on Form 1099-B. Reporting is also required when your broker knows or has reason to know that a corporation in which you own stock has had a reportable change in control or capital structure. You may be required to recognize gain from the receipt of cash, stock, or other property that was exchanged for the corporation's stock. If your broker reported this type of transaction to you, the corporation is identified in box 8.

Recipient's identification number.
For your protection, this form may show only the *last four digits of your social* security number (SSN), individual taxpayer identification number (ITIN), or adoption taxpayer identification number (ATIN). However, the issuer has reported your complete identification number to the IRS and, where applicable, to state and/or local *governments*.

Account number.
May show an account or other unique number the payer assigned to distinguish your account

CUSIP number.
For broker transactions, may show the CUSIP (Committee on Uniform Security Identification Procedures) number of the item reported.

Box 1a.
Shows the trade date of the sale or exchange. For short sales, the date shown is the date the security was delivered to close the short sale. For aggregate reporting in *boxes 9 through 12, no entry will be present.*

Box 1b.
This box may be blank if the securities are noncovered or if the securities sold were acquired on a variety of dates. For short sales, the date shown is the date you acquired the security delivered to close the short sale.

Box 2a.
Shows the aggregate cash proceeds from transactions involving stocks, bonds, other debt obligations, commodities, or forward contracts. May show the proceeds from the disposition of your interest(s) in a widely held fixed investment trust. May also show the aggregate amount of cash and the fair market value of any stock or other property received in a reportable change in control or capital structure arising from the corporate *transfer of property to a foreign corporation. Losses on forward contracts are shown in* parentheses. This box does not include proceeds from regulated futures contracts

The broker must indicate whether the sales price or the sales price less commissions (including transfer taxes) and option premiums was reported to the IRS. Report this amount on Form 8949 as explained in the instructions for Schedule D (Form 1040).

Box 2b.
If checked, you cannot take a loss on your tax return based on gross proceeds from a reportable change in control or capital structure reported in box 2a. Do not report this loss on Form 8949 or Schedule D. The broker should advise you of any losses on a *separate statement.*

Box 3.
Shows the cost or other basis of securities sold. If securities are noncovered, box 3 may be blank. See the Schedule D (Form 1040) instructions or Pub. 550 for details about basis.

Box 4.
Shows backup withholding. Generally, a payer must backup withhold if you did not furnish your taxpayer identification number to the payer. See Form W-9 for information on backup withholding. Include this amount on your income tax return as tax withheld.

Box 5.
Shows the amount of nondeductible loss in a wash sale transaction. For details on wash sales, see the Schedule D (Form 1040) instructions and Pub. 550.

Box 6a.
The securities sold were noncovered securities and boxes 1b, 1c, 3, and 5 may be blank. Generally, a noncovered security means, a security other than stock; stock purchased before 2011, stock in most mutual funds and other regulated investment companies purchased before 2012, and stock purchased in or transferred to a dividend reinvestment plan before 2012.

Box 6b.
The basis in box 3 has been reported to the IRS

Box 8.
Shows a brief description of the item or service for which the proceeds or bartering income is being reported. For regulated futures contracts and forward contracts, "RFC" or other appropriate description may be shown. For a corporation that had a reportable change in control or capital structure, this box may show the class of stock as C (common), P (preferred), or O (other).

Boxes 13-15.
Shows state income tax withheld

Notes for your Form 1099-B

Schwab has provided cost basis information whenever possible for most investments. Cost basis data may be incomplete or unavailable for some of your holdings When value for the report is unavailable, it is noted as follows: "Missing" or "Not Provided"

Not Provided Schwab is not providing Cost Basis on this security type.

Missing Cost Basis may be missing due to one of the following reasons.
- Cost basis data may not be available for a number of reasons (for example, the security was purchased outside of Schwab and we did not receive cost basis from the transferring firm)
- The security was purchased more than 10 years ago

Please see the "Notes for Your Form 1099-B" section for additional explanation of this Form 1099-B report.

This is important tax information and is being furnished to the Internal Revenue Service If you are required to file a return, a negligence penalty or other sanction may be imposed on you if this income is taxable and the IRS determines that it has not been reported

Notes for your Form 1099-B (continued)

Acquisition Date If there is more than one lot in a sell transaction, the acquisition date for the individual lot in the transaction can be found in the Realized Gain Loss section of the Year End Summary

(1) If the acquisition date is blank, your sell transaction included multiple tax lots purchased on different acquisition dates within the same holding period and covered/non-covered status. The lots in the transaction are rolled up into a single sell transaction and thus **Box 1b-Date of Acquisition** will be blank

(2) If the cost basis is missing or not provided, a short-term holding period may have been applied for a position that may have been held long term.

Symbol	Box (1c) Type of Gain or Loss
Long-term	**Long-Term Realized Gain or Loss** has a holding period greater than one year.
Short-term	**Short-Term Realized Gain or Loss** has a holding period of one year or less.

COST BASIS DISCLOSURE

Changes to Cost Basis Reporting Requirements
Starting with the 2011 tax year, Charles Schwab & Co. will begin reporting adjusted cost basis to you and the IRS on your Form 1099-B for covered securities in your taxable brokerage accounts that you sell and that are covered by the new Emergency Economic Stabilization Act regulations. In the event of transfers of securities, we are also required to report adjusted cost basis information to other custodians for covered securities transferred to them.

Schwab will treat securities as covered when they are acquired on or after the *following effective dates:*

- January 1, 2011 for stocks and other equities
- January 1, 2012 for mutual funds, ETFs, and Dividend Reinvestment Plan ("DRIP") shares
- January 1, 2014 for other securities (e.g., fixed income and options)

Because these new reporting requirements could impact the cost basis used to compute your taxable gains and losses, it's important to understand when and how they will apply to you. The information in this document is intended as informational only and is not individualized tax advice. Schwab does not provide tax advice and *encourages you to consult with your tax professional to understand how the new* reporting requirements will affect you and your tax situation.

What Does This Mean for You
1. When you sell covered securities, as described above, Schwab will be required to report details about your cost basis to you and the IRS on Form 1099-B. You will continue to be responsible for reporting all cost basis information for both covered and uncovered securities to the IRS on your tax returns.
2. Unless you've indicated otherwise, Schwab will calculate your gains and losses using the IRS default cost basis method of *Average Cost for mutual funds and FIFO* (First In, First Out) for all other securities. It is your responsibility to choose the cost basis method appropriate to your tax situation. See "Cost Basis Methods" *for the methods offered by Schwab.*
3. When you sell a security, the cost basis method used to calculate your gain or loss *cannot be changed after* your trade settles. So it's important to consider the tax implications at the time of trade.

What Is Cost Basis?
Cost basis is the original purchase price you paid for a security plus commissions and any fees. Adjusted cost basis includes any other adjustments to the price. Adjusted cost basis also includes any adjustments due to wash sales, amortization, accretion, and corporate actions.

Your realized gain/loss on a security is determined by subtracting the adjusted cost basis from the sales *proceeds in an account less commissions and fees.*

For covered securities that were not both purchased and sold at Schwab, Schwab *calculates cost basis using data* that you have provided to us or that we have obtained from third party sources such as your prior custodian or another third-party source. Because the accuracy of cost basis data depends upon these third-party inputs, we are not able to guarantee the availability, accuracy, or completeness of such cost basis data on transactions that did not occur at Schwab. If we are not provided with adequate information to report cost basis data for covered securities that were not both purchased and sold at Schwab, those securities will *be considered uncovered and the cost basis will not be reported to the IRS even if* acquired after the effective date.

Cost Basis Methods
It is your responsibility to choose the cost basis method appropriate to your tax situation. Failure to select the proper cost basis method may cause you to pay more tax than necessary. Schwab does not provide tax advice and encourages you to consult with your tax professional regarding this decision.

To view and change your default cost basis method on your brokerage account, go to the Service tab on schwab.com, then the Cost Basis Method page in Account Settings. You can also make a change by calling 800-435-4000. If your account is managed by an investment advisor, please call your advisor to make a change.

Default Cost Basis Methods
We apply the IRS default method of Average Cost for your mutual funds and the default method of FIFO (First In, First Out) to all other securities unless you inform us of a preferred method.

FIFO	Shares you acquired first are sold first
Average Cost	Cost is derived by dividing the total dollar amount invested in a particular fund position by the number of shares held prior to the trade date. *Shares are removed in FIFO order*

Cost Basis Methods Offered by Schwab:
You may select a different cost basis method for your brokerage account other than the default methods described above. The following cost basis methods are offered by Schwab:

FIFO (First In, First Out)	Shares you acquired first are sold first
LIFO (Last In, First Out)	Shares you acquired last are sold first
HCOST (High Cost)	Shares with the highest cost are sold first
LCOST (Low Cost)	Shares with lowest cost are sold first
Average Cost *(mutual funds only)*	*Cost is derived by dividing the total dollar amount invested* in a particular fund position by the number of shares held prior to the trade date. Shares are removed in FIFO order
Specific Identification	The IRS allows taxpayers to identify specific lots to be sold. Such identification must be made with the broker at the time of trade and no later than close of business on the day the trade settles.

COST BASIS DISCLOSURE (continued)

Tax Lot Optimizer™ Lots are selected and sold with the objective of taking losses first (short-term then long-term) and gains last (long-term then short-term) Lots are sold in this order:

Short Term Losses	Lots that reflect a short term loss are sold first, beginning with lots that generate the greatest short term loss down to the least short term loss
Long Term Losses	Lots that reflect a long term loss are sold, beginning with lots that generate the greatest long term loss down to the least long term loss
Short Term No Gains or Losses	Short term lots that reflect no gain or loss
Long Term No Gains or Losses	Long term lots that reflect no gain or loss
Long Term Gains	Lots that reflect a long term gain, beginning with lots that generate the least long term gain up to the greatest long term gain
Short Term Gains	Lots that reflect a short term gain, beginning with lots that generate the least short term gain up to the greatest short term gain

The cost basis method used to determine the gain/loss of a trade cannot be changed after the trade settles. *If Schwab does not receive a specific instruction* by the end of settlement date, we will use the current cost basis method you have selected for your account or the default cost basis method if you have made no alternate selection to calculate the gain/loss that is reported to you and the IRS at the end of year.

The Internal Revenue Service does not recognize LIFO, HCOST, LCOST and Tax Lot Optimizer as accounting methods, but it does recognize standing instructions to sell lots as adequate identification for reporting gains/losses

Cost Basis Adjustments
Cost basis is generally *based on your purchase price plus commissions and any* fees; however the original cost basis may be subject to adjustments that increase or decrease your basis.

Schwab will adjust the cost basis of securities in your brokerage account in the following circumstances.

Wash Sales: If you sell shares at a loss and buy additional shares in the same security 30 days before or after that date (61-day range), you may not claim the loss on your tax return until you sell the new shares. If a wash sale occurs, the loss is disallowed for federal income tax purposes but may be added to the cost basis *of the purchased shares Schwab will adjust the cost basis and holding period of* shares when a wash sale occurs within an account as a result of a purchase of an identical security with the same CUSIP. It's important to note that the wash sale reporting requirements for you as a taxpayer are different and broader than the reporting requirements for Schwab. For more details on your wash sale reporting requirements, please see IRS publication 550 or speak with your tax professional.

Corporate Actions: In some instances corporate actions can affect cost basis of your *securities. Regulations require issuers to provide statements describing the effects* of a corporate action on the cost basis of a security. Schwab will adjust cost basis for corporate actions based on the information provided in the issuer statement

Amortization/Accretion: Year-to-Date *Amortization and Accretion is provided* only for bonds held on 12/31. If you purchased a bond at par or transferred the security before year end no figure will be displayed.

Return of Capital Payments: Cost basis will be reduced for any return of capital (principal) distributions.

Option Adjustments: Schwab will adjust the cost basis or realized gain/loss (proceeds) of the underlying security for option assignments and exercises (by factoring the premium paid or received).

Inheritance: Schwab *will adjust the cost basis of securities that have been inherited* based on the fair market value on the date of death unless alternate instructions are received from an authorized representative of the estate.

Gifts: Shares will be gifted based on your default cost basis *method unless otherwise* specified with a given purchase date and cost prior to the gift transfer. Schwab will track the fair market value and gift date in addition to the donor's adjusted cost basis and will apply IRS gift rules at the time of sale to determine gain or loss.

You will still be required to track and make adjustments to your securities as it is possible that you could have other situations that require cost basis adjustments *that Schwab is not required to report.*

Restricted Stock Awards: If you filed an election pursuant to IRC Section 83(b) on a Restricted Stock Award issued by your employer, a different cost basis may apply to shares vested from *that award than the cost basis reported on this statement.* Please consult with your personal tax advisor to understand the tax implications.

Acquisition date: If cost basis is missing or not provided, a short-term holding period may have applied for position that may have been held long term.

Form 1099 Composite
For U.S. taxpayers, the *information reported to you on Form 1099 is given to the* Internal Revenue Service (IRS). Form 1099 Composite is comprised of the following substitute forms: 1099-DIV, 1099-INT, 1099-MISC, 1099-OID, and 1099-B. The *form(s) you receive in Form 1099 Composite* depends on the income reportable to the IRS.

Year-End Summary
The information in the Year-End Summary is provided to you as a courtesy, should you need additional information when completing your tax return. When relevant, IRS box numbers are referenced to indicate individual items that make up the totals appearing on your Form(s) 1099. With the exception of the totals reported in the IRS box numbers referenced, Charles Schwab does not provide the details of the Year-End Summary to the IRS.

We recommend that all customers consult their investment and tax advisors prior to using this information.

Corrected Form 1099 and Year-End Summary
We are required to send you a corrected form with the revisions clearly marked when we receive updates or revisions to information contained in the form. This generally occurs if one or more of the issuers of the securities in your account reallocated certain income distribution (e.g., dividends or capital gains) after we mailed your original Form 1099. As a result, the supplemental information in Year-End Summary may be updated.

Upon receiving the corrected form, you may want to consider filing an amended return based *on the changes in your taxable income as reported on your corrected* Form 1099. We suggest that you consult with a qualified tax advisor, CPA, financial planner, or investment manager before you proceed.

Duplicate Form 1099 and Year-End Summary
If you request a duplicate Form 1099, please be aware that Schwab uses the most up-to-date information available at the time of the production. Thus, your duplicate Form 1099 and Year-End Summary may have more up-to-date information than the original Form 1099.

Realized Gain or (Loss) in Year-End Summary
Realized Gain or (Loss) section provides information for all your realized gain or (loss) transactions during the tax year. It contains all transactions included in the Form 1099-B as well as *transactions that are not reported on Form 1099-B (for* example: sales and expirations of option activities, cash in lieu under $20, negative or zero proceed sales, bankruptcy, and worthless securities). This supplemental *information is believed to be accurate* as of the date the data was compiled but they may not be updated for any corrections after the data was initially compiled.
