Cost basis information appearing in this report may be the representations provided by the client, for the original history of the security and may have been adjusted due to the assignment of option premium to the underlying security. Assigned/exercised option premium may also have adjusted the gross proceeds. We do not attest to the accuracy of the information as provided by the client. This report is prepared as of trade date rather than settlement date. Securities may have been adjusted for accretions, amortization, original issue discount, return of capital, liquidating dividends, wash sales, constructive sales, straddles, inheritance, or other similar events. If information was available at the time of a merger, the security may or may not have been adjusted to reflect that event. Securities that have been transferred into this account may have the open date as of the date of transfer, the date of inheritance, or the date of the gift, and could be incorrectly showing under short-term. It is suggested that clients seek a professional for the preparation of their tax filings, and original confirmation statements and subsequent tax documents are used to verify and/or adjust the security basis and classify the transaction accordingly under short-term or long-term. No warranties are made with respect to the provided cost information. Any liability is specifically disclaimed that may arise out of your use or reliance upon the provided cost information.
