We have adjusted tax costs for amortization of premium paid for the acquisition of municipal bonds through date of sale and for non-taxable dividends. An asterisk symbol (*) next to the tax cost indicates that the tax cost has been adjusted for the current year's return of capital. However, we have not made adjustments to the cost basis of all partnerships.

If applicable, we have shown IRC Section 988 translation gains and losses separately within the sales sections. Please note these gains or losses are not entitled to capital gains treatment. Rather, under IRC Section 988, they are either ordinary income or loss.

Long term transactions

This category includes sales of assets held more than 12 months.
