## Independent Accountants' Report on Financial Statements and Supplementary Information

Board of Directors  
Baptist Healthcare System, Inc.  
Louisville, Kentucky

We have audited the accompanying consolidated balance sheets of Trover Foundation d/b/a Trover Health System (Foundation) as of October 31, 2012, and December 31, 2011, and the related consolidated statements of operations and changes in net assets and cash flows for the period from January 1, 2012, through October 31, 2012, and the year ended December 31, 2011. These consolidated financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of October 31, 2012, and December 31, 2011, and the results of its operations, the changes in its net assets and its cash flows for the period from January 1, 2012, through October 31, 2012, and the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 30, 2013, on our consideration of the Foundation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audits were performed for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information, including the consolidating schedule of balance sheet information, consolidating schedule of operations information and the schedule of expenditures of federal awards required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, as listed in the table of contents, is presented for additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

## **Notes to Consolidated Financial Statements**

**October 31, 2012 and December 31, 2011**

### **Note 1: Nature of Operations and Summary of Significant Accounting Policies**

#### ***Nature of Operations***

The Trover Foundation d/b/a Trover Health System (Foundation) is organized as a nonprofit Kentucky corporation, which primarily earns revenue by providing inpatient, outpatient and emergency care services to patients in Madisonville, Kentucky, and surrounding areas. The Western Kentucky Medical Management Services, Incorporated and Mutual Credit Services Incorporated are affiliates of the Foundation.

On November 1, 2012, the Foundation and its affiliates entered into a membership substitution agreement with Baptist Healthcare System, Inc. (Baptist) whereby Baptist became the sole corporate member of the Foundation and its affiliates. There was no consideration paid by Baptist to the Foundation as part of the agreement. The Foundation changed its name effective the same day to Baptist Health Madisonville, Inc.

#### ***Principles of Consolidation***

The consolidated financial statements include the transactions and accounts of the Foundation and its subsidiaries. All material intercompany transactions and accounts have been eliminated in the accompanying consolidated financial statements.

#### ***Use of Estimates***

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### ***Cash and Cash Equivalents***

The Foundation considers all liquid investments, other than those limited as to use, with original maturities of three months or less to be cash equivalents. At October 31, 2012, and December 31, 2011, cash equivalents consisted primarily of money market mutual funds and repurchase agreements.

At October 31, 2012, the Foundation's interest-bearing cash accounts exceeded federally insured limits by approximately \$7,609,000. The Foundation also has a repurchase agreement of approximately \$222,000 that is not covered under Federal Deposit Insurance Corporation (FDIC) insurance that is included in cash and cash equivalents. The repurchase agreement is secured by U.S. Government obligations held by the financial institution.

## **Notes to Consolidated Financial Statements**

**October 31, 2012 and December 31, 2011**

Pursuant to legislation enacted in 2010, the FDIC fully insured all noninterest-bearing transaction accounts beginning December 31, 2010, through December 31, 2012, at all FDIC-insured institutions. This legislation expired on December 31, 2012. Beginning January 1, 2013, noninterest-bearing transaction accounts are subject to the \$250,000 limit on FDIC insurance per covered institution.

### ***Investments and Investment Return***

Investments in equity securities having a readily determinable fair value and all debt securities are carried at fair value. Other investments are valued at the lower of cost (or fair value at time of donation, if acquired by contribution) or fair value. Investment return includes dividend, interest and other investment income, realized and unrealized gains and losses on investments carried at fair value and realized gains and losses on other investments. Investment return that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in unrestricted net assets. Other investment return is reflected in the consolidated statements of operations and changes in net assets as unrestricted, temporarily restricted or permanently restricted based upon the existence and nature of any donor or legally imposed restrictions.

### ***Assets Limited As To Use***

Assets limited as to use include (1) assets held by trustees, (2) assets restricted by donors and (3) assets set aside by the board of trustees for self-insurance trust agreements over which the board retains control and may at its discretion subsequently use for other purposes. Amounts required to meet current liabilities of the Foundation are included in current assets.

### ***Patient Accounts Receivable***

Accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectability of accounts receivable, the Foundation analyzes its past history and identifies trends for each of its major payer sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts.

For receivables associated with services provided to patients who have third-party coverage, the Foundation analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary.

For receivables associated with self-pay patients, which includes both patients without insurance and patients with deductible and co-payment balances due, for which third-party coverage exists for part of the bill, the Foundation records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

## **Notes to Consolidated Financial Statements**

**October 31, 2012 and December 31, 2011**

The Foundation's allowance for doubtful accounts for self-pay patients increased from 85 percent of self-pay accounts receivable at December 31, 2011, to 91 percent of self-pay accounts receivable at October 31, 2012. In addition, the Foundation's write-offs remained relatively constant from approximately \$13,878,000 for the year ended December 31, 2011, to approximately \$11,875,000 for the period from January 1, 2012, through October 31, 2012. The increase in the self-pay allowance percentage was the result of negative trends experienced in the collection of amounts from self-pay patients in fiscal year 2012.

### ***Inventories***

The Foundation states supply inventories at the lower of cost, determined using the first-in, first-out (FIFO) method, or market.

### ***Property and Equipment***

Property and equipment acquisitions are recorded at cost and are depreciated on a straight-line basis over the estimated useful life of each asset. Assets under capital lease obligations and leasehold improvements are depreciated over the shorter of the lease term or their respective estimated useful lives.

The Foundation capitalizes interest costs as a component of construction in progress, based on the weighted-average rates paid for long-term borrowing. Total interest incurred for the period from January 1, 2012, through October 31, 2012, and the year ended December 31, 2011, was as follows

*(in thousands)*

|                                   | <b>2012</b>   | <b>2011</b>     |
|-----------------------------------|---------------|-----------------|
| Interest costs capitalized        | \$ 3          | \$ 75           |

| Total interest incurred           | <u>\$ 799</u> | <u>\$ 1,109</u> |

### ***Goodwill***

Goodwill, which is included in other assets, is tested annually for impairment. If the implied fair value of goodwill is lower than its carrying amount, an impairment is indicated and goodwill is written down to its implied fair value. Subsequent increases in goodwill value are not recognized in the consolidated financial statements

## **Notes to Consolidated Financial Statements**

**October 31, 2012 and December 31, 2011**

### ***Long-Lived Asset Impairment***

The Foundation evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value. No asset impairment was recognized for the period from January 1, 2012, through October 31, 2012. An impairment loss of approximately \$442,000 was recognized for the year ended December 31, 2011, for the Trover Clinic Foundation building as a result of the building no longer being used by the Foundation.

### ***Deferred Financing Costs***

Deferred financing costs represent costs incurred in connection with the issuance of long-term debt. Such costs are being amortized over the term of the respective debt using the straight-line method.

### ***Temporarily Restricted Net Assets***

Temporarily restricted net assets are those whose use by the Foundation has been limited by donors to a specific time period or purpose.

### ***Net Patient Service Revenue***

The Foundation has agreements with third-party payors that provide for payments to the Foundation at amounts different from its established rates. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered and include estimated retroactive revenue adjustments. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and such estimated amounts are revised in future periods as adjustments become known.

### ***Charity Care***

The Foundation provides care without charge or at amounts less than its established rates to patients meeting certain criteria under its charity care policy. Because the Foundation does not pursue collection of amounts determined to qualify as charity care, these amounts are not reported as net patient service revenue. The cost of charity care is estimated by applying the ratio of cost to gross charges to the gross uncompensated charges. The Foundation's direct and indirect costs for services furnished under its charity care policy aggregated approximately \$4,007,000 and \$4,838,000 for the period from January 1, 2012, through October 31, 2012, and the year ended December 31, 2011, respectively. The Foundation has received approximately \$792,000 and \$851,000 for the period from January 1, 2012, through October 31, 2012, and the year ended December 31, 2011, respectively, from an uncompensated care fund to subsidize charity services provided under its charity care policy.

## **Notes to Consolidated Financial Statements**

**October 31, 2012 and December 31, 2011**

### **Contributions**

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are initially reported at fair value determined using the discounted present value of estimated future cash flows technique. The resulting discount is amortized using the level-yield method and is reported as contribution revenue.

Gifts received with donor stipulations are reported as either temporarily or permanently restricted support. When a donor restriction expires, that is, when a time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified and reported as an increase in unrestricted net assets. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions. Conditional contributions are reported as liabilities until the condition is eliminated or the contributed assets are returned to the donor.

### **Electronic Health Records Incentive Program**

The Electronic Health Records Incentive Program, enacted as part of the *American Recovery and Reinvestment Act of 2009*, provides for one-time incentive payments under both the Medicare and Medicaid programs to eligible hospitals that demonstrate meaningful use of certified electronic health records (EHR) technology. Payments under the Medicare program are generally made for up to four years based on a statutory formula. Payments under the Medicaid program are generally made for up to four years based upon a statutory formula, as determined by the state, which is approved by the Centers for Medicare and Medicaid Services. Payment under both programs are contingent on the Foundation continuing to meet escalating meaningful use criteria and any other specific requirements that are applicable for the reporting period. The final amount for any payment year is determined based upon an audit by the fiscal intermediary. Events could occur that would cause the final amounts to differ materially from the initial payments under the program.

The Foundation recognizes revenue ratably over the reporting period starting at the point when management is reasonably assured it will meet all of the meaningful use objectives and any other specific grant requirements applicable for the reporting period.

In 2011, the Foundation completed the first-year requirements under the Medicaid program and has received approximately \$922,000, which is included in other revenue within operating revenues in the consolidated statement of operations and changes in net assets. In 2012, the Foundation attested that it had met the requirements for the first-year payment under the Medicare program and has recorded revenue of approximately \$1,976,000, which is included in other operating revenues for the period from January 1, 2012, to October 31, 2012. However, subsequent to October 31, 2012, the Foundation determined that Medicare meaningful use criteria had not been met and, therefore, recorded a liability for approximately \$2,900,000 due to Medicare and Medicaid for the repayment of such EHR payments.

## **Notes to Consolidated Financial Statements**

**October 31, 2012 and December 31, 2011**

### ***Estimated Malpractice Costs***

An annual estimated provision is accrued for the self-insured portion of medical malpractice claims and includes an estimate of the ultimate costs for both reported claims and claims incurred but not reported.

### ***Income Taxes***

The Foundation has been recognized as exempt from income taxes under Section 501 of the Internal Revenue Code and a similar provision of state law. However, the Foundation is subject to federal income tax on any unrelated business taxable income. The Foundation files tax returns in the U.S. federal jurisdictions. With a few exceptions, the Foundation is no longer subject to U.S. federal examinations by tax authorities for years before 2009.

### ***Subsequent Events***

Subsequent events have been evaluated through the date of the Independent Accountants' Report, which is the date the consolidated financial statements were available to be issued.

On November 1, 2012, the Foundation entered into a Member Substitution Agreement with Baptist. Effective November 1, 2012, the Foundation's financial statements are reflected as an affiliate of Baptist. In connection with this change in ownership, there were several employment agreements and severance packages offered to executive management. The liability for those agreements of approximately \$2,800,000 is included within accrued salaries and wages, accrued payroll taxes and other withholdings and other long-term liabilities on the consolidated balance sheet as of October 31, 2012. These severance benefits are scheduled to be paid monthly through 2015.

### ***Reclassifications***

Certain reclassifications have been made to the 2011 financial statements to conform to the 2012 financial statement presentation. These reclassifications had no effect on net earnings.

### **Note 2: Net Patient Service Revenue**

The Foundation recognizes patient service revenue associated with services provided to patients who have third-party payor coverage on the basis of contractual rates for the services rendered. For uninsured patients that do not qualify for charity care, the Foundation recognizes revenue on the basis of its standard rates for services provided. On the basis of historical experience, a significant portion of the Foundation's uninsured patients will be unable or unwilling to pay for the services provided. Thus, the Foundation records a significant provision for bad debts related to uninsured patients in the period the services are provided. This provision for bad debts is presented on the statements of operations and changes in net assets as a component of net patient service revenue.

## Notes to Consolidated Financial Statements

October 31, 2012 and December 31, 2011

The Foundation has agreements with third-party payors that provide for payments to the Foundation at amounts different from its established rates. These payment arrangements include:

**Medicare:** Inpatient acute care services and substantially all outpatient services rendered to Medicare program beneficiaries are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Inpatient skilled nursing services are paid at prospectively determined per diem rates that are based on the patients' acuity. Certain inpatient nonacute services and defined medical education costs are paid based on a cost reimbursement methodology. The Foundation is reimbursed for certain services at tentative rates with final settlement determined after submission of annual cost reports by the Foundation and audits thereof by the Medicare fiscal intermediary.

**Medicaid:** Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology for certain services and at prospectively determined rates for all other services. The Foundation is reimbursed for cost reimbursable services at tentative rates with final settlement determined after submission of annual cost reports by the Foundation and audits thereof by the Medicaid fiscal intermediary.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation and change. As a result, it is reasonably possible recorded estimates will change materially in the near term.

The Foundation has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Foundation under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

Patient service revenue, net of contractual allowances and discounts (but before the provision for bad debts), recognized for the period from January 1, 2012, through October 31, 2012, and the year ended December 31, 2011, was approximately:

### Note 5: Insurance

#### Professional and General Liability Insurance

Prior to January 3, 2003, the Foundation was insured for professional and general liability claims through claims-made policies. Effective January 8, 2003, the Foundation became self-insured for the first \$1.5 million per occurrence through January 1, 2008, and \$2.0 million per occurrence thereafter. The Foundation purchases commercial insurance coverage on a claims-made basis over the self-insurance limits. Losses from asserted and unasserted claims identified under the Foundation's incident reporting system are accrued based on estimates that incorporate the Foundation's past experience, as well as other considerations, including the nature of each claim or incident and relevant trend factors. In connection with the retention amounts, the board established a trust account to fund potential losses. The Foundation has employed consulting actuaries to

estimate its exposure for future malpractice losses, including losses resulting from claims not yet reported. Based upon the Foundation's claim experience, an accrual of approximately \$10,556,000 and \$8,429,000 was recorded as of October 31, 2012, and December 31, 2011, respectively, and is included in other accrued liabilities and other long-term liabilities in the consolidated balance sheets. The Foundation has recorded a receivable for insurance recoveries of \$772,000 and \$1,049,000 which is included in other assets in the consolidated balance sheets at October 31, 2012, and December 31, 2011, respectively. It is reasonably possible this estimate could change materially in the near term.

### **Workers' Compensation Insurance**

Prior to January 1, 2007, the Foundation was insured by Reciprocal of America (ROA) for workers' compensation claims for certain years. As a result of ROA going into receivership, the Foundation has effectively become self-insured for claims occurring during this period. In 2009, the Foundation employed an actuary to estimate its exposure for claims related to the period the Foundation was insured by ROA. Effective January 1, 2007, the Foundation became self-insured for individual losses up to \$350,000 per claim. The Foundation purchases commercial insurance coverage for claims that exceed the self-insured limits. The Foundation has recorded an accrual of approximately \$1,044,000 and \$1,094,000 as of October 31, 2012, and December 31, 2011, respectively, which is included in other long-term liabilities in the consolidated balance sheets.

### **Employee Health Insurance**

The Foundation is self-insured for health insurance claims for individual losses up to \$125,000 per claim. The Foundation purchases commercial insurance coverage for claims that exceed the self-insured limits. The Foundation has recorded an accrual of approximately \$452,000 and \$586,000 as of October 31, 2012, and December 31, 2011, respectively, and is included in accounts payable and deferred revenue in the consolidated balance sheets.

## **Notes to Consolidated Financial Statements**

**October 31, 2012 and December 31, 2011**

- (A) On December 15, 2010, the Foundation issued City of Madisonville, Kentucky, Variable Rate Demand Hospital Revenue Bonds, Series 2010 (Series 2010 Bonds) in the amount of \$25,780,000. The Series 2010 Bonds are variable rate demand bonds which were issued as bank qualified tax-exempt obligations. The Series 2010 Bonds bear interest at a fixed rate of 2.49 percent which is payable quarterly through December 21, 2015, at which time the fixed rate is reset in accordance with the provisions of the trust indenture. The Series 2010 Bonds are subject to retirement in varying annual principal payments of \$452,000 to \$633,250 from March 2012 through 2023. The Series 2010 Bonds are secured by the gross receipts and certain property and equipment of the Foundation. The Series 2010 Bonds were used to extinguish the remaining Series 2006 Bonds, finance the construction, rehabilitation and equipping of certain Foundation facilities and pay costs related to the issuance of the Series 2010 Bonds.

Under the terms of the trust indenture and loan agreement, the Foundation was required to maintain certain deposits with the trustee. The trust indenture also placed limits on the incurrence of additional borrowings and required that certain measures of financial performance be maintained so long as the Series 2010 Bonds are outstanding

Effective April 26, 2013, the Foundation amended the supplemental agreement to remove the financial covenants associated with the Series 2010 Bonds. In addition, the Foundation entered into a limited guarantee to acknowledge Baptist as the guarantor for all loans, advances, debts, liabilities, obligations, covenants and duties.

### Note 9: Disclosures About Fair Value of Financial Instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying balance sheets, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

There have been no significant changes in the valuation techniques during the period from January 1, 2012, to October 31, 2012.

### Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include money market mutual funds and common stock and equity funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. The inputs used by the pricing service to determine fair value may include one, or a combination of, observable inputs such as benchmark securities, bids offers and reference data market research publications and are classified within Level 2 of the valuation hierarchy. Level 2 securities include corporate bonds, U.S. Government obligations and mortgage-backed securities.

The following methods were used to estimate the fair value of all other financial instruments recognized in the accompanying consolidated balance sheets at amounts other than fair value

### Cash and Cash Equivalents

The carrying amount approximates fair value.

### Long-Term Debt

Fair value is estimated using quoted market prices and discounted cash flows of debt service, based on the current incremental borrowing rate for similar types of borrowing arrangements

## **Notes to Consolidated Financial Statements**

**October 31, 2012 and December 31, 2011**

### **Note 10: Patient Protection and Affordable Care Act**

The *Patient Protection and Affordable Care Act* (PPACA) will substantially reform the United States health care system. The legislation impacts multiple aspects of the health care system, including many provisions that change payments from Medicare, Medicaid and insurance companies. Starting in 2014, the legislation requires the establishment of health insurance exchanges, which will provide individuals without employer provided health care coverage the opportunity to purchase insurance. It is anticipated some employers currently offering insurance to employees will opt to have employees seek insurance coverage through the insurance exchanges. It is possible the reimbursement rates paid by insurers participating in the insurance exchanges may be substantially different than rates paid under current health insurance products. Another significant component of the PPACA is the expansion of the Medicaid program to a wide range of newly eligible individuals. In anticipation of this expansion, payments under certain existing programs, such as Medicare disproportionate share, will be substantially decreased. Each state's participation in an expanded Medicaid program is optional.

The Commonwealth of Kentucky has indicated in May 2013 it will participate in the expansion of the Medicaid program.

The PPACA is extremely complex and may be difficult for the federal government and each state to implement. While the overall impact of the PPACA cannot currently be estimated, it is possible it will have a negative impact on the Foundation's net patient service revenue. Additionally, it is possible the Foundation will experience payment delays and other operational challenges during PPACA's implementation.

### **Note 11: Significant Estimates and Concentrations**

Accounting principles generally accepted in the United States of America require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. Those matters include the following:

#### ***Allowance for Net Patient Service Revenue Adjustments***

Estimates of allowances for adjustments included in net patient service revenue are described in Notes 1 and 2.

#### ***Malpractice Claims***

Estimates related to the accrual for medical malpractice claims are described in Notes 1 and 5.

## **Notes to Consolidated Financial Statements**

**October 31, 2012 and December 31, 2011**

### ***Litigation***

In the normal course of business, the Foundation is, from time to time, subject to allegations that may or do result in litigation. Some of these allegations are in areas not covered by the Foundation's self-insurance program (discussed elsewhere in these notes) or by commercial insurance, for example, allegations regarding employment practices or performance of contracts. The Foundation evaluates such allegations by conducting investigations to determine the validity of each potential claim. Based upon the advice of counsel, management records an estimate of the amount of ultimate expected loss, if any, for each of these matters. Events could occur that would cause the estimate of ultimate loss to differ materially in the near term.

### ***Investments***

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such change could materially affect the amounts reported in the accompanying consolidated balance sheets.

### ***Commitments***

The Foundation entered into a construction contract for remodeling within the facility during 2012. At October 31, 2012, approximately \$1,500,000 remained outstanding on the contract.

**Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance With Government Auditing Standards**

Board of Directors  
Baptist Healthcare System, Inc.  
Louisville, Kentucky

We have audited the consolidated financial statements of Trover Foundation d/b/a Trover Health System (Foundation) as of October 31, 2012, and for the period from January 1, 2012, through October 31, 2012, and have issued our report thereon dated July 30, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

Management of the Foundation is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Foundation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the Foundation's consolidated financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting we consider to be material weaknesses as defined above.

Board of Directors  
Baptist Healthcare System, Inc.  
Page 2

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Foundation's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the Foundation's management in a separate letter dated July 30, 2013.

This report is intended solely for the information and use of Baptist's board of directors, management and others within the Foundation and Baptist, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Accountants' Report on Compliance With Requirements That  
Could Have a Direct and Material Effect on Each Major Program and on  
Internal Control Over Compliance in Accordance With OMB Circular A-133**

Board of Directors  
Baptist Healthcare System, Inc.  
Louisville, Kentucky

**Compliance**

We have audited the compliance of Trover Foundation d/b/a Trover Health System (Foundation) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on its major federal program for the period from January 1, 2012, through October 31, 2012. The Foundation's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Foundation's management. Our responsibility is to express an opinion on the compliance of the Foundation based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Foundation's compliance with those requirements.

In our opinion, the Foundation complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the period from January 1, 2012, through October 31, 2012.

### **Internal Control Over Compliance**

The management of the Foundation is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Foundation's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of Baptist's board of directors, management, others within the Foundation and Baptist, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

BHS may, from time-to-time, appoint one (1) nonvoting member of the Board of Directors, and such nonvoting Director shall be a medical doctor whose role shall be to facilitate input from the medical staff. A majority of the members of the Board of Directors shall be residents of Hopkins County, Kentucky, or any county contiguous to it. Pursuant to the Membership Substitution Agreement, dated October 30, 2012 (the "MSA"), the individuals identified in the MSA as Enforcers and their successors as determined pursuant to Section 3.02 of the MSA shall be members of the Board of Directors for as long as the MSA requires. Enforcers count as residents of Hopkins County or a contiguous county for purposes of the above residency requirement.

(b) Powers and Responsibilities. The business, property, affairs, and funds of the Corporation shall be managed, supervised, and controlled by its Board of Directors who shall exercise all of the powers of the Corporation not otherwise reserved to BHS, but subject to the limitations contained in the Corporation's Articles of Incorporation and Bylaws, as each may be

amended from time-to-time and subject to applicable law, including but not limited to establishing and overseeing the capital and operating budgets of the Corporation which may then be approved by BHS; dealing with medical staff relations including physician recruitment and appointing and credentialing of the medical staff; overseeing the Corporation's quality, patient safety, and risk management programs; dealing with the community and public relations aspects of the Corporation; ensuring cost effectiveness and improvement of patient care services; complying with laws and regulations; and overseeing the hospital owned by the Corporation and the business operations of the Corporation.

(c) Reserved Powers. The following powers are reserved to BHS, acting through its Board:

(i) Approve the mission, vision, and values of the Corporation and amendments thereto.

(ii) Approve amendments to the Articles of Incorporation and the Bylaws of the Corporation.

(iii) Approve the strategic plan of the Corporation.

(iv) Approve the transfer or disposition of all or substantially all of the Corporation's assets or investment or interest in any business enterprise; any merger, combination, or reorganization of the Corporation; any liquidation, reorganization, or recapitalization of the Corporation; or any agreement to do the foregoing.

(v) Approve the capital expenditure and operating budgets of the Corporation, and any unbudgeted expenditures over \$500,000.00.

(vi) Selection of the Corporation's auditor.

(vii) Approve the incurrence of debt of the Corporation above \$500,000 or other amount established by BHS and the making of any capital expenditure above \$500,000 or other amount established by BHS.

(viii) Approve the appointment, removal, and evaluation of the President or Chief Executive Officer of the Corporation acting through the President and Chief Executive Officer of BHS.

(ix) Appoint or remove, with or without cause, the members of the Board of Directors of the Corporation. Appointment and removal shall not require a recommendation of the Corporation's Board.

(x) Appoint or remove, with or without cause, the Chair of the Board of the Corporation. Appointment and removal shall not require a recommendation of the Corporation's Board.

(xi) Authorize execution of any contract, agreement, or similar instrument by which the Corporation may be obligated to pay more than an amount established by BHS.

(xii) Acquire any stock of any corporation or any equity in another corporate form, or invest in or acquire any interest in any business enterprise.

Amendments to the articles of incorporation and bylaws shall not reduce or eliminate any rights of the Enforcers under the MSA so long as such rights exist pursuant to the MSA.

10. Indemnification. Each person who is or was a Member, trustee, officer, Director, or employee of the Corporation, whether elected or appointed, and each person who is or was serving at the request of the Corporation as a member, trustee, officer, or director of a committee of the Corporation or of another corporation, whether elected or appointed, or of a partnership, joint venture, trust, or other enterprise, including service with respect to employee benefit plans, including the heirs, executors, administrators, or estate of any such person, shall be indemnified by the Corporation to the full amount against any liability, and the reasonable cost or expense (including attorneys' fees, monetary or other judgments, fines, excise taxes, or penalties and amounts paid or to be paid in settlement) incurred by such person in such person's capacity as a Member, trustee, officer, Director, or employee or arising out of such person's status as a Member, trustee, officer, Director, or employee; provided, however, no such person shall be indemnified against any such liability, cost, or expense incurred in connection with any action, suit, or proceeding in which such person shall have been adjudged liable on the basis that personal benefit was improperly received by such person or if such indemnification would be prohibited by law, including but not limited to by Section 501(c)(3) or Section 4958 of the Internal Revenue Code, or by the Stark Law as set out at 42 U.S.C. 1395nn. Such right shall be a contract right and shall include the right to be paid by the Corporation the reasonable expenses incurred in defending any threatened or pending action, suit, or proceeding in advance of its final disposition; provided, however, that such advance payments of expenses shall be made only after delivery to the Corporation of an undertaking by or on behalf of such person to repay all amounts so advanced if it shall be determined that such person is not entitled to such indemnification.

Any repeal or modification of this Section shall not affect any rights or obligations then existing. If any indemnification payment required by this Section is not paid by the Corporation within ninety (90) days after a written claim has been received by the Corporation, the Member, trustee, officer, Director, or employee may at any time thereafter bring suit against the Corporation to recover the unpaid amount and, if successful in whole or in part, shall be entitled to be paid also the expense of prosecuting such claim.

11. **Insurance.** The Corporation may maintain insurance, at its own expense, to protect itself and any such persons against any such liability, cost, or expense, whether or not the Corporation would have the power to indemnify such person against such cost or expense under the Kentucky Nonprofit Corporation Acts or under this Section, but it shall not be obligated to do so.

12. **Non-exclusive Rights.** The indemnification provided by Sections 10, 11, and shall not be deemed exclusive of any other rights which those seeking indemnification may have or hereafter acquire under any bylaw, agreement, statute, vote of members or Board of Directors, or otherwise. If Sections 10, 11, and 12 or any portion thereof shall be invalidated on any ground by any court of competent jurisdiction, then the Corporation shall nevertheless indemnify each such person, to the full extent permitted by any applicable portion of Sections 10, 11, and 12 that shall not have been invalidated or by any other applicable law. For the purpose of Sections 10, 11, and 12, reference to "the Corporation" includes all constituents absorbed in a consolidation or merger as well as the resulting or surviving corporation.

13. **Conflicts of Interest Policy.** Each member of the Board of Directors of the Corporation shall abide by the highest standards of ethical conduct while performing their duties as Directors of the Corporation as prescribed by the Act. In addition, each member of the Board of Directors and each Officer of the Corporation shall be required to certify to the Corporation that no conflict of interest exists which would impair that member or officer's ability to serve on the Board of Directors or as an Officer of the Corporation. Each member of the Board of Directors and each Officer of the Corporation shall also complete annually forms which will identify any conflicts of interest or situations that may impair such member's or officer's ability

to exercise undivided loyalty to the Corporation. Each member of the Board of Directors and each Officer of the Corporation shall also comply with the Conflict of Interest Policy of BHS.

The Corporation, through an affirmative vote of its Board of Directors, does hereby adopt these Amended and Restated Articles of Incorporation of Baptist Health Madisonville, Inc. and states that they correctly set forth the provisions of the Articles of Incorporation of the Corporation as theretofore amended, that they have been duly adopted as required by law, and that they supersede the original Articles of Incorporation of the Corporation and all amendments thereto.
