SUPPORTING SCHEDULE

Attachment to 1999 Form 990-PF, Part XV, Line 2d

List any restrictions or limitations on awards, such as by geographical areas, charitable fields, kinds of institutions, or other factors:

PART XV Line 2 (d) Restrictions or Limitations on Awards

Article IV of the foundation's By-Laws defines the permissible uses of scholarship or grant money received by an individual and requires a reporting to the Foundation concerning the use of funds received from the Marti Foundation.

Permissible uses of the scholarship or grant funds are limited to the following:

1. Payment of tuition and fees required for enrollment or attendance of the recipient at an Approved School as a candidate for a degree at an Approved School.
2. Payment of fees, books, supplies and equipment required for courses of instruction at an Approved School,
3. If the award so designates, payment of reasonable expenses of accommodations, such as room, board, laundry services and similar services, travel, research and clerical help incident to pursuing the recipient's studies at an Approved School (and actually expensed during the term of the award or within a reasonable time before or after that term).

Funds an individual receives from the Foundation in excess of the amount spent for permissible uses shall be returned to the Foundation (or applied against future awards to that individual). Reports describing the expenditure of grant or scholarship funds are to be submitted to the Foundation within one (1) month after the completion of each semester or trimester of study. Such report shall be a written report including a financial accounting for the entire amount of the scholarship or grant, information on whether the recipient is *maintaining* satisfactory academic progress (to include a copy of grade reports for each semester or trimester for which scholarship or grant funds were received), and such other information as the Foundation may reasonably require.

An "Approved School" is an educational organization that normally maintains a regular facility and curriculum and normally has a regularly enrolled body of pupils or students in attendance at the place where its educational activities are regularly carried on, within the meaning of Section 197 (b) (1) (A) (ii) of the Internal Revenue Code of 1986 or corresponding section of any future federal tax code, other than an organization that the Board has provided, by resolution, shall not be an Approved School.
