Therefore, no provision has been made in the financial statements for income taxes, or related income tax assets and liabilities. FASB has provided guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the entity's tax returns to determine whether the tax positions are more-likely-than-not of being sustained when challenged or when examined by the applicable taxing authority. The Foundation adopted the provisions of the Accounting for Uncertainty in Income Taxes section of the Income Taxes Topic of the FASB Accounting Standards Codification on January 1, 2009. For 2012 and 2011, management has determined that there are no material uncertain income tax positions. Tax years that remain subject to examination are 2009 and forward.
