Description of Uncertain Tax Positions Under FIN 48	Part X, Line 2	FIN 48 (ASC 740) Footnote: U.S. generally accepted accounting principles require management to perform an evaluation of all tax positions taken or expected to be taken in the course of preparing the Association's tax returns to determine whether the tax positions meet a "more likely than not" standard of being sustained under examination by the applicable taxing authorities. This evaluation is required to be performed for all open tax years, as defined by the various statutes of limitations, for federal and state purposes. With limited exceptions, the Association is no longer subject to tax examination for any years earlier than 2009 for federal and 2008 for state. Management has performed its evaluation of tax positions taken on all open tax returns and has determined that there were no positions taken that do not meet the "more likely than not" standard. Accordingly, there are no provisions for income taxes, penalties or interest receivable or payable relating to uncertain income tax provisions in the accompanying financial statements.
