Management employees are covered by the Swedish Health Services conflict of interest policy. Board members and covered persons are required to complete a conflict of interest questionnaire annually and disclose any affiliations, interest or relationships and/or any transactions the individual and/or his or her family members have engaged in that might give rise to an actual, apparent or potential conflict of interest. The policy defines family members and describes what constitutes conflicts of interest. It requires individuals to report to the appropriate committee chair any further financial interest, situation, activity, interest or conduct that may develop before completion of the next annual questionnaire. Potential conflicts of interest with physician board members with financial interests in businesses that compete with the foundation are addressed, as well as appropriate disclosures, evaluation and resolution of said conflicts. The minutes of meetings will identify any person attending the meeting who has a conflict of interest with respect to any matter before the board or committee and the action taken to address the conflict of interest (e.g., the individual left the room during the discussion of the matter giving rise to the conflict of interest and the individual did not vote on such matter).

Identifier	Return Reference	Explanation
	Form 990, Part VI, Section B, line 15	The Board of governors has delegated authority to the compensation and HR committees of the Swedish Health Services board of trustees to review and approve compensation arrangements for the Executive Director of the Foundation. All members of the compensation and HR committees are independent. Swedish Health Services is the sole member of Swedish Medical Center Foundation. Compensation for executives (including the executive director) is reasonable and consistent with the executive total compensation philosophy approved by the board of trustees. Potential conflicts of interest are addressed in accordance with the corporation's conflict of interest policy. The Board of trustees selects and retains an independent consultant to conduct an annual review of the compensation package, including salaries, incentives and benefits and recommend appropriate adjustments to ensure that each remains competitive and responsive to changing laws and in keeping with the organization's mission. The Board, as part of its analysis, obtains from the independent consultant appropriate comparability data, including total compensation paid by similarly situated for profit and not for profit healthcare organizations for positions that are functionally comparable. The consultant provides documentation that total compensation is at fair market value. The consultants' recommendations are reviewed and approved (or not approved) by the compensation and HR committees, which document the basis for their decision. Following approval of the annual review by the compensation and HR committees, the CEO of Swedish Health Services will approve changes in the compensation package for the Executive Director consistent with the annual review and recommendations approved by the compensation and HR committee. Salaries for non-executive employees are reviewed and approved by HR.
