	Form 990, Part VI, Section B, line 12c	Providence Health & Services maintains a conflict of interest policy that applies to board members and management of all Providence-related organizations. The purpose of the policy is to guide and direct those serving the Providence Health & Services' corporations and other legal entities so they can (1) fulfill their fiduciary responsibilities and exercise stewardship in ways that promote and protect the best interests of Providence and, (2) avoid situations that create a conflict, or the appearance of a conflict, between the interests of an individual associated with Providence and Providence. On an annual basis, each board member and management level employee must complete and submit an updated conflict of interest statement. Conflict of interest disclosures are reviewed by the System Integrity Department working in conjunction with the Department of Legal Affairs. If it is determined that an actual conflict exists, appropriate follow-up action is taken with the individual to rectify the conflict.

	Form 990, Part VI, Section B, line 15	It is Providence's intention to make financial information accessible and transparent. Although the filing of Form 990 provides insight into how Providence achieves its Mission, delivers its programs and stewards its finances, deciphering the information directly from Form 990 can be challenging. The following paragraphs provide further information about the process we use to determine compensation for top management, officers and key employees. Providence has a single fiduciary Board, with responsibility for financial oversight associated with fulfillment of the Providence Mission, developing system policies, protecting the assets entrusted to the organization and overseeing the strategic and operational affairs of Providence's legal entities. Providence also maintains a network of community ministry boards with responsibility for quality of care oversight, community relations, advocacy and community needs assessments. Providence has a consistent compensation philosophy for all of its employees, including our senior executives. Salaries for senior executives are determined by the Providence Board's Human Resources Committee and approved by the full Board of Directors, none of whom is a Providence employee. The Board retains an independent consultant each year to review salaries of those in the most significant leadership roles in the organization. Part of the consultant's role is to review an extensive array of compensation surveys of large, not-for-profit health care systems in the United States. Providence is one of the larger health systems in the country, and as such, the Board benchmarks executive compensation against other large, not-for-profit health systems whose revenue is similar to that of Providence. Base salaries for Providence executives are set at the median level of the market, as identified by the independent consultant and reviewed with the Human Resources Committee. Performance incentives allow executives to earn additional compensation if they achieve specific organizational and individual goals for furthering Providence operating principles - advancing the Providence Mission and core values, meeting benchmarks for charity care, achieving quality targets, delivering top-rated customer satisfaction, meeting employee satisfaction goals and reaching financial performance objectives. The Board of Directors conducts a thorough process to ensure performance incentives are aligned with appropriate practices for not-for-profit health care systems. The Board's process for executive compensation fully complies with IRS standards and mirrors the best practices recommended in the "Report to Congress and the Nonprofit Sector on Governance, Transparency, and Accountability" submitted to the Senate Finance Committee by the Panel on the Nonprofit Sector. The Foundation Executive Director is compensated by a related organization which uses a market based compensation program utilizing several independent third party compensation market surveys to establish pay ranges for the position. The related organization then establishes the individual rate of pay within the range based on relevant experience, skills and competencies. The rate offered to the Executive Director at the time of hire was determined through discussion between the Regional CEO, Regional Director of HR and the Administrative Director of HR. The ranges and rate of pay are reviewed on an annual basis by Regional HR.
