#### Statement 12 - Form 990-PF, Part IX-A, Line 1 - Summary of Direct Charitable Activities

#### Description

"Care To Share" Program: In September 1997, the foundation established the "Care to Share" program which serves low-income and medically fragile children and their families.

The program's focus is on the many families needing help when dealing with a child or family member who has been recently diagnosed with an acute or chronic medical condition. "Care To Share" was established in collaboration with Oregon Health & Sciences University to assist low-income and non-insured families that do not have the financial resources available to provide basic care and medical needs for their family.

Importantly, the program specifically supports family medical needs that are not otherwise met through federal and state programs. Medical needs supported by the Foundation range from providing transportation, to dental work, to emergency surgical procedures and diabetic supplies. The Foundation does not exercise any control over the professional care and judgment of the doctors selected for medical care.

For 2012, the program served over 48 families and had total expenditures of \$190,343.

#### Statement 13 - Form 990-PF, Part IX-A, Line 2 - Summary of Direct Charitable Activities

#### Description

"CommuniCare" Program:

The Foundation believes there should be an opportunity for young people to improve the quality of their communities. The "CommuniCare" program was established as a program to provide an environment where teens learn about the needs of their community through grantmaking and thus promote a long-term understanding and ethic of philanthropy and volunteerism in "giving back to your community".

The goal of the program is to help build a city that is known for its encouragement of teen participation as they become adult citizens in the community. This is accomplished by offering students an opportunity to "make a difference" in their community by engaging in community service that is challenging, rewarding and educational.

For 2012, the program served approximately 50 students and had total expenditures of \$41,325.
